THE WHITE HOUSE

WASHINGTON

June 1, 1990

INFORMATION

MEMORANDUM FOR THE PRESIDENT

THROUGH: DAVID DEMAREST
 CHRISS WINSTON

FROM: BARRIE TRON *BT*

SUBJECT: SCRIPTS FOR THE TAPING SESSION ON
 MONDAY, JUNE 4, 1990

I. SUMMARY

Attached for your consideration and review are draft scripts for your taping session on June 4th. You are scheduled to tape five segments.

II. DISCUSSION

At 2:45 p.m. on Monday, June 4, 1990 you are scheduled to tape the attached video segments in the Map Room. The messages are in support of the following groups and organizations:

- (1) a greeting for the US-USSR Emerging Leaders Summit Conference;
- (2) a message for the 100th Anniversary of The Lawrence Eagle-Tribune;
- (3) an anniversary message for the Catholic Health Association;
- (4) a message for the Eisenhower Centennial--D-Day Salute; and
- (5) a public service announcement for Independence Day.

WHITE HOUSE STAFFING MEMORANDUM

90 MAY 31 P3:24

DATE: 05/30/90 ACTION/CONCURRENCE/COMMENT DUE BY: 5:00 p.m. 05/31/90

PROPOSED VIDEO MESSAGE
THE NATIONAL DRIVING TEST

Good evening. I'm here tonight to talk to you about a national tragedy, ~~the~~ daily toll of lives lost on our nation's highways.

Here's a terrible fact. Twice as many Americans have been killed on our highways than on all the battlefields of this country's wars since 1776. Twice as many!

Stopping this senseless bloodshed isn't complicated. A lot can be done with one simple piece of equipment -- a safety belt.

Buckling your safety belt is the single best thing you can do to prevent an injury or death in a car crash. Yet many people just don't bother. Less than half of all Americans buckle up. That's got to change.

We've set a national goal of increasing belt use to 70 % by 1992. That alone could save more than nine thousand lives a year. And remember, even if you're not going far or very fast, a seat belt can save your life.

So protect yourself, your family, and your friends. Use your safety belt and make sure they use theirs. Let's make the 1990s a decade of peace, prosperity, and safety. Let's make sure we're all here to enjoy it together.

PROPOSED VIDEO MESSAGE
JULY 4TH :30 PUBLIC SERVICE ANNOUNCEMENT

Independence Day is a time for baseball, family picnics and
glorious fireworks. A day to unfurl the red, white and blue and
celebrate the Revolution of 1776 and the beginning of this great
country.

It's
But this year, we also celebrate another revolution -- the
Revolution of 1989 -- when people from Panama to Poland became
part of a new world of freedom -- inspired by the American ideals
of liberty and democracy.

On this special Fourth of July, Barbara joins me in wishing
each of you a safe and happy holiday.

PROPOSED VIDEO MESSAGE
THE CATHOLIC HEALTH ASSOCIATION

Good afternoon, and welcome to the Nation's capital. It's wonderful to join the celebration of your 75th anniversary of the Catholic Health Association of the United States.

Quite simply, Americans are blessed with the most technologically advanced health care in the world. And as members in the Catholic health care ministry, you can be proud of the role you've played in the development of this national asset. It was, after all, Catholic sisters and other founders of your ministry who established our first hospitals, nursing homes and hospices. In short, your foresight and innovation has helped meet the needs of patients and their families for over a century.

And today's Catholic health care facilities continue to be models for innovative medicine. Distinguished by a desire to relieve suffering through the delivery of quality care -- your health care facilities have truly made an important difference in the lives of millions of Americans.

Seventy-five years ago, the founders of the Catholic Health Association helped shape our health care delivery system. And today, the nation continues to look toward C-H-A for public policy leadership in the complex issues of financing, availability, and health care quality. With your deep and enduring value of every life, your commitment to justice, and to healing all who are in need, your efforts are an example to us

all. And for these selfless efforts you not only have the heartfelt thanks of all Americans, but of this President as well.

