Subject: 1999 HIV Conference

Comments:

1999
National
HIV Prevention
Conference
August 29 - September 1
Hyatt Regency Atlanta Hotel

July 12, 1999

Thank you for agreeing to participate in the 1999 National HIV Prevention Conference, August 29-September 1, 1999, at the Hyatt Regency Atlanta Hotel.

The conference will arrange and pay for your airline travel. Please do not buy your own airline tickets. Lodging, and per diem expenses will be reimbursed after the conference. Ms. Marcelina Flores will be your travel consultant. Please inform Ms. Flores if you wish to decline assistance and financial support for the conference. To begin the travel process:

- send your Social Security number immediately to Marcelina Flores by E-mail at mxe3@cdc.gov telephone at 404-639-0936, or fax at 404-639-0944.
- call the SATO Travel Agency at 1-800-370-7286 or 404-633-0520 to book a flight according to your schedule. Identify yourself as a speaker at the 1999 National HIV Prevention Conference, August 29-September 1, 1999.
- instruct the agent at SATO to ticket you electronically so you can check in directly at your local airport. Identify Marcelina Flores at 404-639-0936 in Executive Park as your contact person. Ask the SATO agent to fax a copy of your flight itinerary to Ms. Flores at 404-639-0944.
- keep all hotel and other expense-related receipts to submit for reimbursement after the conference. At the airline check-in counter request a receipt for your airline ticket.

A room is being held in your name at the Hyatt Regency Atlanta Hotel, 265 Peachtree Street, NE, Atlanta, GA 30303 for the nights of Sunday, August 29 - Tuesday, August 31. Please call the Hyatt Regency at 404-577-1234 *after July 14* to confirm your reservation with a credit card. We can support you for up to three nights lodging. If you choose to stay fewer than three nights, please inform the hotel and Marcelina Flores. If you must stay more than three nights, you will have to cover the expense of those nights.

Enclosed is a preliminary schedule-at-a-glance for the meeting. In the near future you will receive a preliminary program and more information about your session. If you need more information or have further travel questions, please contact Ms. Flores at 404-639-0936.

We look forward to seeing you in August.

From: 1999 National HIV Prevention Conference

Subj: Logistics

When and Where Plenary Speakers and Moderators Report:
Thirty *minutes before your presentation*, please report to "Chicago A" (the plenary speaker preparation room) near the conference registration desk (Exhibit Level). It is very important that everyone arrive 30 minutes early in "Chicago A" because you will meet the other participants in your session, receive instructions, and be escorted as a group up one level and onto the stage at the same time where everyone will sit for the entire session. Being late would distract the audience and persons on stage.

Plenary Session Schedule for Aug. 29, 30 and Sep. 1:
Sunday, Aug. 29: 5:00pm - 7:00pm (please report to "Chicago A" at 4:30pm)
Monday, Aug. 30: 8:30am - 10:00am (please report to "Chicago A" at 8:00am)
Wednesday, Sep. 1: 1:00pm - 2:30pm (please report to "Chicago A" at 12:30pm)

Speakers for Plenary Sessions in Order of Presentation (Moderator listed last):
Aug. 29: Mayor Campbell, Dr. Koplan, Dr. Gayle, Dr. Satcher, Mr. Lew (Dr. Valdiserri)
Aug. 30: Ms. Thurman, Dr. Nathanson, Dr. Gayle, Dr. Curran, Dr. Diaz (Mr. Anderson)
Sep. 1: Dr. Amaro, Dr. Brown, Dr. Gayle (Ms. Weinstein)

Slides:
We will have a slide projector for speakers who requested one. No plenary speaker indicated that they plan to use Powerpoint, overheads, videos, or any audio visuals except slides. If you have informed us that you are using slides, please bring them to "Chicago A" 30-40 minutes before your session and hand them to a conference staff member on the plenary speaker team.

Please address any questions to Carrie Hartshorne at (404) 639-2924 or Dwan Hightower at (404) 639-2921 before Aug. 27. We look forward to your participation at the conference.

Sincerely,

April 28, 1999

Dear Colleague:

On behalf of the Division of Adolescent and School Health (DASH), National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC), I am pleased to announce the National Leadership Conference to Strengthen HIV/AIDS Education and Coordinated School Health Programs: Healthy Youth - Achieving a Shared Vision. This conference will be held at the Atlanta Marriott Marquis, Atlanta, Georgia, August 26-27, 1999. Ancillary meetings held in conjunction with the National Leadership Conference will be held on August 25, 1999, and Constituency meetings will be held on August 28, 1999.

This year's National Leadership Conference to Strengthen HIV/AIDS Education and Coordinated School Health Programs: Healthy Youth - Achieving a Shared Vision is being held in concert with the 1999 National HIV Prevention Conference, which will be at the Hyatt Regency Atlanta Hotel, August 29-September 1. For more information on the National HIV Prevention Conference, please contact the CDC National Prevention Information Network at 1-800-458-5231 or visit the conference website at ***www.cdc.gov/nchstp/hiv_aids/conferences/nhpc99.htm***.

National Leadership Conference participants will include representatives from state and local education, health and social service agencies; national non-governmental organizations; federal agencies; colleges and universities; and philanthropic organizations. The enclosed booklet contains the 1) draft conference schedule; 2) conference registration form; 3) call for abstracts; 4) awards nomination form; 5) information exchange table request form; 6) hotel registration form; and 7) ancillary meeting request form.

Please complete the enclosed call for abstracts and return it to our conference support contractor, Professional and Scientific Associates, 2635 Century Parkway, Suite 990, Atlanta, Georgia 30345, Attention: Diana Felde, by **May 31, 1999**. This will help determine which topics will be presented during the conference. In addition, please submit any award nominations by **July 9, 1999**.

