NATIONAL COMPETITION AWARD**

Tuesday, July 15, 2008

Oval Office

I. PURPOSE

To participate in a photo opportunity with the 2008 MATHCOUNTS National Competition Award recipients.

II. BACKGROUND

MATHCOUNTS is a national math competition that promotes middle school mathematics achievement through grassroots involvement in every U.S. State and territory. More than 500,000 sixth-, seventh-, and eighth-grade students, 6,000 schools, and 17,000 volunteers participate in the program.

Participating schools select students to compete in written and oral competitions at the State and local levels. At each State competition, the top four individuals and their coaches earn a trip to represent their State at the national finals. Students are eligible to win prizes and scholarships at different levels of the competition.

The MATHCOUNTS Foundation was created by the CNA Foundation, the National Society of Professional Engineers, and the National Council of Teachers of Mathematics. The Foundation is supported through private and corporate contributions. Lockheed Martin is the National MATHCOUNTS Competition sponsor.
