Subject: 1992 Republican Convention/Personnel Options/Friends and Family

Following our meeting last week with Ron Walker concerning the various Convention personnel needs, I have listed below several people who might be appropriate for the positions that were outlined in the Convention Personnel listing put together by Ron. Additionally, I have identified numbers of people who could fill various positions, both those outlined and others that might be helpful towards general convention planning. Lastly, attached is a memorandum from Nancy Northcott, Mrs. Quayle's sister, outlining her side of the family's participation during the Convention dates.

Convention Personnel

Under the Director, Political Operations/Jim Pitts, I think it would be useful to have a number of people whose primary focus was to deal with the top delegates from the primary states that the campaign will be focusing on. Example, Bill Tauscher, President and CEO of Computerland, and Donna Tuttle could be very helpful in reviewing the California delegate list and helping us bring those delegates through the touchy-feely process as required. My suggestion would be that we have a number of people from the 10 or 15 states that Jim selects, who are both friends of the Quayles', and also eager to come and help at the Convention in this caucus/delegate process. Other possibilities would be Tom and Nancy Loffler for Texas, and Bonnie Newman for New Hampshire.

Under Dave Beckwith (Director, Media Relations), I suggest that Heidi Berenson be considered in an advisor role on the electronics side given her long-time experience with ABC. She clearly knows the network personalities and

processes and could be a very positive addition to staff at the Convention. Additionally, Mary Moses Cochran from Indianapolis (note*) and Ann Stock from New York would also provide depth. Mary, because she has worked with Mrs. Quayle as Press Secretary, and Ann Stock because of her prior press and convention experience, albeit for the Democrats (she has reformed herself since).

Under Director, Issue Development, I would suggest considering Debbie Steelman as the Director, coupled with the appropriate senior staff person from the Quayle shop. Dennis Thomas, VP of International Paper and former Deputy Chief of Staff for Donald Regan could add a dimension of business impact on issue formulation. Fred Fielding of Wiley, Rein & Fielding, and Jack Vardaman of William & Connolly might as well be helpful. Finally, Julian Heron could give guidance in the agricultural area (Julian would also be a very helpful addition to the California caucus and delegate review process).

Under Family Coordinator and Box and Ticket Coordinator, my plan would be to have the following people to fill the responsibilities of these two efforts in a collaborative fashion: Tom and Nancy Loffler (Texas), Dick and Jean Thompson (Bristol Meyers), Pat Burch, Mary Howell (Textron), Harriet and Morty Moss and kids, Barbara and Jerry Edgerton (MCI) and kids, Tom and Gaither Kyhos, Tom Bell, Bob and Joyce Scheerschmidt, and Adele Hall. Additionally, I would like to bring Bill Bates and Wendy Knorr from my staff to help in the overall management of both the family and box and ticket effort; their costs would be covered by Hallmark.

Under Director, Facilities Deputy (Hotel), Judy Volcho would be an appropriate contact since she is already working for the campaign, and has had hotel and organizational background and experience. Bill Neale from Indianapolis could handle the **Deputy Equipment** responsibilities, and his wife Carolyn would be very helpful on the **Political Operations/Caucus Delegate** front (note*).

Pending your review of this suggested list, we can make a determination of who should be officially asked and in what capacity. This list is not designed to be all-inclusive, but rather a rough draft to begin the discussions.

Please note the attached list from Barbara Edgerton of friends from the McLean community, some of whom I have covered above, others who would be available should we need their help.

Family/MTQ, see attached memorandum from Nancy Northcott
