**WHITE HOUSE OFFICE OF PUBLIC LIAISON
BRIEFING MEMORANDUM**

TO: Secretary Ron Brown
Ambassador Richard Holbrooke
Nicholas Burns
Daniel Fried

FROM: Marilyn DiGiacobbe

THROUGH: Alexis Herman

DATE: January 11, 1995

MEETING: Roundtable Meeting with American Ethnic Community Leaders

DATE/TIME: Thursday, January 12, 1995
3:00 pm - 5:00 pm

LOCATION: Van Aken Room, 4th Floor
Stouffer Renaissance Cleveland Hotel
Cleveland, Ohio

PARTICIPANTS: Central and Eastern European-American community leaders including Albanian, Croatian, Czech, Estonian, Macedonian, Hungarian, Latvian, Lithuanian, Polish, Romanian, Slovakian, and Slovenian-Americans.

This group is made up of individuals who participated in the Little Rock ethnic discussion during the President's campaign, individuals who attended the Milwaukee meetings last January, some individuals from the Cleveland area recommended by the Mayor's office and other friends of the Administration, and new found organization and community leaders who represent a large constituency or we thought would add to the productiveness of the meeting.

See attached list of participants.

PURPOSE: To garner support and foster a better understanding amongst American ethnics of the Administration's efforts to aid Central and Eastern Europe.

BACKGROUND:

This Roundtable Meeting is part of the White House's ongoing effort to reach out to Ethnic-Americans. Inviting these community leaders to a Roundtable Meeting serves to underscore the importance we place on their input and participation in this Administration.

The meeting is a continuation of a dialogue we have been encouraging over the past year and is a logical follow-up to the very successful Milwaukee meetings held on January 5 and 6, 1994 with the Vice President, Sandy Berger and Alexis Herman. Leaders of the Polish, Hungarian, Czech and Slovak-American communities used that occasion, just prior to the President's first Europe trip, to express concerns about our approach toward CEE, specifically their fear that we were conducting a "Russia first" policy. Sandy Berger and Alexis Herman spent over three hours with them, going through the logic of the Partnership for Peace. Meeting the next day with the Vice President, the group was much relieved with our position on an evolutionary approach to NATO membership for the Visegrad countries. The time and candid conversation built a lot of good will.

Other events over the past year include:

- * Meeting of Polish, Hungarian, Czech and Slovak-American leaders with the President, Sandy Berger and Strobe Talbott in March 1994
- * Baltic-American leaders participated in the President's trip to Rega, Latvia in July 1994
- * Polish-American leaders participated in the President's trip to Poland in July 1994
- * Ambassador Madeleine Albright delivered an Address and met with Polish-American leaders in Buffalo in October 1994
- * Various organizations came to the White House for briefings and met with National Security Council staff.

We would like to focus the discussion on economic and security issues that transcend the entire region of Central and Eastern Europe. Issues we expect to be brought up include:

- * U.S. commitment to the security of Central and Eastern Europe
- * Resurgence of Russian nationalism
- * Extension of NATO/Partnership for Peace
- * Administration response to human rights violations
- * An emphasis on education and training in addition to investment and development

Specific issues which may arise include:

- * Macedonia (ie: Greek embargo)
- * Bosnia and Croatia (ie: territorial integrity)
- * World Bank/IMF Loans for reconstruction
- * Presence of former communist leaders in "Reform" governments (ie: Romania)

AGENDA:

Alexis Herman - Welcome and introduction. Outline objectives of the meeting and frame the agenda. Facilitate introductions of all roundtable participants.

Secretary Ron Brown - Brief opening remarks.

Ambassador Richard Holbrooke - Brief opening remarks.

Open Discussion - Nick Burns and Daniel Fried available for discussion.

** Note: Secretary Brown must leave at 4pm.

MEMORANDUM FOR ALEXIS HERMAN

FROM: MARILYN DIGIACOBBI (ln)
SUBJECT: VICKI MONGIARDO AND CLEVELAND CONFERENCE

Vicki has been extremely helpful in searching out the right caliber of ethnic leaders for the Roundtable Meeting scheduled for tomorrow. I think its important for her to be there, so she can transfer some of her relationships with key individuals to you and me. Also, it would be nice for us to do this for her as a way of saying thank you for her help.

