THE WHITE HOUSE

Office of the Press Secretary
(Omaha, Nebraska)

For Immediate Release

June 8, 1990

REMARKS BY THE PRESIDENT
AT FUNDRAISING LUNCHEON FOR
HAL DAUB FOR SENATE

Ballroom
Peony Park
Omaha, Nebraska

12:57 P.M. CDT

THE PRESIDENT: Thank you all. Hal, thank you. Thank you very, very much. Nice to see all of you. Thank you so very much. Thank you all. Hal, thank you so very much for that warm and most generous welcome, and to all of you for that warm welcome back to Nebraska. To Governor Orr, let me say how important I think your reelection is. You've done a good job. And I want to see you back for another term here. (Applause.) I'm sorry that Virginia's not here, but I see Congressman Bereuter. And he -- we've got a good delegation -- a strong Nebraska delegation in Washington. We need more. And so when I salute Doug Bereuter, I wouldn't speak for him, but I know that he would welcome more Republican support in the House. And thus, I want to single out Ally Milder, who's running as a candidate in the Second District and urge strong support for her. We got a good candidate. (Applause.)

I'm delighted -- I heard P.J. Morgan's remarks out there and his enthusiastic support for Hal. And I might say one of the things I take pride in is just before his election, he found time to come back to the Oval Office so we could publicly give the abrasso, and I was right. He's doing a superb job, I'll tell you, for this city. And the voters were certainly right on that one. (Applause.)

And I want to salute our chairman, Chairman Riffel. I want to say how pleased I am to see Bob Kasten, and outstanding Senator from Wisconsin who was one of the leaders in the Senate. And he's out here to join me in showing our unified and strong support for our candidate here. To Father Val Peter, who's so well-known, so well respected by both Barbara and me and so many around the country. My greetings to you, sir. And to Rabbi Nadoff, I guess -- as I understand the situation here, he's one of the great leaders of the Jewish community all across this state.

And I'll just mention, sir, in a minute how pleased I was at the recent summit to have a very frank discussion with President Gorbachev -- about the need to keep this high level of Soviet Jews emigrating from the Soviet Union going forward. I am convinced we're on the right track. And we're going to not let up until we get even more of those people able to go home and able to join their families. (Applause.)

And I want to salute Cindy Daub, a member of my team in a sense and long-time friend. If Hal has about half as much energy as Cindy, I expect he's got it made already. (Laughter.) But, anyway, ladies and gentlemen and friends, it's a pleasure to be back in one of America's greatest and most Republican states -- two things that go together as naturally as the Cornhuskers and winning football.

And today, I am here to support a candidate who -- like those Cornhuskers -- has made a difference in Nebraska. And he's been one of you. And he's never failed to speak for you. My friend. Your next United States Senator -- Hal Daub. He has my enthusiastic

MORE

endorsement. (Applause.)

We've known each other since the early '70s. And I wanted to come here and personally endorse him. And one reason is his great family. Another -- we heard some of it today -- his Main Street values and his career of dedication. And Hal isn't going to get to the Senate on PAC money, incidentally. He'll get there on shoe leather and hard work. (Applause.) And then, there's the reason you may not know. As a kid, Hal wanted to be a musical conductor.

Peony Park, of course, is where Lawrence Welk made his debut. And Cindy tells me that Hal still wakes up chanting, "A one and a two," and you know how it is out there. (Laughter.) But Lawrence Welk, he played champagne music. And this November, Republicans will be playing a victory march because the people of Nebraska know Hal Daub has made a difference -- as a lawyer, businessman, four-term Congressman.

And starting in January, he'll mean even more to a state whose compass, as one writer said, is the sun, the distant hilltops, and its own resolution.

Now, people say, it doesn't matter anymore. There is a frustration, I'm afraid. Some say it doesn't matter who's elected to the Senate -- or which party controls it. And that's like saying it doesn't matter if Nebraska beats OU. (Laughter.) But, so in a moment, I'd like to talk about the Hal Daub difference -- and how it can benefit Nebraskans from the bluffs of the Missouri to the Wyoming line.

And first, though, Hal referred to it -- let me just speak about the summit that President Gorbachev and I held last week in Washington which can make a difference by benefiting Nebraska and the world.

Every summit between America and the Soviet Union is shaped by history. And I believe that last week's summit will alter history. In four days of talks, we discussed the power of freedom to dismantle walls between nations. And because the greatest peace dividend is a safer, more democratic world, we signed agreements concerning areas of interest to both our countries, and recorded bilateral understandings in several joint statements.

First, we signed a bilateral agreement that will, for the first time, eliminate the great majority of chemical weapons that have been stockpiled over the years. (Applause.) And our common goal is nothing less than a global ban on these devastating chemical weapons. And second, I joined President Gorbachev in signing protocols on limiting nuclear testing. And they will create unprecedented improvements for on-site verification on the Threshold Test Ban Treaty and PNET, the Peaceful Nuclear Explosions Treaty.

And the third agreement updates and expands our 1973 pact on the peaceful uses of atomic energy. Increasing our cooperation in atomic energy research and civilian nuclear safety. You know, that tragic Chernobyl accident shows that the fate of our planet eclipses ideology and nation. And the agreements we signed can help create a better future for the Community of Nations.

You know, there is an old Russian story that reflects the spirit of last week's summit. A spirit of friendship growing as knowledge grows. It concerns a traveler walking to another village. And who, coming upon a woodsman, asked how much further he had to go.

The woodsman said he didn't know. Whereupon the traveler, angered, continued down the road. And at that point the woodsman called out to him, "Stop. It will take you 15 minutes." And the traveler then asked why he didn't tell him that in the first place. Because, the woodsman said, "I didn't know your stride."

Last week President Gorbachev and I learned more about

each other's stride. And so, in addition to our agreements, we also signed understandings. We released a joint statement on strategic arms limitations, recording our agreement on major outstanding issues governing a START treaty. We pledged to continue future negotiations on nuclear and space arms. And we also issued a statement on Conventional Armed Forces in Europe, the CFE area. A CFE agreement is crucial to a Europe that is whole and free.

In particular, let me talk about the trade agreement that Hal referred to, and an agreement that we negotiated that will relax barriers between East and West, creating new markets for American products and, in the process, new jobs for American workers. As he reminded me, President Gorbachev used to be the Party Secretary for Agriculture. And he knows that an improved trade relationship between our two countries means a greater demand for American goods and services.

In our talks, we also agreed that selling our grain to the Soviet Union will benefit both our nations. So the new U.S.-Soviet grain agreement we signed at the summit calls for at least 40 million metric tons of grain to be purchased by the Soviets over the next five years. Incidentally, I have not changed my views on using food as a political weapon. I still remember that disastrous grain embargo put into effect by President Carter. And to that I say never again! We are not going to use food for that purpose. (Applause.)

Now, look, let me be candid. Serious differences still remain. Of course they still remain between us and the Soviets. We must heed the desire of self-determination in the Baltic republics and elsewhere -- while protecting the rights of minority populations. I can identify with those Lithuanian Americans outside this building, proudly holding that flag. And I want to see that they have the self-determination that other nations are achieving all across this world. We must see that German reunification adheres to the wishes of the German people -- while respecting the views of other nations. And when I leave here, I'm heading back to Washington to have yet another meeting with Chancellor Kohl at the White House to discuss post-unification Europe and what it means after Germany is unified. And moreover, while I am pleased that the emigration of Soviet Jews is at an all-time high, I want to see unfettered emigration. And I believe Gorbachev is a leader willing, as Lincoln said, "to think anew." And I believe that because look at the changes that have taken place in Eastern Europe with his encouragement as well as his acquiescence. And he is committed inside to reform; and he faces these enormous economic problems. And as I told him, though, I will not send our new agreement on trade to Congress until the Soviet legislature passes key emigration laws.

I've often said we want perestroika to succeed. And I believe that. I believe it's in the interest of the United States that those internal reforms keep going forward, as they move towards economic reform and more human rights. And I believe that the steps I've outlined can help it triumph. But America can't do it alone, and we need the support of our allies. And our administration needs the support of senators who will actively support these historic new directions in foreign policy.

At the summit we talked of many issues that will confront your great state, the state of Nebraska, and, indeed, America. But this country also faces a lot of important domestic challenges. So let me shift now because we need the support of senators who can make a difference for America at home as well as abroad.

And one of those challenges, of course, is agriculture. As you know, in the late '80s, farm income hit near record levels. Our job is to make good news even better. Our grain agreement will help, and so will passing our administration's capital gains tax cut proposal. (Applause.) I wish that Senate would get on and do something about it. (Applause.)

What's more, we need a new farm bill that emphasizes

market-oriented farm policies giving producers more flexibility to decide what crops to grow. And our new farm bill, of course, it's got to be evenhanded and levelheaded. Leading, in turn, to a lower federal deficit, lower interest rates, and increased choice for farmers and consumers. And so I need Hal Daub to make these objectives a reality. We agree on this philosophy. And I want to see him in the United States Senate. (Applause.)

Another issue that's absolutely critical to the America of the '90s is education. And last week President Gorbachev and I signed an agreement to expand undergraduate exchanges by 1,000 students on both sides. You see, I believe that as these students interact -- those Soviet students here -- that that further enhances the changes that are taking place. And I think when our students go there, the Soviets can learn -- the people in Russia can learn a great deal about the American ethic, the American commitment to family and freedom and democracy, just from the interchange with the students.

On the domestic front, I wish Hal Daub were in the Senate now to help our kids by urging his colleagues, as Bob Kasten is doing, to pass our Educational Excellence Act of 1989. Because this legislation would promote excellence, and choice, and flexibility in our education system.

For one year, some members of Congress have stalled for a whole year -- stalled on this bill. And again, it is time for action now. (Applause.) In addition, Hal supports something that happened this past Monday that I feel strongly about, the Supreme Court ruling that affirms student religious groups' equal access to public high schools. (Applause.) I'm pleased by this ruling. To Omaha's own Bridget Mayhew, my congratulations -- in the forefront of all of this.

And finally, we must act on another issue that we discussed at the summit -- and that Hal alluded to here, and that I've talked to your Governor about many times. And I'm talking about the environment -- cleaning up our air. We need to keep America what a child once called, "the nearest thing to Heaven. And lots of sunshine, places to swim, and peanut butter sandwiches." (Laughter.) So I call on the House-Senate Conference Committee, which will begin work soon, to send me clean air legislation that I can sign.

Issues like world peace, agriculture, the environment, and education are not merely American questions. They affect every part of the world from the Midwest to the Ukraine. And we must do our part, and we will. To questions that confront America, Hal Daub really will help provide answers. Answers that make a difference. And mirror what an author said of Nebraska's plains, "Men began to dream." Today, like the pioneers before them, Nebraskans still dream impossible dreams and make them a reality. Relying on Nebraska values to build the Main Street of America -- an American example to the world.

Hal Daub understands those values. He'll support those values in the United States Senate. I'm delighted to have been here. I wish that Barbara were here on her big birthday -- the hero of Wellesley. I'm very, very proud of her. (Applause.) And she asked me to tell you that she, too, supports the Daubs, all out, in this important race. So let's all go out and help Hal make a difference for Nebraska and the nation.

Thank you for this wonderful occasion. It's a great pleasure to be back in the state of Nebraska. Thank you all, and God bless you.

