Re: NEC Environment/Energy/Natural Resources

1-18-92

Per our conversation yesterday, some suggestions for staff people to handle environment, energy, natural resource issues on the National Economic Council:

- o Tom Grumbly. President, Clean Sites, Inc. (Works with corporations to structure clean-up strategies for superfund sites).

- o Mike Tellson. Environment/Energy staff person for House Budget Committee.

- o Keith Laughlin. Staff Director, Subcommittee on Investigations and Oversight -- House Science, Space and Technology Committee
