Dear Ms. Steinberg:

Please allow me to introduce myself. Mr. Keane has me to serve as his special assistant during the Presidential visit and in preparation for the visit. I am a Second Secretary and am presently working in Caracas' Consular Section.

Mr. Keane has asked me to prepare a preliminary list of sites for the Pre-Advance Team to visit. This list follows this cover sheet and has been cleared by Mr. Keane.

Sincerely,

Brian R. Naranjo
Second Secretary
Special Assistant the the Deputy Chief of Mission

Preliminary Site Visit List:

The following is a list of sites which the Pre-Advance Team may wish to visit. I have divided the lists into two basic areas: downtown areas and "Embassy" areas. The downtown areas are closer to the Caracas Hilton where the Pre-Advance Team will be staying. The Embassy areas are in the eastern end of town closer to the Embassy.

Downtown Sites:

Panteon Nacional de Simon Bolivar -- site of wreath laying (and possible crowd site for an address to the public by the President, although the GOV may veto that, depending on sensitivities; it is a masoleum, after all.)

Miraflores Palace -- offices of the President of Venezuela. Possible site of State Dinner. Possible site of working breakfast with President Caldera followed by bilateral talks. Esplanade may be used as a site of signing ceremony of agreements, a possible press/public event.

Plaza Bicentenario -- (located outside Miraflores Palace) possible crowd site.

Casa Amarilla -- Ceremonial house of the Ministry of External Relations. Site of signing ceremony. Also possible site of State Dinner. Possible site of working breakfast with President Caldera followed by bilateral talks. Ceremonial Hall may be used as a site of a signing ceremony of agreements, a possible press/public event.

Plaza Bolivar -- (located outside Casa Amarilla) Site of possible public stroll. Good for photo ops with common people at Bolivar statue, colonial buildings, and tropical plants.

Parque del Este -- possible site of public stroll or public crowd event (The band shell area holds 5,000 people). Scenic park with excellent views of Avila mountain. Contains full size replica of Columbus' Santa Maria ship (timely for Columbus Day).

Teresa Carreno Theater -- possible site of FLOTUS to visit. Jose Felix Ribas Hall and the main theater.

Quinta Anauco -- a gem of a colonial home and now a museum. Cultural events such as recitals are frequently held in this house. This is a possible site for FLOTUS to visit. Simon Bolivar stayed in this house before travelling to Colombia.

Children's Science Museum -- a favorite of President Caldera's wife. This is a possible site for the FLOTUS to visit, and is located close to the Hilton. This is an excellent museum dedicated to developing children's interest in Science.

Sabana Grande -- Per your request for shopping (mingle with crowd) sites for FLOTUS. Possible shopping site. This outdoor shopping district is closed to vehicular traffic and is for pedestrians only. It is a very busy area. We do not recommend this, because it has poor visuals and high rises in some segments.

Hilton Hotel -- your hotel for the Pre-Advance visit. Several hundred rooms will be used in this hotel for the Presidential visit. Possible site for meeting/breakfast with private sector leaders.

Embassy Sites:

La Carlota Airbase -- The President will be received by President Caldera at this airport during an honor ceremony. Possible crowd site (The Pope used it), but hard to fill given the huge size.

Embassy Chancery -- Crowd Site for meeting Embassy and American community.

Eurobuilding Hotel -- This is one of three hotels which will be used during the visit.

La Casona -- Residence of President of Venezuela. Possible site of State Dinner. Garden may be used as the site of a signing ceremony of agreements, a possible press/public event.

Tamanaco Intercontinental Hotel -- One of three hotels to be used during the visit.

As additional ideas arise, we will, of course, forward them on to you for your consideration.

INFORMATION

MEMORANDUM FOR BRIGADIER GENERAL DON KERRICK

FROM: FRED DOHSE

SUBJECT: Trip Report of the White House Site Survey Team to
Venezuela

Monday, March 10

The Team arrived in Caracas at 3:45 p.m. and immediately began to look at possible venues for Presidential events, including the following:

- Maiquetia Airport Presidential Suite. Nice facility that has a private room (holds 7 at the table) and a larger room (space at the table for 10 on a side and 2 individuals on the end) that could be used for bilateral meetings if the Venezuela stop turns out to be a refueling stop.
- Guzmania. Building is official beach house of the Venezuelan President. It is also a possible venue for bilateral meetings. The room for the private meeting can accommodate 4 people to a side, and the room for the expanded meeting will easily hold 8 on a side at the table. Facility also provides a nice back drop for an outdoor press availability. However, the Venezuelan Government is planning to begin needed building maintenance next month, which will likely extend through the President's visit, eliminating the site as a possible venue.
- Sheraton Macuto Resort. Hotel is located on the beach near the airport. It is an acceptable presidential hotel.
- Hotel Melia Caribe. Hotel is also on the beach, but it needs repair.
- Caracas Hilton. Hotel located up mountain from the airport and beach area in the city of Caracas. It has the most impressive presidential suite of the trip and plenty of rooms for the traveling delegation.
- Inter-Continental Hotel Caracas. Hotel where the Team stayed. It is also an adequate hotel for our needs.