Barbara joins me in saluting your efforts and sending our best wishes for a successful meeting. Thank you, and may God bless each and everyone of you.

PROPOSED VIDEO MESSAGE
THE EAGLE-TRIBUNE CENTENNIAL DINNER

Good evening. It's wonderful to join you for the Lawrence Eagle-Tribune's centennial anniversary. You've got many fans with you tonight, including John Sununu, ~~an avid and~~ daily reader of your great paper. In fact, John will usually enlighten us on what the Tribune thinks about an issue before he'll refer to other "minor" newspapers -- like the Wall Street Journal or the New York Times.

In a speech, Mark Twain once observed that there are only "two forces that can carry light to all corners of the globe -- only two -- the sun in the heavens and the Associated Press down here." He should have added a third -- the Eagle-Tribune. For 100 years -- through world wars, and cold wars, a great depression and the liberation of Eastern Europe -- the Tribune has been reporting the world for Massachusetts and New England.

Under the insightful leadership of ~~four generations~~ of the Rogers family, and I want to especially mention Martha Rogers, the Tribune has lived up to its masthead logo: ⁽¹⁾ A Family Newspaper Operated by a Family. ⁽¹⁾ And the awards you've won speak of your success. Four times voted New England Newspaper of the Year by the New England Newspaper Association, and awarded the grandest journalistic honor of all, the Pulitzer Prize for General News Reporting in 1988.

But, there's another prize which I was more than a little pleased to present to the Eagle-Tribune. It was given on Friday, December 15, 1989 and was my daily "Point of Light" for outstanding service to community. Since February, 1988, the Eagle-Tribune has run a story each day about people and groups that have made a difference in Lawrence. And I'm proud to acknowledge that the Eagle-Tribune will continue these stories until 1,000 deserving points of light are honored. And for this service to community you have the thanks of everyone, including me.

Thank you for inviting me to join in this important evening. Barbara joins me in saluting the Eagle-Tribune's first century of accomplishments and we look forward to the next century. God bless you all and John, be sure to bring back a copy of tomorrow's paper for me.

(TENTATIVE)

PROPOSED VIDEO MESSAGE
US-USSR EMERGING LEADERS CONFERENCE

Congratulations to everyone attending the second US-USSR Emerging Leaders Summit Conference. The first emerging leaders summit in Philadelphia produced some remarkable results. And under the guidance of the American Center for International Leadership, we look forward to the same progress from this meeting.

In a very short time, the American Center has become one of the most significant international training programs in the United States. And the participants ~~from~~ ⁱⁿ the Administration and the legislative branch of government is a clear sign of how important we regard this conference.

One of the great lessons of public service is that while government matters, it's people that make the difference. The world over, in countries large and small, people are reclaiming their destinies and reasserting control over their lives. People, like you, are meeting and working together in the spirit of friendship and openness; sharing ideas, thoughts, and hopes for the future. And as we approach the end of the twentieth century, the world has entered the age of possibilities -- possibilities in which world peace, economic growth, managing environmental resources, and individual freedoms have never been better.

Recently, President Gorbachev and I concluded our own Summit. We made progress in areas which were once marked by conflict and disagreement. And while there still are areas in which we disagree, we have a greater understanding of these areas and new hope for future gains.

But the work we perform, in many ways, will set the stage for the future and the next generation of leaders, Your generation. For in your hands you will carry the torch that lights the future and will lead to a better and safer world.

Congratulations to each of you on your participation in this process. Thank you, best of luck, and God bless you all.

TITLE: IKE

PROPOSED VIDEO MESSAGE
EISENHOWER CENTENNIAL -- D-DAY SALUTE

Thank you, Admiral. And thanks to my old friend Tex McCrary, and all those responsible for tonight's celebration.

I'm pleased to have this opportunity to wish a "good evening" to everyone aboard Zach Fisher's historic naval museum -- the "Intrepid." It certainly is a wonderful feeling -- after all these years -- to have once again landed safely on an aircraft carrier -- if only by the miracle of television!