Please note that this year there will be no registration fee. If you plan to attend, please return the enclosed registration form by **August 6, 1999**. The form should be mailed to: Professional and Scientific Associates, at the address noted above, on or before the deadline to ensure that it is processed and your materials are ready for you when you arrive at the registration desk. Registrations can be faxed to 404-633-5756 or 404-633-6477.

A block of sleeping rooms has been reserved at the Atlanta Marriott Marquis at the single room rate of $90.00 plus tax, per night. This special rate can only be guaranteed for reservations received by **Monday, July 26, 1999**. Thereafter any reservations will be made only on a space available basis and may be at a higher rate. We suggest that the enclosed hotel registration form be sent to the Atlanta Marriott Marquis as soon as possible. For the convenience of those who may be arriving early or staying after the Conference, the Atlanta Marriott Marquis will extend the group rate for 3 days prior to the Conference and 3 days after the Conference. For those planning to attend the 1999 National HIV Prevention Conference, the Atlanta Marriott Marquis is one of the auxiliary hotels providing government per diem rates.

We are enthusiastic about what will be shared and learned at this conference and look forward to seeing you in Atlanta. If you have any questions or concerns, please contact Diana Felde at 404-633-6869 ext. 203 or 800-772-8232.

National HIV Prevention Conference

MEDIA POLICIES

The National HIV Prevention Conference welcomes your participation. The following are policies regarding news media and public relations activities during the conference.

NEWS MEDIA REGISTRATION

Representatives from general circulation print publications, medical and health trade publication, and electronic media are welcome at the conference. There is no registration fee for accredited journalists. Media are encouraged to pre-register, though reporters may register on-site with proper accreditation. Press materials and an abstract book will be mailed to pre-registered media.

- Registration is limited to three representatives per media outlet.
- Proof of accreditation is required, in the form of a photocopy of official press credentials or a letter of assignment to the conference written on stationary from the applicant's media organization.
- Freelance journalists must submit copies of three bylined articles in addition to an official letter of assignment.
- Newsletter editors and writers must submit three issues of their newsletter containing at least one bylined HIV/AIDS article of the applicant.

EMBARGO POLICY

All abstracts – including those selected for press briefings -- are embargoed until the time of presentation, not the time of scheduled press briefings, unless otherwise announced.

ACCESS TO SESSIONS

Media are welcome to all scientific and educational sessions at the conference. Camera crews and still photographers may shoot any meeting activities, as long as there is no disruption to the proceedings.

PUBLIC RELATIONS ACTIVITIES

Public relations representatives are not permitted in the media center. Representatives may leave messages for reporters with media center staff.

Conference Co-Sponsors, Partners, and Sponsors

The 1999 National HIV Prevention Conference is sponsored by 17 public and private organizations whose interaction, cooperation, and coordination are crucial to successful efforts to prevent HIV and AIDS in the United States.

Conference Background

For more than 15 years, HIV and AIDS have presented historic challenges to the health of our nation. Despite extremely beneficial advances in HIV/AIDS treatment in recent years, the epidemic is far from over. An estimated 40,000 Americans become infected with HIV every year - more than half of these are young persons less than 25 years of age. ***Prevention remains our best hope for a world without this devastating disease.*** The 1999 National HIV Prevention Conference will provide a unique opportunity for researchers, community organizations and individuals, public health professionals, clinicians, and advocates to share information about the urgently important science of prevention.

Lodging

The main conference hotel and other nearby hotels will maintain a block of rooms for conference participants until **July 27, 1999**. Conference registrants should call before this date, identify themselves as participants at the 1999 National HIV Prevention Conference, and reserve a room with a credit card.

Other Conference Activities

There will be an **Exhibit Hall** at the conference featuring displays by HIV prevention providers and vendors from throughout the country. The Exhibit Hall will be open from 8:00 a.m. - 9:00 p.m. on Monday and Tuesday and from 8:00 a.m. - 1:00 p.m. on Wednesday. Posters of scientific and programmatic significance also will be displayed in the Exhibit Hall and will be staffed by authors on Monday and Tuesday evenings. The conference will sponsor a special exhibit area for non-governmental organizations (NGOs) in the **NGO Village** and will provide light refreshments and entertainment with a multicultural theme on Monday evening. All activities and refreshments of the NGO Village are free of charge. The **Banquet and Gala** on Tuesday will feature an elegant evening of fine dining and entertainment. Reservations for the Banquet and Gala must be made on the Conference Registration Form.

Dear Sandy:

As you know, the upcoming reauthorization of the Ryan White CARE Act is an important priority for AIDS Policy Center for Children, Youth & Families. We have been engaged in an extensive process to gather input on reauthorization from our constituents across the United States.

Based on this input, AIDS Policy Center's Board of Directors has approved a set of preliminary positions on reauthorization issues. We would like to meet with you in the near future to discuss these positions. Dorothy Mann, chair of our Government Affairs Committee, would also attend the meeting. We hope that you would invite Michael Iskowitz to join us as well.

We would like to meet with you as soon as possible, ideally in mid- to late June, for approximately 30 to 45 minutes. Please contact Clark Moore at cmoore@aidspolicycenter.org or (202) 785-3564, ext. 17, for further information or to arrange this meeting.

We look forward to working closely with you to ensure that the reauthorized CARE Act is responsive to the needs of children, youth, women and families affected by HIV/AIDS. Thank you for your consideration of this request and for your ongoing support of AIDS Policy Center.

