* Indicates States where key Republican votes went to law enforcement's side during argument on the Bill in both houses.

Indicates replacements or additions not indicated in our original letter to you. We would like a few invitations and envelopes so the new people may have a memento of this occasion.

This list in no way represents the extent of the effort of the Fraternal Order of Police in the passage of this Crime Bill. It is indicative of the many hours work exhibited by some special people and is certainly indicative of the ability of the Fraternal Order of Police to produce some key votes on the issues at hand. If possible we would like a group photograph opportunity taken with the President.

Sincerely,

Richard A. Boyd