Tonight, in this setting of camouflaged parachutes and retired aircraft, we join to pay tribute to Ike -- and to the invasion that launched a wave of liberation across Europe -- D-Day -- one of democracy's greatest days.

On June 6th, 1944, brave men with freedom in their hearts, stormed the beaches of Normandy to restore a continent to its people. Their sacrifices, and Ike's leadership, liberated millions and help^{ed} end a terrible world war. *dramatic*

Over the past year, we have seen a new world of freedom emerge -- propelled by the same desire for freedom that inspired those braved troops on that summer morning so long ago. In what I call the Revolution of '89, thousands danced on the Berlin Wall, while thousands more marched arm in arm across Central Europe demanding the liberty we've enjoyed for over 200 years. We also watched and applauded as democracy was restored to Panama

EISENHOWER CENTENNIAL -- D-DAY SALUTE

Thank you, Admiral. And thanks to my old friend Tex McCrary, and all those responsible for tonight's celebration.

I'm pleased to have this opportunity to wish a "good evening" to everyone aboard Zach Fisher's historic naval museum -- the "Intrepid." It certainly is a wonderful feeling -- after all these years -- to have once again landed safely on an aircraft carrier -- if only by the miracle of television!

Tonight, in this setting of camouflaged parachutes and retired aircraft, we join to pay tribute to Ike -- and to the invasion that launched a wave of liberation across Europe -- D-Day -- one of democracy's greatest days.

On June 6th, 1944, brave men with freedom in their hearts, stormed the beaches of Normandy to restore a continent to its people. Their sacrifices, and Ike's leadership, liberated millions and help end a terrible world war.

Over the past year, we have seen a new world of freedom emerge -- propelled by the same desire for freedom that inspired those braved troops on that summer morning so long ago. In what I call the Revolution of '89, thousands danced on the Berlin Wall, while thousands more marched arm in arm across Central Europe demanding the liberty we've enjoyed for over 200 years. We also watched and applauded as democracy was restored to Panama

and Nicaragua and millions regained their freedom. In so many unseen ways, the events of today are the result of many years of patient American statesmanship -- especially the leadership of Eisenhower.

Ike was, after all, much more than a war-time general -- he was a champion of peace. As President, he was decisive acting upon instincts that were invariably wise. During his Administration, each American passport had a message stamped in it from Ike that read: "Assure people you meet abroad that the United States is a friendly nation, dedicated to the search for world peace." Ike taught us that every American can be an ambassador of peace. And near the end of his Administration, Ike took understandable pride when he stated that his presidency had "kept the peace."

Thank you for including me in tonight's Salute to Ike and Mamie. Barbara joins me in sending our best to all of you this evening. Thank you, God bless you all -- and now -- Colin, over to you.

On June 6th, 1944, brave men with freedom in their hearts, stormed the beaches of Normandy to restore a continent to its people. Their sacrifices, and Ike's leadership, liberated millions and help^{ed} end a terrible world war.

Over the past year, we have seen a new world of freedom emerge -- propelled by the same desire for freedom that inspired those braved^x troops on that summer morning so long ago. In what I call the Revolution of '89, thousands danced on the Berlin Wall, while thousands more marched arm in arm across Central Europe demanding the liberty we've enjoyed for over 200 years. We also watched and applauded as democracy was restored to Panama

and Nicaragua and millions regained their freedom. In so many unseen ways, the events of today are the result of many years of patient American statesmanship -- especially the leadership of Eisenhower.

Ike was, after all, much more than a ~~war~~^{time} general -- he was a champion of peace. As President, he was decisive, acting upon instincts that ~~were~~ invariably wise. During his Administration, each American passport, ~~was stamped with~~ had a message stamped in it from Ike that read: "Assure people you meet abroad that the United States is a friendly nation, dedicated to the search for world peace." Ike taught us that every American can be an ambassador of peace. And near the end of his Administration, Ike took understandable pride when he stated that his presidency had "kept the peace."

