HAYDEN FUNDRAISER \ TOPEKA, KANSAS
THURSDAY, SEPTEMBER 6, 1990 \ 11:30 A.M.

MIKE, THANK YOU FOR THAT KIND INTRODUCTION. IT'S GREAT TO BE HERE WITH YOU AND PATTI. I'M ALSO GLAD TO SEE YOUR DISTINGUISHED SENATOR, NANCY KASSEBAUM. NANCY, YOUR RE-ELECTION IS CRUCIAL NOT JUST TO KANSAS -- BUT TO OUR ENTIRE NATION. //

NANCY IS A PART OF KANSAS' SUPERB REPUBLICAN TEAM IN WASHINGTON. LET ME SALUTE ANOTHER PART OF THAT TEAM, A MAN WHO COULDN'T BE WITH US TODAY -- OUR OUTSTANDING REPUBLICAN LEADER IN THE SENATE, BOB DOLE. AS PRESIDENT, I COULD NOT POSSIBLY HAVE A FINER LEADER WITH WHOM TO WORK. // LET ME SALUTE CONGRESSWOMAN JAN MEYERS, WHO I KNOW WILL CONTINUE TO REPRESENT HER 3RD DISTRICT WITH STYLE, AND LET ME ALSO PUT IN A PLUG FOR TWO FINE CANDIDATES WHO WILL MAKE AN IMPORTANT CONTRIBUTION TO THE CONGRESS: SCOTT MORGAN AND DICK NICHOLLS. //

HARLAND PRIDDLE AND WYNN PRIDDLE, THANK YOU FOR CO-HOSTING THIS LUNCHEON. ALSO, THANKS TO LIEUTENANT GOVERNOR JACK WALKER AND HAROLD WILKENS, OUR AMBASSADOR TO THE NETHERLANDS. WE'RE LUCKY TO HAVE JEANIE AUSTIN WITH US TODAY, DOING A GREAT JOB AS CO-CHAIR OF THE RNC, ALONG WITH NATIONAL COMMITTEE MEMBERS MARY ALICE LAIR AND JACK RANSON, AND OUR STATE CHAIRWOMAN ROCHELLE CHRONISTER. IT'S GREAT TO SEE JOHN PETERSON, WHO DID SUCH A MAGNIFICENT JOB OF RUNNING OUR CAMPAIGN HERE IN 1988, AS WELL AS DON AND ADELE HALL. AND A SPECIAL HELLO TO A FRIEND OF MIKE'S: LACEY COOK OF DODGE CITY. // THIS BRAVE YOUNG GIRL WON HER BATTLE FOR A LIVER TRANSPLANT -- AND SHE'LL BE THREE YEARS OLD NEXT TUESDAY. ALL KANSANS CAN TAKE PRIDE IN THE COURAGE EVIDENCED BY THIS WONDERFUL CHILD. //

TODAY, I'M PRIVILEGED TO BE BACK IN THE VERY HEARTLAND OF AMERICA -- AND TO SPEAK ON BEHALF OF A FRIEND. HE IS A VIET NAM VETERAN, AN ENVIRONMENTALIST, AND BUSINESSMAN. MOST OF ALL, HE IS THE GREAT GOVERNOR OF A TRULY GREAT STATE. // LADIES AND GENTLEMEN, GOVERNOR MIKE HAYDEN. //

((AS YOU MAY HAVE READ, I HAD SOME MISHAPS ON MY WAY HERE. FIRST, I WAS FISHING WITH THE CANADIAN PRIME MINISTER ON MY BOAT WHEN IT BROKE DOWN. // THE NEXT DAY WE WENT BACK OUT -- AND I GOT HOOKED IN THE EAR WHILE FISHING WITH THE PRIME MINISTER AND MY SON JEB. THE BARB WENT ALL THE WAY THROUGH THE EAR.)) //

((TALK ABOUT ADDING INSULT TO INJURY. AFTER THEY UNHOOKED ME, JEB TRIED TO THROW ME BACK. // LUCKILY, HE WAS DISSUADED.)) // WELL IT'S WONDERFUL TO BE HERE TO DISCUSS HOW FOR THE LAST FOUR YEARS, MIKE HAYDEN'S COMPASS HAS HELPED CHART THE FUTURE OF KANSAS. // A COMPASS OF INTEGRITY -- EMBODYING THE KANSAS OF HARD WORK AND CHARACTER. AND FAMILY -- THINK OF MIKE'S WIFE, PATTI, AND TWO DAUGHTERS. // A COMPASS OF TRADITIONAL VALUES. AND COMMON SENSE -- HE KEEPS THINGS IN PERSPECTIVE. ((IT'S LIKE MIKE TELLS ME. "IT'S FINE THAT YOU'RE HERE, MR. PRESIDENT -- BUT IF YOU REALLY WANT TO HELP OUT, BRING BARBARA.")) //

THESE QUALITIES HAVE ENDEARED MIKE TO KANSAS' GOOD, QUIET, DECENT PEOPLE. IT'S NO SURPRISE THAT KANSAS LIKES MIKE. // JUST LOOK AT HIS BACKGROUND. KANSAS STATE GRADUATE. MEMBER, THEN SPEAKER OF THE KANSAS HOUSE OF REPRESENTATIVES. // HE'S LIVING PROOF OF WORDS SPOKEN BY THAT GREAT KANSAN, DWIGHT EISENHOWER. IKE SAID, "OUR BEST PROTECTION AGAINST BIGGER GOVERNMENT IN WASHINGTON IS BETTER GOVERNMENT IN THE STATES." // TODAY, WE MEET TO HELP MIKE KEEP MAKING GOVERNMENT BETTER IN THE STATE OF KANSAS. LET'S RE-ELECT MIKE HAYDEN TO A SECOND TERM. //

CONSIDER: TODAY, MORE KANSANS ARE WORKING THAN AT ANY TIME IN OUR HISTORY. UNEMPLOYMENT IS THE LOWEST IN 11 YEARS. NO WONDER KANSAS LIKES MIKE. // HERE'S MORE: THINK OF THE INCREASE IN NET FARM INCOME -- UP \$4 BILLION SINCE '87. AND A \$2.6 BILLION CONSTRUCTION PROGRAM TO MODERNIZE YOUR HIGHWAYS. AFFECTION STEMS FROM ACHIEVEMENTS LIKE THESE. HOW DID THEY HAPPEN? NOT FROM WASHINGTON DOING FOR KANSAS -- BUT THROUGH KANSANS DOING FOR THEMSELVES. NOT EXPANDING THE BUDGET OF THE BUREAUCRACY. RATHER, EXPANDING THE HORIZONS OF KANSANS YOUNG AND OLD.

NOW, YOU MAY HAVE HEARD -- WE HAVE A BUDGET, TOO,
IN WASHINGTON. AND BACK IN JUNE, WHEN THE BUDGET TALKS
WERE AT AN IMPASSE, I DECIDED THE TIME HAD COME TO PUT
IT ALL ON THE TABLE -- REVENUES, SPENDING CUTS, AND
BUDGET REFORM. I DID THAT AS AN ACT OF GOOD FAITH. /
AND I'VE KEPT THE FAITH -- AND, YES, TOOK SOME HEAT --
← THROUGH FIVE LONG MONTHS OF BUDGET TALKS. //

TODAY, TIME'S RUNNING OUT. HERE'S A FACT:
OCTOBER 1 BEGINS THE NEW FISCAL YEAR -- AND STILL NO
AGREEMENT. ANOTHER FACT: WE'VE GOT TO DRAW THE LINE
ON SPENDING -- BREAK FREE ONCE AND FOR ALL FROM THE
TIRED OLD MINDSET THAT SAYS FOR EVERY NEW PROBLEM WE
MUST CREATE A NEW BUREAUCRACY. THE BUDGET I'VE ASKED
FOR -- \$1.5 TRILLION DOLLARS -- IS NOT EXACTLY MISERLY.
IT IS CERTAINLY ENOUGH TO DO THE VITAL WORK OF
GOVERNMENT. SO I SAY: CONGRESS, LET'S GET WITH IT. I
PLEDGE TO WORK WITH THE LEADERS IN CONGRESS ON BOTH
SIDES OF THE AISLE TO GET AN AGREEMENT THAT MAKES REAL
CUTS IN THE DEFICIT NOW AND ELIMANATES THE DEFICIT
WITHIN 5 YEARS. THE TIME FOR PARTISANSHIP IS PAST.
THE TIME FOR AVOIDING TOUGH DECISIONS IS GONE. THE
TIME FOR ACTION IS NOW. LET'S FIX THIS BUDGET MESS
ONCE AND FOR ALL.//

((ALL OF YOU REMEMBER ANOTHER GREAT KANSAN, ALF
LANDON. PERHAPS YOU DON'T RECALL HOW ONCE HE SAID:
"THERE ARE SOME INTELLIGENT PEOPLE IN WASHINGTON.
[THERE ARE] MORE OF THEM IN KANSAS.")) // MIKE HAYDEN
ENCAPSULES KANSAS' THINKING. SO LET ME BRIEFLY TALK
ABOUT HOW HE -- AND YOU -- CAN HELP MEET AMERICA'S

AT HOME, WE BEGIN WITH EDUCATION -- WHERE MIKE HAS LAUNCHED A CAMPAIGN TO MAKE KANSAS NO. 1. YOUR SUPPORT CAN HELP HIM CONVINCING THE CONGRESS TO PASS OUR NATIONAL EDUCATIONAL EXCELLENCE ACT. // THEN, COMES THE ENVIRONMENT -- HERE, TOO, I NEED MIKE TO KEEP AMERICA RIGHT. YOUR SUPPORT CAN HELP HIM CONVINCING CONGRESS TO GRANT THE ENVIRONMENTAL PROTECTION AGENCY CABINET STATUS AND PASS CLEAN AIR LEGISLATION I CAN SIGN. // FINALLY, I NEED MIKE TO KEEP KANSAS OUR NATION'S BREADBASKET, PRODUCING MORE WHEAT THAN ANY STATE. YOU KNOW HOW VITAL AGRICULTURE IS TO AMERICA, AND THE WORLD. //

((MIKE GREW UP ON A FAMILY FARM. I'M SURE HE'S HEARD THE TALE OF HOW A CITY PERSON BOUGHT A CHICKEN FARM. A FRIEND WAS ASTONISHED. "DO YOU KNOW ANYTHING ABOUT BREEDING CHICKENS?" HE ASKED. "NO," SAID THE CITY PERSON, "BUT THE CHICKENS DO.")) //

IN KANSAS, EVEN CHICKENS REALIZE THAT WHEN IT COMES TO FARMING, WASHINGTON DOESN'T KNOW BEST. KANSANS DO. SO I ASK YOU TO BACK A NEW FARM BILL THAT EMPHASIZES MARKET-ORIENTED POLICIES. OUR NEW FARM BILL MUST BE EVEN-HANDED. AND LEVEL-HEADED. ENHANCING AMERICAN COMPETITIVENESS. WE MUST HELP LOWER INTEREST RATES AND THE DEFICIT WHILE INCREASING CHOICE FOR FARMERS AND CONSUMERS. // WE ALSO NEED TO GET THE MOST FROM THE GRAIN AGREEMENT PRESIDENT GORBACHEV AND I SIGNED AT OUR RECENT SUMMIT. A DEAL CALLING FOR AT LEAST 50 MILLION METRIC TONS OF GRAIN TO BE PURCHASED BY THE SOVIETS IN THE NEXT FIVE YEARS. OUR ONGOING URUGUAY ROUND OF NEGOTIATIONS CAN CONTINUE THIS MOVEMENT TOWARD COOPERATION AND FREE TRADE. // HERE'S ONE MORE WAY TO KEEP AGRICULTURE STRONG. I ASK YOU TO SUPPORT OUR CAPITAL GAINS TAX CUT PROPOSAL WHICH WILL CREATE NEW INVESTMENT. I CALL ON THE CONGRESS TO TAKE ACTION NOW. //

SO FAR I'VE DISCUSSED HOW WE CAN KEEP AMERICA PROUD AT HOME. // LET ME CLOSE BY TALKING ABOUT WHAT WE CAN DO TO SERVE THE PRINCIPLES WE HOLD DEAR ABROAD. I REFER TO THE ISSUE CENTRAL TO OUR MINDS AND HEARTS: THE CRISIS IN THE PERSIAN GULF. //

