EEOC FILES DISABILITY LAWSUIT AGAINST H. HIRSCHFIELD SONS CO.

DETROIT -- The U. S. Equal Employment Opportunity Commission today filed a lawsuit in federal district court under the Americans with Disabilities Act (ADA) against a company that refused to reinstate an employee returning to work from a disability leave.

EEOC alleges that the defendant, H. Hirschfield Sons Co. d/b/a Hirschfield Steel Service Center, violated the ADA when the company discharged David Hompstead from his job as foreman after he returned from an approved 13 week disability leave for his back condition. Hirschfield refused to reinstate Hompstead because the company felt it would experience difficulty with its insurance coverage. Hompstead offered, but was denied the opportunity to demonstrate his ability to perform the essential functions of his job and subsequently was fired.

Adele Rapport, regional attorney in EEOC's Detroit District Office, said, "The charge filed by Mr. Hompstead is typical of the types of charges filed under the ADA in Michigan." The Commission, in fact, is considering filing suit against another Michigan employer who similarly refused to reinstate an employee returning to work from a disability leave, Rapport said.

Most charges are settled in the conciliation process, where the employer agrees to provide the requested accommodation or agrees to reinstate or hire the disabled individual. In this case, the conciliation process was unsuccessful, so EEOC filed suit.

-more-

In its complaint, EEOC is seeking backpay, reinstatement, damages for the emotional and physical harm suffered by Hompstead as a result of his termination and equitable relief, including an injunction prohibiting the defendant from engaging in any employment practice which discriminates on the basis of disability.

EEOC enforces Title VII of the Civil Rights Act of 1964, as amended, which prohibits employment discrimination based on race, color, religion, sex or national origin; the Age Discrimination in Employment Act; the Equal Pay Act; prohibitions against discrimination affecting individuals with disabilities in the federal government; sections of the Civil Rights Act of 1991; and Title I of the Americans with Disabilities Act, which prohibits discrimination against people with disabilities in the private sector and state and local governments.

COURT ENTERS JUDGMENT IN FIRST EEOC SUIT UNDER AMERICANS WITH DISABILITIES ACT

Chicago - - United States Magistrate Judge Ronald A. Guzman yesterday entered Judgment for \$222,000.00 and injunctive relief in the first case brought by the U.S. Equal Employment Opportunity Commission ("EEOC") under the Americans With Disabilities Act ("ADA"), following a verdict of \$572,000.00 returned by a jury on March 18, 1993. The EEOC claimed, and the jury found, that the Chicago firm of AIC Security Investigations, Ltd. ("AIC") and its owner, Ruth Vrdolyak, violated the ADA when they discharged their Executive Director, Charles H. Wessel, because he suffered from brain cancer.

In his Order and Judgment, Magistrate Judge Guzman held that the provisions of the Civil Rights Act of 1991 require that the compensatory and punitive damages awarded by the jury be limited to a total of \$200,000.00 based on the size of AIC, to be paid jointly and severally by AIC and Ruth Vrdolyak, in addition to the back pay of \$22,000.00 awarded by the jury. He ruled that the evidence presented by EEOC and the individual plaintiff, Charles Wessel, supported the jury's verdict of compensatory damages, and an award of punitive damages, but that the punitive damages sought by Wessel

should not exceed \$150,000.00 in the circumstances of the case. Finally, Magistrate Judge Guzman ruled that EEOC is entitled to injunctive relief because "the jury found that defendants' conduct was malicious and willful and the evidence at trial provided no assurance that there is no reasonable probability of future non-compliance with the law."

John C. Hendrickson, Regional Attorney for the EEOC in Chicago, noted that this first Judgment under the ADA demonstrates that both juries and courts are prepared to award substantial damages to victims of discrimination based on disability. He said that "the AIC case is an example of the EEOC's intention to prosecute cases under the ADA vigorously and to seek full relief against employers who discriminate because of disability."

