TRANSLATED_ATTACHMENT 1091 Helms letter.doc

March 26, 1999

Dear Mr. Chairman:

Thank you for your letter regarding Executive Order 13107 relating to the implementation of human rights treaties. I issued this Order on the 50th anniversary of the adoption of the Universal Declaration of Human Rights to reaffirm our commitment to the fundamental values enshrined in that document.

In response to your first point, I can confirm that the Order relates only to the implementation of those human rights treaty obligations the United States has assumed, subject to any reservations, declarations or understandings, as a result of having ratified the respective treaties in accordance with our constitutional procedures. (Per your request, a list of those treaties is attached.) The Order is not intended to implement any treaty the United States has not ratified or to circumvent the Senate's role of providing advice and consent in the ratification process.

Second, the Order does not cause any non-self-executing treaty provision to take on the force of U.S. law. Rather, the Order reaffirms to Executive

Branch
agencies their role in fulfilling U.S. obligations under those human
rights
treaties to which the United States is a party and establishes an
interagency
process that will enhance our ability to carry out such duties.

Third, the Order is not intended to authorize the unilateral
modification by the
Executive Branch of current reservations, understandings, or
declarations
contained in the Senate's resolutions of ratification giving advice and
consent
to these treaties. My Administration would not seek to make such
modifications
to the resolutions of ratification for these treaties without seeking the
Senate's advice and consent.

I hope this information allays any concerns that you or your
constituents may
have about this Order.

Again, thank you for writing and sharing your concerns with me on
this issue.

Sincerely,

The Honorable Jesse Helms
Chairman
Committee on Foreign Relations
United States Senate
Washington, D.C. 20510
