A Quarter Century and More of Distinguished Public Service

1993-94 Annual Report

CENTER FOR THE STUDY OF THE PRESIDENCY

Since its inception in the 1960s, the Center for the Study of the Presidency has reminded us that we must constantly improve upon the practice of government. For it is only in striving to improve that we may maintain our leading presence in a vibrant community of nations.

Throughout its history, the Center has been a beacon for students of American government. Its lectures and conferences have provided forums for spirited debate on a wide range of issues confronting our constitutional democracy. Its fellowship programs have given students from across the country the opportunity to participate in active political discourse, inspiring many to pursue careers of public service.

BILL CLINTON, President of the United States
