Following up on FedEx today. Copy of letter to POTUS requesting 5-10 minute photo opportunity. No policy required. or further sanctions. Shared information w. AMH who said send her info. A photo, perception of Abiola with POTUS would help get democracy back on the table, would make a tremendous impact toward democracy in Nigeria. Moral not political appeal. He has met with Gore, Mac, Christopher, Hamilton, Simon, entire CBC. Abiola trying to avoid violence. Military stubborn. Beginning to appear as weak leadership.

Invite to AMH for lunch remains open.

Mon 3/12/94 Anderson Clark, 304 876 3992 with CAPS Cities (ABC Network). Saw AMH in VP's office a month ago. Background: Has known AMH since working with Deltas School America 2000. Also worked with Barbara Bush Foundation on Reading Initiatives. Great respect for POTUS and FLOTUS for work they did with education in Arkansas. He was one of few Republicans who contributed to him as Governor.

1.) FYI. He's President of READ America and working with AARP which is mounting. Will be featuring at AARP Conference in Anaheim May 2-5, 1994. Thinks Clinton Admin can make mileage with these education initiatives -- Seniors helping with literacy.

2.) FYI: He's working with a group of 20 major US corporations to help Vietnamese restructure their Education System. They will visit, help redesign curriculum and train teachers. They have already made arrangements with 4 Vietnamese Ministries. -- Kind of a private sector Marshall plan. There has been solid Asian Support for POTUS, including 2 large sections of Vietnamese in Calif. and in Virginia. Ernie Goldstein (age 75) who was one of LBJ's 8 White House assistants has gotten several of his elder statesmen friends involved including Llogd Cutler. Also Chuck Robb. It's possible for POTUS to see this as an "arrow in his quiver." He wants short appointment with AMH to discuss.

Will fly back at her own expense to discuss. **ATB left message on Tammy Hollie's voice mail (in Mfume's office) to send resume and recommendation letter from Mfume.**

Catherine W. LeBlanc

**Executive Director
White House Initiative On Historically Black Colleges
and Universities**

President Clinton recently appointed Catherine W. LeBlanc to head the White House Initiative on Historically Black Colleges and Universities (HBCUs). As Executive Director, she will serve as the coordinating point for Federal activities designed to support and strengthen these institutions and provide support to an HBCU Advisory Board appointed by the President.

President Clinton signed an Executive Order November 1, 1993 that gives a mandate for the White House Initiative Office to engage in efforts to advance the development of human potential, to strengthen the capability of Historically Black Colleges and Universities to provide quality education, and to increase opportunities for these institutions to participate in, and benefit from, Federal Programs. The Order also created the Board of Advisors to counsel the president on policy matters of interest to these institutions.

LeBlanc recently worked in White House Personnel. Prior to that appointment, she was Director of Development for the Clark Atlanta University School of Business Administration in Atlanta, Georgia, and Coordinator of Corporate Support for the Atlanta Public Schools, previous to that. She worked in the corporate sector for over fifteen years at two companies, Scientific-Atlanta, Inc. in Atlanta, Georgia, and the General Electric Company, in Lynn, Massachusetts. Her work experience in the private sector included assignments in Manufacturing, Engineering, International Marketing, and Finance.

LeBlanc has served on the boards of various professional and community organizations, covering a spectrum of activities from minority business development to job training for the hard core unemployed. In 1985 she was selected as one of the "Ten Outstanding Young People of Atlanta" for her community service efforts.

She earned a Master's degree in Business Administration from the Harvard University Graduate School of Business, and a Bachelor of Arts degree from Duke University.

March 7, 1994

First Lady Hillary Rodham Clinton
Office of the First Lady
Old Executive Office Building
Room 100
Washington, D.C. 20500

Dear Mrs. Clinton:

This correspondence is designed to offer several alternatives for your visit to the Ward Eight educational community. As you recall, our original invitation was to request that you serve as Honorary Chairperson and luncheon speaker for the Ward Eight Education Conference on Saturday, March 26, 1994 at 12:30 p.m. The conference scheduled for March 25 and 26, 1994, is being sponsored jointly by the school system and the Ward 8 Forum on Education. The conference will be centered around the theme- *Revitalizing the Village: Embracing our Youth for Higher Educational Achievement*. We all know that the old African Proverb is true, *It Takes An Entire Village to Raise a Child*.