Sincerely,

David C. Harvey

THE WHITE HOUSE

WASHINGTON

SANDRA L. THURMAN
Director
Office of National AIDS Policy

Sandra L. Thurman was appointed by the President on April 7, 1997 as the Director of the Office of National AIDS Policy at the White House.

For more than a decade, Ms. Thurman has been a leader and advocate for people with AIDS at the local, state, and federal levels.

Most recently, Ms. Thurman served as the Director of Citizen Exchanges at the United States Information Agency. From 1993 to 1996 Ms. Thurman was the Director of Advocacy Programs at The Task Force for Child Survival and Development at the Carter Center in Atlanta, Georgia. As Director, she focused on the global health concerns of children, including immunization and the eradication of polio.

From 1988 to 1993, Ms. Thurman, of Atlanta, Georgia, served as the Executive Director of AID Atlanta, a community-based nonprofit organization that provides health and support services to people living with HIV/AIDS and offers an array of HIV prevention programs. Under her leadership, AID Atlanta, the largest and oldest AIDS service organization in the south, tripled in size, and became a multimillion dollar, direct-service agency with 90 staff members and more than 1,000 volunteers.

Ms. Thurman was a Member of the Presidential Advisory Council on HIV/AIDS and of the Georgia State AIDS Task Force, the Fulton County HIV Planning Council, and the Executive Committee of Cities Advocating Emergency AIDS Relief (CAEAR). She has also served on the Board of Directors of the National Episcopal AIDS Coalition, AID Atlanta, Sisterlove, Inc., and the Atlanta AIDS Interfaith Network, among others. She is a recognized expert on AIDS issues and has provided testimony before the United States Senate, the White House Conference on HIV/AIDS, and the National Commission on AIDS.

Ms. Thurman earned a Bachelor's degree from Mercer University.

Dear Ms. Thurman:

The Rainbow/PUSH Coalition and the Citizenship Education Fund invite you to our annual conference on August 4 - 7, 1999, at the McCormick Place (South), located at 2233 South Martin Luther King Drive in Chicago, Illinois. The theme of this year's conference is "Building Bridges...Building Hope." This theme characterizes our organizational mission to encourage hope in the face of growing obstacles to adequate life opportunities and to build bridges for opportunity to alter these trends.

As the U.S. Special Envoy to Africa, I have taken a personal interest in the mounting AIDS crisis in Africa. In keeping with this, I will host a special session titled "Stemming the Tide: How Can We Respond to the Global AIDS Pandemic?" We are asking you to join us by participating in this panel. The panel is scheduled for 9:45a.m. to 12:45p.m, on Thursday, August 5, 1999. Some of the invited panelists include Dr. Helen Gayle, Dr. Peter Piot, and Dr. David Satcher . We are expecting approximately 200 conferees to attend this panel.

The conference will highlight issues and policies that we have been engaged in since our 1998 conference. They include: economic inclusion and empowerment, education, affirmative action, health care, labor relations, voter education and registration, police brutality and criminal justice, and international relations. The aim of the conference is to educate, build partnerships, advance dialogue, and to forge a plan of action. Your participation would serve to advance these goals.

We hope that you will be able to participate. The conference promises to be one of the most significant and thought provoking gatherings of the year. If you are able to attend, we ask that you submit a 4x6 black and white photo and a short biographical sketch no later than July 2, 1999 to James Gomez Jr., Program Officer for Africa Policy, in our Washington D.C. office.

We also ask that you please send us a summary of your responses to the following questions in advance for distribution to participants:

- What is your organization's current commitment, both financial and programmatic for AIDS prevention?
- What would you like to accomplish within the next year?
- How can the Rainbow/PUSH Coalition and religious leaders like Rev. Jackson be best utilized to help advance the goals of you institution?

For further information, please contact Ms. Marie Nelson, Director for Africa Policy at (202) 333-5270 or by e-mail at mnelson@rainbowpush.org. We look forward to hearing from you regarding your ability to join us for this event. Keep Hope Alive!

Dear Ms. Thurman:

Thank you for agreeing to present opening remarks at a plenary session during the 1999 National HIV Prevention Conference at the Hyatt Regency Atlanta Hotel, Sunday, August 29 - Wednesday, September 1, 1999. This plenary, focused on the science of HIV prevention, moderated by Dr. Neal Nathasnson will be Monday, August 30, 8:30-10:00 a.m. Others invited to speak at this plenary are Drs. Helene Gayle and James Curran.

I regret that we cannot offer you an honorarium as a plenary speaker. However, we are willing to pay for your travel, lodging and per diem costs and waive the conference registration fee in return for your effort. If you agree to participate as a plenary speaker, please sign and return the enclosed confirmation form.

If you wish to discuss details about the content of this presentation or meeting logistics, please contact Ms. Susan Dietz at 404-639-2918. Staff from Ms. Dietz's office will be in touch with you periodically as we proceed in the planning of the conference.

Sincerely,

Please excuse the informality of this correspondence, however, I wanted to get a note off to each of you to update on our progress out here in LA.

We are still hoping that a studio will agree to host the August 19 LA screening. We are approaching DreamWorks and Paramount.

While Jamie Lee will not be available that evening, we are hoping to secure a few other celebrities. August is a little tough, but we will certainly try our best.

As you all know, we have had some interest from Chevron to become a corporate partner in the outreach activities for the film. The film is now in the hands of their Angola office as well as the northern California office. We are keeping our fingers crossed that they will want to be involved. CAAF will be able to assist much more with outreach if we can solidify a corporate partner.