INFORMATION

MEMORANDUM FOR THE PRESIDENT

THROUGH: CHRISS WINSTON *cu*
FROM: CURT SMITH *CS*
SUBJECT: REMARKS FOR HAL DAUB FUNDRAISER

I. SUMMARY

On Friday, June 8, at 12:30 p.m., you will address approximately 500 people at the Peony Park Ballroom in Omaha, Nebraska. In attendance will be: Governor Kay Orr, Congressman Doug Bereuter, Mayor P.J. Morgan, Nebraska Republican Party Chairman Norm Riffel, Republican Congressional Candidates Ally Milder and Bill Barrett, Rabbi Isaac Nadoff, President of Omaha Boys Town Father Val Peter, Cindy Daub, and Hal Daub.

II. DISCUSSION

The attached remarks (12 minutes, teleprompter) focus on recent developments at the Washington Summit, and the effect of these developments on Nebraskans in terms of agriculture, trade, education, and the environment.

In particular, the text includes a reference [page 6, bracketed] to this week's Supreme Court decision in Omaha's Westside Community Board of Education v. Mergens, upholding a 1984 Federal law that requires public high-schools to allow students' religious and political clubs to meet on the same basis as other extracurricular activities. The remarks salute Omaha's Bridget Mayhew, who filed suit after school officials denied access to a Bible club.

because 6/7/90*

On the domestic front I wish Hal Daub were in the Senate now

to

promote excellence, choice, and flexibility in our education system. For one year, some members of Congress have stalled on this bill. It's time for action now. // [[In addition, Hal supports something that happened this past Monday -- the Supreme Court ruling affirming student religious groups' equal access to public high schools. I, too, am pleased by this ruling. To Omaha's own Bridget Mayhew, my congratulations.]] //

Finally, we must act on another issue we discussed at the Summit: Cleaning up our air. // We need to keep America what a child once called "the nearest thing to Heaven. Lots of sunshine, places to swim, and peanut butter sandwiches." So I call on the House/Senate Conference Committee, which will begin work soon, to send me Clean Air Act legislation I can sign. //

Issues like world peace, agriculture, the environment, and education are not merely American questions -- they affect every part of the world from the Midwest to the Ukraine. We must do our part, and will. To questions that confront America, Hal Daub will help provide answers. Answers that make a difference. And mirror what an author said: On Nebraska's plains, "men [began] to dream." // Today, like the pioneers before them, Nebraskans still dream impossible dreams and make them a reality. Relying on Nebraska values to build the Main Street of America -- an American example to the world.

Hal Daub understands those values -- and will support them in the Senate. So let's help him make a difference for Nebraska and the Nation. Thank you for this wonderful occasion. God

bless you all. And let's make Hal Daub the next Senator from the
great State of Nebraska. //

IOWA

PRESIDENTIAL REMARKS: DAUB FUNDRAISER
OMAHA, NEBRASKA
FRIDAY, JUNE 8, 1990
12:30 P.M.

Governor Orr, Congressman Bereuter [BEE-righter], Mayor Morgan, Chairman Riffel [RIF-el], our Nebraska Congressional candidates Ally Milder [MILD-er] and Bill Barrett. Charlie Thone, Rabbi Isaac Nadoff [NAY-doff], Father Val Peter. Cindy Daub, who's already a member of my team as Copyright Tribunal Commissioner. And of course, Hal Daub. Ladies and gentlemen, friends.

It's a pleasure to be back in one of America's greatest and most Republican States -- two things that go together as naturally as the Cornhuskers and winning football. //

Today, I'm here to support a candidate who -- like the Cornhuskers -- has made a difference in Nebraska. // He's long been one of you. He's never failed to speak for you. My friend. Your next United States Senator. Hal Daub. //

I've been acquainted with Hal since the early '70s. And I wanted to come here and personally endorse him. // One reason is his great family. Another, his Main Street values and career of dedication. Then, there's the reason you may not know. As a kid, Hal Daub wanted to be a musical conductor.

Peony [PEE-a-nee] Park, of course, is where Lawrence Welk made his debut. Cindy tells me Hal still wakes up chanting, "A

one and a two." // The famous Mr. Welk played champagne music. This November, Republicans will be playing a victory march. Because the people of Nebraska know Hal Daub has made a difference -- as a lawyer, businessman, and 4-term Congressman. // And starting in January, he'll mean even more to a State whose compass, as one writer said, is the sun, the distant hilltops, and its own resolution.

Now, some people say, "It doesn't matter who's elected to the Senate -- or which party controls it." // That's like saying it doesn't matter if Nebraska beats Oklahoma. ((Last year, 42-25, Big Red.)) // So in a moment, I'd like to talk about the Hal Daub difference -- and how it benefits Nebraskans from the bluffs of the Missouri to the Wyoming line.

First, though, let me speak about the summit President Gorbachev and I held last week in Washington which can make a difference by benefiting Nebraska and the world. //

Every summit between America and the Soviet Union is shaped by history. I believe that last week's summit will alter history. In four days of talks, we discussed the power of freedom to dismantle walls between Nations. And because the greatest peace dividend is a safer, more democratic world, we signed agreements concerning areas of interest to both our countries. And recorded bilateral understandings in several joint statements. //

First, we signed a bilateral agreement that will, for the first time, eliminate the great majority of chemical weapons that have been stockpiled over the years. Our goal is nothing less

than a global ban on chemical weapons. // Second, I joined President Gorbachev in signing protocols on limiting nuclear testing. They will create unprecedented improvements for on-site verification of the Threshold Test Ban Treaty and Peaceful Nuclear Explosions Treaty. //

The third agreement updates and expands our 1973 pact on the peaceful uses of atomic energy. Increasing our cooperation in atomic energy research and civilian nuclear safety. The tragic Chernobyl accident shows that the fate of our planet eclipses ideology and nation. The agreements we signed can help create a better future for the community of nations.

((You know, there is an old Russian story that reflects the spirit of last week's summit. A spirit of friendship growing as knowledge grows. It concerns a traveler walking to another village. And who, coming upon a woodsman, asked how much further he had to go. //

((The woodsman said he didn't know. Whereupon the traveler, angered, continued down the road. At that point the woodsman called out to him, "Stop. It will take you 15 minutes." The traveler then asked why he didn't tell him that in the first place. Because, the woodsman said, "I didn't know your stride."))

Last week President Gorbachev and I learned more about each other's stride. So, in addition to our agreements, we also signed understandings. // We released a Joint Statement on strategic arms limitations, recording our agreement on major outstanding issues governing a START treaty. And we pledged to

continue future negotiations on nuclear and space arms. We also issued a statement on Conventional Armed Forces in Europe. A CFE agreement is crucial to a Europe that is whole and free.

In particular, let me talk about the trade agreement we negotiated that will relax barriers between East and West. Creating new markets for American products and new jobs for American workers. // As he reminded me, President Gorbachev used to be the Party Secretary for Agriculture. He knows that an improved trade relationship between our two countries means a greater demand for American goods and services. In our talks, we also agreed that selling our grain to the Soviet Union will benefit both our Nations. So the new U.S.-Soviet grain agreement we signed at the Summit calls for at least 40 million metric tons of grain to be purchased by the Soviets over the next five years. Incidentally, I have not changed my views on using food as a political weapon. I still remember the disastrous grain embargo put into effect by President Carter. Never again! //

Serious differences, of course, still remain between us and the Soviets. We must heed the desire of self-determination in the Baltic republics and elsewhere -- while protecting the rights of minority populations. We must see that German reunification adheres to the wishes of the German people -- while respecting the views of other Nations. Moreover, while I am pleased that the emigration of Soviet Jews is at an all-time high, I want to see unfettered emigration. I believe President Gorbachev is a leader willing, as Lincoln said, "to think anew." He is

committed to reform. And as I told him, I will not send our new agreement on trade to Congress until the Soviet legislature passes key emigration laws.

I've often said we want perestroika to succeed. The steps I've outlined can help it triumph. But America can't do it alone. We need the support of our allies. And our Administration needs the support of Senators who will actively support these historic new directions in foreign policy.

At the Summit we talked of many issues that will confront Nebraska, and America. But this country also faces important domestic challenges. So we need the support of Senators who can make a difference for America at home as well as abroad.

One of those challenges, of course, is agriculture. As you know, in the late 1980s, farm income hit near record levels. Our job is to make good news even better. Our grain agreement will help. So will passing our Administration's capital gains tax cut proposal. I call on the Congress to do so. // What's more, we need a new farm bill that emphasizes market-oriented farm policies giving producers more flexibility to decide what crops to grow. Our new farm bill must be even-handed. And level-headed. Leading, in turn, to a lower Federal deficit, lower interest rates, and increased choice for farmers and consumers. I need Hal Daub to make these objectives a reality. //

Another issue critical to the America of the '90s is education. Last week President Gorbachev and I signed an agreement to expand undergraduate exchanges by 1,000 students on

both sides. On the domestic front I wish Hal Daub were in the Senate now to help our kids by urging his colleagues to pass our Educational Excellence Act of 1989. This legislation would promote excellence, choice, and flexibility in our education system. For one year, some members of Congress have stalled on this bill. It's time for action now. // [[In addition, Hal supports something that happened this past Monday -- the Supreme Court ruling affirming student religious groups' equal access to public high schools. I, too, am pleased by this ruling. To Omaha's own Bridget Mayhew, my congratulations.]] //

Finally, we must act on another issue we discussed at the Summit: Cleaning up our air. // We need to keep America what a child once called "the nearest thing to Heaven. Lots of sunshine, places to swim, and peanut butter sandwiches." So I call on the House/Senate Conference Committee, which will begin work soon, to send me Clean Air Act legislation I can sign. //

Issues like world peace, agriculture, the environment, and education are not merely American questions -- they affect every part of the world from the Midwest to the Ukraine. We must do our part, and will. To questions that confront America, Hal Daub will help provide answers. Answers that make a difference. And mirror what an author said: On Nebraska's plains, "men [began] to dream." // Today, like the pioneers before them, Nebraskans still dream impossible dreams and make them a reality. Relying on Nebraska values to build the Main Street of America -- an American example to the world.

Hal Daub understands those values -- and will support them in the Senate. So let's help him make a difference for Nebraska and the Nation. Thank you for this wonderful occasion. God bless you all. And let's make Hal Daub the next Senator from the great State of Nebraska. //

INFORMATION

MEMORANDUM FOR THE PRESIDENT

THROUGH: CHRISS WINSTON *CW*
FROM: CURT SMITH *CS*
SUBJECT: REMARKS FOR HAL DAUB FUNDRAISER

I. SUMMARY

On Friday, June 8, at 12:30 p.m., you will address approximately 500 people at the Peony Park Ballroom in Omaha, Nebraska. In attendance will be: Governor Kay Orr, Congressman Doug Bereuter, Mayor P.J. Morgan, Nebraska Republican Party Chairman Norm Riffel, Republican Congressional Candidates Ally Milder and Bill Barrett, Rabbi Isaac Nadoff, President of Omaha Boys Town Father Val Peter, Cindy Daub, and Hal Daub.

II. DISCUSSION

The attached remarks (12 minutes, teleprompter) focus on recent developments at the Washington Summit, and the effect of these developments on Nebraskans in terms of agriculture, trade, education, and the environment.

In particular, the text includes a reference [page 6, bracketed] to this week's Supreme Court decision in Omaha's Westside Community Board of Education v. Mergens, upholding a 1984 Federal law that requires public high-schools to allow students' religious and political clubs to meet on the same basis as other extracurricular activities. The remarks salute Omaha's Bridget Mayhew, who filed suit after school officials denied access to a Bible club.

PRESIDENTIAL REMARKS: DAUB FUNDRAISER
OMAHA, NEBRASKA
FRIDAY, JUNE 8, 1990
12:30 P.M.

