OFFICE OF THE VICE PRESIDENT
WASHINGTON

March 11, 1992

MEMORANDUM FOR THE VICE PRESIDENT

FROM

George Rasley *GR*

SUBJECT

Background on Springfield, Illinois

Only 10 days remain until the President's
March 20th deadline.

> The economy of Springfield has been hard hit during the past year, but it is not as bad as some other areas, such as Peoria. The unemployment rate here rose during 1991 from 4.5% in December of 1990 to 6.6% in December of 1991. All in all some 2,500 jobs were lost in the Springfield metro area; this is still better than the national figure of 7.3% for February 1992.

> The state of Illinois is the largest employer in the Springfield-Sangamon County area. The state is facing a budget crisis and over 150 state workers have already been laid off.

> There are some bright spots though; in 1991 the Springfield real estate market was the best it has ever been, with record sales and record volume. Commercial office space occupancy is in the 80% + range, because Springfield hasn't experienced the over-development causing problems in other parts of the country.

> Labor problems at the giant Caterpillar plant in Peoria may be an issue during your visit to Illinois. On March 5, 1992 Caterpillar notified the UAW that the Company believed an impasse in negotiations had been reached. The principal sticking point is the Union's demand for a UAW "pattern agreement". Caterpillar believes that the pattern agreement will not allow Caterpillar to remain "globally competitive". Last year U.S. Caterpillar lost \$419 million on \$9.8 billion in sales.

> Civil Justice Reform efforts in Illinois may depend on this year's legislative elections. Illinois Product Liability Project (IPLP) reports that many trial lawyers are running for or heavily supporting candidates in new Republican legislative districts. IPLP and The Illinois Business Roundtable are planning a project to educate the public on the background of candidates.

> Tort Reform Alliance of Illinois (TRIAL) is concentrating on a single issue this year. TRIAL IS CURRENTLY DRAFTING A "LOSER PAYS" BILL, inspired by the English Rule proposal from the "Agenda for Civil Justice Reform", produced by the President's Council on Competitiveness. TRIAL hopes to have the bill introduced this spring.

> Choice in Illinois is promoted by TEACH AMERICA a citizen and business coalition. On November 18, 1991 they had a press conference to announce their plan for greater Choice-- including state-wide open enrollment; vouchers for use at private schools; a "Golden-Rule" type initiative for low income families; a postsecondary options proposal and alternative certification for teachers. You met with representatives of TEACH AMERICA a year ago in Chicago on March 13, 1991.

> Lt. Governor Bob Kustra has been supporting a bill to promote greater accountability and save money in Illinois' higher education system. The bill sponsored by Rep. Mike Weaver (R-Mattoon) would abolish the Board of Regents and Board of Governors which currently oversee 8 of Illinois' public universities and provide for direct control by the Illinois Board of Higher Education. Lt. Gov. Kustra said, "We have yet to hold higher education accountable to the same tough standards as elementary and secondary education."

> Illinois JTPA Coordinating Council Chair = Barry Mc Lean

JTPA SDAs = 26

Total JTPA funds = \$98.5 million

Total Participants = 43,431

> Illinois' exports rose 19% in 1990, the most recent year for which figures are available, Illinois' 1990 exports were 80% above their 1987 level.

> In 1990, Illinois ranked 9th among all 50 states and the District of Columbia in the value of its exports.

> Illinois largest foreign market is Canada, followed by Japan, the United Kingdom, West Germany, and Mexico. Among Illinois' major foreign markets trade with Mexico has grown fastest; 216% since 1987. This is 140% faster than its export growth to the rest of the world.

> Caterpillar is one of Illinois' largest exporters. In 1990 Caterpillar's Shin Caterpillar Mitsubishi Ltd., a Japanese joint venture with Mitsubishi, posted a \$100 million positive balance of trade, selling slightly more than \$1 billion of US made products in Asia.

> Caterpillar's joint venture with Mitsubishi, begun in 1963, is in its 29th year and Caterpillar is strongly against protectionism.

