MEMORANDUM

December 12, 1997

TO: Mr. Genaro Arriagada

FROM: ARA - Jeffrey Davidow

SUBJECT: Santiago Summit Deliverables

As we promised during our recent luncheon discussion, we have drawn up a list of "deliverables" for the Santiago Summit which could capture the imagination of people everywhere. They focus on programs that will be launched by the presidents that will affect lives in real ways.

We have not included issues such as resolving the Ecuador-Peru border question for very practical reasons. While this matter may be developed sufficiently to enable the two parties and four guarantors to use the Summit locale to sign an agreement, we would not want to fix the talks' conclusion to the April 18 deadline for fear of producing resistance on the part of one or the other of the parties.

The attached list is ambitious and will require efforts on the part of both our governments -- working with others -- to achieve it by the time of the Summit.

Attachments:

As stated

NON-PAPER ON SANTIAGO SUMMIT DELIVERABLES

In an effort to strengthen the message of the Santiago Summit, Hemispheric nations should develop several key deliverables that will either appear directly in the Summit documents or in public statements by key leaders participating in the Summit, spelling out commitments in specific terms. Emphasizing a "people's component" in the Summit's initiatives, some of the deliverables which could be highlighted in each of the four baskets could be:

Education Basket

Educating the 21st Century's Citizens: Working with the World Bank and the IDB and through public statements by leaders at the Summit, spell out specific levels of resources to be dedicated to implement the Summit's education initiative--in the range of billions of dollars; announce a specific number --in the thousands per year-- of educational exchanges of students and teachers; and obtain commitments from the private sector to dedicate satellite time for use by education entities across the Hemisphere to enable effective distance learning.

Democracy and Human Rights Basket

Judicial Reform: Emphasize judicial reform as a critical step toward a "a second wave of reforms" across the Hemisphere, by bolstering existing judicial educational institutions throughout the region, and mobilizing international donor support to establish an inter-American judicial studies center somewhere in the Hemisphere.

Press Freedom: Ensure greater freedom of the press by instituting a region-wide annual report by an objective agent--whether an ombudsman or rapporteur-- operating within an entity of the OAS.

Military Transparency: Agree to full transparency in arms transfers and defense spending as well as pre-notification of military exercises.

Drug Alliance: Establish a Hemispheric anti-drug alliance, to include a credible multinational evaluation system of national drug plans.

Extradition Initiative: To make our nations and cities more secure, launch an Inter-American Extradition Initiative to ensure that no criminal can escape prosecution.

Economic Integration Basket

Financial Markets: Adopt measures to ensure more stability of the regions financial institutions, especially during international market disruptions.

Enhanced Aviation Accords: Agree to improve air safety and launch an effort to obtain the world's first regional Open Skies regime to enable faster, safer, more efficient air travel.

Global Electronic Commerce: Adopt a set of principles to develop electronic commerce and the internet as a means to improve information exchange and economic growth.

Sustainable Energy and the Environment: Dramatically upgrade the region's sustainable energy programs, especially focusing on having all Summit nations adopt specific measures addressing global warming and climate change.

Poverty and Discrimination Basket

Labor Rights and Productivity: Bolster labor ministries to ensure labor rights are protected and that essential training and services are provided to enhance worker productivity and improve working conditions and standard of living.

Property Registration for the Poor: Enable the poor to obtain legal registration of and deeds to their property to empower them to become effective participants in every economy.

Healthier People: Pledge to eliminate dangerous communicable diseases by the year 2000 through a comprehensive immunization program; bring child nutrition throughout the Hemisphere to internationally-recommended levels; and create the Americas Telemedicine Network to provide doctors everywhere with real-time information for the treatment of the sick.

Hemispheric Institutions

Reform Inter-American Institutions: Establish a blue-ribbon commission of Hemispheric notables to review and make recommendations by the Summit following Santiago on structural and organizational reforms of the major inter-American institutions to make them more relevant to the Hemisphere's needs in the 21st century.
