Capitol Park Towers: A Capital Location

Located in the Southwest Waterfront area, it's the best rental value in town.

Capitol Park Towers offers residents in-city living at its best.

Featuring extraordinary convenience, it is located within the most vibrant area of the Nation's Capital.

Designed by reknown architect Chloethiel Woodward Smith, it offers outstanding floor plans and space planning, and has been cited with several architectural awards.

It also provides a unique contrast to traditional high-rise living because its grounds are designed around towering shade trees, swimming pools and court yards.

The Neighborhood

The surrounding neighborhood includes historic 18th and 19th century landmarks, similar to the style found in Georgetown and Old Town Alexandria. Due to extensive restoration and rebuilding, the area is also reminiscent of Capitol Hill.

But because it is centrally located within Southwest Washington, it offers greater convenience than any other area of the city.

At Capitol Park, walking makes sense. Major government employers are within one to three blocks, including NASA, HUD, HEW, FDA, EPA and the Department of Transportation. A tree-lined path leads to The Hill, the Capitol Building and the various Senate and House office buildings.

In the evening, residents can enjoy excellent waterfront restaurants, such as the Flagship, Hogates, Pier Seven and Gang Plank. The Market Inn and El Toritos are also convenient for dinner before the theater at nearby Arena Stage.

Weekends also put residents where they want to be—close to the National Gallery of Art, the Smithsonian Institution and other fine, in-city cultural and educational attractions.

A car is not needed to take advantage of shopping at the Waterside Mall and other neighborhood stores. Fine churches and synagogues are within walking distance, as well. The excellent Amidon Elementary School and public schools are only a few blocks away.

The Accommodations

Because Capitol Park was built when land and construction materials were less costly, the apartments are more spacious and less expensive than those more recently built.

Accommodations include efficiencies, junior one bedrooms, full one bedrooms, flexible two bedroom/two bath and two bedroom models. All feature large picture windows, central heating and air conditioning and fully-equipped kitchens.

Balconies and terraces add living space during most of the year. All buildings have peaceful views of the surrounding gardens, contrasting with the magnificent lights of Washington's spectacular skyline at night.

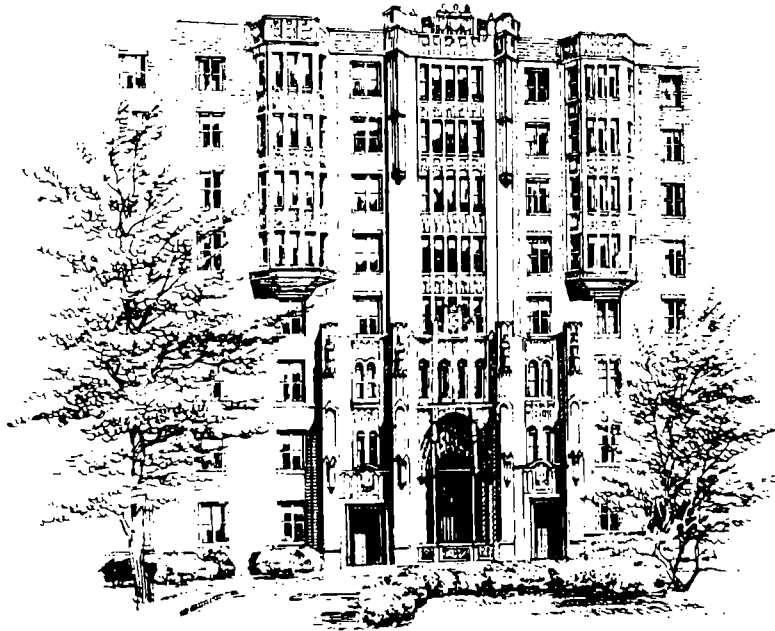

Our leisure activities include play reading groups, crafts, movie discussions, international fashion shows and much more.

All of this adds up to a wonderful place to call home. Come see why Capitol Park Towers is the best rental value in town!

The Chastleton...A Renaissance of Old World Elegance

The Chastleton is for the select few who are seeking a very particular life style — gracious in-town living filled with a sense of history, elegance, charm, and romance.

