MEMORANDUM FOR THE PRESIDENT  
THROUGH: DAVE DEMAREST *DD*  
FROM: JENNIFER GROSSMAN *JAG*  
SUBJECT: DOUG SANDERS TOURNAMENT

On Friday, May 15th, at 7:40 p.m., in Houston's Wyndham Hotel, you will deliver brief remarks (4 minutes/cards) to an audience of 900 golfers, United Negro College officials, guests, and celebrities. UNCF President William Gray introduces you. He will have just accepted presentation of a check from Doug Sanders -- the tournament having raised funds for the UNCF.

Your remarks praise the mission of the UNCF, emphasizing that the crises in Los Angeles must not deter us from a commitment to give opportunity and hope to young African-Americans.

PRESIDENTIAL REMARKS: DOUG SANDERS TOURNAMENT  
HOUSTON, TEXAS  
FRIDAY, MAY 15, 1992

[Acknowledgements] As Barbara and I were driving here, I was feeling a little philosophic. And I told her that golfing really is a funny game, in a way. \ She said, "Yes. The way you play it -- it sure is." \\ But to tell you the truth, I do get a little frustrated with my golf game from time to time. \ It's the one thing I can't blame on the Democrats.

The Doug Sanders tournament is always a wonderful event. It kind of reminds me of that old adage: "Drive for show and putt for dough." Doug keeps insisting that the saying goes: "Dress for show." \\ I don't know how we ever got him into black tie.

But the real reason we're here could be summed up in the words of the great golf and tennis-pro, Althea Gibson. Althea used to say, "No matter what accomplishments you make, somebody helps you." That's true. And that's what the United Negro College Fund is all about. The mission of the UNCF is to preserve and cultivate our most precious resource: the young minds of the next generation.

I remember when I first heard about the UNCF. It wasn't long after the organization got started. I was myself a senior in college back then. A man named Bill Trent came to speak to a group of us. I remember going up to him afterwards. We talked.

I guess I did most of the listening. I remember that he spoke about opportunity, about dignity, about change.

What we saw in Los Angeles two weeks ago challenged our faith in those simple words. But I also saw and heard about other things as I walked the streets of South Central L.A. -- things that gave me hope. I heard about people reaching across lines of color to rebuild broken trust. About a black pastor who saw a man being beaten, and laid his body over him until the beating stopped. About citizens carrying water to put out the fires. About a little girl who prayed that it would never be dark again.

These simple acts of courage echo the guidance of Martin Luther King, Jr. He taught us that "the time is always ripe to do right." I really believe that. And I've tried to do what I could so that someday, maybe for our grandchildren, racism and bigotry of every kind will be nothing more than ugly memories. This President, this Administration, will do everything we can to wipe bigotry, racism, and anti-semitism off the face of this great land.

I also believe there are limits to what government can do. Government alone won't solve our problems. Sure, government can make good laws -- but government can't make men good. The answers to our problems start in places no law or code could ever touch -- in our hearts and in our minds. I think about the mission of the College Fund -- about giving young African-Americans the education and opportunity they need to make their

way. That's real heroism. And I'm very, very honored to be a part of it. Thank you. God bless you, and God bless the United States of America.

PRESIDENTIAL REMARKS: DOUG SANDERS TOURNAMENT  
HOUSTON, TEXAS  
FRIDAY, MAY 15, 1992

[Acknowledgements] As Barbara and I were driving here, I was feeling a little philosophic. And I told her that golfing really is a funny game, in a way. \ She said, "Yes. The way you play it -- it sure is." \ \ But to tell you the truth, I do get a little frustrated with my golf game from time to time. \ It's the one thing I can't blame on the Democrats.

The Doug Sanders tournament is always a wonderful event. It kind of reminds me of that old adage: "Drive for show and putt for dough." Doug keeps insisting that the saying goes: "Dress for show." \ \ I don't know how we ever got him into black tie.

But the real reason we're here could be summed up in the words of another great golf-pro, Althea Gibson. Althea used to say, "No matter what accomplishments you make, somebody helps you." That's true. And that's what the United Negro College Fund is all about. The mission of the UNCF is to preserve and cultivate our most precious resource: the young minds of the next generation.

I remember when I first heard about the UNCF. It wasn't long after the organization got started. I was myself a senior in college back then. A man named Bill Trent came to speak to a group of us. I remember going up to him afterwards. We talked.

I guess I did most of the listening. I remember that he spoke about opportunity, about dignity, about change.

What we saw in Los Angeles two weeks ago challenged our faith in those simple words. But I also saw and heard about other things as I walked the streets of South Central L.A. -- things that gave me hope. I heard about people reaching across lines of color to rebuild broken trust. About a black pastor who saw a man being beaten, and laid his body over him until the beating stopped. About citizens carrying water to put out the fires. About a little girl who prayed that it would never be dark again.

These simple acts of courage echo the guidance of Martin Luther King, Jr. He taught us that "the time is always ripe to do right." I really believe that. And I've tried to do what I could so that someday, maybe for our grandchildren, racism and bigotry of every kind will be nothing more than ugly memories. This President, this Administration, will do everything we can to wipe bigotry, racism, and anti-semitism of the face of this great land.

I also believe there are limits to what government can do. Government alone won't solve our problems. Sure, government can make good laws -- but government can't make men good. The answers to our problems start in places no law or code could ever touch -- in our hearts and in our minds. I think about the mission of the College Fund -- about giving young African-Americans the education and opportunity they need to make their

way. That's real heroism. And I'm very, very honored to be a part of it. Thank you. God bless you, and God bless the United States of America.
