Dear Katie:

Thank you very much for meeting with representatives of the Clean Water Network to discuss Clean Water Act Reauthorization. Enclosed are copies of materials you requested at the meeting:

- (1) The final Water Quality 2000 Report;
- (2) The Right to Know More Report;

(3) The Recommendations of the Management Advisory Group to the Assistant Administrator for Water on Nonpoint Source Pollution (which included a representative of the National Wheatgrowers, a California cotton farmer, and a past president of the National Association of Conservation Districts); and

(4) One of the (identical) letters a number of groups sent to members of Congress identifying our legislative priorities.

Please let us know if you have questions on the issues we discussed, or other aspects of Clean Water Act Reauthorization. We look forward to working with you and others in the Administration to assure passage of a strong Clean Water law during the 103rd Congress.

Sincerely,

Bob Adler
