THE WHITE HOUSE
WASHINGTON

July 27, 1990

MEMORANDUM FOR CHRISS WINSTON
DEPUTY ASSISTANT TO THE PRESIDENT
FOR COMMUNICATIONS

FROM: JEFFREY R. HOLMSTEAD *JRH*
ASSISTANT COUNSEL TO THE PRESIDENT

SUBJECT: Editorial for Times Mirror Magazines
Re: The Environment

As noted on the attached copy of the above-referenced draft, I would replace the sentence in the 3rd paragraph that begins "We must strive . . ." with the following:

"We must strive to end the needless filling and draining of wetlands, and must ensure the creation of new wetlands to replace any wetlands that are lost."

The original language suggests that wetlands may be "needlessly" filled and drained as long as new wetlands are created. My proposed revision is intended to suggest that wetlands should not be destroyed needlessly, and that when they are filled or drained for a good reason, new wetlands should be created to replace them.

cc: James W. Cicconi
Assistant to the President and
Deputy to the Chief of Staff

EDITORIAL FOR TIMES MIRROR MAGAZINES
Draft

I am pleased to have this opportunity to address the readers of Times Mirror's magazines on a subject that is important to all of us -- our environment. America enjoys the blessings of many natural riches -- fertile soils, abundant water, productive fisheries, teeming wildlife, rich mineral resources, great forests and vast prairies.

As we work to preserve our precious environment, we must remember that this is one of the few tangible and vital legacies we can leave for our children and grandchildren. They deserve nothing less than a healthy, safe and prosperous planet. My Administration is dedicated to an America -- and a world -- that is environmentally sound.

One area of ongoing concern is that of wetlands. I stand by my pledge to protect the biological and ecological diversity provided by our wetlands. We must strive to end the needless filling and draining of wetlands, ~~unless new wetlands are created to replace them.~~ A Wetlands Task Force has been established through the Department of Interior to address this important issue.

I applaud programs such as those being pursued by the Times Mirror Magazines Conservation Council which seek to improve communication with the American people on conservation and environmental issues -- including that of wetlands.

and must ensure the creation of
new wetlands to
replace those that are lost.

1990

EDITORIAL FOR TIMES MIRROR MAGAZINES
Draft

I am pleased to have this opportunity to address the readers of Times Mirror's magazines on a subject that is important to all of us -- our environment. America enjoys the blessings of many natural riches -- fertile soils, abundant water, productive fisheries, teeming wildlife, rich mineral resources, great forests and vast prairies.

As we work to preserve our precious environment, we must remember that this is one of the few tangible and vital legacies we can leave for our children and grandchildren. They deserve nothing less than a healthy, safe and prosperous planet. My Administration is dedicated to an America -- and a world -- that is environmentally sound.

[*] One area of ~~ongoing~~ ^{special} concern is that of wetlands. I stand by my pledge to protect the biological and ecological diversity provided by our wetlands. We must strive to end the needless filling and draining of wetlands, ^{and try to create} unless new wetlands are ~~created~~ ^{when possible} to replace them. A Wetlands Task Force has been established ^{by the White House} through the Department of Interior to address this important issue, ^{and achieve an overall goal of "no net loss" of wetlands.}

I applaud programs such as those being pursued by the Times Mirror Magazines Conservation Council which seek to improve communication with the American people on conservation and environmental issues -- including that of wetlands.

This Administration has already advanced proposals to clean up America's air, protect our coastlines, speed the cleanup of hazardous wastes, and plant a billion trees a year across the country.

1990 JUL 20 PM 4:53

Individual citizens must play an important role in caring for our environment. Whether its recycling paper, planting trees or protecting wetlands, everyone can make a difference. I hope the readers of all of Times Mirror's magazines will do their part in preserving the precious resources of our nation and our world.

We must strive to end the needless filling and draining of wetlands, unless new wetlands are created to replace them. A Wetlands Task Force has been established through the Department of Interior to address this important issue.

I applaud programs such as those being pursued by the Times Mirror Magazines Conservation Council which seek to improve communication with the American people on conservation and environmental issues -- including that of wetlands.

1990 JUN 20 PM 4:53

Individual citizens must play an important role in caring for our environment. Whether its recycling paper, planting trees or protecting wetlands, everyone can make a difference. I hope the readers of all of Times Mirror's magazines will do their part in preserving the precious resources of our nation and our world.

EDITORIAL FOR TIMES MIRROR MAGAZINES
Draft

I am pleased to have this opportunity to address the readers of Times Mirror's magazines on a subject that is important to all of us -- our environment. America enjoys the blessings of many natural riches -- fertile soils, abundant water, productive fisheries, teeming wildlife, rich mineral resources, great forests and vast prairies.

As we work to preserve our precious environment, we must remember that this is one of the few tangible and vital legacies we can leave for our children and grandchildren. They deserve nothing less than a healthy, safe and prosperous planet. My Administration is dedicated to an America -- and a world -- that is environmentally sound.

One area of ongoing concern is that of wetlands. I stand by my pledge to protect the biological and ecological diversity provided by our wetlands. We must strive to end the needless filling and draining of wetlands, ~~unless new wetlands are created~~ *AND WORK TOWARD THE CREATION OF NEW WETLANDS* to replace them. A Wetlands Task Force has been established through the ~~Department of Interior~~ *DOMESTIC POLICY COUNCIL* to address this important issue.

I applaud programs such as those being pursued by the Times Mirror Magazines Conservation Council which seek to improve communication with the American people on conservation and environmental issues -- including that of wetlands.

1990 JUL 26 PM 4:53

Individual citizens must play an important role in caring for our environment. Whether its recycling paper, planting trees or protecting wetlands, everyone can make a difference. I hope the readers of all of Times Mirror's magazines will do their part in preserving the precious resources of our nation and our world.

MEMORANDUM FOR CHRIS WINSTON

FROM: ROBIN O'MALLEY *Rob O'Malley*
SUBJECT: DRAFT TIMES MIRROR EDITORIAL

Thanks for the opportunity to comment on the draft environmental editorial for the Times Mirror magazines. Mike Deland is out of town, but he asked that I review this and provide my comments to you directly. I have several suggestions for revision of the wetlands paragraph, which I have incorporated below.

One area of ongoing concern is wetlands. I stand by my pledge to protect these critical areas of ecological diversity and natural beauty by working to ^{word a goal} ~~achieve~~ no net loss of wetlands. We must strive to end the needless filling and draining of wetlands and ensure that where they are lost, we replace their valuable services. A Wetlands Task Force has been established within the Domestic Policy Council to recommend ways to achieve this important goal.

The change in the sentence "We must strive to end ..." is particularly important. One of the key tenets of wetlands protection is that creation of wetlands is an uncertain and, in many cases, second best approach, from an ecological point of view. Therefore, avoiding losses is of primary importance -- there is a presumption that one should only move to replacement if there is no alternative to loss of the wetland.

Please give me a call at 395-5750 if you wish to discuss these suggestions.

cc. James Cicconi