AS YOU KNOW, THE EVENTS ARE STILL UNFOLDING -- HARD CHOICES REMAIN. BUT OF THIS WE ARE CERTAIN: WHEN SOME ASK: WHERE DOES AMERICA STAND? OUR ANSWER IS: AMERICA STANDS WHERE IT ALWAYS HAS -- AGAINST AGGRESSION -- AND AMERICA WILL NOT BE INTIMIDATED. //

FIVE WEEKS AGO, THESE BELIEFS PROMPTED ME TO TAKE ACTION IN THE MIDDLE EAST TOWARD RESTORING THE SOVEREIGNTY OF KUWAIT AND DETERRING THOSE WHO THREATEN FRIENDLY COUNTRIES AND THE VITAL INTERESTS OF AMERICA. THOSE OBJECTIVES ARE UNCHANGED TODAY. THEY WILL REMAIN UNCHANGED. // WE WILL NOT STAND BY WHILE ONE COUNTRY DEVOURS ANOTHER UNTHREATENING COUNTRY WHOLE. WE WILL STAND FIRM AGAINST THE AGGRESSION NOW CONDEMNED AROUND THE WORLD. // OUR CAUSE MAY NOT BE EASY -- BUT IT WILL ALWAYS BE RIGHT. SO WE WILL DO WHATEVER IT TAKES TO HELP OUR MEN AND WOMEN RESTORE PEACE AND, THUS, COMPLETE THEIR MISSION. //

WE'RE DOING THIS WITH THE COOPERATION OF THE UNITED NATIONS AND TWENTY-TWO COUNTRIES INVOLVED IN THE PERSIAN GULF EFFORT. I AM PROUD THAT A SUBSTANTIAL MAJORITY OF ARAB NATIONS SUPPORT OUR EFFORTS -- STANDING WITH US AGAINST A BRUTAL AGGRESSION. THE WORLD IS UNITED FOR STABILITY AND SECURITY. WE WILL REMAIN UNITED. // IN THAT SPIRIT, I LOOK FORWARD TO SUNDAY'S MEETING WITH PRESIDENT GORBACHEV IN HELSINKI. LET ME TAKE A FEW MOMENTS TO TALK IN AN INFORMAL DISCUSSION ABOUT A WIDE ARRAY OF SUBJECTS.

WHEN PRESIDENT GORBACHEV AND I MET LAST JUNE, I MENTIONED THE HOPE THAT WE COULD MEET MORE FREQUENTLY: THE BETTER WE UNDERSTAND EACH OTHER, THE CLOSER -- I BELIEVE -- WE CAN WORK TOGETHER. // THE PAST YEAR HAS SEEN NEW LEVELS OF COOPERATION BETWEEN OUR TWO NATIONS. THE PERSIAN GULF SHOWS WHAT THIS COOPERATION CAN ACHIEVE. SO ON SUNDAY, PRESIDENT GORBACHEV AND I WILL TALK OF THE GULF CRISIS AND OTHER REGIONAL ISSUES. I HOPE TO ALSO DISCUSS THE PROGRESS OF SOVIET REFORM. AND I WILL CONTINUE TO PRESS FOR A PROMPT RESOLUTION OF A START TREATY.

THIS MEETING CAN FURTHER EXPAND COOPERATION BETWEEN THE U.S. AND SOVIET UNION. YET TO COMPLETE OUR PERSIAN GULF MISSION WILL ALSO REQUIRE WHAT CHAIRMAN OF THE JOINT CHIEFS OF STAFF COLIN POWELL CALLED "THE FINEST PEACETIME MILITARY IN THE HISTORY OF AMERICA." AS LONG AS I AM PRESIDENT, THAT MILITARY WILL REMAIN PURPOSEFUL AND PROUD. //

((TODAY, THE FINEST SOLDIERS, SAILORS, AIRMEN, AND MARINES ANY NATION COULD HAVE ARE SHOWING HOW THE BEST WAY TO KEEP THE PEACE IS TO KEEP AMERICA MILITARILY STRONG. // HERE ARE SOME EXAMPLES -- ALL NOW ON ACTIVE DUTY IN SAUDI ARABIA WITH THE AIR NATIONAL GUARD'S 190TH AIR REFUELING GROUP FROM TOPEKA'S FORBES FIELD. // SERGEANT JOHNNIE KELLER IS A GRADUATE OF OSAGE [O-SAGE] CITY HIGH SCHOOL, WHO LAST MARCH JOINED THE GUARD. TODAY, HE'S STANDING SHOULDER TO SHOULDER FOR WHAT IS RIGHT AND GOOD, WITH COLLEAGUES LIKE THERESA BOYD OF LAWRENCE -- A JET ENGINE MECHANIC AND 11-YEAR GUARD VETERAN. AND TECHNICAL SERGEANT BILL HORTENSTINE, A HIGHLAND PARK GRAD WHO HELPS MAINTAIN THE KC-135 TANKERS THAT REFUEL PLANES ON THE WAY TO SAUDI ARABIA. //

((THESE KANSANS REFLECT THE TRUE CALIBER OF AMERICA -- AND THE VITAL ESSENCE OF OUR MISSION. A MISSION EMBODIED BY A SHORT NOTE RECEIVED BY LIEUTENANT COLONEL DON FOWLER IN THE SAUDI ARABIAN CONTROL CENTER. THE NOTE CAME FROM A KUWAITI REFUGEE WHO DIDN'T SPEAK ENGLISH WELL -- BUT WHOSE WORDS HAD A SIMPLE ELOQUENCE. A CAPITAL "I," A SMALL HEART, AND THE LETTERS "USA."))

THE LETTERS "USA" AREN'T MERELY PART OF THE ALPHABET. THEY STAND FOR SOMETHING CALLED FREEDOM AND JUSTICE. QUALITIES THAT KANSANS HAVE UPHELD FOR DECADES. // THEY EXPRESS THE BELIEF THAT AMERICA COULD NOT BE THE LAND OF THE FREE IF IT WERE NOT THE HOME OF THE BRAVE. A BELIEF THAT KANSANS ARE COURAGEOUSLY DEFENDING RIGHT NOW ON THE SANDS AND THE WATERS OFFSHORE OF SAUDI ARABIA. //

FOR MORE THAN HALF-A-CENTURY, GENERATIONS HAVE MARVELED AT A WONDERFUL MOVIE SET HERE IN KANSAS. ASK ANYONE FROM WARSAW TO WICHITA: THEY KNOW WHAT DOROTHY SAID, "THERE'S NO PLACE LIKE HOME." // THERE IS NOTHING I WANT MORE THAN FOR OUR AMERICAN SERVICEMEN AND WOMEN TO COME HOME -- AND THEY WILL / ONCE WE'VE COMPLETED A MISSION THAT DOES RIGHT BY AMERICA, AND THE WORLD. //

ABROAD, LET US RAISE THE FLAG OF PEACE AND JUSTICE. AT HOME, LET'S SHOW THAT KANSAS DOES LIKE MIKE. // ON NOVEMBER 6, OURS IS THE CHANCE TO SHOW WHAT WE THINK OF THE PAST FOUR GREAT YEARS. LET'S SEIZE IT. AND BY RE-ELECTING MIKE HAYDEN GOVERNOR, HELP MAKE THE NEXT FOUR YEARS THE GREATEST IN KANSAS HISTORY.//

THANK YOU FOR THIS WONDERFUL RECEPTION. GOD BLESS THE UNITED STATES OF AMERICA. AND GOD BLESS THE MEN AND WOMEN WHO ARE KEEPING IT THE GREATEST NATION ON THE FACE OF THIS EARTH.

HAYDEN FUNDRAISER \ TOPEKA, KANSAS
THURSDAY, SEPTEMBER 6, 1990 \ 11:30 A.M.

Mike, thank you for that kind introduction. It's great to be here with you and Patti. I'm also glad to see your distinguished Senator, Nancy Kassebaum. Nancy, your re-election is crucial not just to Kansas -- but to our entire Nation. //

Nancy is a part of Kansas' superb Republican team in Washington. Let me salute a man who couldn't be with us -- our outstanding Senate Minority Leader, Bob Dole. As President, I could not possibly have a finer leader with whom to work. // Let me salute Congresswoman Jan Meyers, who I know will continue to represent her 3rd district with style, and let me also put in a plug for two fine candidates who are going to make an important contribution to the Congress: Scott Morgan and Dick Nicholls. //

Harland Priddle and Wynn Priddle, thank you for co-hosting this luncheon. Also, thanks to Lieutenant Governor Jack Walker and Harold Wilkens, our Ambassador to the Netherlands. We're lucky to have Jeanie Austin with us today, doing a great job as co-chair of the RNC, along with National Committee members Mary Alice Lair and Jack Ranson, and our state chairwoman Rochelle Chronister. It's great to see John Peterson, who did such a magnificent job of running our campaign here in 1988, as well as Don and Adele Hall. And a special hello to a friend of Mike's: Lacey Cook of Dodge City. // This brave young girl won her

battle for a liver transplant -- and she'll be three years old next Tuesday. All Kansans can take pride in the courage evidenced by this wonderful child. //

Today, I'm privileged to be back in the very heartland of America -- and to speak on behalf of a friend. He is a Viet Nam veteran, an environmentalist, and businessman. Most of all, he is the great Governor of a truly great State. // Ladies and gentlemen, Governor Mike Hayden. //

((As you may have read, I had some mishaps on my way here. First, I was fishing with the Canadian Prime Minister on my boat when it broke down. // The next day we went back out -- and I got hooked in the ear while fishing with the Prime Minister and my son Jeb. The barb went all the way through the ear.)) //

((Talk about adding insult to injury. After they unhooked me, Jeb tried to throw me back. // Luckily, he was dissuaded.))
// Well it's wonderful to be here to discuss how for the last four years, Mike Hayden's compass has helped chart the future of Kansas. // A compass of integrity -- embodying the Kansas of hard work and character. And family -- think of Mike's wife, Patti, and two daughters. // A compass of traditional values. And common sense -- he keeps things in perspective. ((It's like Mike tells me. "It's fine that you're here, Mr. President -- but if you really want to help out, bring Barbara.)) //

These qualities have endeared Mike to Kansas' good, quiet, decent people. It's no surprise that Kansas Likes Mike. // Just look at his background. Kansas State graduate. Member, then

Speaker of the Kansas House of Representatives. // He's living proof of words spoken by that great Kansan, Dwight Eisenhower. Ike said, "Our best protection against bigger government in Washington is better government in the States." // Today, we meet to help Mike keep making government better in the State of Kansas. Let's re-elect Mike Hayden to a second term. //

Consider: Today, more Kansans are working than at any time in our history. Unemployment is the lowest in 11 years. No wonder Kansas likes Mike. // Here's more: Think of the increase in net farm income -- up \$4 billion since '87. And a \$2.6 billion construction program to modernize your highways. Affection stems from achievements like these. How did they happen? Not from Washington doing for Kansas -- but through Kansans doing for themselves. Not expanding the budget of the bureaucracy. Rather, expanding the horizons of Kansans young and old.

Now, you may have heard -- we have a budget, too, in Washington. And back in June, when the budget talks were at an impasse, I decided the time had come to put it all on the table -- ~~taxes~~ ^{revenue}, spending cuts, and budget reform. I did that as an act of good faith. / And I've kept the faith -- and, yes, took some heat -- through five long months of budget talks. //

Today, time's running out. Here's a fact: October 1 begins the new fiscal year -- and still no agreement. Another fact: We've got to draw the line on spending -- break free once and for all from the tired old mindset that says for every new problem we must create a new bureaucracy. The budget I've asked for -- \$1.5

I pledge to work with the
leaders in Congress on both sides
of the aisle to get an ~~agreement~~ ^{agreement} that
~~finally makes~~ real cuts ~~not~~ in the ^{new} ~~detour~~
trillion dollars -- is not exactly miserly. It is certainly ^{and climate}
enough to do the vital work of government. So I say: Congress, ^{the deficit}
let's get with it. Let's fix this budget mess once and for all. // ^{without 5} 1/2 yrs.

((All of you remember another great Kansan, Alf Landon.
Perhaps you don't recall how once he said: "There are some
intelligent people in Washington. [There are] more of them in
Kansas.)) // Mike Hayden encapsules Kansas' thinking. So let
me briefly talk about how he -- and you -- can help meet
America's challenges. Challenges at home -- the budget among
them. Also, challenges abroad.