Governor Orr, Congressman Bereuter [BEE-righter], Mayor Morgan, Chairman Riffel [RIF-el], our Nebraska Congressional candidates Ally Milder [MILD-er] and Bill Barrett. Rabbi Isaac Nadoff [NAY-doff]. Father Val Peter. Cindy Daub, who's already a member of my team as Copyright Tribunal Commissioner. And of course, Hal Daub. Ladies and gentlemen, friends.

It's a pleasure to be back in one of America's greatest and most Republican States -- two things that go together as naturally as the Cornhuskers and winning football. //

Today, I'm here to support a candidate who -- like the Cornhuskers -- has made a difference in Nebraska. // He's long been one of you. He's never failed to speak for you. My friend. Your next United States Senator. Hal Daub. //

I've been acquainted with Hal since the early '70s. And I wanted to come here and personally endorse him. // One reason is his great family. Another, his Main Street values and magnificent career. Then, there's the reason you may not know. As a kid, Hal Daub wanted to be a musical conductor.

Peony [PEE-a-nee] Park, of course, is where Lawrence Welk made his debut. Cindy tells me Hal still wakes up chanting, "A one and a two." // The famous Mr. Welk played champagne music.

This November, Republicans will be playing a victory march. Because the people of Nebraska know Hal Daub has made a difference -- as a lawyer, businessman, and 4-term Congressman. // And starting in January, he'll mean even more to a State whose compass, as one writer said, is the sun, the distant hilltops, and its own resolution.

Now, some people say, "It doesn't matter who's elected to the Senate -- or which party controls it." // They're the same folks who say it doesn't matter if Nebraska beats Oklahoma. ((Last year, 42-25, Big Red.)) // Fact is: It matters enormously. Just ask Tom Osborne. // So in a moment, I'd like to talk about the Hal Daub difference -- and how it benefits Nebraskans from the bluffs of the Missouri to the Wyoming line.

First, though, let me speak about the summit President Gorbachev and I held last week in Washington which can make a difference by benefiting Nebraska and the world. //

Every summit between America and the Soviet Union is shaped by history. I believe that last week's summit will alter history. In four days of talks, we discussed the power of freedom to dismantle walls between Nations. And because the greatest peace dividend is a safer, more democratic world, we signed agreements concerning areas of interest to both our countries. And recorded bilateral understandings in several joint statements. //

First, we signed a bilateral agreement that will, for the first time, eliminate the great majority of chemical weapons that have been stockpiled over the years. Our goal is nothing less

than a global ban on chemical weapons. // Second, I joined President Gorbachev in signing protocols on limiting nuclear testing. They will create unprecedented improvements for on-site verification of the Threshold Test Ban Treaty and Peaceful Nuclear Explosions Treaty. //

The third agreement updates and expands our 1973 pact on the peaceful uses of atomic energy. Increasing our cooperation in atomic energy research and civilian nuclear safety. The tragic Chernobyl accident shows that the fate of our planet eclipses ideology and nation. The agreements we signed can help create a better future for the community of nations.

((You know, there is an old Russian story that reflects the spirit of last week's summit. A spirit of friendship growing as knowledge grows. It concerns a traveler walking to another village. And who, coming upon a woodsman, asked how much further he had to go. //

((The woodsman said he didn't know. Whereupon the traveler, angered, continued down the road. At that point the woodsman called out to him, "Stop. It will take you 15 minutes." The traveler then asked why he didn't tell him that in the first place. Because, the woodsman said, "I didn't know your stride."))

Last week President Gorbachev and I learned more about each other's stride. So, in addition to our agreements, we also signed understandings. // We released a Joint Statement on strategic arms limitations, recording our agreement on major outstanding issues governing a START treaty. And we pledged to

continue future negotiations on nuclear and space arms. We also issued a statement on Conventional Armed Forces in Europe. A CFE agreement is crucial to a Europe that is whole and free.

In particular, let me talk about the trade agreement we negotiated that will relax barriers between East and West. Creating new markets for American products and new jobs for American workers. // As he reminded me, President Gorbachev used to be the Party Secretary for Agriculture. He knows that an improved trade relationship between our two countries means a greater demand for American goods and services. In our talks, we also agreed that selling our grain to the Soviet Union will benefit both our Nations. So the new U.S.-Soviet grain agreement we signed at the Summit calls for at least 40 million metric tons of grain to be purchased by the Soviets over the next five years.

Serious differences, of course, still remain. We must heed the desire of self-determination in the Baltic republics and elsewhere -- while protecting the rights of minority populations. We must see that German reunification adheres to the wishes of the German people -- while respecting the views of other Nations. Moreover, while I am pleased that the emigration of Soviet Jews is at an all-time high, I want to see unfettered emigration. I believe President Gorbachev is a leader willing, as Lincoln said, "to think anew." He is committed to reform. And as I told him, when the Soviet legislature passes key emigration laws, I will send our new agreement on trade to Congress.

I've often said we want perestroika to succeed. The steps I've outlined can help it triumph. But America can't do it alone. We need the support of our allies. And our Administration needs the support of Senators who will actively support these historic new directions in foreign policy.

PRESIDENTIAL REMARKS: DAUB FUNDRAISER
OMAHA, NEBRASKA
FRIDAY, JUNE 8, 1990
12:30 P.M.

Governor Orr, Mayor Morgan, Congressman Bereuter [BEE-
righter], Congresswoman Smith, and future Senator Hal Daub.
Ladies and gentlemen, friends.

It's a pleasure to be back in one of America's greatest and
most Republican States -- two things that go together as
naturally as the Corn^hkuskers and winning football. //

~~For decades, Big Red football has meant a difference in this~~
~~great State.~~ Today, ^{I'm here} ~~I've traveled 1,500 miles~~ to support a
^{great Republican} ~~candidate who~~ ^{We the Cornhuskers,} ~~has~~ ^{in Nebraska.} ~~also~~ made a difference. // / He's long been
one of you. He's never failed to speak for you. My friend.
Your next United States Senator. Hal Daub. //

((I've been acquainted with Hal since the early '70s. And I
wanted to come here and personally endorse him. // One reason
is his great family. Another, his Main Street values and
magnificent career. Then, there's the reason you may not know.
As a kid, Hal Daub wanted to be a musical conductor.

Peony Park, of course, is where Lawrence Welk made his debut.
Cindy Daub tells me Hal still wakes up chanting, "A one and a
two." // ~~Lawrence played champagne music.~~ This November, ^{the GOP} ~~Hal~~
~~will be popping champagne corks.~~ ~~Because~~ the people of Nebraska
know Hal Daub has made a difference ^{too} -- as a lawyer, businessman,

Well.
This November, in Nebraska

and then ⁴5-term Congressman. // And starting in January, he'll mean even more to a State whose compass, as one writer said, "is the sun, the distant hilltops, and their own resolution." //

Now, some people say, "It doesn't matter who's elected to the Senate -- or which party controls it." // They're the same folks who say it doesn't matter if Nebraska beats Oklahoma.

((Last year, 42-25, Big Red.)) // Fact is: It matters enormously. Just ask Tom Osborne. // So in a moment, I'd like to talk about the Hal Daub difference -- and how it benefits Nebraskans from the bluffs of the Missouri to the Wyoming line.

First, though, let me speak about the summit President Gorbachev and I held last week in Washington which can make a difference by benefiting the world. //

Every summit between America and the Soviet Union is shaped by history. I believe that last week's summit ^{will} ~~can~~ alter history. In four days of talks, we discussed the power of freedom to dismantle walls between Nations. And because the greatest peace dividend is a safer, more democratic world, we signed agreements concerning areas of interest to our countries. And recorded bilateral understandings in several joint statements. //

First, we signed a bilateral agreement that will, for the first time, eliminate the great majority of chemical weapons ^{that have been} ~~are~~ stockpiled over the years. Our goal is nothing less than a global ban on chemical weapons. // Second, I joined President Gorbachev in signing protocols on limiting nuclear testing. They will create unprecedented improvements for on-site verification

of the Threshold Test Ban Treaty and Peaceful Nuclear Explosions Treaty. //

The third agreement updates and expands our 1973 pact on the peaceful uses of atomic energy. Increasing our cooperation in atomic energy research and civilian nuclear safety. The tragic Chernobyl accident shows that the common fate of our planet eclipses ideology and Nation. ~~The agreements we signed will uphold the dreams of millions around the globe. //~~ *realize help*

((You know, there is an old Russian story that reflects the spirit of last week's summit. A spirit of friendship growing as knowledge grows. It concerns a traveler walking to another village. And who, coming upon a woodsman, asked how ~~far~~ *much further* he had to go. // [The woodsman said he didn't know. Whereupon the traveler, angered, ~~started~~ *continued* down the road. At that point the woodsman called out to him, "Stop. It will take you 15 minutes." The traveler then asked why he didn't tell him that in the first place. Because, the woodsman said, "I didn't know your stride."))

Last week President Gorbachev and I learned more about each other's stride. So, in addition to our agreements, we also signed understandings. // ~~We will initial~~ *agreed to* a Joint Statement on strategic arms limitations, recording our agreement on major outstanding issues ~~governing~~ *we also agreed to* a START treaty. And ~~continue~~ *stet* future negotiations on nuclear and space arms. In addition, we issued a statement on Conventional Armed Forces in Europe. A CFE *agreement* Treaty is crucial to a Europe that is whole and free.

These and other ^{steps} ~~pacts~~ can make a difference. Building ^a ~~the~~ peace which spans the generations -- the ^{kind of} ~~the~~ peace which lasts. But we can't do it alone. I need Senators who will actively support me -- Senators I can trust. Which brings me back to the Hal Daub difference that nurtures peace abroad -- and opportunity at home.

For instance, last week President Gorbachev and I signed an agreement to expand undergraduate exchanges by 1,000 students on both sides. If Hal were in the Senate, he'd endorse this step. Even more, he'd help our kids by urging his colleagues to pass our Educational Excellence Act of 1990.^{89.} For one year, some members of Congress have stalled on this bill. Hal Daub would jump-start them. // Let others promote ~~trendy curricula~~. ^{the status quo in education.} I need Senators who will help make American education No. 1.

Next comes agriculture: Here, too, the Daub difference will make a difference. In the late 1980s, farm income hit near record levels. Our job is to make good news even better. That's why I want ^a ~~the~~ new Farm ^{that} ~~Bill we write this year~~ to emphasize market-oriented farm policies giving producers more flexibility to decide what crops to grow. That means, in turn, a lower Federal deficit, lower interest rates, and increased choice. // ^{for farmers and consumers.}

Nebraskans know one way to help the farm economy is by passing our capital gains tax cut proposal. ((~~Those who oppose our proposal remind me of that ride outside Peony Park called "The Black Hole."~~ What better name for liberal policies?)) // At the same time, we must relax barriers between East and West ^{in order} ~~which~~ ^{to} expand markets for American exports.

This legislation would promote excellence, choice and flexibility in our education systems.

the Party Secretary

As he reminded me, President Gorbachev used to be ^a Soviet Agriculture ~~Minister~~. And in our talks, we agreed that selling our grain to the Soviet Union is ^{also} in America's interest. — ~~not merely theirs.~~ // The trade and grain sales agreements we announced last week will ~~keep the faith.~~ ~~Helping~~ us produce new markets for American products and new jobs for American workers. I need Hal Daub in the Senate to support those agreements. //

Finally, the Daub difference will help meet perhaps the two greatest local needs. The first is the environment. The second, fighting crime and drugs. //

We need to keep America what a child once called "the nearest thing to Heaven. Lots of sunshine, places to swim, and peanut butter sandwiches." // One year ago this month at the University of Nebraska, I rode in a car powered by ethanol ~~as~~ an alternative fuel to cut pollution and unemployment. ^{When it comes to the environment} Locally, you have done much. Nationally, we must do more. So I call on

PRESIDENTIAL REMARKS: DAUB FUNDRAISER
OMAHA, NEBRASKA
FRIDAY, JUNE 8, 1990
12:30 P.M.