Finally, Sandy and Michael, CAAF is trying to obtain an invitation to provide testimony at the Senate Appropriations Committee hearing in San Francisco on July 9. Today, we are asking Marlee Maitlin to join us and

provide that testimony. It seems Senator Specter's office is interested in celebrities for these hearings. David Harvey from the AIDS Policy Center will be helping us to craft the testimony. I wanted to make sure you were aware of this potential invitation in case you had specific suggestions for the testimony. If appropriate, we could certainly mention our support of the global epidemic and the film.

Cathy.

WASHINGTON

SANDRA L. THURMAN
Director
Office of National AIDS Policy

Sandra L. Thurman was appointed by the President on April 7, 1997 as the Director of the Office of National AIDS Policy at The White House.

For more than a decade, Ms. Thurman has been a leader and advocate for people with AIDS at the local, state, and federal levels.

Most recently, Ms. Thurman served as the Director of Citizen Exchanges at the United States Information Agency. From 1993 to 1996, Ms. Thurman was the Director of Advocacy Programs at The Task Force for Child Survival and Development of The Carter Center in Atlanta, Georgia. As Director, she focused on the global health concerns of children, including immunization and the eradication of polio.

From 1988 to 1993, Ms. Thurman, of Atlanta, Georgia, served as Executive Director of AID Atlanta, a community-based nonprofit organization that provides health and support services to people living with HIV/AIDS and offers an array of HIV prevention programs. Under her leadership, AID Atlanta, the largest and oldest AIDS service organization in the south, tripled in size, and became a multi-million dollar, direct-service agency with 90 staff members and more than 1,000 volunteers.

Ms. Thurman was a member of the Presidential Advisory Council on HIV/AIDS, the Georgia State AIDS Task Force, the Fulton County HIV Planning Council, and the Executive Committee of Cities Advocating Emergency AIDS Relief (CAEAR). She also served on the Board of Directors of the National Episcopal AIDS Coalition, AID Atlanta, and the Atlanta AIDS Interfaith Network, among others. She is a recognized expert on AIDS issues and has provided testimony before the United States Senate, the White House Conference on HIV/AIDS, and the National Commission on AIDS.

Ms. Thurman earned a Bachelor's degree from Mercer University.

Re: Reimbursement for travel to Accra, Ghana, May 17 – 21, 1999.

Recorded below are the expenses incurred during my recent travel to Accra, Ghana for the Fifth African-African American Summit. I have enclosed all lodging receipts associated with travel (taxi receipts are unavailable), receipt for business phone calls[1], and a copy of my travel authorization. I have not included meal expenses as I assume them to be covered under a set per diem for the country. Please feel free to call my assistant, Cheryl Bauerle, at 202/456-2959 if you require any additional information.

Dear Sandy,

The opportunity to have you join the CAEAR Coalition Executive Committee for lunch in Chicago was great good fortune. The whole two days were completely invigorating; our discussion with you left me eager to get back and keep the pot stirred up. The group is a terrific bunch of individuals with accumulated policy experience that is most impressive.

I'll be back to you about Title III resources (what are they supporting) as soon as I can. I know what our spread sheet intimately and it is clear what each dollar supports. We have been a long time advocate for integrated HIV/AIDS care but can still identify where the funds go. We have about 900 HIV/AIDS patients (unduplicated across the clinical departments), 175 are from minority communities, close to 40% are eligible for some type of support. The one to one relationship between dollars and services is very clear, clinical personnel represent the greatest proportion of Title III funds. The expertise we offer across our internal medicine staff is first among community health centers. Title III has made it possible for us to offer the highest quality of care to HIV positive individuals regardless of their ability to pay, in a setting that is compassionate, accepting and respectful.

But, what I am really writing about is the wonderful possibility of your joining us in Boston for the Boston-New York AIDS Ride, this September. We'd be glad to function as your "lead team", it is just such a terrific idea...great statement and would be a boost for 2,000 plus people. Do come, and let me know what we can do to make it possible for you to join us. My phone number is 617/927-6176; Steve Boswell, our Executive Director can be reached at 617/927-6170.

For the profit of our decade of fight against AIDS in Africa, the World Fund for Assistance to African Children plans to publish its annual Organization of African Unity (O.A.U.) magazine this coming October for the year 2000. One of the articles of this magazine is: President Clinton's trip to Africa. Therefore, we would like to ask you if you could send to us some of the best pictures of the President (with his wife if possible) during that trip. Your sending to us those pictures will make you participate directly to our fight against AIDS.

We deeply appreciate your help.

Sincerely,

SUBJ: Participation in US del to the Africa AIDS Conference in Lusaka, Zambia, September 12-16

Zambia will host the Eleventh International Conference on AIDS and Sexually Transmitted Diseases (STD's) September 12-16, 1999. The theme of the conference is "Looking into the Future: Setting Priorities for HIV/AIDS in Africa." There will be two tracks to the conference—an analytic effort to look at the research and prevention issues surrounding AIDS in Africa and a high-level policy forum for participating Heads of State and senior government officials. The conference will highlight ongoing efforts of African governments to address the problems of AIDS and STD's and presents an opportunity for the USG to signal its continued, high-level commitment to partnering with African governments in the fight against AIDS.

We would like to hear from agency representatives NLT Thursday, July 1 regarding participation on the US delegation, with the tentative names of delegation members representing your agency. We are approaching U/S Loy to represent the Department of State, among other high level officials. Please contact Ms. Amy Preneta at (202) 647-4824 regarding your agency's interest in participating so that we may give post a preliminary count. We have asked that they reserve 10 hotel rooms in the interim until such time as we can ascertain the availability of participants.

We appreciate your prompt attention to this request.