The EEOC is the federal agency responsible for enforcing Title I of the Americans With Disabilities Act which prohibits discrimination based on disability, as well as Title VII of the Civil Rights Act of 1963, which prohibits employment discrimination based on race, sex, religion or national origin, then Age Discrimination in Employment Act of 1967, and the Equal Pay Act of 1963. ✓

EEOC FILES LAWSUIT AGAINST INSURANCE PLAN THAT EXCLUDES COVERAGE FOR INDIVIDUAL WITH AIDS

NEW YORK -- The U.S. Equal Employment Opportunity Commission today filed a lawsuit in federal District Court here claiming that a health insurance plan amendment by the Mason Tenders District Council Trust Fund violates the Americans with Disabilities Act (ADA) by excluding coverage for treatment of conditions resulting from the AIDS virus. This enforcement action follows yesterday's issuance of interim enforcement guidance by the Commission regarding the application of the ADA to disability-based distinctions in employer-provided health insurance plans.

In announcing the suit, Chairman Tony E. Gallegos said, "Although there are several ADA-related insurance issues yet to be addressed through Commission guidance, the suit against Mason Tenders and the interim guidance issued yesterday focus on one specific issue -- the analysis necessary to determine whether disability-based distinctions in an employer-provided health insurance plan violate the ADA."

In this case, Mason Tenders District Council's Welfare Fund alerted plan participants in June 1991 to health insurance plan changes effective July 1, 1991. These changes included exclusion from coverage of "any expenses incurred for . . . the treatment of opportunistic infections (viral, fungal and bacterial), diseases and neoplasms resulting from the HIV infection (any type virus), Acquired Immune Deficiency Syndrome (AIDS) and/or AIDS related complex (ARC) . . . (emphasis in original). Since the

EEOC FILES DISABILITY LAWSUIT AGAINST H. HIRSCHFIELD SONS CO.

DETROIT -- The U. S. Equal Employment Opportunity Commission today filed a lawsuit in federal district court under the Americans with Disabilities Act (ADA) against a company that refused to reinstate an employee returning to work from a disability leave.

EEOC alleges that the defendant, H. Hirschfield Sons Co. d/b/a Hirschfield Steel Service Center, violated the ADA when the company discharged David Hompstead from his job as foreman after he returned from an approved 13 week disability leave for his back condition. Hirschfield refused to reinstate Hompstead because the company felt it would experience difficulty with its insurance coverage. Hompstead offered, but was denied the opportunity to demonstrate his ability to perform the essential functions of his job and subsequently was fired.

Adele Rapport, regional attorney in EEOC's Detroit District Office, said, "The charge filed by Mr. Hompstead is typical of the types of charges filed under the ADA in Michigan." The Commission, in fact, is considering filing suit against another Michigan employer who similarly refused to reinstate an employee returning to work from a disability leave, Rapport said.

Most charges are settled in the conciliation process, where the employer agrees to provide the requested accommodation or agrees to reinstate or hire the disabled individual. In this case, the conciliation process was unsuccessful, so EEOC filed suit.

COURT ENTERS JUDGMENT IN FIRST EEOC SUIT UNDER AMERICANS WITH DISABILITIES ACT

Chicago - - United States Magistrate Judge Ronald A. Guzman yesterday entered Judgment for \$222,000.00 and injunctive relief in the first case brought by the U.S. Equal Employment Opportunity Commission ("EEOC") under the Americans With Disabilities Act ("ADA"), following a verdict of \$572,000.00 returned by a jury on March 18, 1993. The EEOC claimed, and the jury found, that the Chicago firm of AIC Security Investigations, Ltd. ("AIC") and its owner, Ruth Vrdolyak, violated the ADA when they discharged their Executive Director, Charles H. Wessel, because he suffered from brain cancer.

In his Order and Judgment, Magistrate Judge Guzman held that the provisions of the Civil Rights Act of 1991 require that the compensatory and punitive damages awarded by the jury be limited to a total of \$200,000.00 based on the size of AIC, to be paid jointly and severally by AIC and Ruth Vrdolyak, in addition to the back pay of \$22,000.00 awarded by the jury. He ruled that the evidence presented by EEOC and the individual plaintiff, Charles Wessel, supported the jury's verdict of compensatory damages, and an award of punitive damages, but that the punitive damages sought by Wessel

EQUAL EMPLOYMENT OPPORTUNITY COMMISSION
WASHINGTON, D.C. 20507

OFFICE OF
THE CHAIRMAN

SEP 30 1993

Stanley Herr
Kennedy Public Policy Fellow
Domestic Policy Council
224 Old Executive Office Building
Washington, D.C. 20500

Dear Mr. Herr:

In addition to the information my staff telefaxed to you on Wednesday, September 29, 1993, you will find enclosed detailed charts setting forth EEOC's most recent information on ADA cases. In addition you will find the information you requested relating to the development of methods and policy regarding alternative dispute resolution within the EEOC.

