SERVICE CLUBS PICNIC \ JACKSON HOLE, WYOMING
FRIDAY, JULY 17, 1992 \ 12:00 P.M.

GOOD AFTERNOON EVERYBODY ... AND THANKS FOR THAT
WARM WYOMING WELCOME. CRAIG (REP. THOMAS), THANK YOU
FOR THAT FINE INTRODUCTION. I'D LIKE TO SINGLE OUT A
FEW OF OUR GUEST IN THE AUDIENCE ... SENATOR AL
SIMPSON; MAYOR BILL WESTBROOK; FORMER WYOMING GOVERNOR
AND SENATOR CLIFF HANSEN AND HIS WIFE MARTHA; FORMER
NEBRASKA SENATOR CURTIS; MY FORMER RNC COLLEAGUE
ESTELLE STACIE CARRIER AND HER HUSBAND, JOHN; AND
FORMER SECRETARY OF THE INTERIOR JIM WATT AND HIS
LOVELY WIFE, LEILANI.

- 2 -

I CAN'T THINK OF A BETTER WAY TO SPEND A FRIDAY
AFTERNOON. BIG SKY. HOT SUN. A STUNNING VIEW. AND A
HEAPING PLATE OF BAKED BEANS ... COLE SLAW ... WITH
NOT A SINGLE PIECE OF BROCCOLI IN SIGHT.

✓ ((IN THE PICNIC LINE ... SOMEONE ASKED IF I'D CARE TO
COMMENT ON THIS WEEK'S BIG EVENT ... THE ONE THAT
✓ CAPTURED THE ATTENTION OF MILLIONS OF TV VIEWERS ALL
ACROSS THIS COUNTRY.

- 3 -

TO BE BRUTALLY HONEST ... I THOUGHT THE ALL-STAR GAME WOULD BE A LOT CLOSER. //))

SERIOUSLY ... IT WAS AN IMPORTANT WEEK IN AMERICAN POLITICS. AND I WOULD LIKE TO SAY A WORD ABOUT ROSS PEROT ... AND THE SURPRISING ANNOUNCEMENT YESTERDAY.

- 4 -

I ADMIT ... AS THE INCUMBENT PRESIDENT ... IT IS TEMPTING TO QUIETLY APPLAUD THE FACT THAT THIS STRANGE POLITICAL YEAR HAS SUDDENLY BECOME ... QUOTE ... NORMAL.

BUT I CANNOT DO THAT. THE GRASS ROOTS FERVOR OF THE PEROT SUPPORTERS TRANSCENDS WHAT WE CALL ... POLITICS AS USUAL.

YOU SEE ... A VOTE WAS TAKEN THIS SPRING AND SUMMER
IN AMERICA. NO BALLOTS WERE CAST. NO POLLS OPENED.
BUT A REFERENDUM TOOK PLACE NONETHELESS.

NOBODY WON THIS ELECTION ... BUT POLITICS LOST.

POLITICS LOST BECAUSE IT HAS BECOME INCREASINGLY
IRRELEVANT TO MANY AMERICANS ... ITS LANGUAGE IS NOT
UNDERSTOOD AROUND OUR KITCHEN TABLES.

POLITICS ... FOR TOO MANY PEOPLE ... HAS BECOME
SYNONYMOUS WITH SLOGANS ... POSTURING ... IT HAS COME
TO MEAN THE OPPOSITE OF "PROGRESS."

TODAY I HAVE A MESSAGE FOR ANYONE WHO SUPPORTED
ROSS PEROT ... AND ANY AMERICAN WHO IDENTIFIES WITH
THEIR FRUSTRATION.

I HEAR YOU. YOU HAVE COME THROUGH LOUD AND CLEAR.

ROSS PEROT LIKED TO SAY TWO WORDS MORE THAN ANY OTHERS. "YOU" ... AND "WIN." AND TODAY I CAN SAY TO HIS SUPPORTERS ... WHILE POLITICS AS USUAL HAS LOST ... YOU HAVE WON.

