WELCOME TO WASHINGTON D.C.!!

We just want to take a moment of your time to tell you about our firm. We have taken an innovative approach to our line of work - an approach that has a positive impact on the lives of our clients.

We are one of the few (if any) environmentally friendly commercial and residential cleaning firms in the country. We offer comprehensive cleaning services designed to minimize the deleterious affects associated with harsh cleaning compounds. From the office to the job site, we try to keep the environment in mind. Though we have no illusions about being more than a cleaning firm, we do feel that we help contribute to a healthy life style, as well as to the general well being of your environment, which is one of the priority items of your new administration. Thank Goodness!

The response to our unique service has been tremendous. Homeowners are particularly excited about our services. Our clients seek out smallscale ways to improve their lives, as well as combine environmental awareness with day to day living. We help them achieve this. It seems that we have tapped into a market that had heretofore been neglected.

We are attaching some information about our company. If, in your busy schedule, you find you need help in maintaining your new home, just give us a call. We will be happy to meet with you and give you a free estimate of your cleaning needs. Additionally, we provide all of the supplies and vacuums, will give you references, and are insured and bonded.

Thank you for your consideration. We look forward to hearing from you.

Most sincerely,

Brad K. Mazon

PROTECTIVE SERVICES

NEWS RELEASE

Dear New D.C. Resident,

Welcome to Washington! Below is the general information Lynn Parrish requested for those new residents working through the Government transition Office.

Rollins Protective Services has been protecting homes, families and businesses in the Washington, D.C. metropolitan area **since 1969**. We are well recognized as a technological leader in the security industry. Locally, **Washington Checkbook Magazine**, a consumer publication, has rated Rollins Protective Services as "**Best Buy**" in **Home Security**, in addition, this past year, **Forbes Magazine** rated Rollins Inc. as the **#1 Service company** in the **United States** for the fourth year in a row. These are powerful institutional references, in addition to our thousands of happy, protected homes in the area.

Many Rollins Customers have benefited from our **State of The Art Wireless Technology**. This Technology provides our customers with the ability to easily move the system in the event of a move/transfer. Since Rollins is a national company serving 45 metropolitan areas and their suburbs, we can serve you in most areas. Our wireless Technology is also ideal for our customers who are in a temporary or renting situation. Installation is clean with a minimal disturbance to the home, providing **maximum protection at a minimum investment**.

This information is being provided to give you an overview of **Rollins Protective Services**. I am available for an appointment or questions you may have regarding the protection of your home and family.
Call today: **(703) 569-6100**.

Thank you for your interest in Rollins Protective Services.

Respectfully,

Ralph A. Holmes III
Security Consultant

The **NOTIONS** department has more than 1,000 basic sewing notions. At the **LININGS** counter you will find lining for all garments including coats, plus interfacing & other miscellaneous fabrics. The **BOOK & PATTERN** department carries sewing patterns & more than 2,000 books on sewing & related textile subjects, plus sewing videos. G Street Fabrics also carries sewing machines & sergers from **BERNINA & NEW HOME**. The **EDUCATION** department offers over 100 classes each semester.

From its inception more than fifty years ago in the old downtown shopping area of Washington, D.C., G Street Fabrics has always been a store filled with fabric treasures. Initially situated in an old office building, G Street was a store made up of random rooms, small alcoves, hallways leading to tiny cubbyholes — all stuffed with fabric.

The new Rockville store which replaced the downtown office building in 1983 gave us the space to add thousands of books and notions, to expand the Trims department, add classrooms and a whole floor for Quilting and Decorator fabrics.

No description of G Street Fabrics would be complete without a word about the staff. We have one vital thing in common - a love of fabric. Beyond that, we also understand that this is unlike any other commodity for sale today, demanding far more personal service, care and time.

It is impossible to present the full scope of G Street Fabrics on a single page, but we trust that the following list will give you some idea of the uniqueness of this Washington institution.