RE: Special Initiative on AIDS Orphans	

Dear Sandy:

Through NORA and the AIDS Orphans Task Force, which I chair, PLAN International has been advocating for more funds for HIV/AIDS programs, especially for children orphaned by AIDS. We believe there is a strong linkage between child-focused care and support programs and an overall AIDS prevention strategy. We were heartened by President Clinton's announcement on World AIDS Day of a new initiative focused on AIDS Orphans. Over the past few weeks, we have been in a dialogue with key Congressional leaders seeking their support to sustain this initiative. For example, my recent communications with Charlie Flickner were most encouraging.

At your earliest convenience, I would like to meet with you to explore how the AIDS Orphans Task Force and PLAN International can work with you to translate the Administration's commitment into effective operational programs. There is a small window of time to respond to this growing tragedy, but there is an existing capacity at the community level which can be strengthened to build a sustainable community response to children impacted by AIDS.

I will call your office for an appointment.

Dear Ms. Thurman:

I am writing to request a meeting with you on the issue of intellectual property protection, and access to HIV/AIDS therapies in the developing world. You may be aware I participated in the recent meeting of the International Subcommittee of the President's Advisory Council on HIV/AIDS on this subject. Given the increasing attention being devoted to this issue, and particularly the evident misunderstanding in many quarters about the nature of pharmaceutical intellectual property, I believe it would be useful if I and several pharmaceutical company representatives meet with you at your earliest convenience.

I look forward to hearing from your office.

Sincerely,

Tom Bombelles

Dear Sandy:

I would like to come in to talk to you about the growing controversy around compulsory licensing of HIV treatments in the developing countries of Africa. As you know, Glaxo Wellcome has been working in Africa since 1992 to try to develop programs that will get medicines to people and to stop the spread of this disease.

We at Glaxo Wellcome are aware that this idea to allow compulsory licensing is well intentioned. But, we are afraid that ultimately it will do nothing to address the growing crisis while it might undermine the efforts the name-brand companies have undertaken to combat HIV in the developing world.

I would like to come in to speak with you, accompanied by my colleagues from Bristol-Myers Squibb and PhRMA to discuss what we are currently doing in the developing world. In addition, we would like to discuss what we believe are the limitations to compulsory licensing.

Please contact me at (202) 715-1000 to set up a time for us all to meet. I look forward to seeing you again.

Dear Sandy:

It was a treat to see you this morning. However, between the 1996 Convention, the Ghana State Breakfast, and our recent meeting, we are always talking in the most compressed framework. One day, it would be lovely to have some time and get to know each other a bit better. I will look forward to that.

I very much appreciated your taking the time to meet with me this a.m. about the work I am doing on the Convention on the Rights of the Child and my future plans to create a Center on the Rights of the Child with an initial regional program in West Africa. In my opinion, the CRC is a good political tool which children's advocates can use in their efforts to cause positive change in governments and within civil society. That is why I am interested in creating some mechanisms to enhance the capacity to advance this international treaty.

I am looking forward to hearing from you next week about potential "good folks" to talk with about this. Additionally, given the Administration's continuing interest in children and international aid, if you have further ideas about key folks with whom to talk in the White House, that would also be most appreciated.

I look forward to talking with you further. Enjoy your weekend.

Dear Ambassador Olhaye,

Please accept my sincerest apologies for my most unfortunate oversight in properly recognizing our distinguished African delegation at the event on Monday. I was so focused on making sure that our young speaker from Uganda was doing well that not only did I forget to list the Diplomatic Corps but several members of Congress as well. I cannot begin to tell you how embarrassed I am!

I hope that you will allow me the honor of personally delivering a copy of my report to the President to you and any other Ambassadors you would like to include. I would also welcome the opportunity to seek your input and guidance as we proceed with the implementation of this initiative.

Please know we are dedicated to working with our African partners in addressing the HIV/AIDS crisis. Together we can make a difference.

I look forward to hearing from you soon.

Respectfully yours,

Dear Ms. Thurman,

I have worked hard on Sunday, July 18, to assemble a number of senior Ambassadors representing the various sub-regions of Africa. We all came there yesterday, and participated in the event. Indeed, it was a timely initiative and a praiseworthy undertaking. We are very grateful for the continuing commitment of the United States government.

Let me point out though we left there somewhat uncomfortable at the utter lack of recognition of our presence and also not being assigned any seats. Here were the official representatives of Africa to grace an initiative so dear to their hearts and everyone else in the room would be recognized, and not THEM! I leave that for your own judgement.

We commend you, however, for the wonderful work you are doing; and please don't hesitate to seek our inputs or help anytime.

Sincerely,

Dear Ms. Thurman:

Thank you for meeting with Mori Taheripour, Managing Partner of Innovative Health Solutions (IHS) and me earlier this month. I enjoyed speaking with you about the current status of IHS, specifically the FY 2000 initiatives regarding minority AIDS issues.

A front-page article appeared in last Tuesday's Washington Post highlighting quite poignantly the issues raised during our discussions. A copy of that article is attached for your review. In light of the trends affecting African Americans, particularly the women and children, it is imperative that technical and more targeted assistance be provided at the federal level to curb this epidemic.

I will follow up with your staff to ensure the funding of these efforts. Again, thank you for your assistance.

Sincerely,

Thanks Sandy
Hope you enjoyed the ceremony for Mrs. Parks.

A hundred years ago, an era was marked by discovery, invention, and the infinite possibilities of progress. Nothing peaked society's curiosity more than the mysterious workings of the human body. They poked and prodded, experimented with new remedies and discarded old ones, increased longevity and reduced death rates. But not even the most enterprising minds of the day could have dreamed of the advancements that would soon become our shared reality. Could they have envisioned that we would vaccinate millions of children against polio? Ward off the annoyance of allergy season with a single pill? Or give life to a heart that had stopped keeping time?