I HEAR THE VOICES ... IN SO MANY ACCENTS ... WHO SAY "ATTENTION MUST BE PAID" TO OUR JOBS ... OUR SCHOOLS ... OUR FAMILIES. ATTENTION MUST BE PAID TO OUR FUTURE.

I HEAR YOUR CALL. MORE THAN THAT ... I SHARE YOUR FRUSTRATION.

IN MY FIRST TERM IN OFFICE .. I HAVE LEARNED IT IS FAR EASIER TO CONVINCe THE LEADERS OF DIVERSE NATIONS TO MOBILIZE TO CONFRONT A TYRANT ... THAN TO CONVINCe CONGRESS TO APPROVE A RELATIVELY SMALL TAX INCENTIVE ... SO THAT YOUNG AMERICANS CAN BUY A FIRST HOME.

I SAY THIS NOT TO BASH CONGRESS ... BUT TO TELL YOU THAT THE VIEW FROM THE WHITE HOUSE LOOKS THE SAME AS THE VIEW FROM YOUR FRONT PORCH.

THE SYSTEM NEEDS REPAIR.

MY MESSAGE TO THE DISILLUSIONED AND DISAFFECTED IS SIMPLE ... DON'T WALK AWAY FROM THE SYSTEM. DON'T ASSUME THAT WITHOUT A PROTEST VOTE ... THERE IS NO VOTE AT ALL.

THE SOLUTION TO OUR CHALLENGES TODAY ... IS THE SAME THAT AMERICA HAS TURNED TO SO MANY TIMES BEFORE ... THAT MIXTURE OF VALUES, EXPERIENCE AND IDEAS WE CALL LEADERSHIP.

WHAT KIND OF LEADERSHIP DO WE NEED?

**I BELIEVE OUR FIRST PRIORITY IS TO PROVIDE MORE
* ECONOMIC OPPORTUNITY FOR MORE PEOPLE.**

**TOO MANY PEOPLE HAVE WORKED FOR A COMPANY FOR 20
YEARS ... ONLY TO WORRY THAT THE NEXT MAIL RUN WILL
BRING A PINK SLIP. TOO MANY PARENTS HAVE SAVED TO SEND
KIDS TO COLLEGE ... ONLY TO FIND THAT THE GRADUATES
CAN'T GET A GOOD JOB.**

*** THE FIRST ORDER OF BUSINESS IS TO GET THE FEDERAL
DEFICIT DOWN ... BY CUTTING FEDERAL SPENDING.**

THEN WE HAVE TO CREATE INCENTIVES FOR THE PEOPLE AND BUSINESSES WHO CREATE JOBS ... AND GIVE THEM ACCESS TO THE NEW MARKETS THAT ARE OPENING AROUND THE WORLD.

I ALSO BELIEVE WE HAVE TO RESTORE THE TRADITIONAL AMERICA VALUES THAT HAVE HELD OUR SOCIETY TOGETHER FOR 200 YEARS.

I'M TALKING ABOUT KNOWING THE DIFFERENCE BETWEEN RIGHT AND WRONG. HELPING OUR NEIGHBORS. PUTTING FAMILY FIRST. PUTTING OUR FAITH IN SOMETHING LARGER THAN OURSELVES.

I HAPPEN TO KNOW A CERTAIN SILVER-HAIRED PHILOSOPHER ... NAME OF BARBARA BUSH. SHE SAYS THAT WHAT HAPPENS IN YOUR HOUSE ... IS FAR MORE IMPORTANT THAN WHAT HAPPENS IN THE WHITE HOUSE.

I BELIEVE GOVERNMENT CAN BE A FORCE TO STRENGTHEN OUR FAMILIES.

GOVERNMENT CAN REWARD WORK ... NOT WELFARE DEPENDENCY. WELFARE CAN ENCOURAGE FAMILIES NOT TO FALL APART ... BUT TO STICK TOGETHER. AND GOVERNMENT CAN GIVE FAMILIES IN WYOMING AND EVERY OTHER STATE ... THE OPTION OF DECIDING WHERE OUR KIDS SHOULD GO TO SCHOOL. A CHURCH SCHOOL ... A PRIVATE SCHOOL OR A PUBLIC SCHOOL ... WHEREVER THEIR PARENTS CHOOSE.