Built in the 1920's, The Chastleton was inspired by one of the English estates of the Duke of Marlboro (1650-1722). An architectural landmark, it has been the home of Senators, Congressmen, Judges, General Douglas MacArthur,

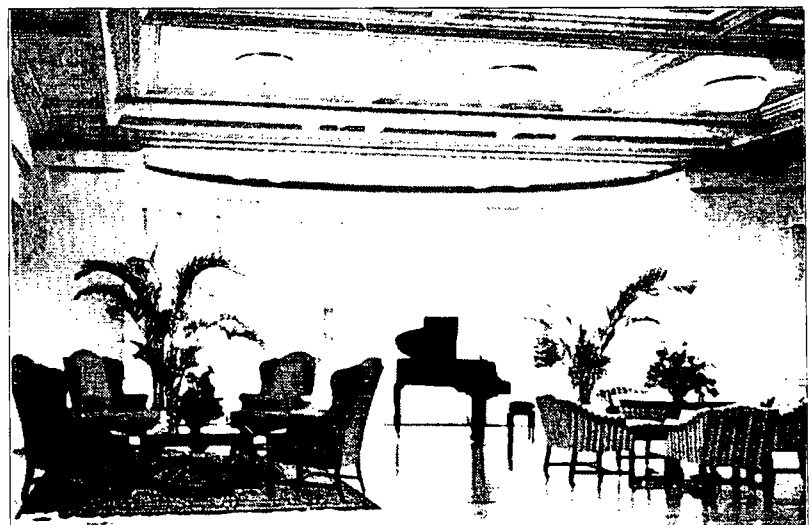

the Duchess of Windsor, and Rudolph Evans (sculptor of the Jefferson Memorial statue), as well as many other notables.

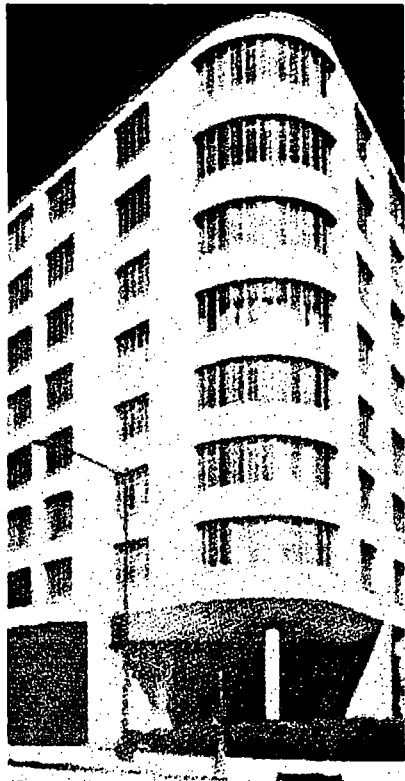

The exciting renovation of The Chastleton offers the latest modern conveniences, featuring all new interiors, kitchens and bathrooms, while retaining all of its original architectural splendor — a charming blend of the old and the new.

Your apartment at The Chastleton will be a home you will be proud of and is ideally located just minutes from the White House, Federal Buildings, and downtown. Elegant Connecticut Avenue shopping,

Embassy Row, the Financial District, and fine restaurants are within walking distance. Public transportation is at your front door and the Dupont Circle subway is within walking distance.

Connecticut House

Welcomes You to Washington!

Unusual spaciousness is obvious in every room of Connecticut House. The dining rooms, for example, are 15 to 19 ft. long. The living rooms in the 3-bedroom apartments are more than 25 ft.

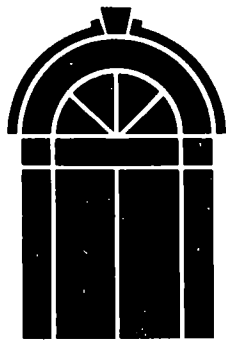

Each bedroom is a master bedroom in size. All apartments have walk-in closets. Most 2-bedroom apartments and all 3-bedroom apartments have 2 baths. And, of course, there are individual temperature controls in each room.

Spacious, elegant, comfortable; there are few apartments that can match the beauty of Connecticut House, and none that can offer a more distinctive address.

Au Pair in America— a child care/cultural exchange program

Au Pair in America offers in-home child care by English-speaking Europeans with legal visas. This U.S. government-designated program was founded in 1986. Au pairs are interviewed and screened abroad and come to the U.S. for a one year cultural exchange/child care program.

Commonly asked questions:

Can I choose my au pair?

Au Pair in America enables *you* to make this important choice—we provide completed applications of screened, suitable candidates and *you* call them and *you* make the decision.

Is there an adequate supply of applicants?

