- **Validators' Op Eds**

- Derek Bok is attempting to place an op-ed in the New York Times
- Bill Gray will be trying to place one in the L.A. Times.
- The Department of Education is working on op-eds from the National Black Child Development Institute -- a twenty five year old Washington based think tank.

- **Volunteer Action Kit** -- We worked closely with the Committee for Education Funding (CEF) and the Education First Alliance to develop and disseminate a volunteer action kit entitled "Education Cuts Never Heal" to its member organizations for their use with their own memberships. These 100 member organizations have a potential audience of over 10 million people. The kit includes: a list of activities for local organizers; tips on meeting with Members of Congress; and media suggestions including sample op-eds.
- **Meetings with Mayors and CEOs -- Wednesday September 6** -- Your two meetings: one with a bipartisan group of Mayors and county officials and the other with CEOs supportive of GOALS 2000 served to reinforce the message of your commitment to preserving and improving the American education system at a time when Republicans are proposing to tear it down. Specifically, the Washington Post, New York Times, Los Angeles Times, and Wall Street Journal all reported on your focus on education, opposite stories on the Republicans' cuts and their unwillingness to compromise.

In conjunction with the mayors event, we prepared a study of the impact of the cuts on 47 metropolitan areas. On Thursday, September 7, press conferences were held by elected officials in each of these locations. [See attached memo].

- **Presidential College Newspaper Op-Ed** -- An op-ed from you will be sent out on Friday, September 8 to 1750 college and university newspapers. The goal is for the piece to run in conjunction with coverage of the Illinois speech. We will also pitch it for *USA Today* on Monday, September 11.

- **Higher Education Speech -- Monday September 11** -- Speech at Southern Illinois University at Carbondale. The audience for this event will be students from Carbondale as well as students from surrounding schools. Before the event you will hold a roundtable discussion open to pool coverage with students from the different schools to discuss the impact of proposed budget cuts on their education.
 - Your speech will be broadcasted via satellite to sites around the country where education groups will be holding simultaneous rallies.
 - The Vice-President will travel to Pittsburgh on this same day and participate in a similar rally with a coalition of schools.
 - Cabinet and Subcabinet Travel -- 47 Administration officials will be participating in over 50 events around the country in the coming week. Attached is a map and detailed list of these events.
 - Other Presidential Media -- The press office is considering several requests for press interviews for you to do in conjunction with the speech.
 - Campus Rallies -- We currently have confirmation of 55 events being planned at colleges and universities around the country to mark "Save Student Aid Week." Many of these are being organized around the satellite link up of the President's speech. The list is growing daily as organizations around the country provide us with better information.
 - Morning Shows. Secretary Riley will be on *Good Morning America* on and *Fox Morning News* on 9/6.
 - CNN. Secretary Riley will also appear on the CNN Newsroom Worldview Program, which will be broadcast to 30,000 schools nationwide.
 - National Bake Sale -- The Committee for Education Funding (CEF) and the Education First Alliance are organizing most of their activities during the week of the 11th around a "National Bake Sale." Their focus is on the cuts in elementary and secondary education. They plan a large event on Capitol Hill on Wednesday September 13, and they anticipate many events around the country as well. As of now, we have no confirmed list or count of such events.
 - Celebrity Involvement -- The Department of Education's Back to School week activities including the possibility of a number of celebrities such as Bill Gates, Peter Max, Jesse Jackson and Jim Lovell who will be going "virtual" back-to-school on-line in schools around the country.
 - Family Technology Nights -- In conjunction with our back-to-school activities, Microsoft Corporation will be hosting a series of interactive "Family Technology Nights" this week.

- **College Specific Impacts -- September 12.** On Tuesday, September 12, we will release information on the impact of the Republican budget on student loans and Pell grants at 100 universities in targeted districts. This information will be shared with both school and regional media. Media Affairs will arrange conference calls with more than 150 newspapers in the markets where the universities are located.
- Elected Officials. We will have press statements from the following elected officials (democrats only) by over 160 Democratic elected officials (Governors, Lt. Governors, State Legislative Leaders, County Executives, and County Commissioners) from 30 states and the District of Columbia: Arkansas, California, Connecticut, Delaware, Florida, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Nebraska, Nevada, New Mexico, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, South Dakota, Texas, Vermont, Washington, and Wisconsin.
- **Superintendent Conference Call -- Tuesday September 12 --** You will participate in a conference call with Superintendents from Miami FL, Portland OR, Buffalo NY, Memphis TN, Philadelphia PA, and Milwaukee WI to discuss the impact of budget cuts on their school systems.
 - Media Affairs and Intergovernmental Affairs will encourage school superintendents to open up the call at their end and do regional press conferences.
 - We will put the call up on satellite to allow national and regional media access to footage of the President on the phone with the superintendents.
 - We will also establish an audio listen-in only line so that reporters can listen to the call, but cannot ask questions.
- **National Family Partnership -- Wednesday September 13 --** You will go to Mayfield Woods Middle School in Maryland where you will launch the National Family Partnership's annual Red Ribbon campaign.
 - The event will permit you to make a strong statement on drugs and youth -- *Safe and Drug Free Schools* -- and to mark the one year anniversary of the Crime Bill signing.
 - Your speech will contain specific examples of communities that have benefited from the Safe and Drug Free Schools program.
 - In conjunction with your speech, we will release a state-by-state study of Safe and Drug Free Schools and examples of successful programs that will be cut or eliminated.