> According to Keith Johnson, President of Shin Caterpillar, "When we came here [to Japan] in 1963, it was completely closed... construction machinery was like rice." "You have to look sector by sector. It's not a totally open market... but things are a lot better and less restrictive than any time since the war."

> In 1987, the latest year for which export-related employment data are available, about 277,400 workers in Illinois owed their jobs to exports of manufactured goods.

> In 1989, the most recent year available, there 1,852 persons employed in the farm sector in Sangamon County. The county's 1,277 farms are principally grain producers; 71.4% producing cash grains and 28% involving livestock and other enterprises. About one quarter (354) of the farms are small, 50 acres-or-less.

> Illinois ranks first in the nation for soybean production and second for corn and hogs.

> Environmentalists estimate that Illinois has "lost" 85% of its original wetlands. Still, over 1.25 million acres of wetlands remain in Illinois. This represents about 3.5% of the surface area of the state. Illinois is home to Ducks Unlimited, the first wetlands preservation organization. Ducks Unlimited has not been out front in opposition to the Competitiveness Council initiative on wetlands, because even Ducks Unlimited had some of its wetlands enhancement projects stalled by overly restrictive bureaucratic interpretation of the 1989 rules.

> According to the EPA's most recent designation the Springfield metro area is unclassifiable/attainment and appears to meet the standards of the Clean Air Act.

NOTE: Mrs. Quayle has not traveled to Springfield, Illinois in the past three years.

LINCOLN QUOTES, FUN FACTS AND LOCAL INFORMATION

"NEVER STIR UP LITIGATION. A WORSE MAN CAN SCARCELY BE FOUND THAN ONE WHO DOES THIS."

Abraham Lincoln
Notes for a Law Lecture, 1850

Speaking of Judge Douglas or Pat Buchanan:

"REPENTANCE BEFORE FORGIVENESS IS A PROVISION OF THE CHRISTIAN SYSTEM, AND ON THAT CONDITION ALONE WILL THE REPUBLICANS GRANT HIS FORGIVENESS."

Abraham Lincoln
Speech at Springfield, Illinois
July 17, 1858

"ALL OUR FRIENDS- THEY ARE TOO NUMEROUS TO BE NOW NAMED INDIVIDUALLY, WHILE THERE IS NO ONE OF THEM WHO IS NOT TOO DEAR TO BE FORGOTTEN OR NEGLECTED."

Abraham Lincoln
Toast at a dinner, Springfield, Illinois
July 25, 1837

> BO JACKSON OF THE WHITE SOX WILL PROBABLY RETIRE FROM BASEBALL AT THE AGE OF 29 DUE TO A HIP INJURY.

> Chicago Bulls have the best record in the NBA 51-12. They are 10 games ahead of Cleveland.

> U.S. Olympic Hockey Team star goalie Ray Le Blanc will make his NHL debut with the Chicago Blackhawks.

> The University of Illinois athletic teams are known as the "ILLINI."

> The University of Illinois plays basketball at "Assembly Hall."

> Illinois is 7-9 in the Big Ten and 13-13 overall. They play Ohio State tonight and Michigan on Saturday. If they win one of those games they will earn a bid to the NIT.

Civil Justice Reform Roundtable

DATE: March 11, 1992
LOCATION: Illinois State Capitol
Springfield, Illinois
TIME: 12:20 p.m.
FROM: John Howard JH

I. PURPOSE

To discuss the Administration's Civil Justice Reform initiative and to seek support for reforms at the federal and state levels.

II. BACKGROUND

This Civil Justice Roundtable is hosted by the Illinois Manufacturers' Association. In addition to Lt. Governor Kustra and Secretary of State Ryan, we have invited about thirty-five business representatives.

Current reform efforts in Illinois appear to focus on education and defending against encroachment by a very active trial bar. Because redistricting and primary elections will have a great impact on whether the efforts are fruitful, there is little legislative action in 1992.