Governor Orr, Mayor Morgan, Congressman Bereuter [BEE-righter], Congresswoman Smith, and future Senator Hal Daub. Ladies and gentlemen, friends.

It's a pleasure to be back in one of America's greatest and most Republican States -- two things that go together as naturally as the Cornkusers and winning football. //

For decades, Big Red football has meant a difference in this great State. Today, I've traveled 1,500 miles to support a candidate who has also made a difference. // / He's long been one of you. He's never failed to speak for you. My friend. Your next United States Senator. Hal Daub. //

((I've been acquainted with Hal since the early '70s. And I wanted to come here and personally endorse him. // One reason is his great family. Another, his Main Street values and magnificent career. Then, there's the reason you may not know. As a kid, Hal Daub wanted to be a musical conductor.

Peony Park, of course, is where Lawrence Welk made his debut. Cindy Daub tells me Hal still wakes up chanting, "A one and a two." // Lawrence played champagne music. This November, Hal will be popping champagne corks. Because the people of Nebraska know Hal Daub has made a difference -- as a lawyer, businessman,

and then 5-term Congressman. // And starting in January, he'll mean even more to a State whose compass, as one writer said, "is the sun, the distant hilltops, and their own resolution." //

Now, some people say, "It doesn't matter who's elected to the Senate -- or which party controls it." // They're the same folks who say it doesn't matter if Nebraska beats Oklahoma.

((Last year, 42-25, Big Red.)) // Fact is: It matters enormously. Just ask Tom Osborne. // So in a moment, I'd like to talk about the Hal Daub difference -- and how it benefits Nebraskans from the bluffs of the Missouri to the Wyoming line.

First, though, let me speak about the summit President Gorbachev and I held last week in Washington which can make a difference by benefiting the world. //

Every summit between America and the Soviet Union is shaped by history. I believe that last week's summit can alter history. In four days of talks, we discussed the power of freedom to dismantle walls between Nations. And because the greatest peace dividend is a safer, more democratic world, we signed agreements concerning areas of interest to our countries. And recorded bilateral understandings in several joint statements. //

First, we signed a bilateral agreement that will, for the first time, eliminate the great majority of chemical weapons are stockpiled over the years. Our goal is nothing less than a global ban on chemical weapons. // Second, I joined President Gorbachev in signing protocols on limiting nuclear testing. They will create unprecedented improvements for on-site verification

of the Threshold Test Ban Treaty and Peaceful Nuclear Explosions Treaty. //

The third agreement updates and expands our 1973 pact on the peaceful uses of atomic energy. Increasing our cooperation in atomic energy research and civilian nuclear safety. The tragic Chernobyl accident shows that the common fate of our planet eclipses ideology and Nation. The agreements we signed will uphold the dreams of millions around the globe. //

((You know, there is an old Russian story that reflects the spirit of last week's summit. A spirit of friendship growing as knowledge grows. It concerns a traveler walking to another village. And who, coming upon a woodsman, asked how far he had to go. // The woodsman said he didn't know. Whereupon the traveler, angered, started down the road. At that point the woodsman called out to him, "Stop. It will take you 15 minutes." The traveler then asked why he didn't tell him that in the first place. Because, the woodsman said, "I didn't know your stride."))

Last week President Gorbachev and I learned more about each other's stride. So in addition to our agreements, we also signed understandings. // We will initial a Joint Statement on strategic arms limitations, recording our agreement on major outstanding issues a governing a START treaty. And continue future negotiations on nuclear and space arms. In addition, we issued a statement on Conventional Armed Forces in Europe. A CFE Treaty is crucial to a Europe that is whole and free.

These and other pacts can make a difference. Building the peace which spans the generations -- the peace which lasts. But we can't do it alone. I need Senators who will actively support me -- Senators I can trust. Which brings me back to the Hal Daub difference that nurtures peace abroad -- and opportunity at home.

For instance, last week President Gorbachev and I signed an agreement to expand undergraduate exchanges by 1,000 students on both sides. If Hal were in the Senate, he'd endorse this step. Even more, he'd help our kids by urging his colleagues to pass our Educational Excellence Act of 1990. For one year, some members of Congress have stalled on this bill. Hal Daub would jump-start them. // Let others promote trendy curricula. I need Senators who will help make American education No. 1.

Next comes agriculture: Here, too, the Daub difference will make a difference. In the late 1980s, farm income hit near record levels. Our job is to make good news even better. That's why I want the new Farm Bill we write this year to emphasize market-oriented farm policies giving producers more flexibility to decide what crops to grow. That means, in turn, a lower Federal deficit, lower interest rates, and increased choice. //

Nebraskans know one way to help the farm economy is by passing our capital gains tax cut proposal. ((Those who oppose our proposal remind me of that ride outside Peony Park called "The Black Hole." What better name for liberal policies?)) // At the same time, we must relax barriers between East and West which expand markets for American exports.

As he reminded me, President Gorbachev used to be a Soviet Agriculture Minister. And in our talks, we agreed that selling our grain to the Soviet Union is in America's interest -- not merely theirs. // The trade and grain sales agreements we announced last week will keep the faith. Helping us produce new markets for American products and new jobs for American workers.. I need Hal Daub in the Senate to support those agreements. //

Finally, the Daub difference will help meet perhaps the two greatest local needs. The first is the environment. The second, fighting crime and drugs. //

We need to keep America what a child once called "the nearest thing to Heaven. Lots of sunshine, places to swim, and peanut butter sandwiches." // One year ago this month at the University of Nebraska, I rode in a car powered by ethanol as an alternative fuel to cut pollution and unemployment. Locally, you have done much. Nationally, we must do more. So I call on Congress to act on legislation now in a House/Senate Committee - - the first rewrites of the Clean Air Act in more than a decade.

If we had more Senators like Hal, a new Clean Air Act would already be law. On the one hand, it can keep keep one thing absolutely clear. America. // And on the other, remind us that we don't have to throw people out of work to protect our environment. // Let's pass a Clean Air Act that is economically strong and environmentally safe. And by purifying our living environment, make the difference that lasts. //

Hal Daub will fight for a Nebraska that cleans our air -- he will help clean up the streets. // I need Senators like him to support our National Drug Control Strategy. And also to help pass our Violent Crime Act sent to Congress more than a year ago. Legislation based on a simple principle: At long last, the punishment should fit the crime. // Our bill includes an exclusionary rule designed to punish the guilty -- not good cops who act in good faith. Reforms to stop the frivolous appeals choking our courts. And for anyone killing a law enforcement officer, I say no legal penalty is too tough. // We want Congress to enact steps to expand the death penalty. Not some time. Not some place. But across America -- now. //

To questions that face America, Hal Daub can provide answers. Answers that make a difference. And mirror what an author said: On Nebraska's plains, "men began to dream." // Today, like the pioneers before them, Nebraskans still dream impossible dreams and make them a reality. Relying on Nebraska values to build the Main Street of America -- an American example to the world.

Hal Daub understands those values -- and will support them in the Senate. He'll help keep Americans up -- and keep bureaucracies down. So let's help him make a difference for Nebraska and the Nation. Thank you for this wonderful occasion. God bless you all. And let's make Hal Daub the next Senator from the great State of Nebraska. //

THE WHITE HOUSE

WASHINGTON

90 MAY 5 AID: 23
June 5, 1990

MEMORANDUM FOR CHRISS WINSTON

FROM: JIM PINKERTON

SUBJECT: Daub Fundraiser

pg. 1, para. 5, line 3 "This November, Hal will be popping champagne corks."

It seems to us that the candidate's party rather than the candidate himself would be doing the popping, thus: "This November, the GOP will be popping champagne corks."

2,4,2 "I believe that last week's summit can alter history."

We suggest a more conclusive tone: "...last week's summit will alter history."

2,5,2 "...eliminate the great majority of chemical weapons are stockpiled..."

Instead: "...eliminate the great majority of chemical weapons that have been stockpiled..."

4,3,6 "That means, in turn, a lower Federal deficit, lower interest rates, and increased choice."

It is unclear here what "increased choice" means (the word "choice" is, of course, heavily freighted with political significance). For clarity, we suggest: "That means, in turn, a lower Federal deficit, lower interest rates, and increased choice for farmers and consumers."

4,4,5 "At the same time, we must relax barriers between East and West which expand markets for American exports."

"At the same time, we must relax barriers between East and West in order to expand markets for American exports." or "...relax barriers between East and West that constrict American exports."

2-2-2

6,1,1 "Hal Daub will fight for a Nebraska that cleans our air -- he will help clean up the streets."

A transition was omitted out here. Something like the following is needed: "And just as Hal Daub will fight to clean up America's air, he will also fight to clean up our streets from the scourge of drugs and crime."

They will create unprecedented improvements for on-site verification

of the Threshold Test Ban Treaty and Peaceful Nuclear Explosions Treaty. //

The third agreement updates and expands our 1973 pact on the peaceful uses of atomic energy. Increasing our cooperation in atomic energy research and civilian nuclear safety. The tragic Chernobyl accident shows that the common fate of our planet eclipses ideology and Nation. The agreements we signed will ^{HELP REALIZE} ~~uphold~~ the dreams of millions around the globe. //

((You know, there is an old Russian story that reflects the spirit of last week's summit. A spirit of friendship growing as knowledge grows. It concerns a traveler walking to another village. And who, coming upon a woodsman, asked how ^{MUCH FURTHER} far he had to go. // The woodsman said he didn't know. Whereupon the traveler, angered, ^{CONTINUED} ~~started~~ down the road. At that point the woodsman called out to him, "Stop. It will take you 15 minutes." The traveler then asked why he didn't tell him that in the first place. Because, the woodsman said, "I didn't know your stride."))

Last week President Gorbachev and I learned more about each other's stride. So in addition to our agreements, we also signed understandings. // We will initial a Joint Statement on strategic arms limitations, recording our agreement on major outstanding issues a governing a START treaty. And continue future negotiations on nuclear and space arms. In addition, we issued a statement on Conventional Armed Forces in Europe. A CFE Treaty is crucial to a Europe that is whole and free.

These and other pacts can make a difference. Building the peace which spans the generations -- the peace which lasts. But we can't do it alone. I need Senators who will actively support me -- Senators I can trust. Which brings me back to the Hal Daub difference that nurtures peace abroad -- and opportunity at home.

For instance, last week President Gorbachev and I signed an agreement to expand undergraduate exchanges by 1,000 students on both sides. If Hal were in the Senate, he'd endorse this step. Even more, he'd help our kids by urging his colleagues to pass our Educational Excellence Act of ¹⁹⁸⁹~~1990~~. For one year, some members of Congress have stalled on this bill. Hal Daub would jump-start them. // Let others promote ~~trendy curricula~~. I need Senators who will help make American education No. 1. *THE STATUS QUO IN EDUCATION.*

Next comes agriculture: Here, too, the Daub difference will make a difference. In the late 1980s, farm income hit near record levels. Our job is to make good news even better. That's why I want ^A~~the~~ new Farm Bill ^{THAT} we write this year to emphasize market-oriented farm policies giving producers more flexibility to decide what crops to grow. That means, in turn, a lower Federal deficit, lower interest rates, and increased choice. *for farmers and consumers*

Nebraskans know one way to help the farm economy is by ^{FAR FARMER AND CONSUMER} passing our capital gains tax cut proposal. ((Those who oppose our proposal remind me of that ride outside Peony Park called "The Black Hole." What better name for liberal policies?)) // At the same time, we must relax barriers between East and West which expand markets for American exports.