I ALSO BELIEVE WE MUST RESTORE RESPECT FOR THE LAW. IT IS NOT ENOUGH TO HAVE PEACE IN THE WORLD ... IF PEOPLE DON'T FEEL SAFE IN OUR THEIR BACKYARDS.

WHAT DO YOU SAY ... TO AN ELDERLY WOMAN ... WHO WATCHES THE BERLIN WALL FALL ON TELEVISION ... BUT IS AFRAID TO WALK TO HER GROCERY STORE?

WHAT DO YOU SAY ... TO A TEN-YEAR-OLD KID ... WHO HEARS OF THE RUSSIANS REDUCING NUCLEAR WEAPONS ... THEN HAS TO WALK THROUGH A METAL DETECTOR AT SCHOOL EVERY MORNING?

 YOU SAY. ENOUGH IS ENOUGH. LET'S PUT AN END TO THE LAWLESSNESS. LET'S PUT AN END TO DRUG USE THAT RESULTS IN SO MUCH OF THE ILLEGAL BEHAVIOR.

THIS IS THE KIND OF ACTION I PROPOSE ... TODAY ... RIGHT NOW ... TO SHAKE UP THE SYSTEM ... AND LET AMERICA REALIZE THE OPPORTUNITY BEFORE US.

 IT WON'T BE EASY. FOR THREE YEARS NOW ... I HAVE PROPOSED DRAMATIC CHANGES IN EACH OF THESE AREAS ... AND RUN INTO ROADBLOCKS.

BUT AS I SAID ... "POLITICS AS USUAL" CAN BE NO MORE. YOU WANT ACTION ... YOU WANT CHANGE. AND TO ANYONE WHO WANTS TO BLOCK THAT CHANGE ... I SAY WHAT YOU SAY... GET OUT OF OUR WAY. //

FOR ALL OUR CHALLENGES ... AMERICA' POTENTIAL HAS NEVER BEEN GREATER. IF WE CAN GET OUR ECONOMY MOVING FASTER ... RESTORE OUR FAMILIES AND TAKE BACK OUR STREETS ... OUR POTENTIAL IS AS TALL AS THIS MOUNTAIN RANGE BEHIND ME.

CAN WE DO IT? I BELIEVE WE CAN.

IF WE CAN TOPPLE THE BERLIN WALL ... WE CAN BUILD A STURDY ECONOMY. IF WE CAN LIFT THE IRON CURTAIN ... WE CAN BRING THE CURTAIN DOWN ON "NEW AGE" VALUES. IF WE CAN HELP PEOPLE WALK THE STREETS FREE IN EASTERN EUROPE ... WE CAN TAKE BACK THE STREETS OF AMERICA.

IF WE CAN REVIVE A WORLD'S FAITH IN FREEDOM ... WE CAN REPAIR THE AMERICAN SYSTEM.

THIS IS OUR MISSION ... TO RENEW AMERICA. TO COMPLETE THE DREAM.

FOR YEARS FROM NOW ... WHEN I RETURN FOR A LITTLE MORE TROUT FISHING ... I LOOK FORWARD TO STANDING BEFORE YOU AGAIN AND SAYING: "MISSION ACCOMPLISHED."

GOD BLESS YOU AND GOD BLESS AMERICA.

MEMORANDUM FOR THE PRESIDENT

FROM: STEVEN PROVOST *SP*

SUBJECT: SERVICE CLUBS PICNIC
JACKSON HOLE, WYOMING

On Friday, July 17 at approximately 11:45 a.m., you will address nearly 2500 attendees at a service clubs picnic in Grand Teton National Forest in Jackson Hole. Your remarks (14 minutes, cards) explain three priorities of the campaign, as suggested by Bob Teeter.

Presidential Remarks
Service Clubs Picnic
Jackson Hole, Wyoming
17 July 1992
Draft Two

Good afternoon everybody ... and thanks for that warm Wyoming
welcome. (Acknowledgements)

I can't think of a better way to spend a Friday afternoon. Big
sky. Hot sun. A great view. And a heaping plate of baked
beans ... cole slaw ... with not a single piece of broccoli in
sight.