Illinois has been successful in punitive damages reform. In 1986, reforms were enacted that: 1) banned requests for punitive damages in the original complaint, 2) required evidence of "willful and wanton" misconduct, and 3) allowed judges to distribute punitive damages awards between the plaintiff and the State Department of Rehabilitation Services.

The assembled group of local businessmen is likely to be vocal in advocating civil justice reforms in the next legislative session.

Although Governor Edgar is unable to attend the Roundtable, his office, as well as Lt. Governor Kustra, has been very helpful in arranging the event so that the Illinois reform effort receives maximum benefit.

III. PARTICIPANTS

The Vice President
Lt. Governor Bob Kustra
Secretary of State George Ryan
Greg Baise, President, Illinois Manufacturers Association
James Peterson, Chairman, Illinois Manufacturers Association

REMARKS OF THE VICE PRESIDENT
CIVIL JUSTICE REFORM ROUNDTABLE MEETING
SPRINGFIELD, ILLINOIS
MARCH 11, 1992

Thank you, Lt. Governor Kustra and Greg Baise, for hosting this meeting, and thank you all very much.

It's great to be here in Springfield today.

The United States is the only remaining superpower.

- o Keeping pace with all the challenges facing us.
- o President has established a framework for peace.
- o We continue working on problems here at home.

We are still the world leaders in the marketplace.

- o **Our economy is more than twice as large as any competitor.**
- o **Still, we have some competitive disadvantages.**
- o **Some come from trading partners; other from inside.**
- o **Council on Competitiveness is an avenue to help regain edge.**

Unfortunately, we are also the world leader in lawsuits.

- o **We have 70% of the world's lawyers.**
- o **System costs an estimated \$300 billion dollars a year.**
- o **This is a self-inflicted competitive disadvantage.**

Economic costs of excessive lawsuits are a self-inflicted competitive disadvantage.

- o Foreign companies have lower liability costs.**
- o We also have higher prices for some everyday items.**
- o Some beneficial products never come to market.**
- o This is especially true for new drugs.**

The Administration's Civil Justice Reform proposals can help.

- o **Remove incentive for frivolous lawsuits.**
- o **Restore rationality to punitive damages.**
- o **Prevent junk science.**
- o **Allow more products/drugs to come to market. (AIDS Vaccine not marketed due to liability fears).**

Agenda for Civil Justice Reform addresses these problems:

- o **ADR - The Multidoor Courthouse**
- o **Discovery Reform**
- o **Expert Evidence - Widely Accepted Theories**
- o **Fairness Rule**
- o **Punitive Damage Reform**

The Administration is committed to Civil Justice Reform.

- o **The President has signed an Executive Order.**
- o **"Access to Justice Act of 1992" sent to Congress**
- o **Amendments to Federal Rules have been presented.**
- o **Civil Justice Reform Model State Amendments and Model State Punitive Damages Act are here today.**

Today I ask for your help with Civil Justice Reform.

- o Most lawsuits are brought in state courts.
- o Reducing costs and delay helps everyone.
- o Civil Justice Reform is important. It means JOBS.

Please work hard to make this happen in Illinois.

- o The "litigation explosion" isn't just in Washington. The people of Illinois know that the legal system takes too long and costs too much.
- o I look forward to working with Governor Edgar, Lt. Governor Kustra and the state legislature to make Illinois a model for the rest of the nation.

Thank you very much.

STATE OF ILLINOIS
OFFICE OF THE LIEUTENANT GOVERNOR

BOB KUSTRA
LIEUTENANT GOVERNOR

BIOGRAPHY

Bob Kustra, Illinois' 42nd lieutenant governor, has compiled an impressive record as legislator, educator and public servant.

His extensive experience helped lead to an expansion of the role of the Lieutenant Governor in state government.

During his first State of the State Address, Governor Edgar gave Lieutenant Governor Kustra several key assignments in addition to the Lieutenant Governor's statutory duties.