THIS LEGISLATION WOULD PROMOTE EXCELLENCE, CHOICE, AND FLEXIBILITY IN OUR EDUCATION SYSTEM.

As he reminded me, President Gorbachev used to be a Soviet Agriculture Minister. And in our talks, we agreed that selling our grain to the Soviet Union is ^{ALSO} in America's interest -- not merely theirs. // The trade and grain sales agreements we announced last week will ~~keep the faith~~. Helping us produce new markets for American products and new jobs for American workers. I need Hal Daub in the Senate to support those agreements. //

Finally, the Daub difference will help meet perhaps the two greatest local needs. The first is the environment. The second, fighting crime and drugs. //

We need to keep America what a child once called "the nearest thing to Heaven. Lots of sunshine, places to swim, and peanut butter sandwiches." // One year ago this month at the University of Nebraska, I rode in a car powered by ethanol as an alternative fuel to cut pollution and unemployment. Locally, you have done much. Nationally, we must do more. So I call on ~~MEMBERS OF THE HOUSE/SENATE CLEAN AIR CONFERENCE Comm. TO~~ ~~congress to act on legislation now in a House/Senate Committee -~~ SEND ME LEGISLATION I CAN SIGN. ~~--the first rewrites of the Clean Air Act in more than a decade.~~

If we had more Senators like Hal, a new Clean Air Act would already be law. On the one hand, it can ~~keep~~ keep one thing absolutely clear. America. // And on the other, remind us that we don't have to throw people out of work to protect our environment. // Let's pass a Clean Air Act that is economically strong and environmentally safe. And by purifying our living environment, make the difference that lasts. //

2
m
H

Hal Daub will fight for a Nebraska that cleans our air -- he will help clean up the streets. // I need Senators like him to support our National Drug Control Strategy. And also to help pass our Violent Crime Act sent to Congress ^{ALMOST} ~~more than~~ a year ago. *(TRANSMITTED June 15) 1989*

Legislation based on a simple principle: At long last, the punishment should fit the crime. // Our bill includes an exclusionary rule designed to punish the guilty -- not good cops who act in good faith. Reforms to stop the ~~frivolous~~ ^{REPETITIVE} appeals *REPETITIVE* choking our courts. And for anyone killing a law enforcement officer, I say no legal penalty is too tough. // We want Congress to enact steps to expand the death penalty. Not some time. Not some place. But across America -- now. //

To questions that face America, Hal Daub can provide answers. Answers that make a difference. And mirror what an author said: On Nebraska's plains, "men began to dream." // Today, like the pioneers before them, Nebraskans still dream impossible dreams and make them a reality. Relying on Nebraska values to build the Main Street of America -- an American example to the world.

Hal Daub understands those values -- and will support them in the Senate. He'll help keep Americans up -- and keep bureaucracies down. So let's help him make a difference for Nebraska and the Nation. Thank you for this wonderful occasion. God bless you all. And let's make Hal Daub the next Senator from the great State of Nebraska. //

PRESIDENTIAL REMARKS: DAUB FUNDRAISER
OMAHA, NEBRASKA
FRIDAY, JUNE 8, 1990
12:30 P.M.

Governor Orr, Mayor Morgan, Congressman Bereuter [BEE-
righter], Congresswoman Smith, ~~and future Senator Hal Daub.~~
Ladies and gentlemen, friends.

It's a pleasure to be back in one of America's greatest and
most Republican States -- two things that go together as
naturally as the Cornkuskers and winning football. //

~~For decades, Big Red football has meant a difference in this~~
~~great State.~~ Today, ^{I'm here} ~~I've traveled 1,500 miles~~ to support a
great Republican candidate who has also made a difference ^{in Nebraska.} // He's long been
one of you. He's never failed to speak for you. My friend.
Your next United States Senator. Hal Daub. //

((I've been acquainted with Hal since the early '70s. And I
wanted to come here and personally endorse him. // One reason
is his great family. Another, his Main Street values and
magnificent career. Then, there's the reason you may not know.
As a kid, Hal Daub wanted to be a musical conductor.

Peony Park, of course, is where Lawrence Welk made his debut.
Cindy Daub tells me Hal still wakes up chanting, "A one and a
two." // ~~Lawrence played champagne music. This November, Hal~~
~~will be popping champagne corks.~~ Because the people of Nebraska
know Hal Daub ~~has made a difference~~ -- as a lawyer, businessman,

and then 5-term Congressman. // And starting in January, he'll mean even more to a State whose compass, as one writer said, "is the sun, the distant hilltops, and their own resolution." //

Now, some people say, "It doesn't matter who's elected to the Senate -- or which party controls it." // They're the same folks who say it doesn't matter if Nebraska beats Oklahoma.

((Last year, 42-25, Big Red.)) // Fact is: It matters enormously. Just ask Tom Osborne. // So in a moment, I'd like to talk about the Hal Daub difference -- and how it benefits Nebraskans from the bluffs of the Missouri to the Wyoming line.

First, though, let me speak about the summit President Gorbachev and I held last week in Washington which can make a difference by benefiting the world. //

Every summit between America and the Soviet Union is shaped by history. I believe that last week's summit can alter history. In four days of talks, we discussed the power of freedom to dismantle walls between Nations. And because the greatest peace dividend is a safer, more democratic world, we signed agreements concerning areas of interest to our countries. And recorded bilateral understandings in several joint statements. //

First, we signed a bilateral agreement that will, for the first time, eliminate the great majority of chemical weapons are stockpiled over the years. Our goal is nothing less than a global ban on chemical weapons. // Second, I joined President Gorbachev in signing protocols on limiting nuclear testing. They will create unprecedented improvements for on-site verification

of the Threshold Test Ban Treaty and Peaceful Nuclear Explosions Treaty. //

The third agreement updates and expands our 1973 pact on the peaceful uses of atomic energy. Increasing our cooperation in atomic energy research and civilian nuclear safety. The tragic Chernobyl accident shows that the common fate of our planet eclipses ideology and Nation. ~~The agreements we signed will uphold the dreams of millions around the globe.~~ //

((You know, there is an old Russian story that reflects the spirit of last week's summit. A spirit of friendship growing as knowledge grows. It concerns a traveler walking to another village. And who, coming upon a woodsman, asked how far he had to go. // The woodsman said he didn't know. Whereupon the traveler, angered, started down the road. At that point the woodsman called out to him, "Stop. It will take you 15 minutes." The traveler then asked why he didn't tell him that in the first place. Because, the woodsman said, "I didn't know your stride."))

Last week President Gorbachev and I learned more about each other's stride. So in addition to our agreements, we also signed understandings. // We will initial a Joint Statement on strategic arms limitations, recording our agreement on major outstanding issues a governing a START treaty. And continue future negotiations on nuclear and space arms. ~~In addition,~~ *We also* issued a statement on Conventional Armed Forces in Europe. A CFE ~~Treaty~~ *Agreement* is crucial to a Europe that is whole and free.

These and other ^{steps} ~~pacts~~ can make a difference. Building the peace which spans the generations -- the peace which lasts. But we can't do it alone. I need Senators who will actively support me -- Senators I can trust. Which brings me back to the Hal Daub difference that nurtures peace abroad -- and opportunity at home.

one of you. He's never failed to speak for you. My friend.
Your next United States Senator. Hal Daub. //

((I've been acquainted with Hal since the early '70s. And I
wanted to come here and personally endorse him. // One reason
is his great family. Another, his Main Street values and
magnificent career. Then, there's the reason you may not know.
As a kid, Hal Daub wanted to be a musical conductor.

Peony Park, of course, is where Lawrence Welk made his debut.
Cindy Daub tells me Hal still wakes up chanting, "A one and a
two." // Lawrence played champagne music. This November, Hal
will be popping champagne corks. Because the people of Nebraska
know Hal Daub has made a difference -- as a lawyer, businessman,

and then 5-term Congressman. // And starting in January, he'll mean even more to a State whose compass, as one writer said, "is the sun, the distant hilltops, and their own resolution." //

Now, some people say, "It doesn't matter who's elected to the Senate -- or which party controls it." // They're the same folks who say it doesn't matter if Nebraska beats Oklahoma.

((Last year, 42-25, Big Red.)) // Fact is: It matters enormously. Just ask Tom Osborne. // So in a moment, I'd like to talk about the Hal Daub difference -- and how it benefits Nebraskans from the bluffs of the Missouri to the Wyoming line.

First, though, let me speak about the summit President Gorbachev and I held last week in Washington which can make a difference by benefiting the world. //

Every summit between America and the Soviet Union is shaped by history. I believe that last week's summit can alter history. In four days of talks, we discussed the power of freedom to dismantle walls between Nations. And because the greatest peace dividend is a safer, more democratic world, we signed agreements concerning areas of interest to our countries. And recorded bilateral understandings in several joint statements. //

First, we signed a bilateral agreement that will, for the first time, eliminate the great majority of chemical weapons are stockpiled over the years. Our goal is nothing less than a global ban on chemical weapons. // Second, I joined President Gorbachev in signing protocols on limiting nuclear testing. They will create unprecedented improvements for on-site verification

of the Threshold Test Ban Treaty and Peaceful Nuclear Explosions Treaty. //

The third agreement updates and expands our 1973 pact on the peaceful uses of atomic energy. Increasing our cooperation in atomic energy research and civilian nuclear safety. The tragic Chernobyl accident shows that the common fate of our planet eclipses ideology and Nation. The agreements we signed will uphold the dreams of millions around the globe. //

((You know, there is an old Russian story that reflects the spirit of last week's summit. A spirit of friendship growing as knowledge grows. It concerns a traveler walking to another village. And who, coming upon a woodsman, asked how far he had to go. // The woodsman said he didn't know. Whereupon the traveler, angered, started down the road. At that point the woodsman called out to him, "Stop. It will take you 15 minutes." The traveler then asked why he didn't tell him that in the first place. Because, the woodsman said, "I didn't know your stride."))

Last week President Gorbachev and I learned more about each other's stride. So in addition to our agreements, we also signed understandings. // We will initial a Joint Statement on strategic arms limitations, recording our agreement on major outstanding issues a governing a START treaty. And continue future negotiations on nuclear and space arms. In addition, we issued a statement on Conventional Armed Forces in Europe. A CFE Treaty is crucial to a Europe that is whole and free.

These and other pacts can make a difference. Building the peace which spans the generations -- the peace which lasts. But we can't do it alone. I need Senators who will actively support me -- Senators I can trust. Which brings me back to the Hal Daub difference that nurtures peace abroad -- and opportunity at home.

For instance, last week President Gorbachev and I signed an agreement to expand undergraduate exchanges by 1,000 students on both sides. If Hal were in the Senate, he'd endorse this step. Even more, he'd help our kids by urging his colleagues to pass our Educational Excellence Act of 1990. For one year, some members of Congress have stalled on this bill. Hal Daub would jump-start them. // Let others promote trendy curricula. I need Senators who will help make American education No. 1.