- **National Education Call-in Day -- September 14** -- CEF is sponsoring a National Education Call in Day on September 14, where constituents are urged to call their member of Congress and ask them to oppose the education cuts.
- **The Council of Great City Schools** -- We are working with the Council of Great City Schools on an event with the Postal Service to deliver a letter from you via a mock "Pony Express" to the national superintendent's conference in Oklahoma City. The event is expected to get a good deal of national and regional attention. The Council has also just completed a "Spotlight on Education" ten minute spot that will be carried by at least 300 PBS markets over the next three months delivering a positive message on urban schools and investments.
- **The Committee on Education Funding's Tenth Annual Education Awards Dinner -- September 18:** You will do a video address to the 600 attendees. Secretary Riley will be attending the event, in which you will be given an award for his leadership on education investment. Awards will also go to Senators Kennedy, Hatfield, Jeffords, Snowe, Frist, and Representatives Obey and Rivers. The CEF represents 90 of the largest education groups in the country.

II. MEDICARE AND MEDICAID

In addition to education events, the month of September will also be a period of intensive education and outreach on the impact of the Republicans' Medicare and Medicaid cuts, with a particular emphasis on Medicaid. We will be targeting elite and regional media, health care "validators," advocacy and provider groups, the Hill, and state and local government representatives.

We have spent a good deal of time and resources on the Medicare issue. We have been successful in increasing Republicans' (and their constituents') concerns about the size of their Medicare cuts. We need to put similar pressure on the Medicaid side of equation, so as to make it extremely difficult for the Republicans' to reach their current \$452 billion combined Medicare/Medicaid cut targets.

- **Validator Outreach.** Today we started implementing our outreach strategy by holding meetings, hosted by Laura Tyson, with three of the most influential health care "validators" in Washington, D.C.: Bob Reischauer, Stuart Altman, Marilyn Moon. The intent of these ongoing meetings is:
 - To provide the individuals -- who are most likely to influence the media and the Hill -- with some of the most up-to-date analysis of the Republicans' cuts,
 - To discuss policy options the Republicans are considering,
 - To give them a sense of our priorities and understanding of the issues,
 - To discuss any suggestions they may have, and
 - To encourage them to better amplify concerns they have about the Republicans' cuts (and, where possible, support of our approach.)
- **Medicaid Background Document and Briefings.** The sister document to the Medicare walk-through document has been completed and will be used to help brief the elite media and the Hill (as well as other relevant parties) on Medicaid issues. A copy of the document is attached.
 - Copies of the document are being distributed to thousands of reporters, validators, Democratic party leaders, and Administration officials.
 - We briefed the following reporters this week: Ft. Worth Star Telegram, Minneapolis Star Tribune, St. Petersburg Times, St. Louis Post Dispatch, McLatchy Newspaper Group (California), USA Today, ABC, NBC, Los Angeles Times, The Wall Street Journal.
 - Next week we are doing several Medicaid tongs with the following: Dallas Morning News, Newsday, Houston Chronicle, Baltimore Sun, Copley News Service-Aurora (IL) Beacon News, Elgin (IL) Daily Courier, Joliet (IL), Herald News, Lincoln (IL) Courier, Wheaton (IL) Daily Journal, Springfield (IL) State Journal Register, -San Diego Union Tribune, Santa Monica

Evening Outlook, Torrance (CA) Daily Breeze, Commerce Clearinghouse, Congress Daily, Market News Service, Futures World News, Knight-Ridder Financial, The Bond Buyer, USA Today, Newsday, Dow Jones, Dallas Morning News, Reuter, BNA Publications, Los Angeles Times, Bloomberg Business News, Detroit News, St.Louis Post-Dispatch, Milwaukee Journal, Cleveland Plaindealer, Toledo Blade & Pittsburgh Post-Gazette, Buffalo News, Newshouse News Service, Cox Newspapers, Hearst Newspapers, Arkansas Democrat Gazette, McLatchy Newspapers, Scripps-Howard Newspapers, Gannett News Service,

- Next week, we will *also* brief *CBS, NBC, ABC, CNN*.