Thank you for including me in tonight's Salute to Ike and Mamie. Barbara joins me in sending our best to all of you this evening. Thank you, God bless you all -- and now -- Colin, over to you.

MEMORANDUM FOR THE PRESIDENT

THROUGH: DAVID DEMAREST
 CHRISS WINSTON *CD*

FROM: BARRIE TRON *BT*

SUBJECT: SCRIPTS FOR THE TAPING SESSION ON
 MONDAY, JUNE 4, 1990

I. SUMMARY

Attached for your consideration and review are draft scripts for your taping session on June 4th. You are scheduled to tape five segments.

II. DISCUSSION

At 2:45 p.m. on Monday, June 4, 1990 you are scheduled to tape the attached video segments in the Map Room. The messages are in support of the following groups and organizations:

- (1) a greeting for the US-USSR Emerging Leaders Summit Conference;
- (2) a message for the 100th Anniversary of The Lawrence Eagle-Tribune;
- (3) an anniversary message for the Catholic Health Association;
- (4) a message for the Eisenhower Centennial--D-Day Salute; and
- (5) a public service announcement for Independence Day.

TITLE: HEALTH

PROPOSED VIDEO MESSAGE
THE CATHOLIC HEALTH ASSOCIATION

Good afternoon, and welcome to the Nation's capital. It's wonderful to join the celebration of your 75th anniversary of the Catholic Health Association of the United States.

Quite simply, Americans are blessed with the most technologically advanced health care in the world. And as individuals involved in the Catholic health care ministry, you can be proud of the role you've played in the development of this national asset. It was, after all, Catholic sisters and other founders of your ministry who established our first hospitals, nursing homes and hospices. In short, your foresight and innovation has helped meet the needs of patients and their families for over a century.

And today's Catholic health care facilities continue to be models for innovative medicine. Distinguished by a desire to relieve suffering through the delivery of quality care -- your health care facilities have truly made an important difference in the lives of millions of Americans.

Seventy-five years ago, the founders of the Catholic Health Association helped shape our health care delivery system. And today, the nation continues to look toward C-H-A for public policy leadership in the complex issues of financing, availability, and health care quality. With your deep and enduring respect for the sanctity of each individual life, your

commitment to justice, and to serving all who are in need, your efforts are an inspiration to us all. And for these selfless efforts you not only have the heartfelt thanks of all Americans but of this President as well.

Barbara joins me in saluting your efforts and sending our best wishes for a successful meeting. Thank you, and may God bless each and everyone of you.

JULY 4TH :30 PUBLIC SERVICE ANNOUNCEMENT

Independence Day is a time for baseball, family picnics and fireworks. A day to unfurl the red, white and blue and celebrate the Revolution of 1776 and the beginning of this great country.

But this year, we also celebrate the Revolution of 1989 -- when people from Panama to Poland joined a new world of freedom.

On this special Fourth of July, Barbara joins me in wishing each of you a safe and happy holiday.

TITLE: EAGLE

PROPOSED VIDEO MESSAGE
THE EAGLE-TRIBUNE CENTENNIAL DINNER

Good evening. It's wonderful to join you for the Lawrence Eagle-Tribune's centennial anniversary. You've got many fans with you tonight, including John Sununu, a daily reader of your great paper. In fact, John will usually enlighten us on what the Tribune thinks about an issue before he'll refer to other "minor" newspapers -- like the Wall Street Journal or the New York Times.

In a speech, Mark Twain once observed that there are only "two forces that can carry light to all corners of the globe -- only two -- the sun in the heavens and the Associated Press down here." He should have added a third -- the Eagle-Tribune. For 100 years -- through world wars, and cold wars, a great depression and the liberation of Eastern Europe -- the Tribune has been reporting the world for Massachusetts and New England.