G STREET DECORATOR FABRICS

Washington's largest selection of In-Stock Decorator Fabrics & Trims. Decorator Services include Custom Window Treatments, Slipcovers & Upholstery plus Free Decorating Consultation.

APPAREL FABRICS

A vast selection of Apparel Fabrics including cotton, rayon, linen, polyester, lycra, knits & denim plus solid, printed & cut velvets, leather & suede skins, & faux fur. Also specialty items such as microfibers & outerwear fabrics including polar fleece, Ultrex™ & ripstop nylon. Basic Wools include men's suitings plus specialty items such as lambswool, mohair, cashmere, camel hair & blends in dress, suit & coating weights.

EVENINGWEAR & DESIGNER FABRICS

Fabrics for Formal Wear such as evening silks, brocades, metallics & imported laces, rayon crepe, satin & faille. Designer Daywear Fabrics include printed & solid silks, silk suiting, Ultrasuede®, Facile®, & printed & solid cotton brocades.

BRIDAL

Fabrics for the Bride & the entire Bridal Party including laces, trims, appliqués & accessories plus taffeta, satin & other fabrics for formal wear.

BUTTONS & TRIMS

Over 3,000 boxes containing buttons from all over the world crafted from glass, crystal, shell, wood, assorted metals, ceramics and a variety of plastics and fibers. Each box contains several styles and sizes. Trims include ribbons, braid, lace trims, appliqués, rhinestones, fringe, frogs, tassels, decorative chain, piping, cording and jewelry findings.

"BEST ALL-AROUND"

Flashback Hair Salon offers the best in services and atmosphere among the group of salons we surveyed. The variety of products and the flexibility of the highly skilled staff - they have been recognized as having the five best stylists in the area - make Flashback our most recommended hair salon. Although there are no prices under \$20, the quality and service more than make up the difference. The salon is beautiful: bright and airy. Before touching your hair, the staff supplies you with a bathrobe to wear in order to ensure comfort. The hair-dressers actually take the time to talk to you, making for friendly service as well as professional styling.

ILO

HAIR SALON AND DAY SPA

The Georgetown salon, which takes its name from the Finnish term for youthful joy and beauty, personifies the style, service and expertise Washington's VIPs have come to expect. The best in cut, color and skin care is what you'll find inside the white-washed sunlit walls of ILO. The staff of thirty specialized stylists, colorists and aestheticians receive regular briefings from a selected team whose members participate throughout the year in international exchanges of emerging concepts in hair design and skin care, in both London and Paris.

The salon has received top accolades for its color clinic from the beauty editors of Vogue magazine, which may explain why ILO draws an impressive clientele. Regulars include local White House, embassy and congressional staffers, and celebrities (including Linda Carter, Cindy Crawford and David Frost) as well as many of the city's university students.

Stylists

ILO's stylists are recruited from the top schools in London and Paris and then trained in ILO's special technique. ILO has always employed – and specifically requires – this specialized training so that all stylists are considered equally competent. Clients can feel that they are getting the best cut regardless of the stylist.

Color/Perming

ILO's staff of three colorists and permers has been recruited from highly respected international schools – L'Oreal Paris, in particular. They are skilled in color, corrective color and perming. Occupying the entire third floor of the salon, the color/perming room has two skylights, allowing for natural light and therefore true color. Prior to color application, each client receives a consultation. Complete notes from the consultation are kept on file for reference. The staff's goal, with each individual, is to improve hair color only by making it look as natural as possible.

Skin Care

The European approach to personal care is most apparent in ILO's skin-care center. The salon's three beauty therapists were trained in Europe, where they received two years of intensive study at a college and an extensive background in anatomy, dermatology, physiology and exercise therapy. ILO's simple, soothing skin-care regime was developed to make treatment a pleasant experience. Each treatment room is bright and airy, and furnished with the most advanced equipment available.

ILO offers a full range of services from aromatherapy to hydrodermy, from massage to makeup consultations. For more information about ILO, contact Gary Walker at (202) 342-0350.

