RE: Cloning Files
DATE: December 11, 1998

The attached human cloning file contains materials collected by Mr. William Marshall and subsequent additions by Christina Tsai.

The redwell contains the following sections:

- Memos for the President

- Medical Research
- Legal Protection for Bio-Technological Inventions
- Glossary of Genomics Terms
- FDA Jurisdiction
- Denver Summit
- National Bioethics Advisory Commission

- State Legislation on Cloning
- Law Review Articles on Cloning

The bulk of my work on this file included: (1) updating the State Legislation file by creating a "1998 State Legislation on Cloning" chart with attached bills; (2) collecting new articles on cloning developments; and (3) gathering law review articles concerning constitutional issues related to reproductive rights and cloning.

I have also attached a short memorandum on human cloning news highlights to familiarize the next person in entrusted with the file