Next comes agriculture: Here, too, the Daub difference will make a difference. In the late 1980s, farm income hit near record levels. Our job is to make good news even better. That's why I want the new Farm Bill we write this year to emphasize market-oriented farm policies giving producers more flexibility to decide what crops to grow. That means, in turn, a lower Federal deficit, lower interest rates, and increased choice. //

Nebraskans know one way to help the farm economy is by passing our capital gains tax cut proposal. ((Those who oppose our proposal remind me of that ride outside Peony Park called "The Black Hole." What better name for liberal policies?)) // At the same time, we must relax barriers between East and West which expand markets for American exports.

As he reminded me, President Gorbachev used to be a Soviet Agriculture Minister. And in our talks, we agreed that selling our grain to the Soviet Union is in America's interest -- not merely theirs. // The trade and grain sales agreements we announced last week will keep the faith. Helping us produce new markets for American products and new jobs for American workers. I need Hal Daub in the Senate to support those agreements. //

Finally, the Daub difference will help meet perhaps the two greatest local needs. The first is the environment. The second, fighting crime and drugs. //

We need to keep America what a child once called "the nearest thing to Heaven. Lots of sunshine, places to swim, and peanut butter sandwiches." // One year ago this month at the University of Nebraska, I rode in a car powered by ethanol as an alternative fuel to cut pollution and unemployment. Locally, you have done much. Nationally, we must do more. So I call on Congress to act on legislation now in a House/Senate Committee - - the first rewrites of the Clean Air Act in more than a decade.

If we had more Senators like Hal, a new Clean Air Act would already be law. On the one hand, it can keep keep one thing absolutely clear. America. // And on the other, remind us that we don't have to throw people out of work to protect our environment. // Let's pass a Clean Air Act that is economically strong and environmentally safe. And by purifying our living environment, make the difference that lasts. //

Hal Daub will fight for a Nebraska that cleans our air -- he will help clean up the streets. // I need Senators like him to support our National Drug Control Strategy. And also to help pass our Violent Crime Act sent to Congress more than a year ago. Legislation based on a simple principle: At long last, the punishment should fit the crime. // Our bill includes an exclusionary rule designed to punish the guilty -- not good cops who act in good faith. Reforms to stop the ^{repetitive} ~~frivolous~~ appeals choking our courts. And for anyone killing a law enforcement officer, I say no legal penalty is too tough. // We want Congress to enact steps to expand the death penalty. Not some time. Not some place. But across America -- now. //

To questions that face America, Hal Daub can provide answers. Answers that make a difference. And mirror what an author said: On Nebraska's plains, "men began to dream." // Today, like the pioneers before them, Nebraskans still dream impossible dreams and make them a reality. Relying on Nebraska values to build the Main Street of America -- an American example to the world.

Hal Daub understands those values -- and will support them in the Senate. He'll help keep Americans up -- and keep bureaucracies down. So let's help him make a difference for Nebraska and the Nation. Thank you for this wonderful occasion. God bless you all. And let's make Hal Daub the next Senator from the great State of Nebraska. //

PRESIDENTIAL REMARKS: DAUB FUNDRAISER
OMAHA, NEBRASKA
FRIDAY, JUNE 8, 1990
12:30 P.M.

Governor Orr, Mayor Morgan, Congressman Bereuter [BEE-righter], Congresswoman Smith, and future Senator Hal Daub. Ladies and gentlemen, friends.

It's a pleasure to be back in one of America's greatest and most Republican States -- two things that go together as naturally as the Cornhuskers and winning football. //

For decades, Big Red football has meant a difference in this great State. Today, I've traveled 1,500 miles to support a candidate who has also made a difference. // / He's long been one of you. He's never failed to speak for you. My friend. Your next United States Senator. Hal Daub. //

I've been acquainted with Hal since the early '70s. And I wanted to come here and personally endorse him. // One reason is his great family. Another, his Main Street values and magnificent career. Then, there's the reason you may not know. As a kid, Hal Daub wanted to be a musical conductor.

Peony Park, of course, is where Lawrence Welk made his debut. Cindy Daub tells me Hal still wakes up chanting, "A one and a two." // Lawrence played champagne music. This November, Hal will be popping champagne corks. Because the people of Nebraska know Hal Daub has made a difference -- as a lawyer, businessman,

and then 5-term Congressman. // And starting in January, he'll mean even more to a State whose compass, as one writer said, "is the sun, the distant hilltops, and their own resolution." //

Now, some people say, "It doesn't matter who's elected to the Senate -- or which party controls it." // They're the same folks who say it doesn't matter if Nebraska beats Oklahoma.

((Last year, 42-25, Big Red.)) // Fact is: It matters enormously. Just ask Tom Osborne. // So in a moment, I'd like to talk about the Hal Daub difference -- and how it benefits Nebraskans from the bluffs of the Missouri to the Wyoming line.

First, though, let me speak about the summit President Gorbachev and I held last week in Washington which can make a difference by benefiting the world. //

Every summit between America and the Soviet Union is shaped by history. I believe that last week's summit can alter history. In four days of talks, we discussed the power of freedom to dismantle walls between Nations. And because the greatest peace dividend is a safer, more democratic world, we signed agreements concerning areas of interest to our countries. And recorded bilateral understandings in several joint statements. //

First, we signed a bilateral agreement that will, for the first time, eliminate the great majority of chemical weapons are stockpiled over the years. Our goal is nothing less than a global ban on chemical weapons. // Second, I joined President Gorbachev in signing protocols on limiting nuclear testing. They will create unprecedented improvements for on-site verification

of the Threshold Test Ban Treaty and Peaceful Nuclear Explosions Treaty. //

The third agreement updates and expands our 1973 pact on the peaceful uses of atomic energy. Increasing our cooperation in atomic energy research and civilian nuclear safety. The tragic Chernobyl accident shows that the common fate of our planet eclipses ideology and Nation. The agreements we signed will uphold the dreams of millions around the globe. //

((You know, there is an old Russian story that reflects the spirit of last week's summit. A spirit of friendship growing as knowledge grows. It concerns a traveler walking to another village. And who, coming upon a woodsman, asked how far he had to go. // ((The woodsman said he didn't know. Whereupon the traveler, angered, started down the road. At that point the woodsman called out to him, "Stop. It will take you 15 minutes." The traveler then asked why he didn't tell him that in the first place. Because, the woodsman said, "I didn't know your stride."))

Last week President Gorbachev and I learned more about each other's stride. So in addition to our agreements, we ~~also~~ signed understandings, (too.) // We will initial a Joint Statement on strategic arms limitations, recording our agreement on major outstanding issues a governing a START treaty. And continue future negotiations on nuclear and space arms. In addition, we issued a statement on Conventional Armed Forces in Europe. A CFE Treaty is crucial to a Europe that is whole and free.

is his great family. Another, his Main Street values and
magnificent career. Then, there's the reason you may not know.
As a kid, Hal Daub wanted to be a musical conductor.

Peony Park, of course, is where Lawrence Welk made his debut.
Cindy Daub tells me Hal still wakes up chanting, "A one and a
two." // Lawrence played champagne music. This November, Hal
will be popping champagne corks. Because the people of Nebraska
know Hal Daub has made a difference -- as a lawyer, businessman,

and then 5-term Congressman. // And starting in January, he'll mean even more to a State whose compass, as one writer said, "is the sun, the distant hilltops, and their own resolution." //

Now, some people say, "It doesn't matter who's elected to the Senate -- or which party controls it." // They're the same folks who say it doesn't matter if Nebraska beats Oklahoma.

((Last year, 42-25, Big Red.)) // Fact is: It matters enormously. Just ask Tom Osborne. // So in a moment, I'd like to talk about the Hal Daub difference -- and how it benefits Nebraskans from the bluffs of the Missouri to the Wyoming line.

First, though, let me speak about the summit President Gorbachev and I held last week in Washington which can make a difference by benefiting the world. //

Every summit between America and the Soviet Union is shaped by history. I believe that last week's summit can alter history. In four days of talks, we discussed the power of freedom to dismantle walls between Nations. And because the greatest peace dividend is a safer, more democratic world, we signed agreements concerning areas of interest to our countries. And recorded bilateral understandings in several joint statements. //

First, we signed a bilateral agreement that will, for the first time, eliminate the great majority of chemical weapons are stockpiled over the years. Our goal is nothing less than a global ban on chemical weapons. // Second, I joined President Gorbachev in signing protocols on limiting nuclear testing. They will create unprecedented improvements for on-site verification

*2/Scully
x5178*

of the Threshold Test Ban Treaty and Peaceful Nuclear Explosions Treaty. //

The third agreement updates and expands our 1973 pact on the peaceful uses of atomic energy. Increasing our cooperation in atomic energy research and civilian nuclear safety. The tragic Chernobyl accident shows that the common fate of our planet eclipses ideology and Nation. The agreements we signed will uphold the dreams of millions around the globe. //

((You know, there is an old Russian story that reflects the spirit of last week's summit. A spirit of friendship growing as knowledge grows. It concerns a traveler walking to another village. And who, coming upon a woodsman, asked how far he had to go. // The woodsman said he didn't know. Whereupon the traveler, angered, started down the road. At that point the woodsman called out to him, "Stop. It will take you 15 minutes." The traveler then asked why he didn't tell him that in the first place. Because, the woodsman said, "I didn't know your stride."))

Last week President Gorbachev and I learned more about each other's stride. So in addition to our agreements, we also signed understandings. // We will initial a Joint Statement on strategic arms limitations, recording our agreement on major outstanding issues a governing a START treaty. And continue future negotiations on nuclear and space arms. In addition, we issued a statement on Conventional Armed Forces in Europe. A CFE Treaty is crucial to a Europe that is whole and free.

Scully
X 5178

These and other pacts can make a difference. Building the peace which spans the generations -- the peace which lasts. But we can't do it alone. I need Senators who will actively support me -- Senators I can trust. Which brings me back to the Hal Daub difference that nurtures peace abroad -- and opportunity at home.

For instance, last week President Gorbachev and I signed an agreement to expand undergraduate exchanges by 1,000 students on both sides. If Hal were in the Senate, he'd endorse this step. Even more, he'd help our kids by urging his colleagues to pass our Educational Excellence Act of 1990. For one year, some members of Congress have stalled on this bill. Hal Daub would jump-start them. // Let others promote trendy curricula. I need Senators who will help make American education No. 1.

Next comes agriculture: Here, too, the Daub difference will make a difference. In the late 1980s, farm income hit near record levels. Our job is to make good news even better. That's why I want the new Farm Bill we write this year to emphasize market-oriented farm policies giving producers more flexibility to decide what crops to grow. That means, in turn, a lower Federal deficit, lower interest rates, and increased choice. //

Nebraskans know one way to help the farm economy is by passing our capital gains tax cut proposal. ((Those who oppose our proposal remind me of that ride outside Peony Park called "The Black Hole." What better name for liberal policies?)) // At the same time, we must relax barriers between East and West which expand markets for American exports.

As he reminded me, President Gorbachev used to be a Soviet Agriculture Minister. And in our talks, we agreed that selling our grain to the Soviet Union is in America's interest -- not merely theirs. // The trade and grain sales agreements we announced last week will keep the faith. Helping us produce new markets for American products and new jobs for American workers. I need Hal Daub in the Senate to support those agreements. //

Finally, the Daub difference will help meet perhaps the two greatest local needs. The first is the environment. The second, fighting crime and drugs. //

We need to keep America what a child once called "the nearest thing to Heaven. Lots of sunshine, places to swim, and peanut butter sandwiches." // One year ago this month at the University of Nebraska, I rode in a car powered by ethanol as an alternative fuel to cut pollution and unemployment. Locally, you have done much. Nationally, we must do more. So I call on Congress to act on legislation now in a House/Senate Committee - - the first rewrites of the Clean Air Act in more than a decade.