- **Medicaid State-By-State Document.** Following up on recent state-by-state analysis, we are planning on releasing new and more detailed break-outs of who and how many people states will be forced to drop from Medicaid coverage. We are looking at a release date of this Thursday to coincide with our Medicaid background briefings; however, we believe most of the interest and communications efforts should be focused on regional coverage.
- **Op Ed Pieces for Providers and Advocates Are Being Drafted and Circulated.** Op Ed pieces, which can be individualized by community, have been circulated to elite advocates around the country. A sister Op Ed for provider groups, particularly focusing on academic health care centers, is in the process of being finalized.
- **Two Additional Medicaid Impact Studies Being Prepared.** When/if the Senate Republicans agree on a welfare plan, we will have ready -- within a week's timetable -- an analysis of how the welfare Federal funding formula applied to the Medicaid program would hit individual states. We also are working on a separate study to analyze the impact of a minor recession on states under a Medicaid block grant approach.
- **September 10 - Grandparents' Day:** Public Liaison is coordinating a statement on Grandparents Day to release to the media and seniors groups with an emphasis on medicare/medicaid.
- **Response to Republican Specifics.** We have set up a rapid response team to analyze and critique when the Republicans release their specific Medicare and Medicaid cuts. The DPC/NEC Health Policy Work Groups is setting this up with OMB and HHS.
- **September 19th POTUS Medicare/Medicaid Event Being Planned.** We are tentatively targeting a Florida-based Medicare/Medicaid Presidential event. Specifics TBD.
- **Briefings with Outside-the-Beltway Validators.** We will be holding two intensive briefings on September 15th and September 20th with advocates and provider groups from around the country. We will be sharing detailed and regionally oriented background information on the impact of Republican cuts with the expressed purpose of getting these influential community leaders to deliver our "budget/health" message.
 - Friday, September 8 -Medicare/Medicaid briefing with Religious leaders
 - Thursday, September 14 -Meeting with National Leadership Council on Aging (all the senior groups) on Medicaid state by state;
 - Thursday, September 14 -Meeting with:Families USA Medicaid Coalition on Medicaid State by State.
 - Thursday, September 14 Distribution of Medicaid state by state to all national groups (disability, children's, provider, seniors)
 - Friday, September 15 -Medicare/Medicaid Activists Briefings (key disability and senior leaders in targeted states)
 - Wednesday, September 20 - Medicare/Medicaid VIP validators briefing (hospital CEOs and academic deans.)

III. SCIENCE & TECHNOLOGY

- **Tyson/Gibbons Letter to Members.** In recent days, there have been two excellent articles slamming the Republicans for their cuts to science and technology: 1) A *New York Times* Op-Ed by the National Academy of Science, and a *US News & World Report* editorial by Mort Zuckerman. We have drafted a letter from Dr. Tyson and Dr. Gibbons to Members of Congress calling their attention to these articles. This letter will go to the Hill along with copies of the two articles on Wednesday, September 6.
- **Education Technology.** The budget working group has started a full-scale effort with the Vice President's staff, OSTP, Commerce, Education, NEC, DPC, Bill Curry and others to develop a major effort -- with federal proposals and a private sector challenge -- to reach the goal of achieving technological literacy for all young people. As you know, we have already started a Technology Learning Challenge, and the Vice President has challenged the private sector before to help wire all schools. We are currently building on these efforts by creating a notebook and a set of proposals that we will distribute to the senior policy staff this weekend.

It is our belief that the only way for this to really be a serious lasting proposal -- as opposed to a one day story or event -- is if we create real private sector support and are able to show the degree of serious consultation that has gone into putting forth such a proposal. That is why as a starting point, we will begin to use meetings with you and CEOs -- such as the meeting on Wednesday, September 6 on GOALS 2000, to ask their advice on what would be the most important elements of a public-private national campaign on this issue.

The initiatives we are researching are all based on private/public partnerships, and overcoming the following four barriers:

- The need for computers and equipment in the classroom;
- The need for teachers to be able to teach students how to be technologically literate;
- The need to wire all classrooms and schools;
- The need for exciting content for young people (making learning as exciting as games like "Mortal Combat.")

Therefore, we are working on proposals that include wiring every school and classroom for the internet, helping school districts get more computers in the classrooms, and developing a technology corps that would send private sector volunteers into the classrooms to help train teachers and assist students.

IV. EITC

Activity

- On Wednesday, September 6, Secretary Rubin gave a speech to the Business Roundtable, focusing on the budget and EITC, and met with Meg Greenfield.
- On Thursday, September 7, Secretary Rubin held a breakfast with the L.A. Times Washington Bureau.
- Today, Secretary Rubin meets with House Ways and Means and Senate Finance Democrats and in his budget discussions will highlight EITC cuts.
- **Presidential Event.** We are currently planning an EITC event for September 18, either here in Washington, or possibly in Philadelphia. In conjunction with the event, we will release state by state reports on the EITC tax hike in the Roth bill. Secretary Rubin and other Treasury officials will brief the press on the impact, and participate in targeted radio and the Department will issue 50 state press releases. Interested groups in key states will be given the new numbers for amplification.
- Secretary Rubin will also spend most of a day with the editorial boards in New York briefing them on the EITC tax hike.
- Secretary Rubin will write an op. ed. for placement next week.

V. IMPACT OF REPUBLICAN CUTS ON METROPOLITAN AREAS

- **Budget Mobilization Day.** The United States Conference of Mayors declared Thursday, September 7, "Budget Mobilization Day."
