RE/COMMENTS:

Manufacturing Share of Private Employment and Compensation

The manufacturing share of employment fell from 35.3 percent in 1967 to 18.7 percent in 1997. Compensation share is higher because of generally better pay in the manufacturing sector.

Real output in manufacturing is growing about as fast as overall national output.

Productivity is growing much faster in manufacturing- 80 percent from 1977 to 1999 versus an average of 18 percent for all industries.

Growth in Manufacturing Productivity

International Comparisons

Index 1979 = 100

During the last two decades, manufacturing productivity has grown 3.0 percent at an annual rate, somewhat less than Japan's increase (3.5 percent), but more rapidly than Germany's growth (2.4 percent).

Manufacturing Productivity Levels

International Comparisons

1993 levels as a percent of U.S. level

The level of manufacturing productivity (output per worker) in the U.S. is higher than the productivity levels in other major industrial countries.

U.S. Exports and U.S. Manufacturing Production

Percent change from year-ago level

The rise and fall of growth in U.S. manufacturing is often closely associated with growth in U.S. exports.

Growth in Exports by Industry Percent change, year over year				
	Share of 1998 Exports	Growth in 1997	12-mo. growth to Growth avg of Nov, Dec, in 1998 and Jan-99	
Total manufacturing	100	12.1	-0.2	-1.6
Primary metals	4	6.7	-3.5	-13.0
Iron and steel	1	16.4	-3.8	-18.7
Food products	4	6.4	-4.2	-12.0
Industrial machinery	20	14.1	-6.0	-10.1
Chemicals	11	11.5	-1.9	-4.2
Instruments	6	13.2	1.2	-3.9
Electrical machinery	17	12.4	-1.8	1.3
Transportation equipment	20	16.2	11.0	13.1
Aircraft	10	25.6	28.4	35.2

On an annual basis, the strongest export growth last year came in aircraft, while the largest declines occurred in primary metals, food products, and industrial machinery.

Domestic sales have continued to grow steadily even as exports have declined since late 1997.

Industrial Production			
Percent change from prior quarter at an annual rate			
	1997*	1998*	1Q99 **
Industrial production	6.6	1.9	0.9
Utilities	1.9	-0.9	2.7
Mining: oil and gas extraction	1.8	-8.1	-17.8
Manufacturing	7.3	2.5	1.6
Lumber	3.1	4.2	7.5
Industries substantially involved in trade			
Iron and steel	5.0	-11.8	9.8
Apparel	-2.0	-6.1	-7.3
Chemicals	3.1	-2.2	1.3
Aircraft and other transp.	13.4	6.4	-12.1
Instruments	3.6	1.9	6.0
Industrial machinery	13.4	12.8	5.9
Electrical machinery & electronics	24.2	11.2	13.5
* Fourth quarter to fourth quarter			
** Fourth quarter 1998 to February 1999			

Despite weakness in exports, production of industrial machinery grew in 1998.

Growth in Manufacturing Capacity

4-quarter percent change

The manufacturing sector has expanded its capacity at very high rates over the last several years.

Rate of Return to Assets After Taxes

Percent, 4-quarter average

The profitability of manufacturing is volatile, but averages better than the retail and wholesale trade sectors.

U.S. Share of World Exports of Manufactured Goods Percent

Since a decline in the early 80's, the U.S. share of world exports has recovered.

karen,
david smith called and says that he can't round up all his folks on either of the times that we gave him for next week. that leaves us with the following choices:

- 1) do a meeting the week of June 14th with Robert and Becky--but not Janet
or 2) wait until after july 4 to have the meeting with Janet and Robert

what would your druthers be? we'll follow your lead -- whichever way you want to go is fine with us. just let us know. thanks much,
ac

Subject: more re affcio meeting

once we have a time set for the meeting, can you please add David Beier of the VP's office to the list of administration folks that we invite?

(also, so that you don't get swamped, please feel free to ask lisa or francine to take the lead on making the invite calls, doing the waves etc, once we have a time set...)

thanks

Subject: blue pass for robert lawrence

sandy, as discussed, among the points we need to reiterate are

- 1) as chief economist he should have long since had a blue badge -- whether he's senate confirmed or not
- 2) that position has always had a blue badge -- we're not upping our # or blue badges -- we're down one now because we turned in jeff's and never got robert's
- 3) his (temporary orange) expires today.

let me know if you need anything else
thanks!