In the picnic line ... someone asked if I'd care to comment on
this week's big event ... the one that captured the attention of
millions of TV viewers all across this country.

To be brutally honest ... I thought the All-Star game would be a
lot closer.

I just came down from a little fishing up in the woods. With
Secretary of State Jim Baker and two of our sons.

I can pretty much guess what went on in Madison Square Garden.
If you don't mind ... I'd like to take a few minutes ... and give
you a slightly different view of America.

I'd like to talk a little bit about why I'm running for four more years ... rather than spending more of my time fishing in magnificent places like this.

I had the good fortune of growing up in what is known as the American century. A time when opportunity was as vast as this sky above.

But the great thing about America ... is that we wanted everyone to sit in our sunshine. We shared our good fortune. More than that ... we sacrificed for it.

Sometimes in blood. Sometimes in tears. Always in taxes. So that other people wouldn't just yearn to breathe free.

In the past four years ... we saw our efforts pay off. Change of almost Biblical proportions. Captive nations set free. The dark corners of our world bathed in the sunshine of freedom and free enterprise.

We know what this means for the people of Eastern Europe. But what does it mean for us here in America? Two things.

As we sit down for this picnic today ... America is safer from nuclear war. Kids can worry about the big test and the big game ... not what might happen on the "day after" a nuclear explosion.

While the world is still uncertain and dangerous ... we've been able to slow defense spending by a thousand dollars a year for every American family.

The other change ... of course ... is the world economy is being revolutionized. More people have bought our way of doing business ... they want to produce and consume products and services.

Now ... I'm sure in New York ... our economy was called second class ... second rate.

But although we have problems ... lets keep in mind a few facts.

We are still the world's largest and most vibrant economy.
Second to no one.

American products ... our cars, computers ... even our colas ... are now sold in more nations than ever before.

Despite a sluggish world economy ... American companies have created more than a million-and-a-half export jobs over the past three years.

Our factories produce a higher percentage of the world's manufactured goods than we did 20 years ago.

Our companies lead in more than one-half of the world's critical high technology industries.

We've tamed inflation. Interest rates are generally at a 20-year-low.

And don't ever forget this. What a Japanese worker can produce in five days ... an American can make in four.

Now the truth is ... the world's recent changes have confronted us with some of the biggest challenges in our history. But they also present us with awesome opportunities.

The question is ... can we compete ... now that so many other nations are playing our game?

And if we can compete ... and we will ... we need to understand that as victors ... the spoils are bigger and better than ever in human history.

More people are eager for the fruit of our labors. That means more jobs ... and more prosperity for our kids ... and their kids.

Now ... that's where America is today. The question is ... how do we take advantage of the opportunity?

First ... we must create and protect our jobs ... provide more opportunity for more people.

Our economy is growing today ... but it must grow faster.

Too many people have worked for a company for 20 years ... only to worry that the next mail run will bring a pink slip. Too many parents have saved to send kids to college ... only to find that the graduates can't get a good job.

I used to run a business ... meet a payroll. I know that the only way to create jobs ... is to support the people who create the jobs.

That means cutting the deficit ... by reducing the size of government. It means giving people incentives to save and invest in our future.

With Congress's help ... or without it ... I'm going to get the job done!

My second priority: Restore traditional American values.

I'm not talking slogans here. I'm talking the fundamental moral and ethical underpinnings of our country. Knowing the difference between right and wrong. Helping our neighbors. Understanding that we have to sue each other less ... and love each other more.

A couple months ago ... I happened to be in San Antonio, meeting with some of the front-line soldiers in the war on drugs. I saw a story in the newspaper. A cab driver had been murdered ... another act of random, senseless violence.

But what stopped me in my tracks was that the murderer was a 12-year-old boy. And as he left the courtroom ... the sheriffs struggled to adjust his handcuffs ... because they wouldn't stay on his thin wrists.