PORTAMERICA[®] GOLF AND COUNTRY CLUB

at Tantallon

300 ST. ANDREWS DRIVE
FORT WASHINGTON, MD 20744

(301) 292-1100

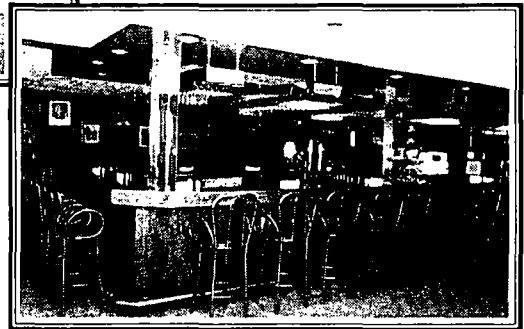

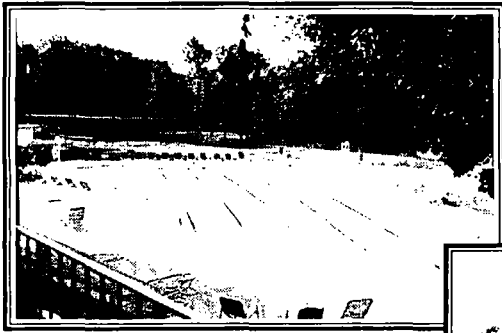

PortAmerica Golf and Country Club at Tantallon is a private club established in 1962. Located in the lush, rolling countryside of Ft. Washington, Maryland, the 172 acre club is within a half-hour's drive from downtown Washington, DC, and Old Town Alexandria.

The challenging and picturesque golf course is one of the foremost attractions of PortAmerica Golf and Country Club. Our 18-hole, PGA rated course will test the skill of golfers at all levels, without unfairly penalizing the beginner. A "Class A" PGA Golf Professional is on staff with a full-service pro shop. Lessons are readily available, along with in-house computerized handicap service. The club boasts active member participation in all areas of league play, and is the host of several Pro-Ams during the year.

Our swimming facility is the home of PortAmerica winners with over 100 children on a championship swim team. Our Y shaped pool is ideal for adults and juniors for serious swimming or just plain fun splashing to cool off on warm summer days. A separate pool for tots is adjacent to the main pool.

During summer evenings, social events and parties are frequently held poolside for a total country club evening.

The handsome clubhouse at PortAmerica Golf and Country Club with its grand colonial facade and beautiful grounds is the focal point of activity for our members. The 27,000 square foot facility has both formal and informal dining rooms, staffed by an Executive Chef and first class food and beverage operation.

Dear Members of the Clinton Team,

Twenty-two years ago I arrived in the Washington, DC area as a young man from a small mountain town in Southwestern Virginia. Although my work was very personal in nature (teaching retarded children), a strong sense of community was missing here.

This all changed in 1975 when a group of socially conscious neighbors approached me about starting a community food store and providing an alternative to the large, impersonal, profit-oriented supermarkets in the area. Out of this grassroots beginning grew the **Bethesda Co-op**, a \$3 million a year business dedicated to providing wholesome, nutritious foods at reasonable prices to the community.

The Bethesda Co-op draws its strength from the community of members, the workers who manage the store non-hierarchically, and the scores of volunteers (the real backbone of the Co-op) who give of their time and effort to make the store a place where people and community come first.

The Co-op is not just another health food store. Unlike new, trendy gourmet food stores, the Co-op has close ties to progressive organizations, homeless shelters, local farmers and other co-operatively run businesses. We have a social conscience that appeals to our many members.

To become a member, just fill out an application and select the type of membership you desire. If you choose to become a volunteer member, you'll receive a 20% discount for contributing 6 to 12 hours of volunteer work per month in the store. Community (paying) members contribute \$30 annually and receive a 5% discount on all items. **But you don't have to become a member to shop at the Co-op. Our store is open to all.**

We offer a wide selection of items from our fresh organic produce to our inexpensive bulk goods. Our imported and domestic cheese, fresh baked breads, organic juices and recycled paper products all reflect the Co-op dedication to quality, health, and ecologically sound products.

