MEMORANDUM TO TONY SNOW

FROM: DALE CURTIS *DC*

RE: PRESIDENT'S REMARKS TO FIRST MEETING OF HIS
PRIVATE-SECTOR COMMISSION ON ENVIRONMENTAL QUALITY,
TUESDAY, JULY 23

At Mike Deland's direction, I have begun to draft some suggestions for remarks by President Bush to the first meeting of the President's private sector Commission on Environmental Quality, Tuesday, June 23 at 11:30am in the Roosevelt Room. I hope to get these ideas to you by Monday afternoon and Mike assumes that you and your team will take the lead from there.

As this is a major CEQ initiative, we are ready to offer any assistance that you will need and assume we will work with you on subsequent drafts.

Best regards.

This will be the first in a series of fundraisers for the Bush-Quayle '92 committee. The President and Mrs. Bush will participate in a similar event Friday, November 1, 1991 in Dallas, Texas. Background - Marlow Industries

On Wednesday, October 9, 1991, Marlow Industries became the first Dallas, Texas winner of the Malcolm Baldrige National Quality Award, the business equivalent of the Pulitzer Prize. Marlow, which employs 160 workers and generates \$12 million in revenues won in the small business category.

Marlow Industries was incorporated in 1973 exclusively for the technical advancement and manufacturing of thermoelectric coolers and related assemblies. Since then, Marlow has opened a branch office and technical center in England to support the growing demand in Europe. Today, Marlow has established a reputation as a "world class" leader in the thermoelectric industry unrivaled in using the latest technology to produce high quality products.

Marlow Industries' Total Quality Control Program is based on the concepts of Statistical Process Control, with an in-process inspection system which includes 100% performance testing. This system is designed to ensure that Marlow Industries meets or exceeds all customer requirements.

Thermoelectric coolers (TEC's) are small heat pumps which obey the laws of thermodynamics as do conventional mechanical heat pumps, absorption refrigerators, and other devices involving the transfer of heat energy, with the exception that TEC's are solid state devices.

Background - Fundraising Luncheon for Texas GOP

The State of Texas will gain three new Congressional districts as a result of reapportionment following the 1990 census. Much of the population growth in Texas has been in traditionally Republican areas.

The Republican Party of Texas, under the strong leadership of Chairman Fred Meyer and U.S. Senator Phil Gramm (R), has taken an aggressive role in attempting to ensure a fair redistricting process. However, because Republicans do not control the reapportionment process, they are forced to litigate a fair outcome. The Party is expected to spend over \$1 million in legal fees this year alone.

The President's participation in this event will assist the Party in raising the necessary funds for the litigation process. Chairman Meyer hopes to raise at least \$750,000 from this event. The Party's lawsuit is currently under review by the U.S. Department of Justice and the Federal Court in Dallas.

Background - Thanks-Giving Square

Thanks-Giving Square is a world center for the expression of thanksgiving and praise. Opened on May 9, 1977, it has been developed by the private, non-profit Thanks-Giving Square Foundation. The Square, designed by world renowned architect, Philip Johnson, is supported by voluntary contributions from individuals, corporations, and other foundations.

The inspiration for Thanks-Giving Square emerged from conversations initiated in 1961 by two Dallas civic leaders who discussed the question, "Can a modern city center its daily life on a spiritual idea, as cities have done throughout history?" In 1964, the Thanks-Giving Square Foundation was chartered and by 1968 the land in Downtown Dallas had been purchased for development. Groundbreaking for the Square began in August, 1975.

The theme of Thanksgiving was chosen because of its universal character. The Dallas community thanksgiving celebration reaches back to 1861. Thanksgiving can joyfully unite varied peoples in ways no other observance can.

Proposed Backdrop

The Backdrop for the Speech to Employees and Families at Marlow Industries will be a replica of a pre-existing banner which currently hangs in the Marlow Lunchroom. The banner, designed by employees, is a world map which depicts the world according to Marlow employees, with countries and oceans renamed to exemplify Marlow's Quality Pledge. The title of the banner is "Voyage to World Class...and Beyond". This will be flanked by the Marlow Company seal on either side of the Banner. The employees and families will be assembled in the company's parking lot as a standing crowd. The Dais participants will also be standing for the duration of the address. The press platform will be straight-on at approximately 60 feet.

The Backdrop for the Fundraising Luncheon for the Texas GOP will be the Play Room at Mr. T. Boone Pickens Residence. Approximately 6 tables of 10 will be set up in the Play Room in a very informal manner. The President will remark from his seat without any A/V support. (The room is small enough to carry his remarks without amplification.) If, for some reason, the Texas GOP is able to sell 10 - 20 more tickets, Mrs. Pickens would like to rent a tent to place in the Backyard and set the Luncheon outside. This, however, remains a remote possibility. The Pre-Luncheon Reception would then take place on the Backyard Deck, instead of in the Trophy Room (spillover onto the Terrace).