I hope that this information is helpful to you. If you need additional information, please do not hesitate to contact my office.

Sincerely,

A handwritten signature in black ink, which appears to read "Tony E. Gallegos", is written over a horizontal line.

Tony E. Gallegos
Chairman

EEOC's Pilot Mediation Program for the Private Sector:

- Contract to conduct pilot program in Alternate Dispute Resolution (ADR) of 300 employment discrimination charges awarded on September 28, 1992 to The Center for Dispute Settlement in Washington, D.C. ADR is being piloted in the Philadelphia, New Orleans, and Houston District Offices, and the Washington, D.C. Field office.
- Actual mediation of charges began April 1, 1993. Includes charges filed under Title VII of the Civil Rights Act of 1964, as amended, the Age Discrimination in Employment Act and the Americans with Disabilities Act based on issues of discipline, discharge and/or terms and conditions of employment.
- Preparatory work included the development of educational materials for charging parties and respondents, training of mediators, training of EEOC staff on the mediation process and educational meetings for respondents and advocacy organizations for the charging party population.
- An evaluation component is built into contract; results will be evaluated at the end of the contract (18 months).
- The decision as to whether to adopt ADR permanently as a charge resolution option will depend upon the evaluation of the pilot program, including a determination of the dollar cost of ADR.
- Although the data is very preliminary, there does seem to be a trend in EEOC's pilot program. Charging parties are much more willing to embrace ADR than are respondents. Of the 398 charging parties offered mediation, 326 of them, or 82%, accepted the offer. Of the 326 Respondents offered mediation, 201, or 62% accepted. We are also discovering that before employers will accept an offer of mediation, we must explain the process to various company officials, i.e. Human Resources staff, in house counsel and outside counsel. We are therefore spending a great deal of time on securing company approval.

EEOC's Activities with Federal Agencies

- Assists federal agencies with technical advice as to whether their ADR efforts conform with federal sector EEO regulations.

PROPOSED EXPANSION

- Will provide training to EEOC Attorneys in ADR mediation, so that EEOC can offer "neutral" services on a reimbursable basis to federal agencies which have incorporated established ADR programs into their EEO complaint procedures.

EEOC APPROVES ALTERNATIVE DISPUTE RESOLUTION PILOT PROGRAM

WASHINGTON -- The U.S. Equal Employment Opportunity Commission will seek services of outside professionals to develop and conduct a pilot alternative dispute resolution (ADR) program in four agency field offices.

The program is being conducted so the Commission can evaluate the applicability and effectiveness of the ADR process in resolving job discrimination claims filed under EEOC-enforced laws.

A pre-solicitation notice is scheduled for publication in Commerce Business Daily this week. The agency is seeking one bidder to manage the program in all four cities and expects to make a selection by late summer.

Senior management at EEOC reported that many charges the agency receives are the result of poor employee-management communication and could be resolved with less hostility, and perhaps quicker, by a professional mediator. Charge issues that usually fall into this category are discharge, discipline and terms and conditions of employment, managers said. Consequently, 300 charges (75 in each of the four agency offices) which involve these issues will be selected for the ADR test program.

Top managers identified another possible benefit of ADR -- reduction in the agency's inventory of charges. Employment discrimination charges filed with EEOC are up 14 percent so far in fiscal year 1992 as compared to the same period last year. The agency anticipates an even greater increase in charges, without a commensurate increase in resources, when the employment provisions of the Americans with Disabilities Act take effect July 26.

Chairman Evan J. Kemp, Jr. said, "The experiment will let us know if ADR is a viable means of helping us meet the challenge of an increasing workload without compromising the rights of charging parties or employers."

- more -

Kemp stressed that ADR "will not be a Rapid Charge process," which was used in the late 1970s and for which EEOC was severely criticized by the General Accounting Office because the process narrowly focused on settling charges at all costs, thereby relinquishing EEOC's role as a law enforcement agency.