We of the Bethesda Co-op enthusiastically welcome the Clinton team to our nation's capital, and invite you to visit us in our new store in Cabin John, Maryland just off MacArthur Boulevard at Seven Locks Road. We are located near many beautiful and historic places: the Potomac River, the C and O Canal, Great Falls, Clara Barton House and Glen Echo Park. People often stop by the Co-op on their way running, hiking or biking on the Canal towpath or kayaking on the river nearby.

The Co-op is an easy way to become an instant member of a community of people dedicated to providing not only nutritious food, but also a sense of place and purpose -- a sense of belonging and being a part of something larger than oneself.

Sincerely,

Russell Belcher
Bethesda Co-op Advisory Board

Unlike many

real estate agents who are simply licensed by their state to do business, REALTORS® have taken additional steps to become members of the local board of REALTORS® and have agreed to act under and adhere to a strict Code of Ethics.

This membership obligates them to be fair to all parties involved in this transaction, be it buyer, seller or cooperating agent. Be sure your real estate agent is a REALTOR®.

REALTORS® do more...
Much More...
Than you may think

If you see a home as one of your most important investments, the REALTOR® you work with could be one of your most valuable resources. As a homebuyer, you can expect the commitment, integrity and expertise that you'll find in REALTORS®. It is the business of a REALTOR® to work with you by understanding your homebuying needs and showing you properties that fit your lifestyle and budget. That's why REALTORS® work hard.

Work with a REALTOR®

Buying a home calls for your informed decision based in part on the knowledge, judgment and guidance of a real estate broker or agent—particularly one who is a REALTOR®

NATIONAL ASSOCIATION
OF REALTORS®

The Voice for Real Estate™

BUYING A HOME?

BEHIND THE SCENES

A REALTOR® can help you determine how much home you can afford. Often a REALTOR® can suggest ways to accrue the down payment and explain alternative financing methods.

A REALTOR®, in addition to knowing the local money market, also can tell you what personal and financial data to bring with you when you apply for a loan.

A REALTOR® is already familiar with current real estate values, taxes, utility costs, municipal services and facilities, and may be aware of local zoning changes that could affect your decision to buy.

A REALTOR® can usually research your housing needs in advance through a Multiple Listing Service—even if you are relocating to another city.

A REALTOR® can help familiarize you with the closing process by explaining it in advance.

WHEN SHOWING YOU A HOME

A REALTOR® shows you only those homes best suited to your needs—size, style, features, location, accessibility to schools, transportation, shopping, and other personal preferences.

A REALTOR® often can suggest simple, imaginative changes that could make a home more suitable for you and improve its utility and value.

A REALTOR®, though generally acting as an agent for the property owner, is bound and obligated by the Code of Ethics to give fair treatment to all parties in the transaction.

A REALTOR® is sensitive to the importance you place on this major commitment you are

about to make. Count on this real estate professional to facilitate negotiation of an agreement satisfactory to both seller and buyer.

**Check it out carefully.
New home or not so new, it
pays to know what to look
for in its structure, equip-
ment and surroundings.
Though a final assessment
can be made by an inspec-
tion service company, this
checklist can serve as a
reminder of some things
you should look for in order
to make a wise buying
decision.**

STRUCTURE OF HOME

Foundation. Floors and walls poured concrete. No evidence of water seepage or moisture problems. Minor settling cracks usually not structurally significant.

Drainage. Sump pump for sanitary and foundation draining. Crawl space dry.

Termite and wood rot. May require inspection by qualified exterminator for existing and potential problems.

Floors. Condition of flooring, whether plank or plywood. Solid construction of bridging and joists.

Walls. Condition of walls, whether drywall or plaster. Absence of water marks.

Attic. Sufficiently insulated and ventilated.

Fireplace. Damper in working order, flues to chimney clear.

EQUIPMENT AND APPLIANCES

Heating. Type of heat used and minor periodic maintenance required—oil fan motor, lubricate bearings, clean humidifier, replace filters, etc.

