Products that keep tomorrow in mind!

ALL House of Doolittle products have been made using recycled materials since 1990. This product is made using 100% recycled paper with 30% post-consumer fiber, and is printed with soy ink. This is true of the over 200 other appointment planners, desk pad and wall calendars and memo pads currently being offered by House of Doolittle. The quality is better than ever and we have converted all these products without adding cost to the product. We support organizations that help preserve the environment by donating 5% of our profits each year. Some of these organizations are: Foundation for Global Community and its Earth Before Us Initiative, Genesis Farm which promotes Earth Literacy, and the environmental sustainability programs of the Institute Of Cultural Affairs. Some of our products feature scenery and quotes celebrating nature. We keep in touch with school age children who know their future depends upon how we care for the environment. We actively participate with the National Recycling Coalition as well as the Buy Recycled Business Alliance on a National, State and Local level. Look for these quality House of Doolittle products made using recycled materials where you buy your office supplies.