The time
for (cutting)
75 part. The
time for
action
is now

At home, we begin with education -- where Mike has launched
a campaign to make Kansas No. 1. Your support can help him
convince the Congress to pass our National Educational Excellence
Act. // Then, comes the environment -- here, too, I need Mike to
keep America right. Your support can help him convince Congress
to grant the Environmental Protection Agency Cabinet status and
pass Clean Air legislation I can sign. // Finally, I need Mike
to keep Kansas our Nation's breadbasket, producing more wheat
than any State. You know how vital agriculture is to America,
and the world. //

The time for wise
tough decisions is now

((Mike grew up on a family farm. I'm sure he's heard the
tale of how a city person bought a chicken farm. A friend was
astonished. "Do you know anything about breeding chickens?" he
asked. "No," said the city person, "but the chickens do.)) //

In Kansas, even chickens realize that when it comes to
farming, Washington Doesn't Know Best. Kansans do. So I ask you

to back a new farm bill that emphasizes market-oriented policies. Our new farm bill must be even-handed. And level-headed. Enhancing American competitiveness. We must help lower interest rates and the deficit while increasing choice for farmers and consumers. // We also need to get the most from the grain agreement President Gorbachev and I signed at our recent summit. A deal calling for at least 50 million metric tons of grain to be purchased by the Soviets in the next five years. Our ongoing Uruguay Round of negotiations can continue this movement toward cooperation and free trade. // Here's one more way to keep agriculture strong. I ask you to support our capital gains tax cut proposal which will create new investment. I call on the Congress to take action now. //

So far I've discussed how we can keep America proud at home. // Let me close by talking about what we can do to serve the principles we hold dear abroad. I refer to the issue central to our minds and hearts: the crisis in the Persian Gulf. //

As you know, the events are still unfolding -- hard choices remain. But of this we are certain: When some ask: Where does America stand? Our answer is: America stands where it always has -- against aggression -- and America will not be intimidated. //

Five weeks ago, these beliefs prompted me to take action in the Middle East toward restoring the sovereignty of Kuwait and deterring those who threaten friendly countries and the vital interests of America. Those objectives are unchanged today. They will remain unchanged. // We will not stand by while one

country devours another unthreatening country whole. We will stand firm against the aggression now condemned around the world. // Our cause may not be easy -- but it will always be right. So we will do whatever it takes to help our men and women restore peace and, thus, complete their mission. //

We're doing this with the cooperation of the United Nations and twenty-two countries involved in the Persian Gulf effort. I am proud that a substantial majority of Arab nations support our efforts -- standing with us against a brutal aggression. The world is united for stability and security. We will remain united. // In that spirit, I look forward to Sunday's meeting with President Gorbachev in Helsinki. Let me take a few moments to talk in an informal discussion about a wide array of subjects.

When President Gorbachev and I met last June, I mentioned the hope that we could meet more frequently: The better we understand each other, the closer -- I believe -- we can work together. // The past year has seen new levels of cooperation between our two Nations. The Persian Gulf shows what this cooperation can achieve. So on Sunday, President Gorbachev and I will talk of the Gulf crisis and other regional issues. I hope to also discuss the progress of Soviet reform. And I will continue to press for a prompt resolution of a START treaty.

This meeting can further expand cooperation between the U.S. and Soviet Union. Yet to complete our Persian Gulf mission will also require what Chairman of the Joint Chiefs of Staff Colin Powell called "the finest peacetime military in the history of

America." As long as I am President, that military will remain purposeful and proud. //

((Today, the finest soldiers, sailors, airmen, and Marines any Nation could have are showing how the best way to keep the peace is to keep America militarily strong. // Here are some examples -- all now on active duty in Saudi Arabia with the Air National Guard's 190th Air Refueling Group from Topeka's Forbes Field. // Sergeant Johnnie Keller is a graduate of Osage [Osage] City High School, who last March joined the Guard. Today, he's standing shoulder to shoulder for what is right and good, with colleagues like Theresa Boyd of Lawrence -- a jet engine mechanic and 11-year Guard veteran. And technical sergeant Bill Hortenstine, a Highland Park grad who helps maintain the KC-135 tankers that refuel planes on the way to Saudi Arabia. //

((These Kansans reflect the true caliber of America -- and the vital essence of our mission. A mission embodied by a short note received by Lieutenant Colonel Don Fowler in the Saudi Arabian Control Center. The note came from a Kuwaiti refugee who didn't speak English well -- but whose words had a simple eloquence. A capital "I," a small heart, and the letters "USA."))

The letters "USA" aren't merely part of the alphabet. They stand for something called freedom and justice. Qualities that Kansans have upheld for decades. // They express the belief that America could not be the land of the free if it were not the home of the brave. A belief that Kansans are courageously

defending right now on the sands and the waters offshore of Saudi Arabia. //

For more than half-a-century, generations have marveled at a wonderful movie set here in Kansas. Ask anyone from Warsaw to Wichita: They know what Dorothy said, "There's no place like home." // There is nothing I want more than for our American servicemen and women to come home -- and they will / once we've completed a mission that does right by America, and the world. //

Abroad, let us raise the flag of peace and justice. At home, let's show that Kansas does like Mike. // On November 6, ours is the chance to show what we think of the past four great years. Let's seize it. And by re-electing Mike Hayden Governor, help make the next four years the greatest in Kansas history.//

Thank you for this wonderful reception. God bless the United States of America. And God bless the men and women who are keeping it the greatest Nation on the face of this earth.

Our new farm bill must be even-handed. And level-headed. Enhancing American competitiveness. We must help lower interest rates and the deficit while increasing choice for farmers and consumers. // We also need to get the most from the grain agreement President Gorbachev and I signed at our recent summit. A deal calling for at least 50 million metric tons of grain to be purchased by the Soviets in the next five years. Our ongoing Uruguay Round of negotiations can continue this movement toward cooperation and free trade. // Here's one more way to keep agriculture strong. I ask you to support our capital gains tax cut proposal which will create new investment. I call on the Congress to take action now. //

So far I've discussed how we can keep America, to paraphrase Mike, "right" at home. // Let me close by talking about what we

can do to serve the principles we hold dear abroad. I refer to the issue central to our minds and hearts: the crisis in the Persian Gulf. //

As you know, the ~~outcome is~~ ^{events are unfolding} still undecided -- hard choices remain. But of this we are certain: When some ask: Where does America stand? Our answer is: America stands where it always has -- against aggression -- and America will not be intimidated. //

Five weeks ago, these beliefs prompted me to take action in the Middle East toward restoring the sovereignty of Kuwait and deterring those who threaten friendly countries and the vital interests of America. Those objectives are unchanged today. They will remain unchanged. // We will not stand by while one country devours another unthreatening country whole. We will stand firm against the aggression now condemned around the world. // Our cause may not be easy -- but it will always be right. So we will do whatever it takes to help our men and women restore peace and, thus, complete their mission. //

We're doing this with the cooperation of the United Nations and twenty-two countries involved in the Persian Gulf effort. ~~We~~

The world is

we ~~are~~ united for stability and security. We will remain united.

In that spirit, I look forward to Sunday's meeting with President Gorbachev in Helsinki. Let me take a few moments to talk ~~about~~ ⁱⁿ what will be an informal discussion. ~~about a wide array of subjects.~~

When President Gorbachev and I met last June, I mentioned the hope that we could meet more frequently: The better we understand each other, the closer -- I believe -- we can work

majority of Arab nations support our efforts

standing with us against a brutal aggressor

I am proud that a substantial majority of Arab nations support our efforts — standing with us against a brutal aggressor — about a wide array of subjects

together. // The past year has seen new levels of cooperation between our two Nations. The Persian Gulf shows what this cooperation can achieve. So on Sunday, President Gorbachev and I will talk of the Gulf crisis and other regional issues. I hope to also discuss the progress of Soviet reform. And I will continue to press for a prompt resolution of a START treaty.

This meeting can further expand cooperation between the U.S. and Soviet Union. Yet to complete our Persian Gulf mission will also require what Chairman of the Joint Chiefs of Staff Colin Powell called "the finest peacetime military in the history of America." As long as I am President, that military will remain purposeful and proud. //

((Today, the finest soldiers, sailors, airmen, and Marines any Nation could have are showing how the best way to keep the peace is to keep America militarily strong. // Here are some examples -- all now on active duty in Saudi Arabia with the Air National Guard's 190th Air Refueling Group from Topeka's Forbes Field. // Sergeant Johnnie Keller is a graduate of Osage [Osage] City High School, who last March joined the Guard. Today, he's standing shoulder to shoulder for what is right and good, with colleagues like Theresa Boyd of Lawrence -- a jet engine mechanic and 11-year Guard veteran. And technical sergeant Bill Hortenstine, a Highland Park grad who helps maintain the KC-135 tankers that refuel planes on the way to Saudi Arabia. //

((These Kansans reflect the true caliber of America -- and the vital essence of our mission. A mission embodied by a short

note received by Lieutenant Colonel Don Fowler in the Saudi Arabian Control Center. The note came from a Kuwaiti refugee who didn't speak English well -- but whose words had a simple eloquence. A capital "I," a small heart, and the letters "USA."))

The letters "USA" aren't merely part of the alphabet. They stand for something called freedom and justice. Qualities that Kansans have upheld for decades. // They express the belief that America could not be the land of the free if it were not the home of the brave. A belief that Kansans are courageously defending right now on the sands and the waters offshore of Saudi Arabia. //

For more than half-a-century, generations have marveled at a wonderful movie set here in Kansas. Ask anyone from Warsaw to Wichita: They know what Dorothy said, "There's no place like home." // There is nothing I want more than for our American servicemen and women to come home -- and they will / once we've completed a mission that does right by America, and the world. //

Abroad, let us raise the flag of peace and justice. At home, let's show that Kansas does like Mike. // On November 6, ours is the chance to show what we think of the past four great years. Let's seize it. And by re-electing Mike Hayden Governor, help make the next four years the greatest in Kansas history.//

Thank you for this wonderful reception. God bless the United States of America. And God bless the men and women who are keeping it the greatest Nation on the face of this earth.

MEMORANDUM FOR CHRISS WINSTON

FROM: ROGER B. PORTER *RBP*

SUBJECT: Presidential Remarks: Hayden Fundraiser

The remarks address a wide range of issues and are on target. We suggest that the jokes at the beginning of the speech be deleted, they probably detract more from this important message than add to it.

The paragraph at the bottom of page three should be beefed up with what Mike Hayden is doing in Kansas to make "Kansas No. 1" with respect to education. Passing the Educational Excellence Act has little to do with making "Kansas No. 1". The correct name of the legislation is the "Educational Excellence Act", the word "National" should be deleted.

If you have any questions, please let me know.