Under the insightful leadership of four generations of the Rogers family, and I want to mention Martha Rogers especially, the Tribune has lived up to it's masthead logo: "A Family Newspaper Operated by a Family." And the awards you've won speak of your success. Four times voted New England Newspaper of the Year by the New England Newspaper Association, and awarded the grandest journalistic honor of all, the Pulitzer Prize for General News Reporting in 1988.

But, there's another prize which I was more than a little pleased to present to the Eagle-Tribune. It was given on Friday,

December 15, 1989 and was my daily "Point of Light" for outstanding service to community. Since February, 1988, the Eagle-Tribune has run a story each day about people and groups that have made a difference in Lawrence. And I'm proud to acknowledge that the Eagle-Tribune will continue these stories until 1,000 deserving points of light are honored. And for this service to community you have the thanks of everyone, including me.

Thank you for inviting me to join in this important evening. Barbara joins me in saluting the Eagle-Tribune's first century of accomplishments and we look forward to the next century. God bless you all and John, be sure to bring back a copy of tomorrow's paper for me.

May 25, 1990
TITLE: US-USSR

PROPOSED VIDEO MESSAGE
US-USSR EMERGING LEADERS CONFERENCE

Congratulations to everyone attending the second US-USSR Emerging Leaders Summit Conference. The first emerging leaders summit in Philadelphia produced some remarkable results. And under the guidance of the American Center for International Leadership, we look forward to the same progress from this meeting.

In a very short time, the American Center has become one of the most significant international training programs in the United States. And the participants from the Administration and the legislative branch of government are a clear sign of how important we regard this conference.

One of the great lessons of public service is that while government matters, it's people that make the difference. The world over, in countries large and small, people are reclaiming their destinies and reasserting control over their lives. People, like you, are meeting and working together in the spirit of friendship and openness; sharing ideas, thoughts, and hopes for the future. And as we approach the end of the twentieth century, the world has entered the age of possibilities -- possibilities for world peace, economic growth, managing environmental resources, and individual freedoms which have never been better.

Recently, President Gorbachev and I concluded our own Summit. We made progress in areas which were once marked by

conflict and disagreement. And while there still are areas in which we disagree, we have a greater understanding of these areas and new hope for future gains.

But the work we perform, in many ways, will set the stage for the future and the next generation of leaders. Your generation. For in your hands you will carry the torch that lights the future and will lead to a better and safer world.

Congratulations to each of you on your participation in this process. Thank you, best of luck, and God bless you all.

TITLE: IKE

PROPOSED VIDEO MESSAGE
EISENHOWER CENTENNIAL -- D-DAY SALUTE

Thank you, Admiral. And thanks to my old friend Tex McCrary, and all those responsible for tonight's celebration.

I'm pleased to have this opportunity to wish a "good evening" to everyone aboard Zach Fisher's historic naval museum -- the "Intrepid." It certainly is a wonderful feeling -- after all these years -- to have once again **landed safely** on an **aircraft carrier** -- if only by the miracle of television!

Tonight, in this setting of camouflaged parachutes and retired aircraft, we join to pay tribute to Ike -- and to the invasion that launched a wave of liberation across Europe -- D-Day -- **one of democracy's greatest days.**

On June 6th, 1944, brave men with freedom in their hearts, stormed the beaches of Normandy to restore a continent to its people. Their sacrifices, and Ike's leadership, liberated millions and helped end a terrible world war.

Over the past year, we have seen a new world of freedom emerge -- propelled by the same desire for freedom that inspired those brave troops on that summer morning so long ago. In what I call the Revolution of '89, thousands danced on the Berlin Wall, while thousands more marched arm in arm across Central Europe demanding the liberty we've enjoyed for over 200 years. We also watched and applauded as democracy was restored to Panama and Nicaragua and millions regained their freedom. In so many unseen

ways, the events of today are the result of many years of patient American statesmanship -- especially the leadership of Eisenhower.