Au Pair in America has hundreds of candidates ready to be matched with families right now. All have a driver's license, acceptable command of English and child care experience; some have special skills such as working with handicapped children.

What is the track record of the au pair program?

Au Pair in America pioneered the concept of legal au pairs and has placed 13,000 in 158 communities in 40 states. We were the first organization authorized by the U.S. government! We are the largest and most experienced group in the field.

How reliable is the company you are considering?

Au Pair in America is associated with the well-known **American Institute For Foreign Study® (AIFS)**. Financially sound with an experienced staff, AIFS has provided educational exchange opportunities for more than 700,000 students, teachers and adults since its founding in 1964.

What kind of orientation is provided for the au pairs?

Au Pair in America has a comprehensive three-day orientation in the U.S. Presentations on first-aid, what to expect from the American family, cross-cultural differences and other topics are covered so that families can be assured that their au pairs realize what to expect.

What is the cost of the program?

The host family fee averages approximately \$175 per week which includes round trip transportation to New York City, selection and screening abroad, orientation, pocket money, medical insurance and on-going supervision by the Community Counselor. This cost is per family, *not* per child.

Is the program equipped to handle emergencies?

Not all problems occur between Monday and Friday from 9 a.m. to 5 p.m. **Au Pair in America** is a seven-days-a-week-24-hour program. You can reach our Community Counselors and executive staff at any time!

What kind of local support is available?

Au Pair in America has an established, dedicated network of trained Community Counselors, one of which is in your hometown. They are experienced in problem-solving, help you select the right au pair for your family and provide social and educational activities for your au pair.

Is there a wide variety of English speaking au pairs available?

Au Pair in America is active in every Western European country recruiting English speaking au pairs. Native English speaking au pair from Great Britain and Ireland are also available. All au pairs are between the ages of 18 and 25.

What happens if the match is not successful?

In the case of incompatibility, the **Au Pair in America** staff and Community Counselor will work together with the family and the au pair to resolve misunderstandings. If the au pair must be removed, we will supply the family with an alternate au pair from our large pool of applicants.

What are the host family qualifications?

Host families must provide a private room for the au pair and encourage the au pair to participate in educational and cultural activities organized by the program. Au pairs may perform child care duties for no more than 45 hours per week.

Local profile

Au Pair in America currently has more than 200 au pairs in the Washington, DC area. These au pairs are supervised by 10 trained Community Counselors. Please call us for the name and phone number of the Counselor nearest to you. **Good luck!**

ST. ANSELM'S ABBEY SCHOOL

4501 South Dakota Avenue, NE, Washington, DC 20017

202-269-2350 • Fax 202-269-2373

WHO WE ARE: St. Anselm's is a Roman Catholic day school founded in 1942 by the Benedictine monks of St. Anselm's Abbey in order to offer high-quality, moderately priced college preparation to talented boys in Forms A through VI (Grades 6-12). We strive to provide a liberal education with maximum intellectual challenge within a community of learning that reflects "the Rule of St. Benedict: peace and fraternity, respect for the value of work, self-discipline, and the development of personal talents for the service of others."

WHERE WE ARE: The school is located in a residential neighborhood in upper northeast Washington adjacent to the Maryland line. It is accessible by Metro rail and bus from all areas of Washington and its suburbs. Catholic University of America is within a few blocks of St. Anselm's, and the resources of downtown Washington, including the Capitol, the Library of Congress, the National Gallery of Art, and the Smithsonian Institution are approximately four miles away.

The school, the gymnasium, the abbey church, and the monastery occupy 35 wooded acres. The barrier-free main school building contains, in addition to its large classrooms, a computer center, three science labs, a 12,000 volume library with microform readers, an auditorium, music, art, and student publication rooms, a cafeteria, a student lounge, and a greenhouse. Two baseball diamonds, two general athletic fields, and a cross-country course are included in the property.

WHO GOES HERE: Our student body is a diverse one, coming from all parts of the Washington metropolitan area and representing a variety of racial, ethnic, religious, and economic backgrounds. We currently enroll 183 students in Forms A through VI. One-third are non-Catholic; 26% belong to a minority group (9% African American, 9% Asian, 8% Hispanic); and 23% receive financial aid. Thirty-one percent reside in the District of Columbia, 58% in Maryland (33% in Montgomery County, 22% in Prince Georges, and 3% in other Maryland counties), and 11% in Virginia.