Now in his 20th year in teaching, it is appropriate that many of the Lieutenant Governor's expanded duties are in the area of education.

Lieutenant Governor Kustra serves as the Governor's point man on education, monitoring Chicago school reform and addressing any suggestions for refinements in the 1988 program.

Kustra also works with the State Board of Education, the Illinois Board of Higher Education and the Illinois Community College Board to insure all three have the common goal of improving education.

The Lieutenant Governor assists in the development of interagency cooperation programs between state government, local organizations and the education community to improve the delivery of needed social services to students and their families.

In addition to his new role in education, Governor Edgar has directed the Lieutenant Governor to coordinate the state's anti-drug efforts and help shape Illinois' agenda in the war against drugs.

Kustra launched a statewide series of Substance Abuse Meetings in 1991, compiling information from community groups, teachers, parents, state and local agencies that will be reviewed and presented as an executive report to the Governor.

In 1991, the office of the Lieutenant Governor took responsibility for Illinois' volunteer activities. The Lieutenant Governor's Office of Voluntary Action promotes and encourages volunteerism throughout Illinois. The office provides a variety of services to help develop and manage volunteer programs.

Lieutenant Governor Kustra continues to provide strong constituent service, particularly to Seniors in Illinois, a tradition he began during his years in the General Assembly.

Lieutenant Governor Kustra serves as Chairman of the Rural Affairs Council. The Council under his leadership will specifically address concerns of rural education, economic development and health care.

Kustra also serves as Chairman of the Abandoned Mined Lands Reclamation Council, which oversees reclamation of the 18,000 acres of Illinois that need attention to alleviate problems associated with past mining activities.

Elected to the Illinois House in 1980 and then to the Illinois Senate in 1982, where he served as an Assistant Minority Leader, Kustra often was ranked among the most effective members in the General Assembly. Polls of legislators and others ranked him Best Freshman Legislator during his first years in both the House and Senate.

As a Senator, he led Republican efforts to improve the quality of education in Illinois, serving as the ranking member on the Senate Committee on Elementary and Secondary Education. Kustra authored reform proposals aimed at establishing the kind of educational system necessary to give students the skills they will need for the 21st century.

During his tenure in the General Assembly, Kustra also sought passage of bills to crack down on child abuse, to toughen laws against drug dealing and substance abuse, and to provide incentives to employers who provide on-site day care facilities. He was the first to offer legislation reinstating a state tax exemption for the blind and elderly that had been eliminated under federal tax law revisions. Kustra was also chief sponsor of Governor Edgar's proposal to require every Illinois motorist to carry liability insurance.

Prior to his service in the General Assembly, Kustra served as an elected village trustee of Glenview and as an Executive Assistant to U.S. Senator Charles Percy.

Kustra, 48, holds a doctorate degree in political science from the University of Illinois and is a former Director of the Center for Research in Urban Government at Loyola University of Chicago. He received a master's degree in public administration from Southern Illinois University at Carbondale in 1968 and a bachelor's degree from St. Benedict's College in Atchinson, Kansas, in 1965.

He currently teaches at the School of Education at Northwestern University. Kustra also has taught at the University of Illinois-Chicago, Roosevelt University, Sangamon State University, and Lincoln Land Community College.

He is married to the former Kathleen Breidert, a former member of Governor James R. Thompson's cabinet, who also has had extensive experience in local and state government. They have three children and reside in Park Ridge.

BIOGRAPHY

GEORGE H. RYAN

George H. Ryan, Sr. became Illinois' 36th secretary of state on Jan. 14, 1991, after leading the statewide Republican ticket in the November 1990 election. He thus became the first Illinoisan to move from lieutenant governor to secretary of state.

Prior to his eight years as lieutenant governor (1983-91), Ryan, 57, had a distinguished legislative career that spanned 10 years and included a term as speaker of the house.

A lifelong resident of Kankakee and a professional pharmacist, Ryan has spent a quarter of a century in public office. He served as a member and chairman of the Kankakee County Board prior to his election to the Illinois House in 1972.