Just one story ... I'm sure you can tell many more ... about the consequences of families breaking down in America.

For an answer ... I turn to a silver-haired philosopher. Her name is Barbara Bush. She says that what happens in your house ... is far more important than what happens in the White House.

I happen to agree.

The first thing government can do is to take its own Hippocratic Oath: "Do no harm." Stop breaking families apart ... and start bringing them together.

Let's give parents the freedom to choose their kids schools. Let's create a welfare system that rewards work and the human capacity to improve.

My third priority ... very simple. Restore respect for the law.

What do you say ... to an elderly woman ... who watches the Berlin Wall fall on television ... but is afraid to walk to her grocery store?

What do you say ... to a ten-year-old kid ... who hears of the Russians reducing nuclear weapons ... then has to walk through a metal detector at school every morning?

You say. Enough is enough. Let's put an end to the lawlessness. Let's put an end to the illegal behavior.

These are my principles ... the things I believe in. I hope you do too.

You might be thinking ... why haven't you acted already? The truth is we have made some progress ... in education, welfare reform and child care ... we're building solid foundations for the 21st century.

But it's also true that these changes aren't popular in some places. They threaten the usual way of doing business. They get under the skin of special interests.

But I'm not backing off ... and I don't believe you want me to. America has a burr under her saddle today. We don't want talk ... we want leadership. And I'm going to provide it.

Despite everything you might have heard in New York this week ... I believe America's potential is still vast ... still as big as this blue sky above.

I've seen this nation climb much taller mountains ... and my faith is as strong as ever.

If we can topple the Berlin Wall ... we can build a sturdy economy. If we can lift the iron curtain ... we can bring the curtain down on "new age" values. If we can help people walk the streets free in Eastern Europe ... we can take back the streets of America.

This is our mission ... to renew America. To complete the dream.

For years from now ... when I return for a little more trout fishing ... I look forward to standing before you again and saying: "mission accomplished."

God bless you and God bless America.

Now don't get me wrong. We have our problems. We have our

Our mission ... very simply ... is to finish the job we started
four decades ago ... and made so much progress on the past four
years.

Think about why we sacrificed all those decades. For
selflessness ... and self-interest.

(Be more?)

We understood that if we could eliminate the specter of nuclear
war ... if we could win more of the world's people to freedom and
free enterprise ... our children would live more secure and ~~(be)~~
prosperous.

We've worked miracles across the world ... now it's time to work
a miracle in America.

First ... we must create more opportunity for more people. That means slashing the budget deficit ... and reducing the size of government.

Second ... it's time for a moral revival in this country ... a return to the solid values that have carried us for 200 years.

Third ... peace in the world means nothing ... if we are not secure in our own backyards. Government must guarantee the security of all people.

These are the three principles I will use to lead this nation the next four years.

Our economy is growing today ... but it must grow faster.

Too many people have worked for a company for 20 years ... only to worry that the next mail run will bring a pink slip. Too many parents have saved to send kids to college ... only to find that the graduates can't get a good job.

war ... if we could win more of the world's people to freedom and
free enterprise ... our children would live more secure and ~~be~~

We've worked miracles across the world ... now it's time to work
a miracle in America.

First ... we must create more opportunity for more people. That means slashing the budget deficit ... and reducing the size of government.

Second ... it's time for a moral revival in this country ... a return to the solid values that have carried us for 200 years.

Third ... peace in the world means nothing ... if we are not secure in our own backyards. Government must guarantee the security of all people.

These are the three principles I will use to lead this nation the next four years.

Our economy is growing today ... but it must grow faster.

Too many people have worked for a company for 20 years ... only to worry that the next mail run will bring a pink slip. Too many parents have saved to send kids to college ... only to find that the graduates can't get a good job.

I used to run a business ... meet a payroll. I know that the only way to create jobs ... is to support the people who create the jobs.

That means cutting the deficit. It means giving people incentives to save and invest in our future.

With the help of Congress ... or without the help of Congress ... I'm going to get the job done!

My second priority: Restore traditional American values.