Hot water system. Type and gallon capacity. How long present unit in service (if older home).

Electrical. Standard house current, number of circuits, outlets and fuses or circuit breakers sufficient for everyday needs. Condition of wiring.

Plumbing. Good water pressure throughout house. Tie-in to local water supply facilities, etc. all in working order. Bathroom and kitchen fixtures in good shape.

Appliances and fixtures. Range, refrigerator, dishwasher/disposal, laundry facilities, etc. all in working order. Accommodation for gas grill hook-up. Bathroom and kitchen fixtures in good shape.

EXTERIOR AND GROUNDS

Lot and landscaping. Grading level or properly contoured. Trees and shrubs sufficient for needs. Fences, walls, patio and driveway in good condition.

Exterior walls. Type suitable to weather conditions, need for any periodic maintenance (painting or tuck pointing).

Doors and windows. Easy to open and close (or replace) for storm/screen removal or installation.

Roof. Gutters and downspouts in good condition. If older home, how long have shingles been in use? Chimney flashing tightly caulked.

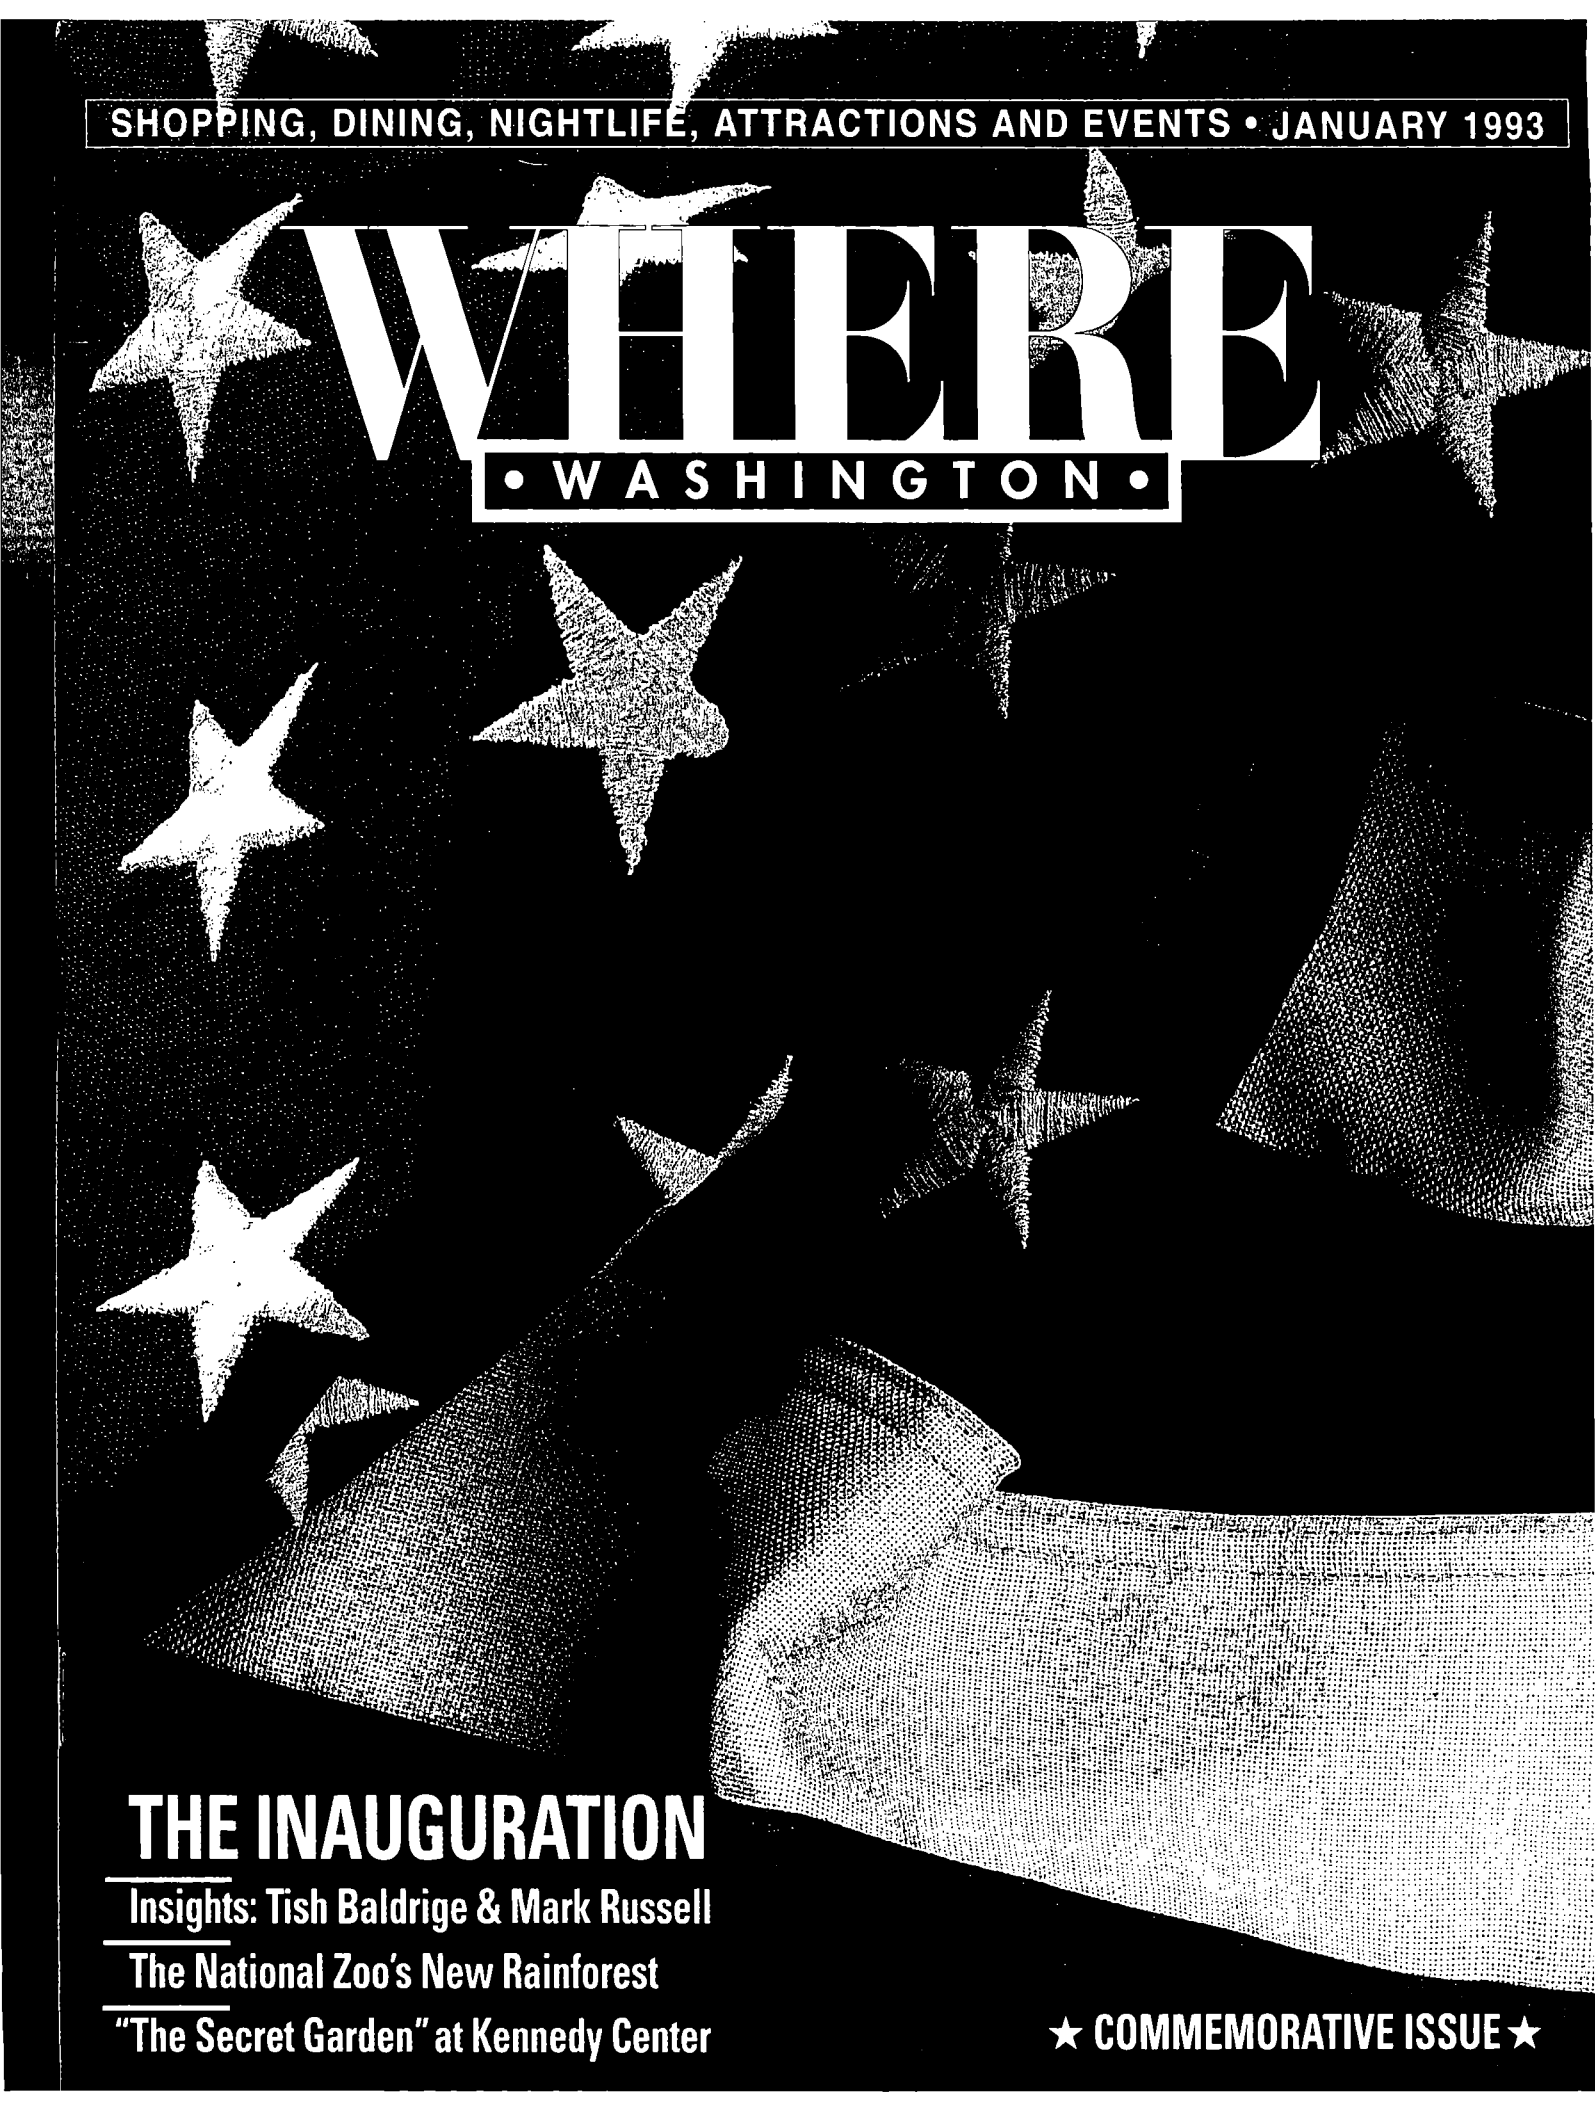

Garage. Doors or opener in good working order. Sufficient electrical and heating access.