All of our graduates attend four-year colleges. Our mean SAT score of 1279 (627 verbal, 652 math) places St. Anselm's among the top ten schools in the nation. Our students consistently achieve one of the highest percentages of National Merit Scholar citations in the Metropolitan area; this year 61% of our seniors are so honored, and all three of our African American seniors are recognized by the National Achievement Scholarship Program for Outstanding Negro Students.

WHO TEACHES HERE: Full- and part-time staff number 41, of which 8 are Benedictine monks. Fifteen are women, one of whom is a Holy Cross nun. Twenty-five hold graduate degrees. The Rev. Dom Peter Weigand, OSB, MTS, was appointed Headmaster in 1992, having served as Second Master since 1976.

WHAT WE TEACH: St. Anselm's is divided into a Middle School (grades 6 through 8) and an Upper School (grades 9 through 12). Students in grades 6 through 10 follow a fixed curriculum. Students in grades 11 and 12 can select from an elective curriculum within the prescribed requirements for graduation.

A student completing the seven-year program will have taken 7 years of English, math, and religion (All students take all religion courses; for students who are not Catholic, however, many liturgical services are optional.); 6-1/2 years of history/social studies; 6 years of science, music/visual arts/drama, and physical education; 4 years of Latin; 3 years of French; two additional years of advanced Latin, Greek, Spanish, German, or advanced French; and 1 year of computer fundamentals. A complete description of the curriculum is available from the school office.

Students who enter after grade 6 are fitted into the graduation requirements based on their previous preparation.

Special programs include Advanced Placement preparation in 11 test areas, study at Catholic University through the ABBEY Program, and academic accommodation for the gifted.

WHAT SPORTS WE PLAY: All students have an opportunity to participate in both intramural and interscholastic team sports. St. Anselm's competes interscholastically in soccer, cross country, basketball, wrestling, baseball, and tennis at the Middle School, Junior Varsity, and Varsity levels. Other sports, as well, may be offered intramurally. Annual all-school races and field days, as well as interscholastic tournaments in soccer, cross country, and basketball, are also part of our athletic tradition.

WHAT ELSE WE DO: Students participate in a variety of extracurricular activities which currently include: student government; publications (yearbook and literary and Middle and Upper School news magazines); Junior Classical League; intramural and interscholastic forensics; Middle School chorus and Upper School co-ed Abbey Singers; co-ed Priory Players and Middle School Players (at least 3 productions annually); Junior (M.S.) and Varsity (U.S.) "It's Academic" and "Knowledge Master"; Middle School "Math Counts"; Theater Club; and Cultural Student Organization.

School dances, including Upper School semi-formals and a Junior-Senior prom, are held frequently. St. Anselm's Saturdays (SAS) is an optional program for Upper School students to get together with girls from local schools to enjoy monthly activities such as white-water rafting, skiing, and theater parties; it is consistently fully subscribed. Co-ed Dance Assembly is offered in the Middle School.

SOMETHING IMPORTANT: Juniors and seniors spend one morning each week participating in community service projects at facilities such as nursing homes, day care centers and hospitals.

HOW TO BE ADMITTED: St. Anselm's decision to admit a candidate is based on five criteria: objective test results, previous scholastic records, teachers' recommendations, an applicant's essays, and a personal interview.

St. Anselm's conducts its own entrance examination for all prospective students. Most spaces for the following year are filled from the tests administered in January and February. Additional tests will be scheduled to fill any remaining vacancies. Full details about the admission procedure are available from the Admissions Office.

Tuition for 1992/93 is \$7950. Auxiliary fees range from \$325 for Middle School to \$570 for Form VI. A limited amount of need-based financial aid is available.

St. Anselm's is accredited by the Middle States Association of Colleges and Secondary Schools. It is a member of the National Association of Independent Schools, the Association of Independent Schools of Greater Washington, the Association of Independent Maryland Schools, and the National Catholic Education Association.

St. Anselm's accepts students of any race, color, creed, national and ethnic origin and admits them to all the rights, privileges, programs, and activities generally accorded or made available to students at the school.

WELCOME TO WASHINGTON D.C.!!

We just want to take a moment of your time to tell you about our firm. We have taken an innovative approach to our line of work - an approach that has a positive impact on the lives of our clients.

We are one of the few (if any) environmentally friendly commercial and residential cleaning firms in the country. We offer comprehensive cleaning services designed to minimize the deleterious affects associated with harsh cleaning compounds. From the office to the job site, we try to keep the environment in mind. Though we have no illusions about being more than a cleaning firm, we do feel that we help contribute to a healthy life style, as well as to the general well being of your environment, which is one of the priority items of your new administration. Thank Goodness!