The invitation was initially made because of your involvement with school reform in the State of Arkansas, while President Clinton was Governor. Certainly, the President of the United States has been no less involved in the reform of education, while being in Washington. President Clinton's visit to Kramer Junior High School and President Gore's visit to Dunbar High School have signaled a deep concern by the current Administration in the education of the District of Columbia's children and have touched the hearts of our young people.

We are attempting to make a difference in the teaching and learning process of the urban learner in Ward Eight. Education must be the centerpiece for upgrading the standard of living for the residents in this area, which is plagued by high crime and poverty. Ward Eight, which is in the Southeastern part of the District of Columbia has the greatest number of households living in poverty (26%) compared with (15%) for the city. Ward Eight is within the section of the Nation's Capitol that tourist never visit.

Your presence in the Ward Eight community would send a **wonderful message**, that someone is serious about expressing hope to a community very much in need. The alternatives we are recommending to your serving as luncheon speaker are as follows:

1. *Bell Atlantic-Washington is planning to undertake a Ward 8 Initiative that includes providing major resources and tracking the youth at one of the junior high schools from seventh to the ninth grade. A study conducted by the Research and Evaluation Unit of the D.C. Public Schools showed*

Page 2
First Lady Hillary Rodham Clinton
March 7, 1994

that junior high school is where our youth are most vulnerable for dropping out of school.

The First Lady of the United States visiting the site with the President of Bell-Atlantic during a press conference would be excellent publicity for the Ward 8 Initiative as well as for the conference. The visit would entail visiting a classroom at the junior high school and being present when Bell-Atlantic makes their announcement.

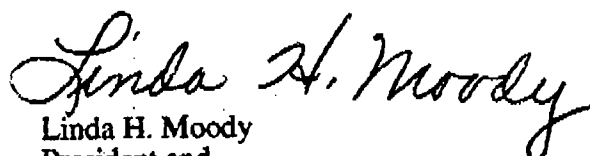

The proposed dates for this visit are as a preface to the conference- Any day during the week of March 21-25, 1994.

2. *The second alternative would be your bringing greetings or a fifteen minute speech at the Musical Extravaganza on Friday, March 25, 1994. The Musical Extravaganza which is a part of the Ward Eight conference will showcase the talent of the children and youth from the twenty-four Ward Eight schools. Parents, community representatives as well as the young people are expected to attend this extravaganza. The event will be held at the Rehoboth Baptist Church, 621 Alabama Avenue, S.E., Washington, D.C.*

We need your involvement in our efforts towards school reform and we anxiously await your response to our suggested alternatives. Should you need any additional information, please let me know by calling (202) 724-4289.

Thank you for collaborating with us.

Sincerely,

Linda H. Moody

Our Superintendent, Dr. Franklin Smith is committed to crafting a vision for the reform of these schools that will focus on reducing the dropout rate, improving the attendance rate and improving the CTBS Achievement Test Scores of Ward Eight youth. The conference is designed to focus on reforming the teaching and learning process for the urban learner in Ward Eight.

The theme selected for the conference luncheon is- *In the Village, We Focus on Making Our Schools Better (School Reform: Now or Never)*.

The specific information for the luncheon is as follows:

Date: Saturday, March 26, 1994
Time: 12:30 p.m.
Place: Ballou High School
4th and Trenton Streets, S.E.

The planning committee is still developing the program and workshop format, however, I have enclosed a draft copy of the proposed format.

Thank you in advance for collaborating with us in this activity and should you have any concerns, please contact me at (202) 724-4289.

Dear: Mrs. Clinton:

We are aware of your involvement with school reform in the State of Arkansas, while President Clinton was Governor. Certainly, the President of the United States has been no less involved in the reform of education, while being in Washington. President Clinton's visit to Kramer Jr. High last week and Vice-President Gore's visit to Dunbar High School last month have signaled a deep concern by the current Administration in the education of the District of Columbia's children and have touched the hearts of our young people.