I'm not talking slogans here. I'm talking the fundamental moral and ethical underpinnings of our country. Knowing the difference between right and wrong. Helping out neighbors. Understanding that you don't sue somebody at every drop of a lawyer's name.

A couple months ago ... I happened to be in San Antonio, meeting with some of the front-line soldiers in the war on drugs. I saw a story in the newspaper. A cab driver had been murdered ... another act of random, senseless violence.

But what stopped me in my tracks was that the murderer was a 12-year-old boy. And as he left the courtroom ... his handcuffs clanged to the floor ... because the child's wrists were too thin.

Just one story ... I'm sure you can tell many more ... about the consequences of families breaking down in America.

For an answer ... I turn to a certain silver haired philosopher. Her name is Barbara Bush. She says that what happens in your house ... is far more important than what happens in the White House.

I happen to agree.

Then we've got to help pull families together. By reforming welfare. Providing better schools.

My third priority ... very simple. Restore respect for the law.

What do you say ... to an elderly woman ... who watches the Berlin Wall fall on television ... but is afraid to walk to her grocery store?

What do you say ... to a ten-year-old kid ... who hears of the Russians reducing nuclear weapons ... then has to walk through a metal detector at school every morning?

→ You say: Enough is enough. Let's put an end to the lawlessness. Let's put an end to the illegal behavior.

These are my principles ... the things I believe in. I hope you do too.

You might be thinking ... why haven't you acted on them already? The truth is we have made some progress ... in education, welfare reform and child care ... we're building solid foundations for the 21st century.

But it's also true that these changes aren't popular in some places. They threaten the usual way of doing things. They get under the skin of special interests.

But I'm not backing off ... and I don't believe you want me to. Americans have a burr under their saddle. They don't want talk ... they want leadership. And I'm going to provide it.

Despite everything you might have heard this week ... I believe America's potential is still vast ... still as big and blue[?] as *E Wals* this sky above. *? blue potential*

I've seen this nation climb mountains much taller... and my faith is as strong as ever.

If we can topple the Berlin Wall ... we can build a sturdy economy. If we can lift the iron curtain ... we can bring the curtain down on "new age" values. If we can help people walk the streets free in Eastern Europe ... we can take back the streets of America.

This is our mission ... to complete the dream. To renew America.

Four years from now ... when I return for a little more trout fishing ... I look forward to standing before you again and saying: "mission accomplished."

Presidential Remarks
Service Clubs Picnic
Jackson Hole, Wyoming
17 July 1992
Draft Two

Good afternoon everybody ... and thanks for that warm Wyoming welcome. (Acknowledgements)

I can't think of a better way to spend a Friday afternoon. Big sky. Hot sun. A stunning view. And a heaping plate of baked beans ... cole slaw ... with not a single piece of broccoli in sight.

Our friends in the press corps are kind of hoping I'll be the proverbial rattlesnake at this picnic ... by talking a little bit about politics.

They want to know if I'd comment on this week's big event ... the one that captured the attention of millions of TV viewers all across this country.

To be brutally honest ... I think the National League should have won the All-Star game.

I just came down from a little fishing up in the woods. With Secretary of State Jim Baker and our sons.

I heard what went on in Madison Square Garden. All the clamor. All the criticism. If you don't mind ... I'd like to take a few minutes ... and give you a slightly different view of America.

Talk a little bit about why I'm running for four more years ... rather than spending more of my time fishing in magnificent places like this.

I had the good fortune of growing up in what is known as the American century. A time when opportunity was as vast as this sky above.

But the great thing about America ... is that we wanted everyone to enjoy our sunshine. We shared our good fortune. More than that ... we sacrificed for it.

Sometimes in blood. Sometimes in tears. Always in taxes. So that other people wouldn't just yearn to breath free.

In the past four years ... we saw our efforts pay off. Change of almost Biblical proportions. Captive nations set free. The dark corners of our world bathed in the sunshine of freedom and free enterprise.

Today ... as we sit down for this picnic ... the specter of nuclear war has receded. While the world can still be uncertain and dangerous ... we've been able to slow defense spending by a thousand dollars for every American family.