The response to our unique service has been tremendous. Homeowners are particularly excited about our services. Our clients seek out smallscale ways to improve their lives, as well as combine environmental awareness with day to day living. We help them achieve this. It seems that we have tapped into a market that had heretofore been neglected.

We are attaching some information about our company. If, in your busy schedule, you find you need help in maintaining your new home, just give us a call. We will be happy to meet with you and give you a free estimate of your cleaning needs. Additionally, we provide all of the supplies and vacuums, will give you references, and are insured and bonded.

Thank you for your consideration. We look forward to hearing from you.

Most sincerely,

The **NOTIONS** department has more than 1,000 basic sewing notions. At the **LININGS** counter you will find lining for all garments including coats, plus interfacing & other miscellaneous fabrics. The **BOOK & PATTERN** department carries sewing patterns & more than 2,000 books on sewing & related textile subjects, plus sewing videos. G Street Fabrics also carries sewing machines & sergers from **BERNINA & NEW HOME**. The **EDUCATION** department offers over 100 classes each semester.

From its inception more than fifty years ago in the old downtown shopping area of Washington, D.C., G Street Fabrics has always been a store filled with fabric treasures. Initially situated in an old office building, G Street was a store made up of random rooms, small alcoves, hallways leading to tiny cubbyholes — all stuffed with fabric.

The new Rockville store which replaced the downtown office building in 1983 gave us the space to add thousands of books and notions, to expand the Trims department, add classrooms and a whole floor for Quilting and Decorator fabrics.

No description of G Street Fabrics would be complete without a word about the staff. We have one vital thing in common - a love of fabric. Beyond that, we also understand that this is unlike any other commodity for sale today, demanding far more personal service, care and time.

It is impossible to present the full scope of G Street Fabrics on a single page, but we trust that the following list will give you some idea of the uniqueness of this Washington institution.

"BEST ALL-AROUND"

Flashback Hair Salon offers the best in services and atmosphere among the group of salons we surveyed. The variety of products and the flexibility of the highly skilled staff - they have been recognized as having the five best stylists in the area - make Flashback our most recommended hair salon. Although there are no prices under \$20, the quality and service more than make up the difference. The salon is beautiful: bright and airy. Before touching your hair, the staff supplies you with a bathrobe to wear in order to ensure comfort. The hair-dressers actually take the time to talk to you, making for friendly service as well as professional styling.

ILO

HAIR SALON AND DAY SPA

The Georgetown salon, which takes its name from the Finnish term for youthful joy and beauty, personifies the style, service and expertise Washington's VIPs have come to expect. The best in cut, color and skin care is what you'll find inside the white-washed sunlit walls of ILO. The staff of thirty specialized stylists, colorists and aestheticians receive regular briefings from a selected team whose members participate throughout the year in international exchanges of emerging concepts in hair design and skin care, in both London and Paris.

The salon has received top accolades for its color clinic from the beauty editors of Vogue magazine, which may explain why ILO draws an impressive clientele. Regulars include local White House, embassy and congressional staffers, and celebrities (including Linda Carter, Cindy Crawford and David Frost) as well as many of the city's university students.

Stylists

ILO's stylists are recruited from the top schools in London and Paris and then trained in ILO's special technique. ILO has always employed – and specifically requires – this specialized training so that all stylists are considered equally competent. Clients can feel that they are getting the best cut regardless of the stylist.

Color/Perming

ILO's staff of three colorists and permers has been recruited from highly respected international schools – L'Oreal Paris, in particular. They are skilled in color, corrective color and perming. Occupying the entire third floor of the salon, the color/perming room has two skylights, allowing for natural light and therefore true color. Prior to color application, each client receives a consultation. Complete notes from the consultation are kept on file for reference. The staff's goal, with each individual, is to improve hair color only by making it look as natural as possible.

Skin Care

The European approach to personal care is most apparent in ILO's skin-care center. The salon's three beauty therapists were trained in Europe, where they received two years of intensive study at a college and an extensive background in anatomy, dermatology, physiology and exercise therapy. ILO's simple, soothing skin-care regime was developed to make treatment a pleasant experience. Each treatment room is bright and airy, and furnished with the most advanced equipment available.

ILO offers a full range of services from aromatherapy to hydrodermy, from massage to makeup consultations. For more information about ILO, contact Gary Walker at (202) 342-0350.