It is for this reason, that I am sending this correspondence to request the honor of your serving as the **Honorary Chairperson and luncheon speaker** for the Ward Eight Education Conference. The conference scheduled for March 25 and 26, 1994, is being sponsored jointly by the District of Columbia Board of Education, District of Columbia Public Schools, Council of the District of Columbia and the Ward 8 Forum on Education. The conference will be centered around the theme- *Revitalizing the Village: Embracing our Youth for Higher Educational Achievement*. We all know that the old African Proverb is true, *It Takes An Entire Village to Raise a Child*.

Ward Eight is in the Southeastern part of the District of Columbia and includes some of the poorest and most crime ridden neighborhoods in the city. For too long, the residents of Ward Eight have struggled with the residual effects of poverty and deprivation. To help change the statistics of Ward Eight, which has the greatest number of households living in poverty (26%) compared with (15%) for the city (1990 Census), there must be a renewal of the educational system in Ward Eight.

COMMENTS:

Thank you for spending some time with me on the telephone today.

As we had discussed, Governor James Florio, had written to the Honorable William J. Clinton, President, on my behalf on January 5 (see attachment). To date, I have not received a response.

As illustrated in Governor Florio's letter, **The Great Atlantic & Pacific Tea Company is celebrating its 135th Anniversary** this year. We have produced a one hour family entertainment television special for this occasion. This celebration features numerous, well-known entertainers. I have attached the show's format and overview. Please note in Act 6, we have maintained approximately 30 seconds for a video tape message from the President. We will be doing our final edit for the show this coming weekend.

I would appreciate your advising me if the Honorable William J. Clinton can provide this request. The program itself is all-American. Please note that The Newark Boy's Chorus closes the show singing "America The Beautiful." The show has been cleared in 59 markets during the month of April (see attachment). It will be repeated four times on the Cable Food Network in May.

We would be honored, as would the viewing public, to have our President participate in this special and memorable family oriented television special.

"AMERICA'S CHOICE"
A One-Hour Television Special
Commemorating
A&P's 135th Birthday

Since before the Civil War, A&P (The Great Atlantic and Pacific Tea Company,) has been part of the fabric of America, one of the founders of our modern enterprise system. From Lincoln to Clinton, through good times and bad, A&P has reached its 135th birthday as America's choice in supermarkets.

To commemorate this event, A&P is hosting a unique birthday bash, a one-hour, fast-paced television variety special, as a way of thanking the country for its unprecedented success. Gaynes Productions, Ltd., Hollywood, California, was commissioned by Foote, Cone & Belding advertising agency to produce this special which is airing throughout the month of April, 1994 in syndication representing over 85% of the markets.

The incomparable Tony Randall serves as host for the evening, during which Jack Klugman makes a surprise visit to reunite America's favorite Odd Couple.

In the music segments, Academy Award winner, Shirley Jones, performs a medley of her Broadway and movie hits; Marcia Itkina, a young Russian singing star Tony discovered, sings a duet with him and the Newark Boys Chorus gives one of its standout performances.

Comic greats appearing include George Burns, Bill Dana as Jose Jimenez, Gary Owens, Bob Sacchi ("Bogie"), and Charles Nelson Reilly. Rich Little and a group of his "friends add to the fun from his SRO show at the Sahara in Las Vegas. And, from Hollywood's famous Improv Comedy Club, owner Bud Freidman presents, comedienne, Wendy Leibman, his choice for best new comic on the horizon.

As a culmination to the evening, and in keeping with its tradition, A&P makes a generous \$50,000 donation in food products to Dennis Weaver's, organization, L.I.F.E, which is dedicated the hungry and homeless.

After 135 eventful years, the over 100,000 folks at A&P folks have seen it all.... except a dynamite variety show that allows them to salute America's best talent and showmanship. Come be part of "America's Choice."

Re: Greater Washington Boys & Girls Clubs Ninth Annual Congressional Dinner

Dear Amy:

This will follow up on our telephone conversation this morning concerning the above-referenced event. Any assistance Alexis Herman or you could provide with respect to making sure that our invitation to President Clinton does not fall off the scheduling office radar scope would be most appreciated.