As we stand on the brink of a new millenium, the progress made during the last hundred years is indeed staggering. And we continue to push forward every minute of every day. We now exist in a working global community, blasting through cyber-space at the speed of light, sharing knowledge and up-to-the-minute technology. We are in a unique position to benefit from the world's rich fabric of traditional healing practices while continuing to explore advances in modern medicine. In the halls of our medical schools, tomorrow's healers are learning to appreciate the complexities of our whole person. We are not only keeping people alive, we are keeping them well.

Although we deserve to rejoice in our progress, we must also remember that our health remains a complex web. Our world changes with each step forward and we are continuously faced with new threats to our well-being. The air we breathe has become polluted, the water tainted, and new killers have emerged to challenge us in ways we are just beginning to understand. AIDS, in particular, continues to tighten its grip on America's most fragile communities, and place our next generation in jeopardy.

Facing these new challenges will require us to find inventive ways to stay healthy. We already know the dangers of alcohol, smoking, and drug abuse. We also understand the benefits of early detection for illnesses like cancer and heart disease, two areas where scientists have made significant in-roads to treatment. We have become a well-informed society, and with that information comes a renewed emphasis on preventative care and a sense of personal responsibility to care for both ourselves and those who need our help.

The Encyclopedia of Health is designed to provide the framework for individual discovery, and to lay a foundation for more extensive research and study. The Encyclopedia is divided into five sub-sections: The Healthy Body; The Life Cycle; Medical Disorders and Their Treatment; Psychological Disorders and Their Treatment; and, Medical Issues. As we look towards the future health of our new global community, the Encyclopedia also projects what may lie ahead.

Read. Re-read. Study. Explore the amazing working machine that is the human body. Share with your friends and your families what you have learned. It is up to all of us living together as a community to care for our well-being, and to continue working for a healthier quality of life.

106TH CONGRESS
1ST SESSION

H. R. _____

IN THE HOUSE OF REPRESENTATIVES

Ms. LEE introduced the following bill; which was referred to the Committee on _____

A BILL

To amend the Foreign Assistance Act of 1961 to establish a program to provide assistance for HIV/AIDS research, prevention, and treatment activities in Africa.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "AIDS Marshall Plan Fund for Africa Act".

SEC. 2. FINDINGS.

The Congress finds the following:

(1) In a June 1999 lecture entitled "The Global Challenges of AIDS", United Nations Secretary General Kofi Annan stated that "[n]o company and no government can take on the challenge of AIDS alone [. . . and therefore] what is needed is a new approach to public health—combining all available resources, public and private, local and global".

(2) The 1999 annual report by the United Nations Children's Fund (UNICEF) states that 14,000,000 individuals worldwide have died as a result of HIV/AIDS and 11,000,000 of such individuals were from African countries.

(3) The World Health Organization announced that HIV/AIDS is now the "world's most deadly infectious disease", making it the fourth leading cause of death in the world, and the United Nations states that in sub-Saharan Africa, HIV/AIDS is the "worst infectious disease catastrophe since the bubonic plague".

(4) The World Health Organization reports that 33,400,000 individuals throughout the world are currently infected with HIV and 22,500,000 of such individuals live in sub-Saharan Africa.

(5) The Joint United Nations Programme on HIV/AIDS (UNAIDS) has declared that every day more than 16,000 individuals worldwide become infected with HIV.

(6) 3,600,000 South Africans are HIV-positive, with 1,500 new infections daily, and the virus is expected to infect 20 percent of that country's workforce by 2000.

(7) In the Republic of Zimbabwe, 1 out of every 5 adults is infected with HIV/AIDS, and an estimated 1,400 people die every week from AIDS.

(8) A 1999 Bureau of the Census report states that the average life expectancy in the Republic of Botswana, the Republic of Zimbabwe, the Kingdom of Swaziland, the Republic of Malawi, and the Republic of Zambia has decreased from approximately age 65 to approximately age 40—the lowest life expectancy in the world—due to high mortality rates from HIV/AIDS.

(9) According to a 1997 UNAIDS study, between one-fifth to one-half of all pregnant women in the Republic of Zimbabwe are infected with HIV/AIDS and at least one-third of these pregnant women are likely to pass the infection on to their baby.

(10) 1,800 babies are born HIV-positive in Africa every day.

(11) In sub-Saharan Africa, 960,000 children are living with HIV/AIDS.

(12) In the coming decades, HIV/AIDS will double infant mortality in many sub-Saharan African countries and will triple child mortality rates.

(13) It is estimated that by 2010, more than 40,000,000 African children will become orphans as a result of HIV/AIDS and 95 percent of these children will be located in sub-Saharan Africa.

(14) The 1999 annual report by the United Nations Children's Fund (UNICEF) states that "[t]he number or orphans, particularly in Africa, constitutes nothing less than an emergency, requiring an emergency response" and that "finding the resources needed to help stabilize the crisis and protect children is a priority that requires urgent action from the international community".

(15) The South African Press Agency has reported that an estimated 7 out of every 10 teachers in the Kingdom of Swaziland are HIV-positive.

(16) A World Bank study found that in Kigali, Rwanda, 34 percent of individuals with a postsecondary education are infected with HIV.

(17) The Southern Africa AIDS Information Dissemination Service estimates that over the next 20 years AIDS will reduce by one-fourth the value of the economies of sub-Saharan African countries.

(18) Most sub-Saharan African countries have a high rate of HIV infection among members of their militaries, including an estimated 80 percent rate in the Republic of Zimbabwe.

