A few things of possible interest:

1) If you get any press inquiries about what did the President say when he led Bible Class last Sunday, I typed up four pages of notes and they are on file. Eleanor can find them for you.

2) In my desk drawer is a file on UFOs, containing a very recent memo to me from Dr. Frank Press capsuling the whole thing. PLEASE return it to that file if you have to take it out.

3) If you get an inquiry about who pays for a political trip by the President? Who pays for autographed photos to campaign staff, etc?

Expenses are picked up by the Democratic National Committee. This includes a wide range of things, including items such as pens used in signing bills which are sent to supporters or Congressmen, etc. The DNC is supposed to budget about \$40,000 per month for this, or thereabouts. If pressed further, contact is Mark Siegel.