PRESIDENTIAL REMARKS: HAYDEN FUNDRAISER
TOPEKA, KANSAS
THURSDAY, SEPTEMBER 6, 1990

Governor Hayden, Congressmen __ and __, distinguished guests. // __, thank you for that introduction. As always, it's wonderful to be back in the very heartland of America. //

Today, I'm privileged to be in Topeka on behalf of a friend. He is a rancher and Viet Nam veteran, an environmenalist and businessman. Most of all, he is the great Governor of a truly great State. // Ladies and gentlemen, Governor Mike Hayden. //

((When I was invited here I was told Mike wanted a man whom Kansans adore to come from Washington to talk on his behalf. // But since Bob Dole couldn't make it, I thought I'd fill in.)) //

((As you may have read, I had some mishaps along the way. First, I was fishing with the Canadian Prime Minister on my boat when it broke down. // The next day we went back out -- and I got hooked in the ear while fishing with the Prime Minister and my son Jeb.)) //

((Talk about compounding injury. After being hooked, Jeb said if I'd been a fish he would have thrown me back. // Brian Mulroney was kinder -- tried to offer his sympathy. One problem: I couldn't hear him over the sound of the fish laughing.)) //

((I'm even thinking about giving up fishing altogether. After all, with the way my golf game's been going, I spend enough time around water just being out on the course. // Last time I

played golf, someone asked why I kept looking at my watch. I said, "This isn't a watch -- it's a compass.") //

For the last four years, Mike Hayden's compass has helped chart the future of Kansas. // A compass of integrity -- embodying Kansas' values of hard work and character. And family -- think of Mike's wife, Patti, and two kids. // A compass of morality. And stability -- he keeps things in perspective. ((It's like Mike tells me. "It's fine that you're here, Mr. President -- but if you really want to wow the crowd, bring Barbara.")) //

These qualities have endeared Mike to Kansas' good, quiet, decent people. It's no surprise that Kansas Likes Mike. // Just look at his background. Kansas State graduate. Member, then Speaker of the Kansas House of Representatives. // He's living proof of words spoken by that great Kansan, Dwight Eisenhower. Ike said, "Our best protection against bigger government in Washington is better government in the states." // Today, we meet to help Mike keep making government better in the State of Kansas. Let's re-elect Mike Hayden to a second term. //

((Mike, of course, was born in Atwood, on the west side of the State. He knows what Ike meant when he talked of "the great and priceless privilege of growing up in a small town." // Let me tell a story about how that privilege can mold a man. A story which shows small-town America's great capacity to care. //

((A two-year-old girl, Lacey Cook, lives in Dodge City. She needed a liver transplant to survive. // When Mike heard about

Lacy, he got on the phone. Called her mother. Helped to arrange for Lacy to get the operation she needed -- even offering the Governor's plane to get her to the hospital. // Next Tuesday, Lacy turns three years old. What's more, she's healthy again, and I'm proud to have her with us today. All Kansans can take pride in the courage evidenced by this wonderful child.) //

You can see what I mean by Mike Hayden's compass. Our task now is to use it to build on the triumphs of the last four years. Consider: Today, more Kansans are working than at any time in our history. Unemployment is the lowest in 11 years. No wonder Kansas likes Mike. // Here's more: Think of Mike's crusade to improve secondary and higher learning. The increase in net farm income -- up \$4 billion since '87. And a \$1.7 billion construction program to modernize your highways. Affection stems from achievements like these. // How did they happen? Not from Washington doing for Kansas -- but through Kansans doing for themselves. Not expanding the budget of the bureaucracy. Rather, expanding the horizons of the rainbow / we call tomorrow.

((All of you remember another great Kansan, Alf Landon. Perhaps you don't recall how once he said: "There are some intelligent people in Washington. [There are] more of them in Kansas.")) // Mike Hayden encapsules Kansas' common sense. So let me briefly talk about how he -- and you -- can help meet America's challenges. Challenges at home -- challenges abroad.

At home, we begin with education -- where Mike has launched a campaign to make Kansas No. 1. Your support can help him

convince the Congress to pass our National Educational Excellence Act. // Then, comes the environment -- here, too, I need Mike to keep America right. In 1987, Governor Hayden elevated the Kansas Department of Wildlife and Parks to Cabinet level status. Your support can help him convince Congress to grant the Environmental Protection Agency Cabinet status and **pass Clean Air legislation I can sign**. // Finally, I need Mike to keep Kansas our Nation's breadbasket, producing more grain than any State. You know how vital agriculture is to America, and the world. //

((Mike grew up on a family farm. I'm sure he's heard the tale of how a city person bought a chicken farm. A friend was astonished. "Do you know anything about breeding chickens?" he asked. "No," said the city person, "but the chickens do."))

In Kansas, even chickens realize that when it comes to farming, Washington Doesn't Know Best. Kansans do. So I ask you to back a new farm bill that emphasizes market-oriented policies giving producers more flexibility to decide what crops to grow. Our new farm bill must be even-handed. And level-headed. Helping lower the deficit and interest rates while increasing choice for farmers and consumers. // We also need to maximize the grain agreement President Gorbachev and I signed at our ~~recent~~ summit. A deal calling for at least 40 million metric tons of grain to be purchased by the Soviets in the next five years. // Here's one more way to keep agriculture strong. I ask you to support our capital gains tax cut proposal which will create new investment. I call on the Congress to pass that bill.//

So far I've discussed how we can keep America right at home.
// Let me close by talking about what we can do to serve the principles we hold dear abroad. I refer to the issue central to our minds, and hearts: the crisis in the Persian Gulf. //

As you know, the outcome is still undecided -- hard choices remain. But of this we are certain: When some ask: Where does America stand? Our answer is: America stands where it always has -- against aggression -- against those who would use force to replace the rule of law. // As a former platoon leader and company commander in Viet Nam, nobody knows this better than Mike Hayden: America will not be intimidated. //

Five weeks ago, these beliefs prompted me to take action in the Middle East to restore the sovereignty of Kuwait and deter those who threaten friendly countries and the vital interests of America. Those objectives are unchanged today. They will remain unchanged. // Kansans know that no one ever walks away from appeasing an aggressor. ((Finally, I'd like to mention two other members of the 190th -- Bonita Pardue and Nic White. For six months they'd been planning an October wedding to coincide with her parents' 50th wedding anniversary. Then came the bad news: The 190th's Chaplain was sent to the Middle East. // Now, the good news. The

couple showed typical Kansas ingenuity. // They sent to Colorado for a replacement.)) //

((These Kansans reflect the true caliber of America -- and the vital essence of our mission. A mission embodied by a short note received by Lieutenant Colonel Don Fowler in the Saudi Arabian Control Center. The note came from a Kuwaiti refugee who didn't speak English well -- but whose words had a simple eloquence. A capital "I," a small heart, and the letters "USA."))

PRESIDENTIAL REMARKS: HAYDEN FUNDRAISER
TOPEKA, KANSAS
THURSDAY, SEPTEMBER 6, 1990

Thank you for that kind introduction Mike. It's great to be here with you and Patti. Together with our distinguished Senator Nancy Kassebaum, representing Kansas with style. // ~~Lt. Governor~~ Harland Priddle and ~~Wynn Priddle~~ thank you for co-hosting this luncheon today; Harold Wilkens, our Ambassador to the Netherlands; great to see John Peterson who did such a superb job of running our campaign out here in 1988; Mary Alice Lair, Jack Ranson, Rochelle Chronister, and finally just let me say hello to a couple of old friends Don and Adele Hall. As always, it's wonderful to be back in the very heartland of America. //

Today, I'm privileged to be in Topeka on behalf of a friend. He is a rancher and Viet Nam veteran, an environmenalist and businessman. Most of all, he is the great Governor of a truly great State. // Ladies and gentlemen, Governor Mike Hayden. //

((When I was invited here I was told Mike wanted a man whom Kansans adore to come from Washington to talk on his behalf. // But since Bob Dole couldn't make it, I thought I'd fill in.)) //

((As you may have read, I had some mishaps along the way. First, I was fishing with the Canadian Prime Minister on my boat when it broke down. // The next day we went back out -- and I got hooked in the ear while fishing with the Prime Minister and my son Jeb.)) //

((Talk about compounding injury. After being hooked, Jeb said if I'd been a fish he would have thrown me back. // Brian Mulroney was kinder -- tried to offer his sympathy. One problem: I couldn't hear him over the sound of the fish laughing.)) //

((I'm even thinking about giving up fishing altogether. After all, with the way my golf game's been going, I spend enough time around water just being out on the course. // Last time I played golf, someone asked why I kept looking at my watch. I said, "This isn't a watch -- it's a compass.") //

For the last four years, Mike Hayden's compass has helped chart the future of Kansas. // A compass of integrity -- embodying Kansas' values of hard work and character. And family -- think of Mike's wife, Patti, and two kids. // A compass of morality. And stability -- he keeps things in perspective. ((It's like Mike tells me. "It's fine that you're here, Mr. President -- but if you really want to wow the crowd, bring Barbara.")) //

These qualities have endeared Mike to Kansas' good, quiet, decent people. It's no surprise that Kansas Likes Mike. // Just look at his background. Kansas State graduate. Member, then Speaker of the Kansas House of Representatives. // He's living proof of words spoken by that great Kansan, Dwight Eisenhower. Ike said, "Our best protection against bigger government in Washington is better government in the States." // Today, we meet to help Mike keep making government better in the State of Kansas. ((Mike, of course, was born in Atwood, on the west side of
the State. He knows what Ike meant when he talked of "the great
and priceless privilege of growing up in a small town." // Let
me tell a story about how that privilege can mold a man. A story
which shows small-town America's great capacity to care. //

((A two-year-old girl, Lacey Cook, lives in Dodge City. She
needed a liver transplant to survive. // When Mike heard about
Lacy, he got on the phone. Called her mother. Helped to arrange
for Lacy to get the operation she needed -- even offering the
Governor's plane to get her to the hospital. // Next Tuesday,
Lacy turns three years old. What's more, she's healthy again,
and I'm proud to have her with us today. All Kansans can take
pride in the courage evidenced by this wonderful child.)) //

You can see what I mean by Mike Hayden's compass. Our task
now is to use it to build on the triumphs of the last four years.
Consider: Today, more Kansans are working than at any time in
our history. Unemployment is the lowest in 11 years. No wonder
Kansas likes Mike. // Here's more: Think of Mike's crusade to
improve secondary and higher learning. The increase in net farm
income -- up \$4 billion since '87. And a \$1.7 billion
construction program to modernize your highways. Affection stems
from achievements like these. // How did they happen? Not from
Washington doing for Kansas -- but through Kansans doing for
themselves. Not expanding the budget of the bureaucracy.
Rather, expanding the horizons of the rainbow / we call tomorrow.

((All of you remember another great Kansan, Alf Landon. Perhaps you don't recall how once he said: "There are some intelligent people in Washington. [There are] more of them in Kansas.")) // Mike Hayden encapsules Kansas' common sense. So let me briefly talk about how he -- and you -- can help meet America's challenges. Challenges at home -- challenges abroad.

At home, we begin with education -- where Mike has launched a campaign to make Kansas No. 1. Your support can help him convince the Congress to pass our National Educational Excellence Act. // Then, comes the environment -- here, too, I need Mike to keep America right. In 1987, Governor Hayden elevated the Kansas Department of Wildlife and Parks to Cabinet level status. Your support can help him convince Congress to grant the Environmental Protection Agency Cabinet status and **pass Clean Air legislation I can sign**. // Finally, I need Mike to keep Kansas our Nation's breadbasket, producing more ^{wheat} grain than any State. You know how vital agriculture is to America, and the world. // *Remember especially him.*

((Mike grew up on a family farm. I'm sure he's heard the tale of how a city person bought a chicken farm. A friend was astonished. "Do you know anything about breeding chickens?" he asked. "No," said the city person, "but the chickens do."))

In Kansas, even chickens realize that when it comes to farming, Washington Doesn't Know Best. Kansans do. So I ask you to back a new farm bill that emphasizes market-oriented policies giving producers more flexibility to decide what crops to grow. Our new farm bill must be even-handed. And level-headed.

Helping lower the deficit and interest rates while increasing choice for farmers and consumers. // We also need to maximize the grain agreement President Gorbachev and I signed at our recent summit. A deal calling for at least 40 million metric tons of grain to be purchased by the Soviets in the next five years. // Here's one more way to keep agriculture strong. I ask you to support our capital gains tax cut proposal which will create new investment. I call on the Congress to pass that bill. //

So far I've discussed how we can keep America right at home. // Let me close by talking about what we can do to serve the principles we hold dear abroad. I refer to the issue central to our minds, and hearts: the crisis in the Persian Gulf. //

As you know, the outcome is still undecided -- hard choices remain. But of this we are certain: When some ask: Where does America stand? Our answer is: America stands where it always has -- against aggression -- against those who would use force to replace the rule of law. // As a former platoon leader and company commander in Viet Nam, nobody knows this better than Mike Hayden: America will not be intimidated. //

Five weeks ago, these beliefs prompted me to take action in the Middle East to restore the sovereignty of Kuwait and deter those who threaten friendly countries and the vital interests of America. Those objectives are unchanged today. They will remain unchanged. // Kansans know that no one ever walks away from appeasing an aggressor. He only crawls. // So with our friends and allies, we will do what we did from Corregidor to Hamburger

Hill. We will not stand by while one country literally swallows another whole. We will stand firm against the aggression now condemned around the world. // Our cause may not be easy -- but it will always be right. So we will do whatever it takes to help our men and women restore peace and, thus, complete their mission. //

This means, first, the cooperation of the United Nations and the twenty-two countries involved in the Persian Gulf effort. We are united for stability and security. We will remain united. // The mission I speak of will also require what Chairman of the Joint Staffs Powell called "the finest peacetime military in the history of America." As long as I am President, that military will remain purposeful and proud. // In his first Inaugural Address, George Washington said "To be prepared for war is one of the most effectual means of preserving the peace." Look to the Persian Gulf: Those words have rarely been truer than now. //

((Today, the finest soldiers, sailors, airmen, and Marines any Nation could have are showing how the best way to keep the peace is to keep America militarily strong. // Here are some examples -- all now on active duty in Saudi Arabia with the Air National Guard's 190th Air Refueling Group from Topeka's Forbes Field. // Sergeant Johnnie Keller is a graduate of Osage [O-sage] City High School, who last March joined the Guard. Today, he's standing shoulder to shoulder for what is right, and good, with colleagues like Theresa Boyd of Lawrence -- a jet engine mechanic and 11-year Guard veteran. And technical sergeant Bill

Hortenstine, a Highland Park grad who helps maintain the KC-135 tankers that refuel planes on the way to Saudi Arabia. //

((Finally, I'd like to mention two other members of the 190th -- Bonita Pardue and Nic White. For six months they'd been planning an October wedding to coincide with her parents' 50th wedding anniversary. Then came the bad news: The 190th's Chaplain was sent to the Middle East. // Now, the good news. The couple showed typical Kansas ingenuity. // They sent to Colorado for a replacement.)) //

((These Kansans reflect the true caliber of America -- and the vital essence of our mission. A mission embodied by a short note received by Lieutenant Colonel Don Fowler in the Saudi Arabian Control Center. The note came from a Kuwaiti refugee who didn't speak English well -- but whose words had a simple eloquence. A capital "I," a small heart, and the letters "USA."))