SEC. 3. ASSISTANCE FOR HIV/AIDS RESEARCH, PREVENTION, AND TREATMENT ACTIVITIES IN AFRICA.

Chapter 1 of part I of the Foreign Assistance Act of 1961 (22 U.S.C. 2151 et seq.) is amended by inserting after section 104 the following:

"SEC. 104A. ASSISTANCE FOR HIV/AIDS RESEARCH, PREVENTION, AND TREATMENT ACTIVITIES IN AFRICA.

"(a) ESTABLISHMENT OF CORPORATION.—There is hereby established the AIDS Marshall Plan Fund for Africa Corporation or the AMPFA Corporation (hereinafter in this section referred to as the 'Corporation'), which shall be an agency of the United States.

"(b) ASSISTANCE PROGRAM.—The Corporation shall, in consultation with the Director of the Office of National AIDS Policy, the Overseas Private Investment Corpora-

tion, and the heads of other Federal agencies involved in HIV/AIDS activities in Africa, establish and carry out a program to provide assistance for HIV/AIDS research, prevention, and treatment activities in Africa.

"(c) ORGANIZATION AND MANAGEMENT.—

"(1) STRUCTURE OF CORPORATION.—The Corporation shall have a Board of Directors, an Advisory Board of Directors, a President, an Executive Vice President, and such other officers and staff as the Board of Directors may determine.

"(2) BOARD OF DIRECTORS.—

"(A) APPOINTMENT.—The President of the United States shall appoint to the Board of Directors, by and with the advice and consent of the Senate, individuals with extensive training and experience in issues relating to development, healthcare (including HIV/AIDS), Africa, and the administration of grant programs generally.

"(B) DUTIES.—The Board of Directors shall establish and carry out the program under subsection (b).

"(3) ADVISORY BOARD.—

"(A) APPOINTMENT.—The Board of Directors shall appoint to the Advisory Board of Di-

rectors renowned and distinguished international leaders who have demonstrated integrity and knowledge of issues relating to development, healthcare (including HIV/AIDS), and Africa.

"(B) DUTIES.—The Advisory Board of Directors shall, in consultation with other international experts in related fields (including scientists and doctors), advise and provide guidance for the Board of Directors on the development and implementation of the program under subsection (b).

"(4) PRESIDENT AND EXECUTIVE VICE PRESIDENT.—The President and Executive Vice President of the Corporation shall be appointed by the President of the United States, by and with the advice and consent of the Senate, and shall serve at the pleasure of the President.

"(d) ACTIVITIES UNDER THE PROGRAM.—In carrying out the program under subsection (b), the Corporation—

"(1) shall, in consultation with representatives from community-based African health, education, and other related organizations, provide grants to African governments and nongovernmental organiza-

tions for projects that provide research, prevention, and treatment for individuals in Africa with HIV/AIDS; and

"(2) shall solicit contributions to the fund established under subsection (h)(1) from private sources and from foreign governments, including the governments of other G–8 countries.

"(e) OTHER REQUIREMENTS.—In providing grants under subsection (d)(1), the Corporation shall establish appropriate regulations, including—

"(1) self-sufficiency requirements for a government or organization receiving a grant;

"(2) requirements for a government receiving a grant in order to ensure that the government is committed to providing for HIV/AIDS research, prevention, and treatment activities under the program, including requirements such as the establishment by the government of a comprehensive plan for such activities in the country and for a system of accountability relating to such activities, and which may include the establishment of appropriate HIV/AIDS agencies, councils, or related entities for such activities; and

"(3) matching fund requirements, based on ability to pay, for a government receiving a grant,

to be determined according to the amount of the grant plus the total amount of the grants received by all nongovernmental organizations carrying out projects for the country involved.

"(f) GENERAL PROVISIONS AND POWERS.—In order to carry out its duties under this section, the Corporation—

"(1) shall have the same powers as the Overseas Private Investment Corporation (as described in section 239(g) of this Act); and

"(2) notwithstanding any other provision of law, is authorized to enter into 1 or more contracts with the Overseas Private Investment Corporation or any other appropriate Federal agency for such administrative services as the Corporation may require.

"(g) DEFINITIONS.—In this section:

"(1) G–8 COUNTRIES.—The term "G–8 countries" means the group consisting of France, Germany, Japan, the United Kingdom, the United States, Canada, Italy, and Russia established to facilitate economic cooperation among the 8 major economic powers.

"(2) HIV/AIDS.—The term 'HIV/AIDS' means infection with the human immunodeficiency virus.

Such term includes the acquired immune deficiency syndrome.

"(h) FUNDING.—

"(1) ESTABLISHMENT OF FUND.—There is hereby established in the Treasury of the United States a fund that shall be known as the "AIDS Marshall Plan Fund for Africa" (hereinafter in this section referred to as the "fund"), consisting of such amounts as may be contributed to the fund in accordance with subsection (d)(2) and such amounts as may be appropriated to the fund in accordance with paragraph (3).

"(2) EXPENDITURES FROM FUND.—Amounts in the fund shall be available only for purposes of carrying out the program under subsection (b).

"(3) AUTHORIZATION OF APPROPRIATIONS.—

"(A) IN GENERAL.—There are authorized to be appropriated to the fund $200,000,000 for each of the fiscal years 2001 through 2005.

"(B) ADDITIONAL AUTHORIZATION OF APPROPRIATIONS.—In addition to the authorization of appropriations under subparagraph (A), for each of the fiscal years 2002 through 2005, there are authorized to be appropriated to the fund an additional amount equal to 25 percent

of the total amount of funds contributed to the fund in accordance with subsection (d)(2) for the immediately preceding fiscal year.