The Backdrop for the Thanks-Giving Square Ceremony in the Hall of Thanksgiving will be a replica of the actual Wall of Thanksgiving, which is located on the grounds of Thanks-Giving Square. In the center of the Wall is a brass dove with an olive branch in its mouth, with 13 stars surrounding it. The words on

the wall say "In Prayer and Thanks The People Gather". A Press Travel Pool would cover the event from a platform in the rear of the Hall (approximately 40 feet from the Dais).

The Backdrop for the Bush/Quayle '92 VIP Photo will be a blue drape with the Presidential and U.S. Flags flanking the President and Mrs. Bush. The Backdrop for the Fundraising Dinner will be a large royal blue banner, which reads "Bush/Quayle '92" in red and white with red stars underneath the logo. The 1,000 guests will be seated at round tables, and the press platform will be located straight-on at 70 feet.

KANSAS CITY, MISSOURI

Background - Future Farmers of America

The FFA is a national organization of agriculture students preparing for careers in agricultural marketing, processing, communications, education, horticulture, production, natural resources, forestry, and agribusiness. FFA chapters are established in public schools where they are an integral part of instruction in agriculture under provisions of the National Vocational Education Acts.

The FFA was organized nationally in 1928 in Kansas City by vocational agriculture students who had formed local and state organizations, some dating back to 1917. In 1950, Congress granted the FFA a Federal Charter. Today, there are 7,744 chapters in 50 states as well as Puerto Rico, the District of Columbia, the Virgin Islands, Kosrae, Yap, Guam, Majuro, and Rota. Active membership is 382,748.

The agricultural education/FFA program has three components that provide a well-rounded, practical approach to learning. First, all FFA members are enrolled in agriculture courses in which they study topics such as plant and animal sciences, horticulture, forestry, and agrimarketing. Students can then apply the knowledge and skills learned in the classroom to a Supervised Agricultural Experience (SAE) program at home or a part-time workplace. FFA, the third component, provides opportunities on the local, state, and national levels for students to improve their leadership abilities and test their agricultural skills. Scholarships, travel and awards provide incentives for students to excel.

The FFA's primary purposes are the development of agricultural leadership, cooperation, and citizenship. Through participation in FFA activities, young men and women, ages 12 - 21, interested in all aspects of the agricultural industry, learn how to speak in public, conduct and take part in meetings, handle financial

matters, solve their own problems, and assume civic responsibility.

ST. LOUIS, MISSOURI

Background - Missouri GOP/U.S. Senator Kit Bond

1992 will present Missouri Republicans with a number of challenges--U.S. Senator Bond will seek re-election, Governor Ashcroft cannot seek another term thus creating an open seat, and all statewide office holders will also face re-election. Bond is

very popular and should not face a difficult challenge. The Governor's race is very important, and will force highly contested Republican and Democrat primaries. In addition, Missouri will be a key state in the 1992 Presidential election.

The Missouri Republican Party will play an integral part in supporting all Republicans next year. The Party hopes to raise close to \$500,000 at this event, money that will be utilized in the 1992 election cycle. Missouri GOP Finance Chairman Bucky Bush has established a strong donor network, an effort that will aid the Party's work next year. Senator Bond also hopes to raise approximately \$500,000 for his campaign.

The Co-Chairmen of the Missouri GOP, 10 - 12 people total, are all St. Louis area CEO's who have raised or given a minimum of \$50,000 to the Missouri Republican Party's Victory '92 program. For the Presidential Roundtable, the Co-Chairmen will be seated in a Living-Room style setting in the Presidential Suite. The President, escorted by MRP Finance Chairman "Bucky" Bush and Event Chairman Charles F. Knight, CEO of Emerson Electric Company, will enter the room. After the initial welcome, the President will be seated for a twenty-minute off-the-record discussion with the Co-Chairmen.

The 100 couples (all Sponsor's of the Missouri GOP Fundraiser, Co-Chairmen, and guests) invited to the VIP Reception are Missouri corporate CEO's and executives, who have given a minimum of \$5,000 to the Missouri Republican Party's Victory '92 program. A Reception will be held for Sponsors prior to the President's arrival. The Sponsors will line up as the President enters the room for the standard political photo-op. The Sponsors will be introduced to the President by Bucky Bush prior to the Photo. Following their Photo with the President, the Sponsors will proceed into the Amphitheater for the address to the Missourians for Kit Bond Fundraiser.

Background - Network affiliates' interview

In an effort to reach beyond the beltway to local media when the President travels, this press availability would provide the President with an opportunity to speak with three local television news anchors about domestic issues. The three major stations are KTBI (ABC), KSDK (NBC), and KMOV (CBS). The President would be interviewed by the three anchors, one after another.