Tuesday, March 11

The Team began the day at 8:30 a.m. with a meeting at the Embassy with key members of the Embassy staff, including John Keane, the Chargé. The Chargé voiced his opinion that the Venezuelans should receive more than just a refueling stop that keeps the President at only the airport. However, he also stressed that the Venezuelan Office of Protocol has indicated a willingness to do whatever necessary to meet our needs and make the visit a success.

Mr. Tony Herrera, Vice President and Executive Director of the American Chamber of Commerce in Venezuela, joined the Team during the meeting with the Chargé. Mr. Herrera gave us some basic statistics on AmCham's role in Venezuela: 47 years old; represents 900 corporations with 45 percent of those from the United States; the U.S. corporations employ 600,000 people in Venezuela; 96 percent of U.S. investment in Venezuela goes to corporations affiliated with AmCham; and the Chamber has 4,000 individual members. Herrera indicated that President Clinton's visit was timely because during the May time frame he expected the Venezuelan oil company to award contracts to U.S. companies bidding for exploration rights to new oil fields the Venezuelans have recently opened for lease. The Venezuelans need U.S. technology and capital to expand their oil production to meet the Government's established goals: double production in the next 10 years. Herrera also indicated the Herrera indicated AmCham was willing to go anywhere to support a Presidential business event.

The Team spent the remainder of the day visiting possible sites for the President's visit, including:

- Quinta Anauco. Building is restored, 200-year old, former-coffee plantation hacienda that now is a Venezuelan museum. Simon Bolivar lived in the hacienda before he departed Venezuela for Columbia and his death. Building would provide a nice, but small and limited, venue for bilateral meetings and a press availability. At Quinta Anauco the Team was met by Raul Gtriago Toro, the Venezuelan Director of Ceremony and coordinator for the President's visit. The Team looked at the site to appease the Venezuelans.
- Presidential Palace -- Miraflores. Miraflores is the most likely site of the bilateral meeting with President Caldera. The scenario would include an arrival ceremony with the playing of national anthems (brief POTUS remarks and review of troops); a greeting line for the Presidents to meet the delegations; a private, 30-minute bilateral meeting (room for 4 on a side in President Caldera private office -- room for more if we give Venezuelans advance word); an expanded bilateral meeting (from Venezuelan point of view only necessary if we want it and schedule allows); and a signing ceremony (if needed) and press availability in a room very similar to Room 450 in OEOB (ministers seated on stage -- needs to be manifested).

- El Panteon. Site is the cathedral holding the remains of Simon Bolivar. Venezuelan protocol require visiting heads of state to lay a wreath at the tomb. Openness of arrival courtyard is a security concern for Secret Service. Scenario would include: 1) national anthems (again); 2) laying of the wreath (Secretary of State would assist the President); and 3) signing the guest book.
- Casa Amarilla. Building functions as the official reception venue for the Venezuelan Ministry of Foreign Affairs. Site could be used for a reception, lunch or diner depending on the nature and length of President Clinton's stay. During such an event President Caldera plans on presenting President Clinton with Venezuela's highest civilian award, the Grande Collare (the Grand Collar).

While touring Casa Amarilla I had an opportunity to talk with Raul Toro, who informed me that Venezuelan protocol for a head of state requires that the head of state call on Congress in one of 2 ways: 1) speak to a joint session, or 2) conduct a private meeting with Congressional leadership. The building housing Congress is next to the Casa Amarilla.

- Centro Internacional de Educacion Desarrollo (CIED). CIED is the Center for International Education Development. Mr. Valdis Millers walked the Team through the building, which is a national education center supporting the oil industry in Venezuela by providing continuing education in areas such as geo-physics, geology industrial safety and environmental protection. CIED provides training to 70,000 student a year, the majority (80 percent) are employees of the oil companies doing business in Venezuela. The oil companies cover 80 percent of the tuition costs for their employees. The building is spacious with an adjacent soccer field that could be used as a landing zone. The building has an auditorium that holds 400 with the facilities to video conference a Presidential event to an additional audience of 1,000 plus at a dozen sites around the country. The Team felt CIED would make a good venue for President's Clinton's' business event during his visit to Caracas.
- La Casona -- President Caldera's private residence. La Casona is a beautiful home that could be used as an alternate site for the bilateral meeting or a meal during the visit. It also has a nice area for an outdoor press availability. If President Clinton visits La Casona, President Caldera would likely follow his custom when VIPs visit and give President Clinton a personal tour of the more public areas of his home. If a La Casona is used for a meal, the dining table only holds 54 people.

Following the tour of La Casona, the Team continued to the airport, departing for Barbados at 5:00 p.m.

The Secretary of Energy

Washington, DC 20585

February 10, 1997

Mr. Samuel "Sandy" Berger
National Security Advisor to the President
The White House
Washington, DC 20500

Dear Sandy:

As part of the President's trip to Latin America in May of this year, I propose a stopover in Caracas, Venezuela. Since Venezuela is one of the most active and viable democracies in Latin America, its adherence to the democratic system needs to be recognized and supported, particularly in view of the political strains surrounding the resignation of President Carlos Andres Perez in 1993. In addition, Venezuela is a major oil producing nation and the largest exporter of oil to the United States.