If we had more Senators like Hal, a new Clean Air Act would already be law. On the one hand, it can keep keep one thing absolutely clear. America. // And on the other, remind us that we don't have to throw people out of work to protect our environment. // Let's pass a Clean Air Act that is economically strong and environmentally safe. And by purifying our living environment, make the difference that lasts. //

Hal Daub will fight for a Nebraska that cleans our air -- he will help clean up the streets. // I need Senators like him to support our National Drug Control Strategy. And also to help pass our Violent Crime Act sent to Congress more than a year ago. Legislation based on a simple principle: At long last, the punishment should fit the crime. // Our bill includes an exclusionary rule designed to punish the guilty -- not good cops who act in good faith. Reforms to stop the frivolous appeals choking our courts. And for anyone killing a law enforcement officer, I say no legal penalty is too tough. // We want Congress to enact steps to expand the death penalty. Not some time. Not some place. But across America -- now. //

To questions that face America, Hal Daub can provide answers. Answers that make a difference. And mirror what an author said: On Nebraska's plains, "men began to dream." // Today, like the pioneers before them, Nebraskans still dream impossible dreams and make them a reality. Relying on Nebraska values to build the Main Street of America -- an American example to the world.

Hal Daub understands those values -- and will support them in the Senate. He'll help keep Americans up -- and keep bureaucracies down. So let's help him make a difference for Nebraska and the Nation. Thank you for this wonderful occasion. God bless you all. And let's make Hal Daub the next Senator from the great State of Nebraska. //

PRESIDENTIAL REMARKS: DAUB FUNDRAISER
OMAHA, NEBRASKA
FRIDAY, JUNE 8, 1990
12:30 P.M.

Governor Orr, Mayor Morgan, Congressman Bereuter [BEE-righter], Congresswoman Smith, and future Senator Hal Daub. Ladies and gentlemen, friends.

It's a pleasure to be back in one of America's greatest and most Republican States -- two things that go together as naturally as the Cornkusers and winning football. //

For decades, Big Red football has meant a difference in this great State. Today, I've traveled 1,500 miles to support a candidate who has also made a difference. // / He's long been one of you. He's never failed to speak for you. My friend. Your next United States Senator. Hal Daub. //

((I've been acquainted with Hal since the early '70s. And I wanted to come here and personally endorse him. // One reason is his great family. Another, his Main Street values and magnificent career. Then, there's the reason you may not know. As a kid, Hal Daub wanted to be a musical conductor.

Peony Park, of course, is where Lawrence Welk made his debut. Cindy Daub tells me Hal still wakes up chanting, "A one and a two." // Lawrence played champagne music. This November, Hal will be popping champagne corks. Because the people of Nebraska know Hal Daub has made a difference -- as a lawyer, businessman,

and then 5-term Congressman. // And starting in January, he'll mean even more to a State whose compass, as one writer said, "is the sun, the distant hilltops, and their own resolution." //

Now, some people say, "It doesn't matter who's elected to the Senate -- or which party controls it." // They're the same folks who say it doesn't matter if Nebraska beats Oklahoma.

((Last year, 42-25, Big Red.)) // Fact is: It matters enormously. Just ask Tom Osborne. // So in a moment, I'd like to talk about the Hal Daub difference -- and how it benefits Nebraskans from the bluffs of the Missouri to the Wyoming line.

First, though, let me speak about the summit President Gorbachev and I held last week in Washington which can make a difference by benefiting the world. //

Every summit between America and the Soviet Union is shaped by history. I believe that last week's summit can alter history. In four days of talks, we discussed the power of freedom to dismantle walls between Nations. And because the greatest peace dividend is a safer, more democratic world, we signed agreements concerning areas of interest to our countries. And recorded bilateral understandings in several joint statements. //

First, we signed a bilateral agreement that will, for the first time, eliminate the great majority of chemical weapons are stockpiled over the years. Our goal is nothing less than a global ban on chemical weapons. // Second, I joined President Gorbachev in signing protocols on limiting nuclear testing. They will create unprecedented improvements for on-site verification

of the Threshold Test Ban Treaty and Peaceful Nuclear Explosions Treaty. //

The third agreement updates and expands our 1973 pact on the peaceful uses of atomic energy. Increasing our cooperation in atomic energy research and civilian nuclear safety. The tragic Chernobyl accident shows that the common fate of our planet eclipses ideology and Nation. The agreements we signed will uphold the dreams of millions around the globe. //

((You know, there is an old Russian story that reflects the spirit of last week's summit. A spirit of friendship growing as knowledge grows. It concerns a traveler walking to another village. And who, coming upon a woodsman, asked how far he had to go. // The woodsman said he didn't know. Whereupon the traveler, angered, started down the road. At that point the woodsman called out to him, "Stop. It will take you 15 minutes." The traveler then asked why he didn't tell him that in the first place. Because, the woodsman said, "I didn't know your stride."))

Last week President Gorbachev and I learned more about each other's stride. So in addition to our agreements, we also signed understandings. // We will initial a Joint Statement on strategic arms limitations, recording our agreement on major outstanding issues a governing a START treaty. And continue future negotiations on nuclear and space arms. In addition, we issued a statement on Conventional Armed Forces in Europe. A CFE Treaty is crucial to a Europe that is whole and free.

These and other pacts can make a difference. Building the peace which spans the generations -- the peace which lasts. But we can't do it alone. I need Senators who will actively support me -- Senators I can trust. Which brings me back to the Hal Daub difference that nurtures peace abroad -- and opportunity at home.

For instance, last week President Gorbachev and I signed an agreement to expand undergraduate exchanges by 1,000 students on both sides. If Hal were in the Senate, he'd endorse this step. Even more, he'd help our kids by urging his colleagues to pass our Educational Excellence Act of 1990. For one year, some members of Congress have stalled on this bill. Hal Daub would jump-start them. // Let others promote trendy curricula. I need Senators who will help make American education No. 1.

Next comes agriculture: Here, too, the Daub difference will make a difference. In the late 1980s, farm income hit near record levels. Our job is to make good news even better. That's why I want the new Farm Bill we write this year to emphasize market-oriented farm policies giving producers more flexibility to decide what crops to grow. That means, in turn, a lower Federal deficit, lower interest rates, and increased choice. //

Nebraskans know one way to help the farm economy is by passing our capital gains tax cut proposal. ((Those who oppose our proposal remind me of that ride outside Peony Park called "The Black Hole." What better name for liberal policies?)) // At the same time, we must relax barriers between East and West which expand markets for American exports.

As he reminded me, President Gorbachev used to be a Soviet Agriculture Minister. And in our talks, we agreed that selling our grain to the Soviet Union is in America's interest -- not merely theirs. // The trade and grain sales agreements we announced last week will keep the faith. Helping us produce new markets for American products and new jobs for American workers. I need Hal Daub in the Senate to support those agreements. //

Finally, the Daub difference will help meet perhaps the two greatest local needs. The first is the environment. The second, fighting crime and drugs. //

We need to keep America what a child once called "the nearest thing to Heaven. DAUB FUNDRAISER
OMAHA, NEBRASKA
FRIDAY, JUNE 8, 1990
12:30 P.M.

THANK YOU HAL [DAUB]. GOVERNOR ORR, CONGRESSMAN
BEREUTER [BEE-RIGHTER], MAYOR MORGAN, CHAIRMAN RIFFEL
[RIF-EL], 2ND DISTRICT CONGRESSIONAL CANDIDATE ALLY
MILDER [MILD-ER]. SENATOR BOB KASTEN. RABBI ISAAC
NADOFF [NAY-DOFF], FATHER VAL PETER. CINDY DAUB, WHO'S
ALREADY A MEMBER OF MY TEAM AS COPYRIGHT TRIBUNAL
COMMISSIONER. LADIES AND GENTLEMEN, FRIENDS.

IT'S A PLEASURE TO BE BACK IN ONE OF AMERICA'S
GREATEST AND MOST REPUBLICAN STATES -- TWO THINGS THAT
GO TOGETHER AS NATURALLY AS THE CORNHUSKERS AND WINNING
FOOTBALL. //

TODAY, I'M HERE TO SUPPORT A CANDIDATE WHO -- LIKE
THE CORNHUSKERS -- HAS MADE A DIFFERENCE IN NEBRASKA.
// HE'S LONG BEEN ONE OF YOU. HE'S NEVER FAILED TO
SPEAK FOR YOU. MY FRIEND. YOUR NEXT UNITED STATES
SENATOR. HAL DAUB. //

NANCY: Call Rich Mooney
@ the Omaha prompter. Read
the 1st TP to him. These are
the last changes. (I hope)

I'VE BEEN ACQUAINTED WITH HAL SINCE THE EARLY '70S. AND I WANTED TO COME HERE AND PERSONALLY ENDORSE HIM. // ONE REASON IS HIS GREAT FAMILY. ANOTHER, HIS MAIN STREET VALUES AND CAREER OF DEDICATION. AND HAL DAUB ISN'T GOING TO GET TO THE SENATE ON PAC MONEY. HE'LL GET THERE ON SHOE LEATHER. THEN, THERE'S THE REASON YOU MAY NOT KNOW. AS A KID, HAL DAUB WANTED TO BE A MUSICAL CONDUCTOR.

PEONY [PEE-A-NEE] PARK, OF COURSE, IS WHERE LAWRENCE WELK MADE HIS DEBUT. CINDY TELLS ME HAL STILL WAKES UP CHANTING, "A ONE AND A TWO." // THE FAMOUS MR. WELK PLAYED CHAMPAGNE MUSIC. THIS NOVEMBER, REPUBLICANS WILL BE PLAYING A VICTORY MARCH. BECAUSE THE PEOPLE OF NEBRASKA KNOW HAL DAUB HAS MADE A DIFFERENCE -- AS A LAWYER, BUSINESSMAN, AND 4-TERM CONGRESSMAN. // AND STARTING IN JANUARY, HE'LL MEAN EVEN MORE TO A STATE WHOSE COMPASS, AS ONE WRITER SAID, IS THE SUN, THE DISTANT HILLTOPS, AND ITS OWN RESOLUTION.

NOW, SOME PEOPLE SAY, "IT DOESN'T MATTER WHO'S ELECTED TO THE SENATE -- OR WHICH PARTY CONTROLS IT." // THAT'S LIKE SAYING IT DOESN'T MATTER IF NEBRASKA BEATS OKLAHOMA. ((LAST YEAR, 42-25, BIG RED.)) // SO IN A MOMENT, I'D LIKE TO TALK ABOUT THE HAL DAUB DIFFERENCE -- AND HOW IT CAN BENEFIT NEBRASKANS FROM THE BLUFFS OF THE MISSOURI TO THE WYOMING LINE.