The letters "USA" aren't merely part of the alphabet. They stand for something called human dignity, and self-determination. Qualities that Kansans have upheld for decades. // They express the belief that America could not be the land of the free if it were not the home of the brave. A belief that Kansans are courageously defending on the sands and the waters offshore of Saudi Arabia. //

For more than half-a-century, generations have marveled at a wonderful movie set here in Kansas. Ask anyone from Warsaw to Wichita: They know how Dorothy said, "There's no place like home." // There is nothing I want more than for our American

servicemen and women to come home -- and they will / once we've completed a mission that does right by America, and the world. //

Abroad, let us raise the flag of peace and justice. At home, let's show that Kansas does like Mike. // On November 6, ours is the chance to show what we think of the past four great years. Let's seize it. And by re-electing Mike Hayden Governor, help make the next four years the greatest in Kansas history.//

Thank you for this wonderful evening. God bless the United States of America. And God bless the men and women who are keeping it the greatest Nation on the face of this earth.

**PRESIDENTIAL REMARKS: HAYDEN FUNDRAISER
TOPEKA, KANSAS
THURSDAY, SEPTEMBER 6, 1990**

Mike, thank you for that kind introduction. It's great to be here with you and Patti. I'm also glad to see your distinguished Senator, Nancy Kassebaum. Nancy, your re-election is crucial not just to Kansas -- but to our entire Nation. //

Nancy is a part of Kansas' superb Republican team in Washington. Let me salute a man who couldn't be with us -- our outstanding Senate Minority Leader, Bob Dole. As President, I could not possibly have a finer Senate leader with whom to work. // Harland Priddle and Wynn Priddle, thank you for co-hosting this luncheon. Also, thanks to Harold Wilkens, our Ambassador to the Netherlands. It's great to see John Peterson, who did such a magnificent job of running our campaign here in 1988. National Committee members Mary Alice Lair and Jack Ranson, GOP state chairwoman Rochelle Chronister, as well as Don and Adele Hall. And a special hello to a friend of Mike's: Lacey Cook of Dodge City. // This brave young girl won her battle for a liver transplant -- and she'll be three years old next Tuesday. All Kansans can take pride in the courage evidenced by this wonderful child. //

Today, I'm privileged to be back in the very heartland of America -- and to speak on behalf of a friend. He is a Viet Nam veteran, an environmentalist, and businessman. Most of all, he

is the great Governor of a truly great State. // Ladies and gentlemen, Governor Mike Hayden. //

((As you may have read, I had some mishaps on my way here. First, I was fishing with the Canadian Prime Minister on my boat when it broke down. // The next day we went back out -- and I got hooked in the ear while fishing with the Prime Minister and my son Jeb. The barb went all the way through the ear.)) //

((Talk about adding insult to injury. After they unhooked me, Jeb tried to throw me back. // Luckily, he was dissuaded.))
 // *Well it's wonderful to be*
 // ~~AS~~ a result, I'm here to discuss how for the last four years, Mike Hayden's compass has helped chart the future of Kansas. // A compass of integrity -- embodying the Kansas of hard work and character. And family -- think of Mike's wife, Patti, and two daughters. // A compass of traditional values. And common sense -- he keeps things in perspective. ((It's like Mike tells me. "It's fine that you're here, Mr. President -- but if you really want to help out, bring Barbara.")) //

These qualities have endeared Mike to Kansas' good, quiet, decent people. It's no surprise that Kansas Likes Mike. // Just look at his background. Kansas State graduate. Member, then Speaker of the Kansas House of Representatives. // He's living proof of words spoken by that great Kansan, Dwight Eisenhower. Ike said, "Our best protection against bigger government in Washington is better government in the States." // Today, we meet to help Mike keep making government better in the State of Kansas. Let's re-elect Mike Hayden to a second term. //

Consider: Today, more Kansans are working than at any time in our history. Unemployment is the lowest in 11 years. No wonder Kansas likes Mike. // Here's more: Think of the increase in net farm income -- up \$4 billion since '87. And a \$2.6 billion construction program to modernize your highways. Affection stems from achievements like these. How did they happen? Not from Washington doing for Kansas -- but through Kansans doing for themselves. Not expanding the budget of the bureaucracy. Rather, expanding the horizons of Kansans young and old.

Now, ^{*you may have heard -*} ~~this may surprise you.~~ We have a budget, too, in Washington. And back in June, when the budget talks were at an impasse, I decided the time had come to **put it all on the table** - taxes, spending cuts, and budget reform. I did that as an act of good faith. / **And I've kept the faith** -- and, yes, took some heat -- through five long months of budget talks. //

Today, time's running out. Here's a fact: October 1 begins the new fiscal year -- and still no agreement. Another fact: We've got to draw the line on spending -- break free once and for all from the tired old mindset that says for every new problem we must create a new bureaucracy. The budget I've asked for -- \$1.2 trillion dollars -- is not exactly miserly. It is certainly enough to do the vital work of government. So I say: Congress, let's get with it. Let's fix this budget mess once and for all.//

((All of you remember another great Kansan, Alf Landon. Perhaps you don't recall how once he said: "There are some intelligent people in Washington. [There are] more of them in

Kansas.")) // Mike Hayden encapsules Kansas' thinking. So let me briefly talk about how he -- and you -- can help meet America's challenges. Challenges at home -- the budget among them. Also, challenges abroad.

At home, we begin with education -- where Mike has launched a campaign to make Kansas No. 1. Your support can help him convince the Congress to pass our National Educational Excellence Act. // Then, comes the environment -- here, too, I need Mike to "keep America right." Your support can help him convince Congress to grant the Environmental Protection Agency Cabinet status and pass Clean Air legislation I can sign. // Finally, I need Mike to keep Kansas our Nation's breadbasket, producing more wheat than any State. You know how vital agriculture is to America, and the world. //

((Mike grew up on a family farm. I'm sure he's heard the tale of how a city person bought a chicken farm. A friend was astonished. "Do you know anything about breeding chickens?" he asked. "No," said the city person, "but the chickens do.")) //

In Kansas, even chickens realize that when it comes to farming, Washington Doesn't Know Best. Kansans do. So I ask you to back a new farm bill that emphasizes market-oriented policies. Our new farm bill must be even-handed. And level-headed. Enhancing American competitiveness. We must help lower interest rates and the deficit while increasing choice for farmers and consumers. // We also need to get the most from the grain agreement President Gorbachev and I signed at our recent summit.

A deal calling for at least 50 million metric tons of grain to be purchased by the Soviets in the next five years. Our ongoing Uruguay Round of negotiations can continue this movement toward cooperation and free trade. // Here's one more way to keep agriculture strong. I ask you to support our capital gains tax cut proposal which will create new investment. I call on the Congress to take action now. //

So far I've discussed how we can keep America, to paraphrase Mike, "right" at home. // Let me close by talking about what we can do to serve the principles we hold dear abroad. I refer to the issue central to our minds and hearts: the crisis in the Persian Gulf. //

As you know, the events are still unfolding -- hard choices remain. But of this we are certain: When some ask: Where does America stand? Our answer is: America stands where it always has -- against aggression -- and America will not be intimidated. //

Five weeks ago, these beliefs prompted me to take action in the Middle East toward restoring the sovereignty of Kuwait and deterring those who threaten friendly countries and the vital interests of America. Those objectives are unchanged today. They will remain unchanged. // We will not stand by while one country devours another unthreatening country whole. We will stand firm against the aggression now condemned around the world. // Our cause may not be easy -- but it will always be right. So we will do whatever it takes to help our men and women restore peace and, thus, complete their mission. //

We're doing this with the cooperation of the United Nations and twenty-two countries involved in the Persian Gulf effort. I am proud that a substantial majority of Arab nations support our efforts -- standing with us against a brutal aggression. The world is united for stability and security. We will remain united. // In that spirit, I look forward to Sunday's meeting with President Gorbachev in Helsinki. Let me take a few moments to talk in an informal discussion about a wide array of subjects.

When President Gorbachev and I met last June, I mentioned the hope that we could meet more frequently: The better we understand each other, the closer -- I believe -- we can work together. // The past year has seen new levels of cooperation between our two Nations. The Persian Gulf shows what this cooperation can achieve. So on Sunday, President Gorbachev and I will talk of the Gulf crisis and other regional issues. I hope to also discuss the progress of Soviet reform. And I will continue to press for a prompt resolution of a START treaty.

This meeting can further expand cooperation between the U.S. and Soviet Union. Yet to complete our Persian Gulf mission will also require what Chairman of the Joint Chiefs of Staff Colin Powell called "the finest peacetime military in the history of America." As long as I am President, that military will remain purposeful and proud. //

((Today, the finest soldiers, sailors, airmen, and Marines any Nation could have are showing how the best way to keep the peace is to keep America militarily strong. // Here are some

The mission I speak of will also require what Chairman of the Joint Staffs Powell called "the finest peacetime military in the history of America." ((Today, the finest soldiers, sailors, airmen, and Marines any Nation could have are showing how the best way to keep the peace is to keep America militarily strong. // Here are some examples -- all now on active duty in Saudi Arabia with the Air National Guard's 190th Air Refueling Group from Topeka's Forbes Field. // Sergeant Johnnie Keller is a graduate of Osage [Osage] City High School, who last March joined the Guard. Today, he's standing shoulder to shoulder for what is right, and good, with colleagues like Theresa Boyd of Lawrence -- a jet engine mechanic and 11-year Guard veteran. And technical sergeant Bill Hortenstine, a Highland Park grad who helps maintain the KC-135 tankers that refuel planes on the way to Saudi Arabia. //

((Finally, I'd like to mention two other members of the 190th -- Bonita Pardue and Nic White. Then came the bad news: The 190th's Chaplain was sent to the Middle East. // ~~New, the good news. The~~

((These Kansans reflect the true caliber of America -- and the vital essence of our mission. A mission embodied by a short note received by Lieutenant Colonel Don Fowler in the Saudi Arabian Control Center. The note came from a Kuwaiti refugee who didn't speak English well -- but whose words had a simple eloquence. A capital "I," a small heart, and the letters "USA."))

The letters "USA" aren't merely part of the alphabet. They stand for something called ~~human dignity, and self-determination.~~ *freedom and justice.* Qualities that Kansans have upheld for decades. // They express the belief that America could not be the land of the free if it were not the home of the brave. A belief that Kansans are *right now* courageously defending on the sands and the waters offshore of Saudi Arabia. //

For more than half-a-century, generations have marveled at a wonderful movie set here in Kansas. Ask anyone from Warsaw to Wichita: They know how Dorothy said, "There's no place like home." // There is nothing I want more than for our American servicemen and women to come home -- and they will / once we've completed a mission that does right by America, and the world. //

Abroad, let us raise the flag of peace and justice. At home, let's show that Kansas does like Mike. // On November 6, ours is the chance to show what we think of the past four great years. Let's seize it. And by re-electing Mike Hayden Governor, help make the next four years the greatest in Kansas history.//

MEMORANDUM FOR CHRISS WINSTON

FROM: JIM PINKERTON

SUBJECT: Hayden Fundraiser

pg. 2, para. 2, line 4 "A compass of morality. And stability -- he keeps things in perspective."

