SUBJECT: SPACE POLICY REVIEW

Space activities are critical to our national security and economic vitality. Many of the national policies governing our space program have been in place for several years, during which time there have been a number of important changes and developments. I am recommending to the President and Vice-President that the NSC initiate a review of key space policies, to be conducted under the auspices of the Space PCC. Attached is a draft NSPD initiating this review. I request your comments on the attached by May 17th, 2002.

Vicki: I've attached three parts of a draft package that I've put together. Would you please put them into final format for me? I think that I used the right template the two memos, but my spacing/formatting may be off. Please e-mail the attachments back to me when you're done, so I can circulate them for internal coord. If you could get to this within the next day or so, that would be great. Thanks, gil

I made a couple of changes in these 2 documents and saved it under the "g" drive (no folder). You did pretty well! Once you're ready to go final, you'll need to get a log number from records (69221) - let me know if you need help with that.

Vicki: I've attached three parts of a draft package that I've put together. Would you please put them into final format for me? I think that I used the right template the two

memos, but my spacing/formatting may be off. Please e-mail the attachments back to me when you're done, so I can circulate them for internal coord. If you could get to this within the next day or so, that would be great. Thanks, gil

SUBJECT: SPACE POLICY REVIEW

Space activities are critical to our national security and economic vitality. Many of the national policies governing our space program have been in place for several years, during which time there have been a number of important changes and developments. I am recommending to the President and Vice-President that the NSC initiate a review of key space policies, to be conducted under the auspices of the Space PCC. Attached is a draft NSPD initiating this review. I request your comments on the attached by May 17th, 2002.