Ike was, after all, much more than a wartime general -- he was a champion of peace. As President, he was decisive, acting upon instincts that invariably proved wise. During his Administration, each American passport had a message from Ike that read: "Assure people you meet abroad that the United States is a friendly nation, dedicated to the search for world peace." The world over, in countries large and small, people are reclaiming their destinies and reasserting control over their lives. People, like you, are meeting and working together in the spirit of friendship and openness; sharing ideas, thoughts, and hopes for the future. And as we approach the end of the twentieth century, the world has entered the age of great possibilities -- for world peace, economic growth, better management of our environmental resources, and greater individual freedoms.

Recently, President Gorbachev and I concluded our own Summit. We made progress in areas which were once marked by

conflict and disagreement. While there are still areas in which we disagree, we have a greater understanding of these areas and new hope for future gains.

The work we perform, in many ways, will set the stage for the future and the next generation of leaders. Your generation. For in your hands you will carry the torch that lights the future and will lead to a better and safer world.

Congratulations to each of you on your participation in this process. Thank you, best of luck, and God bless you all.

TITLE: IKE

PROPOSED VIDEO MESSAGE
EISENHOWER CENTENNIAL -- D-DAY SALUTE

Thank you, Admiral. And thanks to my old friend Tex McCrary, and all those responsible for tonight's celebration.

I'm pleased to have this opportunity to wish a "good evening" to everyone aboard Zach Fisher's historic naval museum -- the "Intrepid." It certainly is a wonderful feeling -- after all these years -- to have once again **landed safely** on an **aircraft carrier** -- if only by the miracle of television!

Tonight, in this setting of camouflaged parachutes and retired aircraft, we join to pay tribute to Ike -- and to the invasion that launched a wave of liberation across Europe -- D-Day -- **one of democracy's greatest days.**

On June 6th, 1944, brave men with freedom in their hearts, stormed the beaches of Normandy to restore a continent to its people. Their sacrifices, and Ike's leadership, liberated millions and helped end a terrible world war.

Over the past year, we have seen a new world of freedom emerge -- propelled by the same desire for freedom that inspired those brave troops on that summer morning so long ago. In what I call the Revolution of '89, thousands danced on the Berlin Wall, while thousands more marched arm in arm across Central Europe demanding the liberty we've enjoyed for over 200 years. We also watched and applauded as democracy was restored to Panama and

Nicaragua and millions regained their freedom. In so many unseen ways, the events of today are the result of many years of patient American statesmanship -- especially the leadership of Eisenhower.

Ike was, after all, much more than a wartime general -- he was a champion of peace. As President, he was decisive, acting upon instincts that invariably proved wise. You know, during his Administration, each American passport had a message from Ike that read: "Assure people you meet abroad that the United States is a friendly nation, dedicated to the search for world peace." What a wonderful thought: That every American can be an ambassador of peace. And near the end of his Administration, Ike took understandable pride when he stated that his presidency had "kept the peace."

Thank you for including me in tonight's Salute to Ike and Mamie. Barbara joins me in sending our best to all of you this evening. Thank you, God bless you all -- and now -- Colin, over to you.

PROPOSED VIDEO MESSAGE
THE EAGLE-TRIBUNE CENTENNIAL DINNER

Good evening. It's wonderful to join you for the Lawrence Eagle-Tribune's centennial anniversary. You've got many fans with you tonight, including John Sununu, a daily reader of your great paper. In fact, John will usually enlighten us on what the ^{Eagle-}Tribune thinks about an issue before he'll refer to other "minor" newspapers -- like the Wall Street Journal or the New York Times.

In a speech, Mark Twain once observed that ["]there are only ["]two forces that can carry light to all corners of the globe -- only two -- the sun in the heavens and the Associated Press down here." He should have added a third -- the Eagle-Tribune. For 100 years -- through world wars, and cold wars, a great depression and the liberation of Eastern Europe -- the Tribune has been reporting the world for Massachusetts and New England.

Under the insightful leadership of four generations of the Rogers family, and I want to mention Martha Rogers especially, the ^{Eagle-}Tribune has lived up to ^{the slogan:} ~~its masthead logo:~~ "A Family Newspaper Operated by a Family." And the awards you've won speak of your success. Four times voted New England Newspaper of the Year by the New England Newspaper Association, and awarded the grandest journalistic honor of all, the Pulitzer Prize for General News Reporting in 1988.