300 ST. ANDREWS DRIVE
FORT WASHINGTON, MD 20744

(301) 292-1100

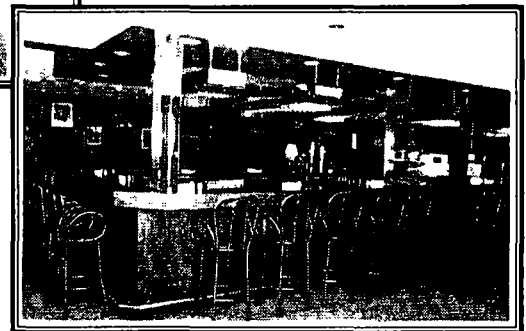

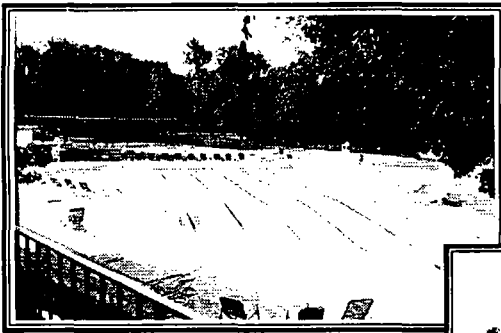

PortAmerica Golf and Country Club at Tantallon is a private club established in 1962. Located in the lush, rolling countryside of Ft. Washington, Maryland, the 172 acre club is within a half-hour's drive from downtown Washington, DC, and Old Town Alexandria.

The challenging and picturesque golf course is one of the foremost attractions of PortAmerica Golf and Country Club. Our 18-hole, PGA rated course will test the skill of golfers at all levels, without unfairly penalizing the beginner. A "Class A" PGA Golf Professional is on staff with a full-service pro shop. Lessons are readily available, along with in-house computerized handicap service. The club boasts active member participation in all areas of league play, and is the host of several Pro-Ams during the year.

Our swimming facility is the home of PortAmerica winners with over 100 children on a championship swim team. Our Y shaped pool is ideal for adults and juniors for serious swimming or just plain fun splashing to cool off on warm summer days. A separate pool for tots is adjacent to the main pool.

During summer evenings, social events and parties are frequently held poolside for a total country club evening.

The handsome clubhouse at PortAmerica Golf and Country Club with its grand colonial facade and beautiful grounds is the focal point of activity for our members. The 27,000 square foot facility has both formal and informal dining rooms, staffed by an Executive Chef and first class food and beverage operation.

Dear Members of the Clinton Team,

Twenty-two years ago I arrived in the Washington, DC area as a young man from a small mountain town in Southwestern Virginia. Although my work was very personal in nature (teaching retarded children), a strong sense of community was missing here.

This all changed in 1975 when a group of socially conscious neighbors approached me about starting a community food store and providing an alternative to the large, impersonal, profit-oriented supermarkets in the area. Out of this grassroots beginning grew the **Bethesda Co-op**, a \$3 million a year business dedicated to providing wholesome, nutritious foods at reasonable prices to the community.

The Bethesda Co-op draws its strength from the community of members, the workers who manage the store non-hierarchically, and the scores of volunteers (the real backbone of the Co-op) who give of their time and effort to make the store a place where people and community come first.

The Co-op is not just another health food store. Unlike new, trendy gourmet food stores, the Co-op has close ties to progressive organizations, homeless shelters, local farmers and other co-operatively run businesses. We have a social conscience that appeals to our many members.

To become a member, just fill out an application and select the type of membership you desire. If you choose to become a volunteer member, you'll receive a 20% discount for contributing 6 to 12 hours of volunteer work per month in the store. Community (paying) members contribute \$30 annually and receive a 5% discount on all items. **But you don't have to become a member to shop at the Co-op. Our store is open to all.**

We offer a wide selection of items from our fresh organic produce to our inexpensive bulk goods. Our imported and domestic cheese, fresh baked breads, organic juices and recycled paper products all reflect the Co-op dedication to quality, health, and ecologically sound products.

We of the Bethesda Co-op enthusiastically welcome the Clinton team to our nation's capital, and invite you to visit us in our new store in Cabin John, Maryland just off MacArthur Boulevard at Seven Locks Road. We are located near many beautiful and historic places: the Potomac River, the C and O Canal, Great Falls, Clara Barton House and Glen Echo Park. People often stop by the Co-op on their way running, hiking or biking on the Canal towpath or kayaking on the river nearby.