In order for her to go, we would have to make a request to Jesse Brown's office. If this is OK, I would offer Vicki to stay in my room to save her the expense. I think she can get an inexpensive flight out of BWI.

If OK, here's who needs to be contacted:

Patricia Carrington, Special Assistant to Jesse Brown
202-273-4833

Patricia would need to notify Vicki's supervisor, Dr. John Goldschmidt, 202-534-7278. Dr. Goldschmidt's secretary is Laura Bowman.

I won't say anything to Vicki until I here from you. Thank you.

MEET AND GREET WITH AMERICAN ETHNIC COMMUNITY LEADERS

DATE: January 13, 1995
TIME: 10:50 am - 11:10 am
LOCATION: Garfield Room, Stouffer Renaissance Hotel
FROM: Alexis Herman
Marilyn DiGiacobbe

JAN 17 1995

I. Purpose

To acknowledge the input and participation of ethnic community leaders in the Administration's work, particularly the Administration's efforts to aid Central and Eastern Europe.

II. Background

We invited a group of Central and Eastern European-American community leaders including Albanian, Croatian, Czech, Estonian, Macedonian, Hungarian, Latvian, Lithuanian, Polish, Romanian, Slovakian and Slovenian-Americans to participate as "Observers" at this Conference. The group of thirty-one community leaders includes individuals who participated in the Little Rock ethnic discussion during your campaign, individuals who attended the Milwaukee meetings last January, others from the Cleveland area recommended by the Mayor's office and other friends of the Administration, and new found organization and community leaders who represent large constituencies or who have a history of involvement in the issues of Central and Eastern Europe.

The ethnic leaders were also invited to participate in a Roundtable meeting with Senior Administration Officials on Thursday afternoon. Alexis Herman moderated this discussion focused on economic and security issues of Central and Eastern Europe. Secretary Ron Brown, Ambassador Richard Holbrooke, Nick Burns and Dan Fried laid out the policies of our Administration, fielded questions, and engaged in a very productive dialogue for over two hours. The Roundtable meeting was meant to help garner support and foster a better understanding amongst American ethnics of the Administration's efforts to aid Central and Eastern Europe.

Overall, NATO and European security where the issues of most concern to the participants. Individual country concerns where raised ie: Hungarian minorities, Albanian Enterprise Fund, Romanian treatment of Hungarian minority, the Bosnian issue. Chechnya was not raised directly, but was referred to in a context of overall concerns

about Russia. The most distinguished participant, Jan Nowak, said our initial silence on Chechnya was troubling, but that we had corrected it recently which had pleased him.

The Roundtable meeting is part of our ongoing effort to reach out to ethnic-americans. Inviting these community leaders to the Conference and Roundtable serves to underscore the importance we place on their input and participation in this Administration.

It is a continuation of a dialogue we have been encouraging over the past year and is a logical follow-up to the very successful Milwaukee meetings held on January 5 and 6, 1994 with the Vice President, Alexis Herman and Sandy Berger. Other events over the past year include:

- * Meeting of Polish, Hungarian, Czech and Slovak-American leaders with the President, Sandy Berger and Strobe Talbott in March 1994
- * Baltic-American leaders participated in your trip to Rega, Latvia in July 1994
- * Polish-American leaders participated in your trip to Poland in July 1994
- * Ambassador Madelcine Albright delivered an Address and met with Polish-American leaders in Buffalo in October 1994
- * Various organizations came to the White House for briefings and met with National Security Council staff.

The smaller group (15-20 people) would consist of both old and new supporters who will be a significant help to the President in the reelection campaign. People like Norm Brownstein, Merle Chambers (co-chaired October 1992, million dollar day luncheon) and Ralph Peterson, (significant contributor to Governor Roemer Campaign and Chaired 1994 WH Conference on Science and Technology). None would attend without a strong commitment to be helpful. The other reception would be a larger group of supporters.

