President Bush,

S. Kelly

I think if you are going to spend all this money on the gulf crisis, you could spend a little more and send the wives home. My husband was stationed at Ft. Hood, Texas. Now he is gone, my friends have left and the Army is too cheap to move my household back to Ohio; where my in-laws live. Now I am staying at my moms with my two babies Megan 2, Michelle 10 mths. I really want my own home again; but its impossible with all my things in a storage shed in Killen, Texas. Can you please try and find

a little extra money to
pay for a meal. Everyone
is supporting the men and
women in Saudia Arabia;
but lets not forget about
the spouses and children
left at home.

Thank-You
Sharon M. Carey