As I explained, this year's Congressional Dinner is scheduled for Wednesday, April 27 at the Grand Hyatt Washington Grand Ballroom, 1000 H Street, N.W. It begins with a reception at 6:00 p.m., followed by a dinner and the awards ceremony from 7:00 p.m. to 9:00 p.m.

In addition to our outstanding invitation to President Clinton, we have already received an acceptance from Congressman John Dingell to be one of our honorees. Congressman Jack Brooks, one of our honorees last year, has agreed to present the award to Congressman Dingell. Other invited honorees are Senator Carol Moseley-Braun and William Bennett, and Ted Koppel has been asked to be our Master of Ceremonies.

It is our hope that President Clinton will be able to allow us to honor him for all he had done for our nation's youth, and especially for those who are most at risk. The Congressional Dinner is our largest community event and his participation would help to insure its success. Indeed, we would be honored if the President chose to use this occasion to speak out on those aspects of the Crime Bill which are directed toward helping at-risk youth avoid becoming enmeshed in the criminal justice system.

Enclosed with this letter is a brief description of the event and the Boys and Girls Clubs activities in the Greater Washington area. For purposes of providing a better understanding of our activities, I am also enclosing a copy of a recent letter to a charitable foundation seeking its assistance in connection with some of our activities. The Capitol Hill Youth Anti-Crime Initiative described therein is our major project for this year.

Looking forward to discussing this matter with you in greater detail at your convenience, I am

Sincerely,

The President and Mrs. Clinton
The White House
Washington, D.C.

Dear Mr. President and Mrs. Clinton,

As chairman of the Greater Washington Boys and Girls Clubs' Congressional Dinner, it is my great pleasure to invite both of you to receive our highest honor. We would like to present you with the Dr. Edward C. Mazique Memorial Award, which honors "individuals who have successfully met challenges, and whose achievements, personal dignity, and solid values make them worthy role models for young people."

The Congressional Dinner is the largest fund raiser for the Greater Washington Boys & Girls Clubs each year. Each day, the clubs and its programs serve more than 5,000 young people in the District of Columbia, Maryland, and Virginia. There are over 14,000 young people who are served each year. With twelve branch clubs, nine prevention outreach sites, and ten group homes and shelters, the Greater Washington Boys & Girls Clubs is one of the largest youth networks in the United States.

Mr. President, I am aware that you are an alumnus of the Boys & Girls Clubs. I hope that your club had the same positive effect on you that our clubs are having on its members in the Washington area. In this community, the Boys & Girls Clubs are on the front line in combatting crime, drug abuse, teen pregnancy, and the pervasive feeling of hopelessness. Our clubs offer values-training, tutoring and homework assistance, job-training, organized recreation, and special programs to develop leadership potential and to enhance self-esteem. Additional programs target homeless young people and teenage parents. I know that these pursuits are also of special interest to you, Mrs. Clinton.

We are hoping to attract 1,000 attendees to this year's dinner, including numerous representatives from Congress and the government. Your presence would ensure our success. The date is Wednesday, April 27, at the Grand Hyatt Washington, 1000 H Street, in Northwest, Washington, D.C. A cocktail reception will begin at 6 p.m., with dinner and our awards ceremony to follow until 9 p.m. Obviously, we would be delighted to have you join us as your schedules would allow.

The President & Mrs. Clinton

GREATER WASHINGTON BOYS & GIRLS CLUBS

SERVING YOUTH 107 YEARS

Welcome to our Eighth Annual Congressional Dinner. We are delighted that you have joined us to honor outstanding individuals who share our commitment to fostering the development of young people, our most precious resource for the future.

Greater Washington Boys & Girls Clubs has been serving economically-disadvantaged youngsters throughout the metropolitan area for well over a century. Today, with school drop-outs, teenagers having babies, widespread alcohol and drug use, kids bringing guns to school, unemployed youth without job skills – with violence and even death an everyday occurrence – many of our children have lost hope.

Boys & Girls Clubs believes that prevention is more cost-effective than treatment. Actively intervening at critical junctures in the lives of at-risk youth, Boys & Girls Clubs offers guidance, support services, and positive alternatives. Boys & Girls Clubs serves over 13,000 youth annually through its 12 clubs and ten residential facilities for neglected, abused, and homeless youth.

