Dear Mrs. Bush,

I know today must be a big day for you and your family. I also know that you will probably never read or know about this letter. But I'm writing to you because you are in a position from where you as First Lady can do something. I ask first, Mrs. Bush, if you can do something for the less fortunate. Such as work in a soup kitchen called Viva House in Baltimore. Please second I ask if maybe just maybe, could you be my friend. I know that you probably cannot but that is all I ask. Please write back to me.

Hoping to hear from
you

Isabelle A Lutteroat

P.S. I hope you have a happy and joyful 4 or even 8 years.