But, there's another prize which I was more than a little pleased to present to the Eagle-Tribune. It was given on Friday,

December 15, 1989 and was my daily "Point of Light" for outstanding service to community. Since February, 1988, ¹⁹⁸⁹ the Eagle-Tribune has run a story each day about people and groups that have made a difference in Lawrence. And I'm proud to acknowledge that the Eagle-Tribune will continue these stories until 1,000 deserving points of light are honored. And for this service to community you have the thanks of everyone, including me.

Thank you for inviting me to join in this important evening. Barbara joins me in saluting the Eagle-Tribune's first century of accomplishments and we look forward to the next century. God bless you all and John, be sure to bring back a copy of tomorrow's paper for me.

PROPOSED VIDEO MESSAGE
THE NATIONAL DRIVING TEST

Good evening. I'm here tonight to talk to you about a national tragedy. The daily toll of lives lost on our nation's highways.

Here's a terrible fact. Twice as many Americans have been killed on our highways than on all the battlefields of this country's wars since 1776. Twice as many!

Stopping this senseless bloodshed isn't complicated. A lot can be done with one simple piece of equipment -- a safety belt.

Buckling your safety belt is the single best thing you can do to prevent an injury or death in a car crash. Yet many people just don't bother. Less than half of all Americans buckle up. That's got to change.

We've set a national goal of increasing belt use to 70 % by 1992. That alone could save more than **nine thousand lives a year**. And remember, even if you're not going far or very fast, a seat belt can save your life.

So protect yourself, your family, and your friends. Use your safety belt and make sure they use theirs. Let's make the 1990s a decade of peace, prosperity, **and safety**. Let's make sure we're all here to enjoy it together.

PROPOSED VIDEO MESSAGE
THE CATHOLIC HEALTH ASSOCIATION

Good afternoon, and welcome to the Nation's capital. It's wonderful to join the celebration of your 75th anniversary of the Catholic Health Association of the United States.

Quite simply, Americans are blessed with the most technologically advanced health care in the world. And as members in the Catholic health care ministry, you can be proud of the role you've played in the development of this national asset. It was, after all, Catholic sisters and other founders of your ministry who established our first hospitals, nursing homes and hospices. In short, your foresight and innovation has helped meet the needs of patients and their families for over a century.

And today's Catholic health care facilities continue to be models for innovative medicine. Distinguished by a desire to relieve suffering through the delivery of quality care -- your health care facilities have truly made an important difference in the lives of millions of Americans.

Seventy-five years ago, the founders of the Catholic Health Association helped shape our health care delivery system. And today, the nation continues to look toward C-H-A for public policy leadership in the complex issues of financing, availability, and health care quality. With your deep and enduring value of every life, your commitment to justice, and to healing all who are in need, your efforts are an example to us

all. And for these selfless efforts you not only have the heartfelt thanks of all Americans but of this President as well.

Barbara joins me in saluting your efforts and sending our best wishes for a successful meeting. Thank you, and may God bless each and everyone of you.

and Nicaragua and millions regained their freedom. In so many unseen ways, the events of today are the result of many years of patient American statesmanship -- especially the leadership of Eisenhower.

True? | Ike was, after all, much more than a war-time general -- he was a champion of peace. As President, he was decisive acting upon instincts that were invariably wise. During his Administration, each American passport had a message stamped in it from Ike that read: "Assure people you meet abroad that the United States is a friendly nation, dedicated to the search for world peace." Ike taught us that every American can be an ambassador of peace. And near the end of his Administration, Ike took understandable pride when he stated that his presidency had "kept the peace."

Thank you for including me in tonight's Salute to Ike and Mamie. Barbara joins me in sending our best to all of you this evening. Thank you, God bless you all -- and now -- Colin, over to you.