Both in the General Assembly and as lieutenant governor, Ryan was the state's leading advocate of drug abuse education efforts and treatment programs for substance abusers. He received Illinois DARE's top award for drug abuse prevention in 1989 and initiated broad-based programs now under the auspices of the Illinois Department of Alcoholism and Substance Abuse.

As he prepared to take over as secretary of state, Ryan pledged to head an open and cost-conscious administration. He vowed to make the office responsive to the changing needs of Illinois citizens, to expand library and literacy programs and be vigilant in enforcing laws against intoxicated driving.

Ryan has served as chairman of the Illinois Rural Affairs Council and as head of economic development projects undertaken by the state's Small Business Advisory Council and Illinois Export Council.

Under his leadership, an office devoted to improving rural and smalltown health care was created within the Illinois Department of Public Health. A scholarship program was begun for physicians who plan to practice in rural areas, and the state's Rural Health Care Task Force completed a detailed blueprint for future improvements in hospital and other medical services for rural Illinois.

Ryan's work in export trade won him the Presidential "E" Award for Export Service, presented by President George Bush in 1989. He also served as the state's trade and tourism representative.

Ryan is a graduate of Kankakee public schools, served with the U.S. Army in Korea and, following his discharge, obtained a bachelor's degree in pharmacy from Ferris State College in Big Rapids, Michigan.

He operated his family's pharmacy business in Kankakee while serving on the county board and as a member of the General Assembly. After 42 years of family ownership, the Ryan pharmacies were sold in 1990.

George and Lura Lynn are the parents of a son and five daughters, three of them triplets. They have four grandchildren.

"98 Years of Service to Manufacturing in Illinois -- 1893-1991"

Biography of Gregory W. Baise, President
Illinois Manufacturers' Association (IMA)

Gregory W. Baise was elected president of the Illinois Manufacturers' Association (IMA) March 1, 1991. The organization represents more than 4,700 manufacturing companies and plants throughout Illinois. The IMA presidency is a full-time position, entailing management of all association activities.

As former Secretary of the Illinois Department of Transportation and 1990 Republican candidate for State Treasurer, Baise, 39, has a strong background in finance and government at state and federal levels. For 14 years, he served as a member of former Gov. James R. Thompson's staff, holding a number of top administrative and cabinet posts.

From 1977 to 1980, Baise served as Personal Assistant to the Governor, and in 1980, he was named Deputy Chief of Staff, a position that entailed the coordination of the governor's special legislative activities.

In 1984, Baise managed and coordinated statewide activities that led to former U.S. President Ronald Reagan's successful bid for re-election. In late 1984, Baise was appointed Secretary of the Illinois Department of Transportation (IDOT) until he left the department to serve as former Gov. Thompson's campaign manager in December 1985.

In early 1987, Baise was reappointed Secretary of IDOT and remained at its helm until late 1989 when he resigned to become the Republican candidate for the State Treasurer's office.

-more-

As ~~secretary~~, Baise was responsible for more than 17,000 miles of Illinois highways -- the country's fifth largest highway network -- and one of the nation's most extensive airport and public transportation systems. He was instrumental in the formulation of study panels to examine the need for new aviation facilities in Illinois, and his knowledge and expertise in transportation issues proved invaluable during the four-year period he served as chairman of the Third Airport Committee.

Under Baise's direction, IDOT spent more than \$3.7 billion in construction funds, building nearly 350 intersections, repairing 1,600 bridges, and rebuilding or constructing 4,300 miles of roadway.

A Jacksonville, Illinois native, Baise is a graduate of Illinois College, Jacksonville. He and his wife Tonya have two children and reside in Lemont, Illinois.

Founded in 1893, the Illinois Manufacturers' Association is the oldest and largest organization of its kind in the United States. The IMA has a full-time staff of 43 with its headquarters in Chicago and an office in Springfield.