The Co-op is an easy way to become an instant member of a community of people dedicated to providing not only nutritious food, but also a sense of place and purpose -- a sense of belonging and being a part of something larger than oneself.

Sincerely,

Russell Belcher
Bethesda Co-op Advisory Board

BEHIND THE SCENES

A REALTOR® can help you determine how much home you can afford. Often a REALTOR® can suggest ways to accrue the down payment and explain alternative financing methods.

A REALTOR®, in addition to knowing the local money market, also can tell you what personal and financial data to bring with you when you apply for a loan.

A REALTOR® is already familiar with current real estate values, taxes, utility costs, municipal services and facilities, and may be aware of local zoning changes that could affect your decision to buy.

A REALTOR® can usually research your housing needs in advance through a Multiple Listing Service—even if you are relocating to another city.

A REALTOR® can help familiarize you with the closing process by explaining it in advance.

WHEN SHOWING YOU A HOME

A REALTOR® shows you only those homes best suited to your needs—size, style, features, location, accessibility to schools, transportation, shopping, and other personal preferences.

A REALTOR® often can suggest simple, imaginative changes that could make a home more suitable for you and improve its utility and value.

A REALTOR®, though generally acting as an agent for the property owner, is bound and obligated by the Code of Ethics to give fair treatment to all parties in the transaction.

A REALTOR® is sensitive to the importance you place on this major commitment you are

about to make. Count on this real estate professional to facilitate negotiation of an agreement satisfactory to both seller and buyer.

Check it out carefully.

New home or not so new, it pays to know what to look for in its structure, equipment and surroundings. Though a final assessment can be made by an inspection service company, this checklist can serve as a reminder of some things you should look for in order to make a wise buying decision.

STRUCTURE OF HOME

Foundation. Floors and walls poured concrete. No evidence of water seepage or moisture problems. Minor settling cracks usually not structurally significant.

Drainage. Sump pump for sanitary and foundation draining. Crawl space dry.

Termite and wood rot. May require inspection by qualified exterminator for existing and potential problems.

Floors. Condition of flooring, whether plank or plywood. Solid construction of bridging and joists.

Walls. Condition of walls, whether drywall or plaster. Absence of water marks.

Attic. Sufficiently insulated and ventilated.

Fireplace. Damper in working order, flues to chimney clear.

EQUIPMENT AND APPLIANCES

Heating. Type of heat used and minor periodic maintenance required—oil fan motor, lubricate bearings, clean humidifier, replace filters, etc.

Hot water system. Type and gallon capacity. How long present unit in service (if older home).

Electrical. Standard house current, number of circuits, outlets and fuses or circuit breakers sufficient for everyday needs. Condition of wiring.

Plumbing. Good water pressure throughout house. Tie-in to local water supply facilities, etc. all in working order. Bathroom and kitchen fixtures in good shape.

Appliances and fixtures. Range, refrigerator, dishwasher/disposal, laundry facilities, etc. all in working order. Accommodation for gas grill hook-up. Bathroom and kitchen fixtures in good shape.

EXTERIOR AND GROUNDS

Lot and landscaping. Grading level or properly contoured. Trees and shrubs sufficient for needs. Fences, walls, patio and driveway in good condition.

Exterior walls. Type suitable to weather conditions, need for any periodic maintenance (painting or tuck pointing).

Doors and windows. Easy to open and close (or replace) for storm/screen removal or installation.

Roof. Gutters and downspouts in good condition. If older home, how long have shingles been in use? Chimney flashing tightly caulked.

Garage. Doors or opener in good working order. Sufficient electrical and heating access.

Unlike many

real estate agents who are simply licensed by their state to do business, REALTORS® have taken additional steps to become members of the local board of REALTORS® and have agreed to act under and adhere to a strict Code of Ethics.

This membership obligates them to be fair to all parties involved in this transaction, be it buyer, seller or cooperating agent. Be sure your real estate agent is a REALTOR®.

REALTORS® do more...
Much More...
Than you may think

If you see a home as one of your most important investments, the REALTOR® you work with could be one of your most valuable resources. As a homebuyer, you can expect the commitment, integrity and expertise that you'll find in REALTORS®. It is the business of a REALTOR® to work with you by understanding your homebuying needs and showing you properties that fit your lifestyle and budget. That's why REALTORS® work hard.