"(C) ADMINISTRATIVE EXPENSES.—Not more than 8 percent of the total amount appropriated under this paragraph for a fiscal year may used for administrative expenses for carrying out the program under subsection (b) for that fiscal year.".

Women's Equality Day

August 25, 1999
4:00 p.m. – 6:30 p.m.
Indian Treaty Room (Room 474 of the OEOB)
The White House

Last year, the White House Women's Office hosted a Women's Equality Day Celebration on August 25, in the Indian Treaty Room of the Old Executive Office Building. At that event, we began a new tradition, with the full support of the White House Chief of Staff, of honoring six women appointees from across the Federal government who have made outstanding contributions on behalf of women and girls in our society. The six awards honored the following well-known suffragists: Ida B. Wells-Barnett, Susan B. Anthony, Lucy Stone, Elizabeth Cady Stanton, Sojourner Truth, and Lucretia Coffin Mott. We are in the process of coordinating the logistics and speakers for this year's special event, and will provide this information to you in the next few weeks. Thank you for your interest and we look forward to seeing you there!

SUBJECT: Dr. Nono Simelela visit

I am contacting you on behalf of Caroline Connolly of USAID/Pretoria regarding scheduling a meeting between Ms. Thurman and Dr. Nono Simelela. Ms. Connolly recently received word from Ms. Thurman's office that she will be in Washington the week of August 30, and would like to arrange a meeting/lunch with Dr. Simelela.

Dr. Simelela's schedule is currently free from 11am-2pm on Tuesday, August 31, or mid-afternoon on Friday, August 3. I hope either of these times is convenient for Ms. Thurman; please contact me at your earliest convenience regarding the proposed meeting times.

Many thanks,

Rachel Garwood

I believe that my colleague, Lee Pyne-Mercier, recently sent a briefing statement for Dr. Simelela. I am resending the statement for your reference.

THE VISIT OF NATIONAL DIRECTOR OF HIV/AIDS FOR SOUTH AFRICA DR. NONO SIMELELA

US POLICY INTERESTS

- At the BNC in February, 1999, the Health Working Group of the Bi-National Commission (BNC) focused primarily on HIV/AIDS. The Working Group urged both governments to redouble their efforts against this epidemic, focusing on prevention, awareness, counseling and testing.
- Vice-President Gore and then Deputy President Mbeki reinforced this emphasis in their press conference.
- On July 19, 1999, Vice-President Gore announced that the Clinton Administration will seek $100 million initiative in funds to fight global AIDS.
- In addition, the Vice-President unveiled a new report assessing the AIDS crisis in Africa as one of the worst infectious disease catastrophes in the history of modern medicine.
- Tasked by President Clinton, the White House Advisor on HIV/AIDS visited South Africa on a fact-finding mission to assess the problem of HIV/AIDS in Africa. South Africa was visited twice by this fact-finding team and a congressional delegation.

HIV/AIDS CATASTROPHE IN SOUTH AFRICA

- In 1998, according to the UNAIDS, there were 33.4 million people infected and living with HIV worldwide. More than two thirds (about 22.5 million) are in Sub-Saharan Africa, and 3.2 million are South Africans.
- In 1998, approximately 165,000 people are living with AIDS in South Africa.
- There were approximately 120,000 AIDS related deaths in 1998. This figure is expected to increase to 450,000 in 2005.
- The UNAIDS estimates that 1 of 7 new infections in Africa takes place in South Africa, the fastest growing epidemic in the world.
- In South Africa, HIV seroprevalence in pregnant women attending antenatal clinics has increased in each of the survey years, from 0.8% in 1990 to 16.0% nationally in 1997 to 22.8% in 1998, a 20 fold increase.
- It is estimated that 1,600 new infections occur every day in South Africa.
- Given the current trends of the growth of the epidemic, it is estimated that:
- Life expectancy of South Africans will fall from 60 years to 40 by 2010;
- Child mortality will triple from approximately 20 per thousand in 1995 to nearly 60 per thousand by 2005; and
- There will be over 2 million children orphaned from AIDS.

DR. SIMELELA AND USAID

- Dr. Simelela assumed her position as the Director of the HIV/AIDS/STD Directorate, National Department of Health (DOH) in January 1999.

- She is the third person to hold this position in the past four years.
- During this time, USAID and Dr. Simelela have developed a strong and effective working relationship.
- This is the first time USAID has had a strong and vital partnership with the National Directorate of HIV/AIDS.
- This is due greatly to the efforts of Dr. Simelela to reach out and build on the technical expertise that USAID has to offer in policy and program development in the area of HIV/AIDS.

PURPOSE AND GOALS OF THE VISIT

- Dr. Simelela is an outstanding professional, however, she is new to working with the international donor community.
- Therefore, USAID/SA thought it prudent that Dr. Simelela visit the US to gain an in-depth understanding about how USAID and its cooperating agencies work.
- USAID/SA is confident that this visit will assist the South African government in reducing the growing epidemic.
- The goal of the visit is to provide Dr. Simelea with a deeper understanding of potential resources available to South Africa and to identify possible areas for collaboration.
- In addition, this visit will continue to strengthen and broaden the growing partnership between the USAID/SA Mission and the DOH.

USAID/WASHINGTON

- USAID/SA would like USAID/W to reiterate from the highest levels of the Agency, USAID's support for South Africa's HIV/AIDS epidemic.

OTHER VISITS

- Dr. Simelela will meet with a variety of US organizations. These include:
- DHHS, NIH, Washington Hospital Center, Whitman Walker Clinic, the US Congress, The White House Office on HIV/AIDS, Food and Friends (NGO), the National AID Hotline Organization and CDC.