"Morality" and "stability" seem a bit out of place in this list of personal qualities because the latter is not exactly the same as keeping things in perspective -- we would suggest "commonsense" instead; while the former, "morality," just sounds a bit too strong -- we suggest "traditional values."

3,2,12 "...expanding the horizons of the rainbow / we call tomorrow."

Too saccharine. The mawkishness makes it tempting to assume that the phrase is meant ironically -- with a David Letterman smirk.

3,3,1 "All of you remember another great Kansan, Alf Landon."

It seems strange here not to mention Sen. Nancy Landon Kassebaum, who is not only Alf Landon's daughter, but also up for re-election this year.

5,1,1 "So far I've discussed how we can keep America right at home."

Aside from the possible confusion over the expression "right at home," meaning 'very much at home' rather than 'correct in domestic affairs,' the phrase "keep America right" is not as precise and evocative as, say, "Keep America great" or "build a better America."

5,3,6 "So with our friends and allies, we will do what we did from Corregidor to Hamburger Hill."

Corregidor and Hamburger Hill are not the best examples of American military success. If examples of successful operations with allies are what's required here then

something like Normandy and Inchon seems better.

6,1,2 "...Chairman of the Joint Staffs Powell..."

We suggest using the first name as well: "Colin Powell."

7,3,1 "The letters 'USA' aren't merely part of the alphabet."

Coming after the terrific Kuwaiti refugee anecdote, this and the following passages are especially powerful. The draft has a rousing ending.

PRESIDENTIAL REMARKS: HAYDEN FUNDRAISER
TOPEKA, KANSAS
THURSDAY, SEPTEMBER 6, 1990

Governor Hayden, Congressmen __ and __, distinguished guests. // __, thank you for that introduction. As always, it's wonderful to be back in the very heartland of America. //

Today, I'm privileged to be in Topeka on behalf of a friend. He is a rancher and Viet Nam veteran, an environmentalist and businessman. Most of all, he is the great Governor of a truly great state. // Ladies and gentlemen, Governor Mike Hayden. //

((When I was invited here I was told Mike wanted a man whom Kansans adore to come from Washington to talk on his behalf. // But since Bob Dole couldn't make it, I thought I'd fill in.)) //

((As you may have read, I had some mishaps along the way. First, I was fishing with the Canadian Prime Minister on my boat when it broke down. // The next day we went back out -- and I got hooked in the ear while fishing with the Prime Minister and my son Jeb.)) //

((Talk about compounding injury. After being hooked, Jeb said if I'd been a fish he would have thrown me back. // Brian Mulroney was kinder -- tried to offer his sympathy. One problem: I couldn't hear him over the sound of the fish laughing.)) //

((I'm even thinking about giving up fishing altogether. After all, with the way my golf game's been going, I spend enough time around water just being out on the course. // Last time I

played golf, someone asked why I kept looking at my watch. I said, "This isn't a watch -- it's a compass.") //

For the last four years, Mike Hayden's compass has helped chart the future of Kansas. // A compass of integrity -- embodying Kansas' values of hard work and character. And family -- think of Mike's wife, Patti, and two kids. // A compass of morality. And stability -- he keeps things in perspective. ((It's like Mike tells me. "It's fine that you're here, Mr. President -- but if you really want to wow the crowd, bring Barbara.")) //

These qualities have endeared Mike to Kansas' good, quiet, decent people. It's no surprise that Kansas Likes Mike. // Just look at his background. Kansas State graduate. Member, then Speaker of the Kansas House of Representatives. // He's living proof of words spoken by that great Kansan, Dwight Eisenhower. Ike said, "Our best protection against bigger government in Washington is better government in the States." // Today, we meet to help Mike keep making government better in the State of Kansas. Let's re-elect Mike Hayden to a second term. //

((Mike, of course, was born in Atwood, on the west side of the State. He knows what Ike meant when he talked of "the great and priceless privilege of growing up in a small town." // Let me tell a story about how that privilege can mold a man. A story which shows small-town America's great capacity to care. //

((A two-year-old girl, Lacey Cook, lives in Dodge City. She needed a liver transplant to survive. // When Mike heard about

Lacy, he got on the phone. Called her mother. Helped to arrange for Lacy to get the operation she needed -- even offering the Governor's plane to get her to the hospital. // Next Tuesday, Lacy turns three years old. What's more, she's healthy again, and I'm proud to have her with us today. All Kansans can take pride in the courage evidenced by this wonderful child.) //

You can see what I mean by Mike Hayden's compass. Our task now is to use it to build on the triumphs of the last four years. Consider: Today, more Kansans are working than at any time in our history. Unemployment is the lowest in 11 years. No wonder Kansas likes Mike. // Here's more: Think of Mike's crusade to improve secondary and higher learning. The increase in net farm income -- up \$4 billion since '87. And a \$1.7 billion construction program to modernize your highways. Affection stems from achievements like these. // How did they happen? Not from Washington doing for Kansas -- but through Kansans doing for themselves. Not expanding the budget of the bureaucracy. Rather, expanding the horizons of the rainbow / we call tomorrow.

((All of you remember another great Kansan, Alf Landon. Perhaps you don't recall how once he said: "There are some intelligent people in Washington. [There are] more of them in Kansas.")) // Mike Hayden encapsules Kansas' common sense. So let me briefly talk about how he -- and you -- can help meet America's challenges. Challenges at home -- challenges abroad.

At home, we begin with education -- where Mike has launched a campaign to make Kansas No. 1. Your support can help him

convince the Congress to pass our National Educational Excellence Act. // Then, comes the environment -- here, too, I need Mike to keep America right. In 1987, Governor Hayden elevated the Kansas Department of Wildlife and Parks to Cabinet level status. Your support can help him convince Congress to grant the Environmental Protection Agency Cabinet status and **pass Clean Air legislation I can sign.** // Finally, I need Mike to keep Kansas our Nation's breadbasket, producing more grain than any State. You know how vital agriculture is to America, and the world. //

((Mike grew up on a family farm. I'm sure he's heard the tale of how a city person bought a chicken farm. A friend was astonished. "Do you know anything about breeding chickens?" he asked. "No," said the city person, "but the chickens do."))

In Kansas, even chickens realize that when it comes to farming, Washington Doesn't Know Best. Kansans do. So I ask you to back a new farm bill that emphasizes market-oriented policies giving producers more flexibility to decide what crops to grow. Our new farm bill must be even-handed. And level-headed. Helping lower the deficit and interest rates while increasing choice for farmers and consumers. // We also need to maximize the grain agreement President Gorbachev and I signed at our recent summit. A deal calling for at least 40 million metric tons of grain to be purchased by the Soviets in the next five years. // Here's one more way to keep agriculture strong. I ask you to support our capital gains tax cut proposal which will create new investment. I call on the Congress to pass that bill.//

So far I've discussed how we can keep America right at home.
// Let me close by talking about what we can do to serve the principles we hold dear abroad. I refer to the issue central to our minds, and hearts: the crisis in the Persian Gulf. //

As you know, the outcome is still undecided -- hard choices remain. But of this we are certain: When some ask: Where does America stand? Our answer is: America stands where it always has -- against aggression -- against those who would use force to replace the rule of law. // As a former platoon leader and company commander in Viet Nam, nobody knows this better than Mike Hayden: America will not be intimidated. //

Five weeks ago, these beliefs prompted me to take action in the Middle East to restore the sovereignty of Kuwait and deter those who threaten friendly countries and the vital interests of America. Those objectives are unchanged today. They will remain unchanged. // Kansans know that no one ever walks away from appeasing an aggressor. He only crawls. // So with our friends and allies, we will do what we did from Corregidor to Hamburger Hill. We will not stand by while one country literally swallows another whole. We will stand firm against the aggression now condemned around the world. // Our cause may not be easy -- but it will always be right. So we will do whatever it takes to help our men and women restore peace and, thus, complete their mission. //

This means, first, the cooperation of the United Nations and the twenty-two countries involved in the Persian Gulf effort. We

→ In that spirit, I look forward to Sunday's meeting with President Gorbachev in Helsinki. Together, we talked of how all the great powers ~~can~~ can act ~~as~~ not as arsonists -- but firemen.

are united for stability and security. We will remain united. //

The mission I speak of will also require what Chairman of the Joint Staffs Powell called "the finest peacetime military in the history of America." As long as I am President, that military will remain purposeful and proud. // In his first Inaugural Address, George Washington said "To be prepared for war is one of the most effectual means of preserving the peace." PRESIDENTIAL REMARKS: HAYDEN FUNDRAISER
TOPEKA, KANSAS
THURSDAY, SEPTEMBER 6, 1990

Governor Hayden, Congressmen __ and __, distinguished guests. // __, thank you for that introduction. As always, it's wonderful to be back in the very heartland of America. //

Today, I'm privileged to be in Topeka on behalf of a friend. He is a rancher and Viet Nam veteran, an environmentalist and businessman. Most of all, he is the great Governor of a truly great State. // Ladies and gentlemen, Governor Mike Hayden. //

((When I was invited here I was told Mike wanted a man whom Kansans adore to come from Washington to talk on his behalf. // But since Bob Dole couldn't make it, I thought I'd fill in.)) //

((As you may have read, I had some mishaps along the way. First, I was fishing with the Canadian Prime Minister on my boat when it broke down. // The next day we went back out -- and I got hooked in the ear while fishing with the Prime Minister and my son Jeb.)) //

((Talk about compounding injury. After being hooked, Jeb said if I'd been a fish he would have thrown me back. // Brian Mulroney was kinder -- tried to offer his sympathy. One problem: I couldn't hear him over the sound of the fish laughing.)) //

((I'm even thinking about giving up fishing altogether. After all, with the way my golf game's been going, I spend enough time around water just being out on the course. // Last time I

played golf, someone asked why I kept looking at my watch. I said, "This isn't a watch -- it's a compass.") //

For the last four years, Mike Hayden's compass has helped chart the future of Kansas. // A compass of integrity -- embodying Kansas' values of hard work and character. And family -- think of Mike's wife, Patti, and two kids. // A compass of morality. And stability -- he keeps things in perspective. ((It's like Mike tells me. "It's fine that you're here, Mr. President -- but if you really want to wow the crowd, bring Barbara.)) //

These qualities have endeared Mike to Kansas' good, quiet, decent people. It's no surprise that Kansas Likes Mike. // Just look at his background. Kansas State graduate. Member, then Speaker of the Kansas House of Representatives. // He's living proof of words spoken by that great Kansan, Dwight Eisenhower. Ike said, "Our best protection against bigger government in Washington is better government in the States." // Today, we meet to help Mike keep making government better in the State of Kansas. Let's re-elect Mike Hayden to a second term. //

((Mike, of course, was born in Atwood, on the west side of the State. He knows what Ike meant when he talked of "the great and priceless privilege of growing up in a small town." // Let me tell a story about how that privilege can mold a man. A story which shows small-town America's great capacity to care. //

((A two-year-old girl, Lacey Cook, lives in Dodge City. She needed a liver transplant to survive. // When Mike heard about

Lacy, he got on the phone. Called her mother. Helped to arrange for Lacy to get the operation she needed -- even offering the Governor's plane to get her to the hospital. // Next Tuesday, Lacy turns three years old. What's more, she's healthy again, and I'm proud to have her with us today. All Kansans can take pride in the courage evidenced by this wonderful child.) //

You can see what I mean by Mike Hayden's compass. Our task now is to use it to build on the triumphs of the last four years. Consider: Today, more Kansans are working than at any time in our history. Unemployment is the lowest in 11 years. No wonder Kansas likes Mike. // Here's more: Think of Mike's crusade to improve secondary and higher learning. The increase in net farm income -- up \$4 billion since '87. And a \$1.7 billion construction program to modernize your highways. Affection stems from achievements like these. // How did they happen? Not from Washington doing for Kansas -- but through Kansans doing for themselves. Not expanding the budget of the bureaucracy. Rather, expanding the horizons of the rainbow / we call tomorrow.