American products ... our cars, computers ... even our colas ... are now sold in more nations than ever before. Despite a sluggish world economy ... American companies have created almost two million export jobs over the past five years.

We've tamed inflation. The last time interest rates were this low ... Dick Cheney was a cub Congressman. (Believe me ... that's a long time ago.)

My guess is you didn't hear a lot of this kind of talk in New York City. I'm pretty sure America was described as second rate ... second-class.

It probably wasn't mentioned that we have the world's largest economy ... the most productive workers ... that we sell more of our products from Hong Kong to Honduras ... than the Japanese, the Germans ... anyone else.

The speeches all probably sounded like a Bruce Springsteen song ... tales of factories closed and mills shuttered. No one mentioned that the percent of the world's manufactured goods we produce today ... is higher than it was 20 years ago.

Or how about this. An American worker can produce in four days ... what a Japanese worker can produce in five.

Now don't get me wrong. We have our problems. We have our challenges. But let's keep things in perspective.

Our mission ... very simply ... is to finish the job we started four decades ago ... and made so much progress on the past four years.

This is not the mission described below.

Think about why we sacrificed all those decades. For selflessness ... and self-interest.

We understood that if we could eliminate the specter of nuclear war ... if we could win more of the world's people to freedom and free enterprise ... our children would live more secure and prosperous.

Our economy is growing today ... but it must grow faster.

Too many people have worked for a company for 20 years ... only to worry that the next mail run will bring a pink slip. Too many parents have saved to send kids to college ... only to find that the graduates can't get a good job.

I ^{HAVE} ~~used to~~ run a business ... ~~meet~~ a payroll. I know that the only way to create jobs ... is to support the people who create the jobs.

That means cutting the deficit. It means giving people incentives to save and invest in our future.

With the help of Congress ... or without the help of Congress ... I'm going to get the job done!

My second priority: Restore traditional American values.

I'm not talking slogans here. I'm talking ^{ABOUT} the fundamental moral and ethical underpinnings of our country. Knowing the difference between right and wrong. Helping out neighbors. Understanding that you don't sue somebody at every drop of a lawyer's name.

A couple months ago ... I happened to be in San Antonio, meeting with some of the front-line soldiers in the war on drugs. I saw a story in the newspaper. A cab driver had been murdered ... another act of random, senseless violence.

But what stopped me in my tracks was that the murderer was a 12-year-old boy. And as he left the courtroom ... his handcuffs clanged to the floor ... because the child's wrists were ^{so} ~~too~~ thin.

Just one story ... I'm sure you ^{KNOW} ~~can tell~~ many more ... about the consequences of families breaking down in America.

For an answer ... I turn to a certain silver haired philosopher. Her name is Barbara Bush. She says that what happens in your house ... is far more important than what happens in the White House.

I happen to agree.

The first thing government can do is to take its own Hippocratic Oath: "Do no harm." Stop encouraging single moms from having children ... and start discouraging them.

Then we've got to help pull families together. By reforming welfare. Providing better schools.

My third priority ... very simple. Restore respect for the law.

What do you say ... to an elderly woman ... who watches the Berlin Wall fall on television ... but is afraid ^{TO LEAVE HER HOME} to walk to ~~her~~ ^{THE} grocery store?

What do you say ... to a ten-year-old kid ... who hears of the Russians reducing nuclear weapons ... then has to walk through a metal detector at school every morning?

You say. Enough is enough. Let's put an end to the lawlessness. Let's put an end to the illegal behavior.

These are my principles ... the things I believe in. I hope you do too.

You might be thinking ... why haven't you acted on them already? The truth is we have made some progress ... in education, welfare reform and child care ... we're building solid foundations for the 21st century.

But it's also true that these changes aren't popular in some places. They threaten the usual way of doing things. They get under the skin of special interests.

But I'm not backing off ... and I don't believe you want me to. Americans have a burr under their saddle. They don't want talk ... they want leadership. And I'm going to provide it.

Despite everything you might have heard this week ... I believe America's potential is still vast ... still as big and blue as this sky above.