Successful expansion of Venezuelan oil exporting capability is very important to our long-term strategic objective of diversifying the world's oil supply options. Venezuela is vital to our energy security and has been our active co-chair in hemispheric energy cooperation since the Summit of the Americas. In 1995, it supplanted Saudi Arabia as the largest single supplier of oil to the U.S. market, providing nearly 18 percent of our oil imports in 1996.

The role of Venezuela in the world's energy market will increase in the foreseeable future. In 1995, Venezuela opened its oil and gas exploration to private firms, and had previously acquired ownership of CITGO, a major U.S. refining and distribution company. Venezuela has also announced plans to increase its oil production from 3 million barrels/day to 6 million shortly after the turn of the century and in turn, has invited U.S. participation and investment to reach this goal. Although our investment in Venezuela is already near \$5 billion, the opening of the oil sector and new privatization initiatives in telecommunications, steel, aluminum, and petrochemicals, means that U.S. investments could well rise to \$30 billion over the next few years.

Venezuela is a strategic ally for many reasons. Geography makes clear the crucial importance of this country in our anti-drug program. Along with being an active and positive member in the regional struggle against drug trafficking, U.S. industry contacts have advised us that Venezuelan President Caldera has taken a lead in anti-corruption efforts within the Hemisphere.

OPTIONAL FORM 99 (7-90)

Venezuela has become an important partner and supporter of the U.S. efforts to promote stable and enduring democratic systems in the Hemisphere. Their implementation of crucial economic and legal reforms promotes free trade and regional integration throughout the region. These efforts deserve to be recognized and supported.

I, therefore, urge that you give serious consideration to adding Venezuela to the President's itinerary for his planned visit to Latin America in May. The Department of Energy stands ready to provide our assistance to make this important visit a success.

Sincerely,

Charles B. Curtis
Acting Secretary

Purpose

To decide participation in a "Town Hall of the Americas: A Conversation with American President Bill Clinton."

Background

Henry Cisneros and his team at Univision have expressed strong interest in hosting a three city, inter-active town hall meeting originating in Buenos Aires on October 16th. As currently planned, the event will present an unique and historic opportunity for you to speak directly to youth leaders throughout the hemisphere on the common problems and common future we all share.

The title of the event is a "Town Hall of the Americas: A Conversation with American President Bill Clinton." You would speak to and answer questions from audiences of approximately 100 youth leaders in three cities: Buenos Aires, Miami and Los Angeles.

Univision would host and moderate the program in all three cities, broadcast the event live with a replay during primetime, and feed the transmission to the American networks and White House press corps.

Message

The Town Hall of the Americas would focus attention on a new generation of Latin Americans that share many of the same ideals and interests as their peers in the United States. By facilitating interaction among youth leaders in Miami,

cc: Vice President
Chief of Staff

Los Angeles and Buenos Aires, this event will underscore the common future of the hemisphere's youth and our common interest in working as partners to meet the challenges of the new era. The dialogue will highlight your agenda for addressing the challenges the young people of the Americas face on the verge of the 21st century (education, drugs, good jobs, etc.) and the benefits of our growing cooperation.

Audience

- The audience would be comprised of a group of approximately 100 "Stars of Tomorrow" in each of the three cities, representing a diverse cross-section of current youth leaders. *Univision* would draw on young achievers in education, business, community service, sports, health, environment, anti-drug efforts, and foreign cultural exchange activities. If we commit to this project, *Univision* hopes to work with us to gain our input regarding recommendations for audience participants and vetting.

Coverage

- *Univision* reaches 92.3% of Hispanic households in the United States (29.3 million people) and currently the program would be broadcast in 18 other countries around the hemisphere. *Univision* estimates a potential audience of 100 million for this event. As stated above, *Univision* would carry the event live and re-broadcast during primetime. *Univision* will also have local and regional press in both Los Angeles and Miami to maximize coverage in those markets. The event will of course be open to the White House press and *Univision* will explore a simulcast agreement with C-SPAN.

Cost

- *Univision* would pay for all costs associated with this event. They would sell commercial space to their normal advertisers before and after the telecast. *Univision* will also promote the event prior to the 16th. We will work with *Univision* to ensure that the White House and its image are used in the appropriate manner in any and all promotion.

Host

- *Univision's* main anchor Jorge Ramos (their Peter Jennings) would be the primary host in Buenos Aires, they also would

have their top news anchors as the hosts in Miami and Los Angeles.

Interpretation

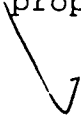

- The event would be conducted with simultaneous translation. You would most likely need to use an IFB for your translation while interpreters would translate simultaneously for the television audience.

Questions and Duration

- The event would be for 60 minutes. You would have several minutes for an opening presentation and then take approximately 15 questions total from the three locations. During our initial discussions with *Univision*, they have generally agreed to limit questions to international issues affecting the hemisphere -- but obviously, there is no absolute way to "control" the questions.

RECOMMENDATION

That you agree to this proposal.
