MEMO FOR: Cathy Alix
SUBJECT: Request for WH Mission Status for Former Senator
John Danforth to Africa

Delegation to Egypt, Eritrea, Kenya, and the Sudan

- a. Mission is scheduled for 10-18 Jan 02.
- b. DoD Exec Sec is aware of the request and views this as a State Department (vice White House) mission. They agree that military air is probably required due to lack of adequate/robust service into many of the locations. However DoD believes that State Department should accomplish on a reimbursable basis.
- c. In our discussions with State Dept POC, we've asked them to look at commercial service into Cairo (vice Germany) as well to increase DoD options. Commercial service is readily available into Cairo and there is no business to be conducted in Germany.
- d. DoD would evaluate stops and aircraft available, but would most likely support with C-130/C-12 and or C-21 assets or some combination thereof from In-theater assets.
- e. Two ways to support this mission if it is to be reimbursable: a) Have State Forward the request directly to DoD Exec Sec as a reimbursable mission under the Economy Act. b) Approve as a White House reimbursable missions. This would give it the priority to be supported, but also insure that State Dept vice DoD picks up the cost of the mission.
- e. Recommendation: Based on mission, and recognition by all that commercial service won't accommodate entire requirement, would recommend consideration for White House designation, but on a reimbursable basis.

MEMO FOR: Cathy Alix
SUBJECT: Request for WH Mission Status for EPA trip to Asia

Delegation to Egypt, Eritrea, Kenya, and the Sudan

a. Mission is requested for 11-20 January. During this time frame, the 89th is overcommitted and does not have the airframes to support this mission. (We are already challenged supporting the existing White House missions currently scheduled during this time frame; i.e. Delegation to Nicaragua, VP Missions, Sec Principi (COG) mission, Governor Ridge Mission, First Lady mission)

b. Request is incorrect in that it mentions "in accordance with the Economy Act." Economy Act request are submitted to DoD as reimbursable missions to be considered on an "as capable / no mission impact" basis. Discussions with the POC at EPA make clear that the intent of this request is to have mission designated a White House non-reimbursable mission.

c. DoD perspective is that nature of this mission is strictly EPA vice White House business. In addition, commercial air is available into the mission locations. Security concerns mentioned as justification is not compelling.

d. Estimated total flight time for the entire mission would be approximately 49.5 hours. Based on a C-20 rate of approximately \$3600/hr, total cost of the mission would be over \$178K. Even at a reimbursable rate, DoD would need to cancel other justifiable missions to support

e. Recommendation: Suggest mission not be approved as a White House mission since it does not meet the common White House designated criteria. At \$178K EPA could probably not support on a reimbursable basis; in addition DoD would have difficulty supporting without canceling other missions (primarily CODEL) previously scheduled.

UNCLASSIFIEDMEMORANDUM FOR STEPHEN E. BIEGUN
EXECUTIVE SECRETARY
NATIONAL SECURITY COUNCIL

SUBJECT: Request for Special Air Missions Aircraft

In furtherance of the President's foreign policy, John Danforth, Special Envoy of the President for Peace in Sudan and a delegation of six others will travel to Egypt, Eritrea, Kenya and Sudan from January 10 through January 18, 2002 (see attached itinerary). The purpose of the trip is to measure progress by the Government of Sudan and the Sudanese Peoples' Liberation Movement (SPLM) in securing agreement to and implementation of the four proposals established during the Special Envoy's November visit to this region.

The Department requests that this trip be declared a White House Mission and that an appropriate aircraft be made available on a non-reimbursable basis. A military aircraft is necessary because of the need to have secure communication links with the White House, the National Security Council and the Department at all times. In addition, unreliable and time-consuming commercial air schedules within Africa make it impossible for the Special Envoy to visit the numerous countries within the time he is free to travel. The delegation will travel to and from Frankfurt, Germany via commercial air.

The point of contact in the Department is John Sheely, Bureau of African Affairs Deputy Executive Director. Mr. Sheely can be reached at (202) 647-4417, and pager (202) 409-2420. Mr. Sheely can also be reached after-hours through the State Department's Operations Center at (202) 647-1512.

This request has been cleared by the State Department's Office of the Legal Adviser.