"We will not be the claims adjusters we resembled under the Rapid Charge process," Kemp said. "Instead, the ADR program we are testing will have outside dispute mediators guiding the discussions between parties in an attempt to settle their dispute without EEOC involvement."

ADR will not preclude the agency's policy of performing thorough investigations, Kemp said. "ADR will be strictly voluntary. Either party can opt out at any time and EEOC will follow its normal investigatory procedures."

As part of EEOC's desire to keep Congress apprised of agency enforcement efforts, Commission officials will meet with key congressional staff to explain the ADR pilot initiative.

#

PARAMETERS OF AN ALTERNATE DISPUTE RESOLUTION PROGRAM

Threshold considerations:

- **Rights of charging party must be protected**
- **Must assist in reducing high inventory of charges**

The need for ADR:

- **Charge receipts continue to increase (ADA, CRA of 1991)**
- **Administrative process protracted**
- **Many charges arise caused by poor management practices**

A proposed ADR program

- **"Post Charge" to protect charging party's rights**
- **Voluntary for both charging party and respondent**
- **Supplements not replaces investigative process**
- **Investigation suspended for fixed period pending ADR**
- **Either party can terminate ADR at any time**
- **Unless agreement of charge reached, investigation resumes after ADR**
- **All Agreements in writing, referencing the charge, and enforceable by EEOC**
- **EEOC - FEPA worksharing agreements modified to reflect ADR**

Eligibility

- **Disparate treatment charges alleging discharge, discipline and terms and conditions are eligible**
- **Class charges are ineligible for ADR**

Mediation

- **Discussions to be directed by neutral third party**
- **Information developed during mediation cannot be utilized**
- **No agency personnel to be used other than for simple referral**

EEOC FILES LAWSUIT AGAINST INSURANCE PLAN THAT EXCLUDES COVERAGE FOR INDIVIDUAL WITH AIDS

NEW YORK -- The U.S. Equal Employment Opportunity Commission today filed a lawsuit in federal District Court here claiming that a health insurance plan amendment by the Mason Tenders District Council Trust Fund violates the Americans with Disabilities Act (ADA) by excluding coverage for treatment of conditions resulting from the AIDS virus. This enforcement action follows yesterday's issuance of interim enforcement guidance by the Commission regarding the application of the ADA to disability-based distinctions in employer-provided health insurance plans.

In announcing the suit, Chairman Tony E. Gallegos said, "Although there are several ADA-related insurance issues yet to be addressed through Commission guidance, the suit against Mason Tenders and the interim guidance issued yesterday focus on one specific issue -- the analysis necessary to determine whether disability-based distinctions in an employer-provided health insurance plan violate the ADA."

In this case, Mason Tenders District Council's Welfare Fund alerted plan participants in June 1991 to health insurance plan changes effective July 1, 1991. These changes included exclusion from coverage of "any expenses incurred for . . . the treatment of opportunistic infections (viral, fungal and bacterial), diseases and neoplasms resulting from the HIV infection (any type virus), Acquired Immune Deficiency Syndrome (AIDS) and/or AIDS related complex (ARC) ... (emphasis in original). Since the

-more-

effective date of the amendment to the plan, the charging party, Terrence Donaghey, Jr., has been denied coverage under the Fund Plan for treatment of his HIV infection first diagnosed in 1989.

Under the interim policy guidance, once the Commission has determined that a challenged health insurance term or provision constitutes a disability-based distinction, the respondent must prove that the health insurance plan is both a bona fide plan and that the challenged distinction is not being used as a subterfuge for purposes of evading the ADA. For example, a disability-based exclusion could be a subterfuge if it is not justified by legitimate risk classification and underwriting procedures.

The Welfare Fund did not provide any evidence of an actuarial justification for the AIDS exclusion. Therefore, the Commission in its suit against Mason Tenders is asserting that the AIDS exclusion in the Fund Plan discriminates against individuals because of their disability, and not as a result of sound actuarial analysis.

EEOC enforces Title VII of the Civil Rights Act of 1964, which prohibits employment discrimination based on race, color, religion, sex or national origin; the Age Discrimination in Employment Act; the Equal Pay Act; prohibitions against discrimination affecting individuals with disabilities in the federal government; sections of the Civil Rights Act of 1991; and Title I of the Americans with Disabilities Act, which prohibits discrimination against people with disabilities in the private sector and state and local governments.