Each day Boys & Girls Clubs provides over 4,500 young people with tutoring and homework assistance, job training and opportunities to learn new skills, organized recreation, and a chance to develop leadership potential and enhance self-esteem. Special programs target homeless youth and teenage parents.

On behalf of the Board of Directors, the staff, volunteers and the 13,000 young people served annually by the Greater Washington Boys & Girls Clubs, we thank you for sharing this evening with us and for helping our youngsters learn to make wise choices and grow into productive citizens.

DR. EDWARD C. MAZIQUE MEMORIAL AWARD

COACH MIKE JARVIS

Dr. Edward C. Mazique was President of Greater Washington Boys & Girls Clubs from 1977 until 1980 and served as President Emeritus from 1984 until his death in 1987. This award in memory of "Doc" Mazique honors individuals who have successfully met challenges and whose achievements, personal dignity, and solid values make them worthy role models for our young people.

Mike Jarvis, Head Basketball Coach at The George Washington University, started a major turnaround this year for the Colonials. In his third season as men's basketball coach, the team captured a birth in the NCAA tournament. The Colonials finished their season (21-9) after being eliminated by the University of Michigan in the "Sweet Sixteen." Last year, Coach Jarvis led a young GW team to a 16-12 record and a fifth-place finish (8-8) in the Atlantic 10 Conference. In his first season at G.W., Jarvis led the Colonials to a 19-12 mark, their best campaign since 1975-76, and first Atlantic 10 championship game and NIT appearance.

Before joining the G.W. Colonials, Jarvis took charge of the Boston University basketball program by becoming that university's winningest coach, surpassing the 100-victory milestone in his fifth and final season. In addition to his college basketball success, Jarvis was named the Massachusetts High School Coach of the Year four times while coaching at Cambridge (MA) Rindge & Latin High School.

In addition to his success on the court, Jarvis demands classroom success from his student-athletes, all of whom have graduated as scheduled. In 1991, Jarvis organized the George Washington University Men's Basketball Advisory Board which joins successful Washington Area people with members of the GW men's basketball team in a personal development and business orientation program. Coach Jarvis also serves as the co-director and president of the Shoot Straight Youth Basketball Programs and Summer Camps for boys and girls. Founded in 1976, Shoot Straight is a non-profit organization designed to teach team work, sportsmanship and self-confidence to youngsters through basketball clinics and camps. Jarvis also introduced a "Shoot Straight Academy", teaming with Stanley Kaplan Educational Centers, Inc., which offers a three-day basketball/SAT preparation clinic.

Senator Simpson has been the Assistant Republican Leader (Party Whip) since 1984 and is a member of the Judiciary Committee where he serves as ranking member of subcommittee on Immigration and Refugee Policy. He is the author of Immigration Reform and Control Act and the co-author of the legal immigration bill of 1990. Simpson also serves on the Environmental and Public Works Committee where he works on legislation dealing with clean water, recycling, hazardous waste, public buildings and oversight of the Environmental Protection Agency. During the 102nd Congress, Schroeder made family issues, women's health and defense burdensharing her top priorities.

Before Schroeder was appointed to chair the House Select Committee on Children, Youth and Families in February 1991, she had already outlined a family policy agenda for the 21st century in her book, *Champion of the Great American Family*. As Select Committee chair—one of only four women to head a House committee this century—Schroeder has explored ways in which both the public and the private sector can improve the condition of America's children and families. She also introduced the Child Support Economic Security Act, which provides states with additional tools to enforce the collection of child support. In addition, she co-sponsored the National Children's Advocacy Act of 1992, which would set up neighborhood-based facilities across the country to respond to cases of child abuse.

Dear Mr. Nelson:

As President of the Greater Washington Boys & Girls Clubs, I am writing to request the financial support and assistance of The Annie E. Casey Foundation for our efforts to implement a critically-needed Capitol Hill Youth Anti-Crime Initiative in the District of Columbia. Before doing so, however, let me describe the scope of our present activities and thank you for your generous support in the past.

