MEMORANDUM FOR THE RECORD

RE: JENNIFER KLEIN FILES
FROM: TERRY GOOD 
OFFICE OF RECORDS MANAGEMENT

This box contains material that was removed from Oversize Attachment 5107 because it was deemed (1) privacy protected or (2) not responsive to the civil litigation Association of American Physicians & Surgeons, et al. v. Hillary Rodham Clinton, et al.

In addition, the box contains a "new" folder created by ORM and labelled "Jennifer Klein - O.A. 5107" with the following information written on it, "These are the original documents and the first generation copies - T.W. Good." The documents in this folder contain information that was "privacy-protected." Consequently, these documents were copied; the privacy information was "blacked out;" and then another copy of each -- a second generation copy -- was made which was inserted into the appropriate place in O.A. 5107. Blue sheets were stapled to these copies to signify that they had been redacted.

Affixed to the folders and original documents in this box are yellow "Post-its" with handwritten notations briefly describing the contents and the attorney's conclusions that the material was not responsive or that there were some documents that needed to be redacted.

The other file folders are labelled as:

- Sidebars - ch. 4/5
- Outline
- Chapter 2 Text
- Concept Layout
- Congress Briefing Book
- Mrs. Clinton Speeches [Mislabeled? Contains preliminary draft of the first two chapters of the Report to Congress]
- Outlines & Schedules [Talking Points]
- Unlabelled folder - #1 [original ORM inventory described this as "Miscellaneous folder of unsorted working group papers"]
- Unlabelled folder - #2 [original ORM inventory described this as "Miscellaneous folder of unsorted working group papers"]