FIRST, THOUGH, LET ME SPEAK ABOUT THE SUMMIT PRESIDENT GORBACHEV AND I HELD LAST WEEK IN WASHINGTON WHICH CAN MAKE A DIFFERENCE BY BENEFITING NEBRASKA AND THE WORLD. //

EVERY SUMMIT BETWEEN AMERICA AND THE SOVIET UNION IS SHAPED BY HISTORY. I BELIEVE THAT LAST WEEK'S SUMMIT WILL ALTER HISTORY. IN FOUR DAYS OF TALKS, WE DISCUSSED THE POWER OF FREEDOM TO DISMANTLE WALLS BETWEEN NATIONS. AND BECAUSE THE GREATEST PEACE DIVIDEND IS A SAFER, MORE DEMOCRATIC WORLD, WE SIGNED AGREEMENTS CONCERNING AREAS OF INTEREST TO BOTH OUR COUNTRIES. AND RECORDED BILATERAL UNDERSTANDINGS IN SEVERAL JOINT STATEMENTS. //

FIRST, WE SIGNED A BILATERAL AGREEMENT THAT WILL, FOR THE FIRST TIME, ELIMINATE THE GREAT MAJORITY OF CHEMICAL WEAPONS THAT HAVE BEEN STOCKPILED OVER THE YEARS. OUR GOAL IS NOTHING LESS THAN A GLOBAL BAN ON CHEMICAL WEAPONS. // SECOND, I JOINED PRESIDENT GORBACHEV IN SIGNING PROTOCOLS ON LIMITING NUCLEAR TESTING. THEY WILL CREATE UNPRECEDENTED IMPROVEMENTS FOR ON-SITE VERIFICATION OF THE THRESHOLD TEST BAN TREATY AND PEACEFUL NUCLEAR EXPLOSIONS TREATY. //

THE THIRD AGREEMENT UPDATES AND EXPANDS OUR 1973 PACT ON THE PEACEFUL USES OF ATOMIC ENERGY. INCREASING OUR COOPERATION IN ATOMIC ENERGY RESEARCH AND CIVILIAN NUCLEAR SAFETY. THE TRAGIC CHERNOBYL ACCIDENT SHOWS THAT THE FATE OF OUR PLANET ECLIPSES IDEOLOGY AND NATION. THE AGREEMENTS WE SIGNED CAN HELP CREATE A BETTER FUTURE FOR THE COMMUNITY OF NATIONS.

((YOU KNOW, THERE IS AN OLD RUSSIAN STORY THAT REFLECTS THE SPIRIT OF LAST WEEK'S SUMMIT. A SPIRIT OF FRIENDSHIP GROWING AS KNOWLEDGE GROWS. IT CONCERNS A TRAVELER WALKING TO ANOTHER VILLAGE. AND WHO, COMING UPON A WOODSMAN, ASKED HOW MUCH FURTHER HE HAD TO GO.

//

((THE WOODSMAN SAID HE DIDN'T KNOW. WHEREUPON THE TRAVELER, ANGERED, CONTINUED DOWN THE ROAD. AT THAT POINT THE WOODSMAN CALLED OUT TO HIM, "STOP. IT WILL TAKE YOU 15 MINUTES." THE TRAVELER THEN ASKED WHY HE DIDN'T TELL HIM THAT IN THE FIRST PLACE. BECAUSE, THE WOODSMAN SAID, "I DIDN'T KNOW YOUR STRIDE."))

LAST WEEK PRESIDENT GORBACHEV AND I LEARNED MORE ABOUT EACH OTHER'S STRIDE. SO, IN ADDITION TO OUR AGREEMENTS, WE ALSO SIGNED UNDERSTANDINGS. // WE RELEASED A JOINT STATEMENT ON STRATEGIC ARMS LIMITATIONS, RECORDING OUR AGREEMENT ON MAJOR OUTSTANDING ISSUES GOVERNING A START TREATY. AND WE PLEDGED TO CONTINUE FUTURE NEGOTIATIONS ON NUCLEAR AND SPACE ARMS. WE ALSO ISSUED A STATEMENT ON CONVENTIONAL ARMED FORCES IN EUROPE. A CFE AGREEMENT IS CRUCIAL TO A EUROPE THAT IS WHOLE AND FREE.

IN PARTICULAR, LET ME TALK ABOUT THE TRADE AGREEMENT WE NEGOTIATED THAT WILL RELAX BARRIERS BETWEEN EAST AND WEST. CREATING NEW MARKETS FOR AMERICAN PRODUCTS AND NEW JOBS FOR AMERICAN WORKERS. // AS HE REMINDED ME, PRESIDENT GORBACHEV USED TO BE THE PARTY SECRETARY FOR AGRICULTURE. HE KNOWS THAT AN IMPROVED TRADE RELATIONSHIP BETWEEN OUR TWO COUNTRIES MEANS A GREATER DEMAND FOR AMERICAN GOODS AND SERVICES. IN OUR TALKS, WE ALSO AGREED THAT SELLING OUR GRAIN TO THE SOVIET UNION WILL BENEFIT BOTH OUR NATIONS. SO THE NEW U.S.-SOVIET GRAIN AGREEMENT WE SIGNED AT THE SUMMIT CALLS FOR AT LEAST 40 MILLION METRIC TONS OF GRAIN TO BE PURCHASED BY THE SOVIETS OVER THE NEXT FIVE YEARS. INCIDENTALLY, I HAVE NOT CHANGED MY VIEWS ON USING FOOD AS A POLITICAL WEAPON. I STILL REMEMBER THE DISASTROUS GRAIN EMBARGO PUT INTO EFFECT BY PRESIDENT CARTER. NEVER AGAIN! //

SERIOUS DIFFERENCES, OF COURSE, STILL REMAIN BETWEEN US AND THE SOVIETS. WE MUST HEED THE DESIRE OF SELF-DETERMINATION IN THE BALTIC REPUBLICS AND ELSEWHERE -- WHILE PROTECTING THE RIGHTS OF MINORITY POPULATIONS. WE MUST SEE THAT GERMAN REUNIFICATION ADHERES TO THE WISHES OF THE GERMAN PEOPLE -- WHILE RESPECTING THE VIEWS OF OTHER NATIONS. MOREOVER, WHILE I AM PLEASED THAT THE EMIGRATION OF SOVIET JEWS IS AT AN ALL-TIME HIGH, I WANT TO SEE UNFETTERED EMIGRATION. I BELIEVE PRESIDENT GORBACHEV IS A LEADER WILLING, AS LINCOLN SAID, "TO THINK ANEW." HE IS COMMITTED TO REFORM. AND AS I TOLD HIM, I WILL NOT SEND OUR NEW AGREEMENT ON TRADE TO CONGRESS UNTIL THE SOVIET LEGISLATURE PASSES KEY EMIGRATION LAWS.

I'VE OFTEN SAID WE WANT PERESTROIKA TO SUCCEED. THE STEPS I'VE OUTLINED CAN HELP IT TRIUMPH. BUT AMERICA CAN'T DO IT ALONE. WE NEED THE SUPPORT OF OUR ALLIES. AND OUR ADMINISTRATION NEEDS THE SUPPORT OF SENATORS WHO WILL ACTIVELY SUPPORT THESE HISTORIC NEW DIRECTIONS IN FOREIGN POLICY.

AT THE SUMMIT WE TALKED OF MANY ISSUES THAT WILL CONFRONT NEBRASKA, AND AMERICA. BUT THIS COUNTRY ALSO FACES IMPORTANT DOMESTIC CHALLENGES. SO WE NEED THE SUPPORT OF SENATORS WHO CAN MAKE A DIFFERENCE FOR AMERICA AT HOME AS WELL AS ABROAD.

ONE OF THOSE CHALLENGES, OF COURSE, IS AGRICULTURE. AS YOU KNOW, IN THE LATE 1980S, FARM INCOME HIT NEAR RECORD LEVELS. OUR JOB IS TO MAKE GOOD NEWS EVEN BETTER. OUR GRAIN AGREEMENT WILL HELP. SO WILL PASSING OUR ADMINISTRATION'S CAPITAL GAINS TAX CUT PROPOSAL. I CALL ON THE CONGRESS TO DO SO. // WHAT'S MORE, WE NEED A NEW FARM BILL THAT EMPHASIZES MARKET-ORIENTED FARM POLICIES GIVING PRODUCERS MORE FLEXIBILITY TO DECIDE WHAT CROPS TO GROW. OUR NEW FARM BILL MUST BE EVEN-HANDED. AND LEVEL-HEADED. LEADING, IN TURN, TO A LOWER FEDERAL DEFICIT, LOWER INTEREST RATES, AND INCREASED CHOICE FOR FARMERS AND CONSUMERS. I NEED HAL DAUB TO MAKE THESE OBJECTIVES A REALITY. //

ANOTHER ISSUE CRITICAL TO THE AMERICA OF THE '90S IS EDUCATION. LAST WEEK PRESIDENT GORBACHEV AND I SIGNED AN AGREEMENT TO EXPAND UNDERGRADUATE EXCHANGES BY 1,000 STUDENTS ON BOTH SIDES. ON THE DOMESTIC FRONT I WISH HAL DAUB WERE IN THE SENATE NOW TO HELP OUR KIDS BY URGING HIS COLLEAGUES TO PASS OUR EDUCATIONAL EXCELLENCE ACT OF 1989. THIS LEGISLATION WOULD PROMOTE EXCELLENCE, CHOICE, AND FLEXIBILITY IN OUR EDUCATION SYSTEM. FOR ONE YEAR, SOME MEMBERS OF CONGRESS HAVE STALLED ON THIS BILL. IT'S TIME FOR ACTION NOW. // IN ADDITION, HAL SUPPORTS SOMETHING THAT HAPPENED THIS PAST MONDAY -- THE SUPREME COURT RULING AFFIRMING STUDENT RELIGIOUS GROUPS' EQUAL ACCESS TO PUBLIC HIGH SCHOOLS. I, TOO, AM PLEASED BY THIS RULING. TO OMAHA'S OWN BRIDGET MAYHEW, MY CONGRATULATIONS. //

FINALLY, WE MUST ACT ON ANOTHER ISSUE WE DISCUSSED AT THE SUMMIT: CLEANING UP OUR AIR. // WE NEED TO KEEP AMERICA WHAT A CHILD ONCE CALLED "THE NEAREST THING TO HEAVEN. LOTS OF SUNSHINE, PLACES TO SWIM, AND PEANUT BUTTER SANDWICHES." SO I CALL ON THE HOUSE/SENATE CONFERENCE COMMITTEE, WHICH WILL BEGIN WORK SOON, TO SEND ME CLEAN AIR ACT LEGISLATION I CAN SIGN. //

ISSUES LIKE WORLD PEACE, AGRICULTURE, THE ENVIRONMENT, AND EDUCATION ARE NOT MERELY AMERICAN QUESTIONS -- THEY AFFECT EVERY PART OF THE WORLD FROM THE MIDWEST TO THE UKRAINE. WE MUST DO OUR PART, AND WILL. TO QUESTIONS THAT CONFRONT AMERICA, HAL DAUB WILL HELP PROVIDE ANSWERS. ANSWERS THAT MAKE A DIFFERENCE. AND MIRROR WHAT AN AUTHOR SAID: ON NEBRASKA'S PLAINS, "MEN [BEGAN] TO DREAM." // TODAY, LIKE THE PIONEERS BEFORE THEM, NEBRASKANS STILL DREAM IMPOSSIBLE DREAMS AND MAKE THEM A REALITY. RELYING ON NEBRASKA VALUES TO BUILD THE MAIN STREET OF AMERICA -- AN AMERICAN EXAMPLE TO THE WORLD.

HAL DAUB UNDERSTANDS THOSE VALUES -- AND WILL SUPPORT THEM IN THE SENATE. SO LET'S HELP HIM MAKE A DIFFERENCE FOR NEBRASKA AND THE NATION. THANK YOU FOR THIS WONDERFUL OCCASION. GOD BLESS YOU ALL. AND LET'S MAKE HAL DAUB THE NEXT SENATOR FROM THE GREAT STATE OF NEBRASKA. //

#