Our group is the only affiliate of the Boys & Girls Clubs of America in the Greater Washington area. Now more than 108 years old, we serve over 14,000 young people, approximately 5,000 daily, at 32 facilities: 12 branch clubs, 10 emergency shelters and residential group homes, and 10 outreach sites located in the District of Columbia, Northern Virginia, and Montgomery County, Anne Arundel County and Annapolis, Maryland. Our mission has been and continues to be to help children, especially those at risk, build confidence, develop character, and acquire the skills needed to grow into productive, well-minded and responsible adults. Our programs include substance and alcohol abuse prevention, delinquency intervention, educational and college preparation assistance, career and job training, counseling for teen parents, recreational and cultural opportunities, and community awareness and leadership development. These programs are run by professionally trained youth workers and are supervised by individuals with many years experience in the Boys & Girls Clubs movement as well as in education and counseling.

As a result of an extremely generous gift which The Annie E. Casey Foundation made to the Boys & Girls Clubs of America in 1990, we were fortunate to receive \$10,000 to help us start the first comprehensive Boys & Girls Club Unit at a District of Columbia public housing development, the Montana Terrace Public Housing Complex. Like most public housing developments, Montana Terrace was among the most resource-poor and underserved communities in the District of

Columbia. However, during the three years that the Club has been in existence, we have developed and continuously provided an intensive program delivery system of prevention and early-intervention services for our current membership of 275 at-risk youth. While criminal and delinquent behavior has increased throughout the city in recent years, the impact of the Club's services on the children of Montana Terrace has contributed to a 30% decrease in the school drop-out rate, a 45% decline in the juvenile arrest rate, and a 45% decrease in the number of teenage pregnancies.

These achievements are attributable in part to two new programs we have developed. One is our Project Right Start Family Support Program, which offers early childhood preparatory programs and family services designed to promote self-sufficiency among long-term public housing residents. The other is SMART Moves (Self-Management and Resistance Training), our nationally-acclaimed drug and alcohol abuse prevention and delinquency intervention program.

Notwithstanding the successes we have been able to achieve at Montana Terrace, there is an urgent need in the Capitol Hill area for additional programs focusing on improving community safety and reducing juvenile drug-related crimes. In response to this need, Greater Washington Boys & Girls Clubs has established the Capitol Hill Youth Anti-Crime Initiative. The initiative is aimed at reducing juvenile violence and drug-related crime in and around the public housing communities surrounding the Capitol Hill area. Working in partnership with the U.S. Department of Housing and Urban Development's Community Efforts Against Drugs program, we have established drug prevention outreach sites at seven additional public housing communities. The long-term goal of our Youth Anti-Crime Initiative is to expand these outreach efforts through the establishment of permanent and fully operational Boys & Girls Clubs branches.

As you are well aware from your experience in assisting at-risk youth through grants to deserving organizations throughout the nation, efforts such as ours must have adequate financial resources before they can truly become operational. At Montana Terrace, your \$10,000 grant became part of a \$50,000 starting budget. In three years, it has grown to a community supported \$200,000 a year budget benefitting 275 young people in a high risk, high crime area. That success led to our selection by the U.S. Department of Justice National "Weed and Seed" Program for federal funding to establish a permanent Boys & Girls Clubs facility at the Langston-Carver Terrace public housing development.

With your help we propose to make great strides in accomplishing the same results at current outreach sites at seven additional public housing complexes. To assist us in achieving that goal, we request that The Annie E. Casey Foundation grant the Greater Washington Boys & Girls Clubs the sum of \$100,000 to underwrite the budgeted costs for two current outreach site locations on Capitol Hill. Such assistance would be a

major contribution to our Capitol Hill Youth Anti-Crime Initiative and would greatly facilitate our efforts to expand those outreach sites to full service Boys and Girls Clubs facilities.

I look forward to an opportunity to discuss this request with you in greater detail at your convenience, and to furnish you with whatever additional information you might need beyond that contained in the few background materials I have enclosed. In the interim, however, we commend you for the wonderful contributions The Annie E. Casey Foundation has made to our nation's youth, and thank you for your consideration of this request.

Sincerely,

/s/

Archie Avedisian