I've seen this nation climb mountains much taller... and my faith is as strong as ever.

If we can topple the Berlin Wall ... we can build a sturdy economy. If we can lift the iron curtain ... we can bring the curtain down on "new age" values. If we can help people walk the streets free in Eastern Europe ... we can take back the streets of America.

This is our mission ... to complete the dream. To renew America.

Four years from now ... when I return for a little more trout fishing ... I look forward to standing before you again and saying: "mission accomplished."

God bless you and God bless America.

Presidential Remarks
Service Clubs Picnic

Draft Two

Good afternoon everybody ... and thanks for that warm Wyoming welcome. (Acknowledgements)

I can't think of a better way to spend a Friday afternoon. Big sky. Hot sun. A stunning view. And a heaping plate of baked beans ... cole slaw ... with not a single piece of broccoli in sight.

Our friends in the press corps are kind of hoping I'll be the proverbial rattlesnake at this picnic ... by talking a little bit about politics.

They want to know if I'd comment on this week's big event ... the one that captured the attention of millions of TV viewers all across this country.

To be brutally honest ... I think the National League should have won the All-Star game.

I just came down from a little fishing up in the woods. With Secretary of State Jim Baker and our sons.

I heard what went on in Madison Square Garden. All the clamor. All the criticism. If you don't mind ... I'd like to take a few minutes ... and give you a slightly different view of America.

Talk a little bit about why I'm running for four more years ... rather than spending more of my time fishing in magnificent places like this.

I had the good fortune of growing up in what is known as the American century. A time when opportunity was as vast as this sky above.

But the great thing about America ... is that we wanted everyone to enjoy our sunshine. We shared our good fortune. More than that ... we sacrificed for it.

Sometimes in blood. Sometimes in tears. Always in taxes. So that other people wouldn't just yearn to breath free.

In the past four years ... we saw our efforts pay off. Change of almost Biblical proportions. Captive nations set free. The dark corners of our world bathed in the sunshine of freedom and free enterprise.

Today ... as we sit down for this picnic ... the specter of nuclear war has receded. While the world can still be uncertain and dangerous ... we've been able to slow defense spending by a thousand dollars for every American family.

American products ... our cars, computers ... even our colas ... are now sold in more nations than ever before. Despite a sluggish world economy ... American companies have created almost two million export jobs over the past five years.

We've tamed inflation. The last time interest rates were this low ... Dick Cheney was a cub Congressman. (Believe me ... that's a long time ago.)

My guess is you didn't hear a lot of this kind of talk in New York City. I'm pretty sure America was described as second rate ... second-class.

It probably wasn't mentioned that we have the world's largest economy ... the most productive workers ... that we sell more of our products from Hong Kong to Honduras ... than the Japanese, the Germans ... anyone else.

The speeches all probably sounded like a Bruce Springsteen song ... tales of factories closed and mills shuttered. No one mentioned that the percent of the world's manufactured goods we produce today ... is higher than it was 20 years ago.

Or how about this. An American worker can produce in four days ... what a Japanese worker can produce in five.

Now don't get me wrong. We have our problems. We have our challenges. But let's keep things in perspective.

Our mission ... very simply ... is to finish the job we started four decades ago ... and made so much progress on the past four years.

Think about why we sacrificed all those decades. For selflessness ... and self-interest.

We understood that if we could eliminate the specter of nuclear war ... if we could win more of the world's people to freedom and free enterprise ... our children would live more secure and prosperous.

We've worked miracles across the world ... now it's time to work a miracle in America.

First ... we must create more opportunity for more people. That means slashing the budget deficit ... and reducing the size of government.

Second ... it's time for a moral revival in this country ... a return to the solid values that have carried us for 200 years.

Third ... peace in the world means nothing ... if we are not secure in our own backyards. Government must guarantee the security of all people.

These are the three principles I will use to lead this nation the next four years.

Our economy is growing today ... but it must grow faster.

Too many people have worked for a company for 20 years ... only to worry that the next mail run will bring a pink slip. Too many parents have saved to send kids to college ... only to find that the graduates can't get a good job.