((All of you remember another great Kansan, Alf Landon. Perhaps you don't recall how once he said: "There are some intelligent people in Washington. [There are] more of them in Kansas.") // Mike Hayden encapsules Kansas' common sense. So let me briefly talk about how he -- and you -- can help meet America's challenges. Challenges at home -- challenges abroad.

At home, we begin with education -- where Mike has launched a campaign to make Kansas No. 1. Your support can help him

convince the Congress to pass our National Educational Excellence Act. // Then, comes the environment -- here, too, I need Mike to keep America right. In 1987, Governor Hayden elevated the Kansas Department of Wildlife and Parks to Cabinet level status. Your support can help him convince Congress to grant the Environmental Protection Agency Cabinet status and pass Clean Air legislation I can sign. // Finally, I need Mike to keep Kansas our Nation's breadbasket, producing more grain than any State. You know how vital agriculture is to America, and the world. //

((Mike grew up on a family farm. I'm sure he's heard the tale of how a city person bought a chicken farm. A friend was astonished. "Do you know anything about breeding chickens?" he asked. "No," said the city person, "but the chickens do."))

In Kansas, even chickens realize that when it comes to farming, Washington Doesn't Know Best. Kansans do. So I ask you to back a new farm bill that emphasizes market-oriented policies giving producers more flexibility to decide what crops to grow. Our new farm bill must be even-handed. And level-headed. Helping lower the deficit and interest rates while increasing choice for farmers and consumers. // We also need to maximize the grain agreement President Gorbachev and I signed at our recent summit. A deal calling for at least 40 million metric tons of grain to be purchased by the Soviets in the next five years. // Here's one more way to keep agriculture strong. I ask you to support our capital gains tax cut proposal which will create new investment. I call on the Congress to pass that bill.//

So far I've discussed how we can keep America right at home.
// Let me close by talking about what we can do to serve the
principles we hold dear abroad. I refer to the issue central to
our minds, and hearts: the crisis in the Persian Gulf. //

As you know, the outcome is still undecided -- hard choices
remain. But of this we are certain: When some ask: Where does
America stand? Our answer is: America stands where it always
has -- against aggression -- against those who would use force to
replace the rule of law. // As a former platoon leader and
company commander in Viet Nam, nobody knows this better than Mike
Hayden: America will not be intimidated. //

Five weeks ago, these beliefs prompted me to take action in
the Middle East to restore the sovereignty of Kuwait and deter
those who threaten friendly countries and the vital interests of
America. Those objectives are unchanged today. They will remain
unchanged. // Kansans know that no one ever walks away from
appeasing an aggressor. He only crawls. // So with our friends
and allies, we will do what we did from Corregidor to Hamburger
Hill. We will not stand by while one country literally swallows
another whole. We will stand firm against the aggression now
condemned around the world. // Our cause may not be easy -- but
it will always be right. So we will do whatever it takes to help
our men and women restore peace and, thus, complete their
mission. //

This means, first, the cooperation of the United Nations and
the twenty-two countries involved in the Persian Gulf effort. We

are united for stability and security. We will remain united. //

The mission I speak of will also require what Chairman of the Joint Staffs Powell called "the finest peacetime military in the history of America." As long as I am President, that military will remain purposeful and proud. // In his first Inaugural Address, George Washington said "To be prepared for war is one of the most effectual means of preserving the peace." Look to the Persian Gulf: Those words have rarely been truer than now. //

((Today, the finest soldiers, sailors, airmen, and Marines any Nation could have are showing how the best way to keep the peace is to keep America militarily strong. // Here are some examples -- all now on active duty in Saudi Arabia with the Air National Guard's 190th Air Refueling Group from Topeka's Forbes Field. // Sergeant Johnnie Keller is a graduate of Osage [Osage] City High School, who last March joined the Guard. Today, he's standing shoulder to shoulder for what is right, and good, with colleagues like Theresa Boyd of Lawrence -- a jet engine mechanic and 11-year Guard veteran. And technical sergeant Bill Hortenstine, a Highland Park grad who helps maintain the KC-135 tankers that refuel planes on the way to Saudi Arabia. //

((Finally, I'd like to mention two other members of the 190th -- Bonita Pardue and Nic White. For six months they'd been planning an October wedding to coincide with her parents' 50th wedding anniversary. Then came the bad news: The 190th's Chaplain was sent to the Middle East. // Now, the good news. The

couple showed typical Kansas ingenuity. // They sent to Colorado for a replacement.)) //

((These Kansans reflect the true caliber of America -- and the vital essence of our mission. A mission embodied by a short note received by Lieutenant Colonel Don Fowler in the Saudi Arabian Control Center. The note came from a Kuwaiti refuge who didn't speak English well -- but whose words had a simple eloquence. A capital "I," a small heart, and the letters "USA."))

The letters "USA" aren't merely part of the alphabet. They stand for something called human dignity, and self-determination. Qualities that Kansans have upheld for decades. // They express the belief that America could not be the land of the free if it were not the home of the brave. A belief that Kansans are courageously defending on the sands and the waters offshore of Saudi Arabia. //

For more than half-a-century, generations have marveled at a wonderful movie set here in Kansas. Ask anyone from Warsaw to Wichita: They know how Dorothy said, "There's no place like home." // There is nothing I want more than for our American servicemen and women to come home -- and they will / once we've completed a mission that does right by America, and the world. //

Abroad, let us raise the flag of peace and justice. At home, let's show that Kansas does like Mike. // On November 6, ours is the chance to show what we think of the past four great years. Let's seize it. And by re-electing Mike Hayden Governor, help make the next four years the greatest in Kansas history.//

Thank you for this wonderful evening. God bless the United States of America. And God bless the men and women who are keeping it the greatest Nation on the face of this earth.

Helped to arrange for Lacy to get the operation she needed -- even offering the Governor's plane to get her to the hospital. // Next Tuesday, Lacy turns three years old. What's more, she's healthy again, and I'm proud to have her with us today. All Kansans can take pride in the courage evidenced by this wonderful child.) //

You can see what I mean by Mike Hayden's compass. Our task now is to use it to build on the triumphs of the last four years. Consider: Today, more Kansans are working than at any time in our history. Unemployment is the lowest in 11 years. No wonder Kansas likes Mike. // Here's more: Think of Mike's crusade to improve secondary and higher learning. The increase in net farm income -- up \$4 billion since '87. And a \$1.7 billion construction program to modernize your highways. Affection stems from achievements like these. // How did they happen? Not from Washington doing for Kansas -- but through Kansans doing for themselves. Not expanding the budget of the bureaucracy. Rather, expanding the horizons of the rainbow / we call tomorrow.

((All of you remember another great Kansan, Alf Landon. Perhaps you don't recall how once he said: "There are some intelligent people in Washington. [There are] more of them in Kansas.") // Mike Hayden encapsules Kansas' common sense. So let me briefly talk about how he -- and you -- can help meet America's challenges. Challenges at home -- challenges abroad.

At home, we begin with education -- where Mike has launched a campaign to make Kansas No. 1. Your support can help him

convince the Congress to pass our National Educational Excellence Act. // Then, comes the environment -- here, too, I need Mike to keep America right. In 1987, Governor Hayden elevated the Kansas Department of Wildlife and Parks to Cabinet level status. Your support can help him convince Congress to grant the Environmental Protection Agency Cabinet status and **pass Clean Air legislation I can sign**. // Finally, I need Mike to keep Kansas our Nation's breadbasket, producing more grain than any State. You know how vital agriculture is to America, and the world. //

((Mike grew up on a family farm. I'm sure he's heard the tale of how a city person bought a chicken farm. A friend was astonished. "Do you know anything about breeding chickens?" he asked. "No," said the city person, "but the chickens do."))

In Kansas, even chickens realize that when it comes to farming, Washington Doesn't Know Best. Kansans do. So I ask you to back a new farm bill that emphasizes market-oriented policies giving producers more flexibility to decide what crops to grow. Our new farm bill must be even-handed. And level-headed. Helping lower the deficit and interest rates while increasing choice for farmers and consumers. // We also need to maximize the grain agreement President Gorbachev and I signed at our recent summit. A deal calling for at least 40 million metric tons of grain to be purchased by the Soviets in the next five years. // Here's one more way to keep agriculture strong. I ask you to support our capital gains tax cut proposal which will create new investment. I call on the Congress to pass that bill.//

Next Sunday
Meeting

So far I've discussed how we can keep America right at home.
// Let me close by talking about what we can do to serve the principles we hold dear abroad. I refer to the issue central to our minds, and hearts: the crisis in the Persian Gulf. //

As you know, the outcome is still undecided -- hard choices remain. But of this we are certain: When some ask: Where does America stand? Our answer is: America stands where it always has -- against aggression -- against those who would use force to replace the rule of law. // As a former platoon leader and company commander in Viet Nam, nobody knows this better than Mike Hayden: America will not be intimidated. //

Five weeks ago, these beliefs prompted me to take action in the Middle East to restore the sovereignty of Kuwait and deter those who threaten friendly countries and the vital interests of America. Those objectives are unchanged today. They will remain unchanged. // Kansans know that no one ever walks away from appeasing an aggressor. He only crawls. // So with our friends and allies, we will do what we did from Corregidor to Hamburger Hill. We will not stand by while one country literally swallows another whole. We will stand firm against the aggression now condemned around the world. // Our cause may not be easy -- but it will always be right. So we will do whatever it takes to help our men and women restore peace and, thus, complete their mission. //

This means, first, the cooperation of the United Nations and the twenty-two countries involved in the Persian Gulf effort. We

are united for stability and security. We will remain united. //

The mission I speak of will also require what Chairman of the Joint Staffs Powell called "the finest peacetime military in the history of America." As long as I am President, that military will remain purposeful and proud. // In his first Inaugural Address, George Washington said "To be prepared for war is one of the most effectual means of preserving the peace." Look to the Persian Gulf: Those words have rarely been truer than now. //

((Today, the finest soldiers, sailors, airmen, and Marines any Nation could have are showing how the best way to keep the peace is to keep America militarily strong. // Here are some examples -- all now on active duty in Saudi Arabia with the Air National Guard's 190th Air Refueling Group from Topeka's Forbes Field. // Sergeant Johnnie Keller is a graduate of Osage [Osage] City High School, who last March joined the Guard. Today, he's standing shoulder to shoulder for what is right, and good, with colleagues like Theresa Boyd of Lawrence -- a jet engine mechanic and 11-year Guard veteran. And technical sergeant Bill Hortenstine, a Highland Park grad who helps maintain the KC-135 tankers that refuel planes on the way to Saudi Arabia. //

((Finally, I'd like to mention two other members of the 190th -- Bonita Pardue and Nic White. For six months they'd been planning an October wedding to coincide with her parents' 50th wedding anniversary. Then came the bad news: The 190th's Chaplain was sent to the Middle East. // Now, the good news. The

couple showed typical Kansas ingenuity. // They sent to Colorado for a replacement.)) //

((These Kansans reflect the true caliber of America -- and the vital essence of our mission. A mission embodied by a short note received by Lieutenant Colonel Don Fowler in the Saudi Arabian Control Center. The note came from a Kuwaiti refuge who didn't speak English well -- but whose words had a simple eloquence. A capital "I," a small heart, and the letters "USA."))

The letters "USA" aren't merely part of the alphabet. They stand for something called human dignity, and self-determination. Qualities that Kansans have upheld for decades. // They express the belief that America could not be the land of the free if it were not the home of the brave. A belief that Kansans are courageously defending on the sands and the waters offshore of Saudi Arabia. //

For more than half-a-century, generations have marveled at a wonderful movie set here in Kansas. Ask anyone from Warsaw to Wichita: They know how Dorothy said, "There's no place like home." // There is nothing I want more than for our American servicemen and women to come home -- and they will / once we've completed a mission that does right by America, and the world. //

Abroad, let us raise the flag of peace and justice. At home, let's show that Kansas does like Mike. // On November 6, ours is the chance to show what we think of the past four great years. Let's seize it. And by re-electing Mike Hayden Governor, help make the next four years the greatest in Kansas history.//

Thank you for this wonderful evening. God bless the United States of America. And God bless the men and women who are keeping it the greatest Nation on the face of this earth.