Dear Ernie:

Happy holidays. All my best to you and your family.

I called your office last week to see if we could get together to have lunch this week. I am in a bind that hopefully you can help me with. At a minimum, any advice you might have would be greatly appreciated.

I am about to be moved from my current position as Deputy Assistant Secretary for OSHA and probably assigned to the Office of Policy. The timing and the exact nature of the job has yet to be defined, but my replacement from the Hill has been hired and I am seeing Tim Barnacle this week to discuss my future. According to Tom Glynn and everyone else that I know of, I am not being moved because of the quality of my work but because my boss no longer feels that I can provide him with the counsel he feel he needs. Its more complicated than that, but the result is the same -- I am odd man out and find myself in the untenable position of looking for a job.

Needless to say my current situation is somewhat disconcerting, and I am at a loss about what I should do. This move is not something that I welcome but I need a job and may have no choice but to go along with it. If placed in Policy, I will continue to work as hard as I can for this Administration, and be a team player. However, going to Policy is like returning to where I was during the Carter Administration and I can't help but wonder if there is something else that I might be able to do that makes use of my skills and talents.

I have talked to several senior minority and hispanic appointees in the department about my situation. One proposal which they would enthusiastically support is for Reich to promote me to the position of Associate Deputy Secretary to advise him on minority and hispanic issues, help communicate the Department's accomplishments and message to these communities, and begin to build support for the Administration for the '96 election. Steve

Rosenthal currently holds such a position on behalf of the unions.

Admittedly, such a job would be different from positions I have held previously, but as we have discussed previously this needs to be done. I have not been bashful about taking on challenges in the past and wouldn't mind giving it a shot assuming that I can't better serve Bill Clinton in some other capacity. More importantly, this idea has not yet been broached with Tom Glynn or the Secretary who might not be amenable. I would very much appreciate hearing your thoughts on this proposal or ways that you might be able to help orchestrate. Any suggestions you might have about other ways that I could serve this administration (or positions that I could fill in the public or private sector) would also be most welcomed. I sent a copy of this letter to Alexis but she is probably away for the holidays.

As always, thanks in advance for your help and I look forward to talking to you. Until then, if you have questions, please feel free to call me at (202) 219-6104 (work) or 363-4286 (home).

Sincerely,

Richard Hayes

Lou Rawls and Ed McMahon hosted the first telethon in 1979. Other co-hosts over the years have included Marilyn McCoo, Alex Trebek and Gladys Knight. Muhammad Ali, Bill Cosby, the late Sammy Davis, Jr., Lola Falana, and Paul Williams were some of the first performers for the event. Lou Rawls' commitment to the United Negro College Fund, through the telethon, has helped raise over \$110 million for the College Fund's colleges and universities.

The Telethon benefits more than 54,000 students attending the United Negro College Fund's 41 member colleges and universities.

For many students, the United Negro College Fund has been the spark that lights the flame of hope — hope of having the funds for college, hope for receiving a quality education in a nurturing environment, hope of achieving excellence and earning a college degree, hope of pursuing a rewarding career.

Founded at a time when access to college was limited and funds to operate private, historically black colleges and universities were few, the United Negro College Fund filled a huge vacuum for black America. Since its inception in 1944 to the present time, the College Fund has been committed to providing financial assistance to its member colleges and students.

Because of the efforts of the

College Fund, which receives donations from individuals, foundations, corporations, and other philanthropic organizations, thousands of students with high academic aspiration and low economic means have been able to attend college, graduate, and become the leaders, scholars,

educators, and stars of America.

To continue the tradition of support, your help is still needed. College costs are constantly on the rise. Technology is rapidly changing. In order to

keep abreast of employers' high expectations and maintain a competitive edge in this ever-changing global society, students need all the resources and services that you have to offer. Support the telethon on **January 7, 1995**. Through your gifts, you will contribute to America's future.