MEMORANDUM FOR JOSEPH HAGIN

THROUGH: HECTOR F. IRASTORZA, JR. *HFI*
DEPUTY ASSISTANT TO THE PRESIDENT FOR
MANAGEMENT AND ADMINISTRATION

FROM: EILEEN MCGINNIS *EM*
CHIEF OF STAFF
ENVIRONMENTAL PROTECTION AGENCY

SUBJECT: Request White House Mission Designation for Travel

In accordance with the Economy Act, 31 U.S.C. § 1535, I request approval of the following White House Mission:

1. Requesting Principal: Christine Todd Whitman, Administrator, U.S. Environmental Protection Agency.
2. Purpose of the trip: The purpose of this trip is to visit Thailand and India, to further the environmental cooperation between the U.S. and these countries. Her trip will include the following official duties: meeting with the Thai Royal Family (the first visit of a Bush Administration cabinet official) to explore EPA cooperation on Thai environmental projects; meeting with Thai Prime Minister Thaksin Shinawatra and signing of the Tropical Forest Agreement; meetings with Thai Cabinet officials including the Foreign Minister and the Minister of Science, Technology and Environment; meetings with Indian Prime Minister Vajpayee and External Affairs Minister Jaswant Singh, signing a Memorandum of Understanding between EPA and the Indian Ministry of Environment and Forests; and a meeting with the Minister of Power. In view of the currently volatile border situation involving India and Pakistan, this trip takes on added significance.

The Administrator, EPA, has determined, in accordance with the Economy Act, that it is in the interests of the Government to designate this trip as a White House Mission, and to provide transportation pursuant to the Economy Act. Specifically, security concerns in the wake of the September 11 terrorist attacks raise significant concerns about U.S. Cabinet officials traveling without appropriate security measures in foreign countries.

Designating this trip as a White House Mission will facilitate providing appropriate security measures for the Administrator on this trip. In addition, the locations and destinations on the Administrator's itinerary are not easily reached and served by commercially available transportation, and for efficiency would be more easily reached by U.S. government transportation, given the various destinations and the time schedule of the trip.

MEMORANDUM FOR STEPHEN E. BIEGUN
EXECUTIVE SECRETARY
NATIONAL SECURITY COUNCIL

Subject: Request for Special Air Missions Aircraft

The NSC has recommended that a 10-15 member presidential delegation, headed by a Cabinet member, be appointed to attend the January 10 inauguration of president-elect Enrique Bolaños, in Managua, Nicaragua. The delegation will convey the U.S. Government's support for the new Nicaraguan president, elected in a free and fair electoral process that constituted an historic step toward consolidation of democracy in Nicaragua, and will signal the USG's intention to remain engaged in the region.

The exact composition of the delegation is currently being determined, but is unlikely to become final until close to departure time. In order to ensure that an appropriate delegation can be assembled, the Department of State requests that a Special Air Missions Aircraft be made available on a non-reimbursable basis, from January 9 through January 11, to transport the delegation from Washington to Managua and return. Because Cabinet members generally have very demanding schedules and commercial air schedules are unreliable and time-consuming, using a commercial flight is not a viable option.

This request has been cleared by the State Department's Office of the Legal Adviser.

SUBJECT: Request for White House Mission to Crawford,
Texas

Request approval of the following White House Mission:

1. Requesting Principal: Condoleezza Rice.
2. Purpose of the Trip: To take White House and Russian pre-advance teams to Crawford, Texas to survey sites on the itinerary for Russian President Vladimir Putin's visit to President Bush's ranch in November 2001.
3. 24-hour NSC Point of Contact: Mary Haines 202-456-9461
4. Travel Itinerary: Washington to Texas to Washington
 - a. Dates: TBD in October 2001
 - b. Requested Time of Departure: TBD
5. Total Number of Passengers: approximately 40
6. Special Considerations: The President invited Russian President and Mrs. Vladimir Putin to his ranch in November 2001. On September 7, 2001, the Political Counselor from the Russian Embassy asked NSC staff if a Russian pre-advance team from Moscow could visit the sites on President Putin's itinerary in Texas. A White House team will accompany the Russian team to Texas in September or October 2001. The use of commercial air transportation is not feasible due to time constraints of the two teams and the unavailability of acceptable connections.

REQUEST FOR WHITE HOUSE MISSION DESIGNATION FOR
TRAVEL

Request approval of the following proposed White House Mission:

1. Requesting Principals: Secretary Ann Veneman and Ambassador Bob Zoellick
2. Purpose of the Trip: To represent the United States at the 22nd Cairns Group Ministerial Meeting in Punta del Este, Uruguay. Due to the following factors I am requesting this designation:

Designation as a Presidential Mission is necessary in order to secure a USG aircraft, without which the trip will not be possible because of scheduling conflicts with the U.S.-Mexico Binational Commission meeting scheduled for September 5.

The Cairns Group Ministerial was originally scheduled for September 4-5, but has been rearranged to accommodate Ambassador Zoellick and myself. We will participate in the Ministerial on September 3 and have an opportunity for bilaterals on the morning of September 4.

Ambassador Zoellick and I need to be in Washington on September 5 to brief Presidents Bush and Fox on the results of our activities under the U.S.-Mexico Binational Commission. Use of commercial aircraft would not allow us to return in time for the meeting with the Presidents on the 5th. If this trip is designated as a Presidential Mission we will be able to use a USG aircraft and return to Washington on the evening of September 4.
