Dear Mr. President,

Thank you all for having me participate in the service last Friday.

Your address was a masterpiece that touched all the bases at this critical time in our history.

I want to thank you and Laura for being so gracious to me in the holding room.

I have heard from many people in different parts of the world that saw the service, and they expressed how delighted they were, and what a blessing it had been to them.

In the meantime, be assured that Ruth and I pray daily for the two of you, and thank God that you are our leaders at this present time.

Most cordially yours,