PRESIDENTIAL REMARKS: HAYDEN FUNDRAISER
TOPEKA, KANSAS
THURSDAY, SEPTEMBER 6, 1990

Governor Hayden, Congressmen __ and __, distinguished guests. // __, thank you for that introduction. As always, it's wonderful to be back in the very heartland of America. //

Today, I'm privileged to be in Topeka on behalf of a friend. He is a rancher and Viet Nam veteran, an environmentalist and businessman. Most of all, he is the great Governor of a truly great State. // Ladies and gentlemen, Governor Mike Hayden. //

((When I was invited here I was told Mike wanted a man whom Kansans adore to come from Washington to talk on his behalf. // But since Bob Dole couldn't make it, I thought I'd fill in.)) //

((As you may have read, I had some mishaps along the way. First, I was fishing with the Canadian Prime Minister on my boat when it broke down. // The next day we went back out -- and I got hooked in the ear while fishing with the Prime Minister and my son Jeb.)) //

((Talk about compounding injury. After being hooked, Jeb said if I'd been a fish he would have thrown me back. // Brian Mulroney was kinder -- tried to offer his sympathy. One problem: I couldn't hear him over the sound of the fish laughing.)) //

((I'm even thinking about giving up fishing altogether. After all, with the way my golf game's been going, I spend enough time around water just being out on the course. // Last time I

played golf, someone asked why I kept looking at my watch. I said, "This isn't a watch -- it's a compass.") //

For the last four years, Mike Hayden's compass has helped chart the future of Kansas. // A compass of integrity -- embodying Kansas' values of hard work and character. And family -- think of Mike's wife, Patti, and two kids. // A compass of morality. And stability -- he keeps things in perspective. ((It's like Mike tells me. "It's fine that you're here, Mr. President -- but if you really want to wow the crowd, bring Barbara.)) //

These qualities have endeared Mike to Kansas' good, quiet, decent people. It's no surprise that Kansas Likes Mike. // Just look at his background. Kansas State graduate. Member, then Speaker of the Kansas House of Representatives. // He's living proof of words spoken by that great Kansan, Dwight Eisenhower. Ike said, "Our best protection against bigger government in Washington is better government in the States." // Today, we meet to help Mike keep making government better in the State of Kansas. Let's re-elect Mike Hayden to a second term. //

((Mike, of course, was born in Atwood, on the west side of the State. He knows what Ike meant when he talked of "the great and priceless privilege of growing up in a small town." // Let me tell a story about how that privilege can mold a man. A story which shows small-town America's great capacity to care. //

((A two-year-old girl, Lacey Cook, lives in Dodge City. She needed a liver transplant to survive. // When Mike heard about

Lacy, he got on the phone. Called her mother. Helped to arrange for Lacy to get the operation she needed -- even offering the Governor's plane to get her to the hospital. // Next Tuesday, Lacy turns three years old. PRESIDENTIAL REMARKS: HAYDEN FUNDRAISER
TOPEKA, KANSAS
THURSDAY, SEPTEMBER 6, 1990

Mike, thank you for that kind introduction. It's great to be here with you and Patti. I'm also glad to see your distinguished Senator, Nancy Kassebaum. Nancy, your re-election is crucial not just to Kansas -- but to our entire Nation. //

Nancy is a part of Kansas' superb Republican team in Washington. Let me salute a man who couldn't be with us -- our outstanding Senate Minority Leader, Bob Dole. // Harland Priddle and Wynn Priddle, thank you for co-hosting this luncheon. Also, thanks to Harold Wilkens, our Ambassador to the Netherlands. It's great to see John Peterson, who did such a magnificent job of running our campaign here in 1988. National Committee members Mary Alice Lair and Jack Ranson, GOP state chairwoman Rochelle Chronister, as well as Don and Adele Hall. And a special hello to a friend of Mike's: Lacey Cook of Dodge City. // Lacey has fought a brave battle against leukemia -- and she'll be three years old next Tuesday. All Kansans can take pride in the courage evidenced by this wonderful child. //

Today, I'm privileged to be back in the very heartland of America -- and to speak on behalf of a friend. He is a Viet Nam veteran, an environmentalist, and businessman. Most of all, he is the great Governor of a truly great state. // Ladies and gentlemen, Governor Mike Hayden. //

((As you may have read, I had some mishaps on my way here. First, I was fishing with the Canadian Prime Minister on my boat when it broke down. // The next day we went back out -- and I got hooked in the ear while fishing with the Prime Minister and my son Jeb.)) //

((Talk about adding insult to injury. After they unhooked me, Jeb tried to throw me back. // Brian Mulroney was kinder -- tried to offer his sympathy. Only problem: I couldn't hear him over the sound of the fish laughing.)) //

((I'm even thinking about giving up fishing altogether. After all, with the way my golf game's been going, I spend enough time in the water just being out on the course. // Last time I played golf, someone asked why I kept looking at my watch. I said, "This isn't a watch -- it's a compass.") //

For the last four years, Mike Hayden's compass has helped chart the future of Kansas. // A compass of integrity -- embodying the Kansas of hard work and character. And family -- think of Mike's wife, Patti, and two wonderful daughters. // A compass of traditional values. And common sense -- he keeps things in perspective. ((It's like Mike tells me. "It's fine that you're here, Mr. President -- but if you really want to wow the crowd, bring Barbara.)) //

These qualities have endeared Mike to Kansas' good, quiet, decent people. It's no surprise that Kansas Likes Mike. // Just look at his background. Kansas State graduate. Member, then Speaker of the Kansas House of Representatives. // He's living

proof of words spoken by that great Kansan, Dwight Eisenhower. Ike said, "Our best protection against bigger government in Washington is better government in the states." // Today, we meet to help Mike keep making government better in the State of Kansas. Let's re-elect Mike Hayden to a second term. //

Consider: Today, more Kansans are working than at any time in our history. Unemployment is the lowest in 11 years. No wonder Kansas likes Mike. // Here's more: Think of the increase in net farm income -- up \$4 billion since '87. And a \$2.6 billion construction program to modernize your highways. Affection stems from achievements like these. How did they happen? Not from Washington doing for Kansas -- but through Kansans doing for themselves. Not expanding the budget of the bureaucracy. Rather, expanding the horizons of Kansans young and old.

((All of you remember another great Kansan, Alf Landon. Perhaps you don't recall how once he said: "There are some intelligent people in Washington. [There are] more of them in Kansas.")) // Mike Hayden encapsules Kansas' thinking. So let me briefly talk about how he -- and you -- can help meet America's challenges. Challenges at home -- challenges abroad.

At home, we begin with education -- where Mike has launched a campaign to make Kansas No. 1. Your support can help him convince the Congress to pass our National Educational Excellence Act. // Then, comes the environment -- here, too, I need Mike to "keep America right." In 1987, Governor Hayden elevated the Kansas Department of Wildlife and Parks to Cabinet level status.

Your support can help him convince Congress to grant the Environmental Protection Agency Cabinet status and pass Clean Air legislation I can sign. // Finally, I need Mike to keep Kansas our Nation's breadbasket, producing more wheat than any State. You know how vital agriculture is to America, and the world. //

((Mike grew up on a family farm. I'm sure he's heard the tale of how a city person bought a chicken farm. A friend was astonished. "Do you know anything about breeding chickens?" he asked. "No," said the city person, "but the chickens do.")) //

In Kansas, even chickens realize that when it comes to farming, Washington Doesn't Know Best. Kansans do. So I ask you to back a new farm bill that emphasizes market-oriented policies. Our new farm bill must be even-handed. And level-headed. Enhancing American competitiveness. We must help lower interest rates and the deficit while increasing choice for farmers and consumers. // We also need to get the most from the grain agreement President Gorbachev and I signed at our recent summit. A deal calling for at least 50 million metric tons of grain to be purchased by the Soviets in the next five years. Our ongoing Uruguay Round of negotiations can continue this movement toward cooperation and free trade. // Here's one more way to keep agriculture strong. I ask you to support our capital gains tax cut proposal which will create new investment. I call on the Congress to take action now. //

So far I've discussed how we can keep America, to paraphrase Mike, "right" at home. // Let me close by talking about what we

can do to serve the principles we hold dear abroad. I refer to the issue central to our minds and hearts: the crisis in the Persian Gulf. //

As you know, the outcome is still undecided -- hard choices remain. But of this we are certain: When some ask: Where does America stand? Our answer is: America stands where it always has -- against aggression -- and America will not be intimidated. //

Five weeks ago, these beliefs prompted me to take action in the Middle East toward restoring the sovereignty of Kuwait and deterring those who threaten friendly countries and the vital interests of America. Those objectives are unchanged today. They will remain unchanged. // We will not stand by while one country devours another unthreatening country whole. We will stand firm against the aggression now condemned around the world. // Our cause may not be easy -- but it will always be right. So we will do whatever it takes to help our men and women restore peace and, thus, complete their mission. //

We're doing this with the cooperation of the United Nations and twenty-two countries involved in the Persian Gulf effort. We are united for stability and security. We will remain united. In that spirit, I look forward to Sunday's meeting with President Gorbachev in Helsinki. Let me take a few moments to talk about what will be an informal discussion. //

When President Gorbachev and I met last June, I mentioned the hope that we could meet more frequently: The better we understand each other, the closer -- I believe -- we can work

together. // The past year has seen new levels of cooperation between our two Nations. The Persian Gulf shows what this cooperation can achieve. So on Sunday, President Gorbachev and I will talk of the Gulf crisis and other regional issues. I hope to also discuss the progress of Soviet reform. And I will continue to press for a prompt resolution of a START treaty.

This meeting can further expand cooperation between the U.S. and Soviet Union. Yet to complete our Persian Gulf mission will also require what Chairman of the Joint Chiefs of Staff Colin Powell called "the finest peacetime military in the history of America." As long as I am President, that military will remain purposeful and proud. //

((Today, the finest soldiers, sailors, airmen, and Marines any Nation could have are showing how the best way to keep the peace is to keep America militarily strong. // Here are some examples -- all now on active duty in Saudi Arabia with the Air National Guard's 190th Air Refueling Group from Topeka's Forbes Field. // Sergeant Johnnie Keller is a graduate of Osage [Osage] City High School, who last March joined the Guard. Today, he's standing shoulder to shoulder for what is right and good, with colleagues like Theresa Boyd of Lawrence -- a jet engine mechanic and 11-year Guard veteran. And technical sergeant Bill Hortenstine, a Highland Park grad who helps maintain the KC-135 tankers that refuel planes on the way to Saudi Arabia. //

((These Kansans reflect the true caliber of America -- and the vital essence of our mission. A mission embodied by a short

note received by Lieutenant Colonel Don Fowler in the Saudi Arabian Control Center. The note came from a Kuwaiti refugee who didn't speak English well -- but whose words had a simple eloquence. A capital "I," a small heart, and the letters "USA.")

The letters "USA" aren't merely part of the alphabet. They stand for something called freedom and justice. Qualities that Kansans have upheld for decades. // They express the belief that America could not be the land of the free if it were not the home of the brave. A belief that Kansans are courageously defending right now on the sands and the waters offshore of Saudi Arabia. //

For more than half-a-century, generations have marveled at a wonderful movie set here in Kansas. Ask anyone from Warsaw to Wichita: They know what Dorothy said, "There's no place like home." // There is nothing I want more than for our American servicemen and women to come home -- and they will / once we've completed a mission that does right by America, and the world. //

Abroad, let us raise the flag of peace and justice. At home, let's show that Kansas does like Mike. // On November 6, ours is the chance to show what we think of the past four great years. Let's seize it. And by re-electing Mike Hayden Governor, help make the next four years the greatest in Kansas history.//

Thank you for this wonderful reception. God bless the United States of America. And God bless the men and women who are keeping it the greatest Nation on the face of this earth.

MEMORANDUM FOR CHRISS WINSTON

FROM: HOLLY WILLIAMSON *HW*

SUBJECT: Hayden Fundraiser

Cooper Evans' office has provided us with some additional background information that may be helpful in the Hayden fundraiser address.

There is a great deal of pressure on wheat prices due to a number of factors -- rising stocks, aggressive wheat subsidies by the EC, loss of the Iraq market. The price of wheat is the number one concern of Kansas farmers.

Also note that prices for wheat are substantially lower than last year and falling. In fact, prices are well below USDA's projected average price. As a result, Republican and Democrat members of the Kansas congressional delegation have requested USDA to take a number of steps like replenish the Food Security Wheat Reserve (which USDA announced last week would be replenished).

Cooper's office also wanted me to note that planting flexibility is not popular among wheat farmers because they do not have as many crop alternatives as do soybean or corn producers.
