Dear Mr Wilson,

Referring to your letter of March 28th and my letter to the Vice President of April 15th (encl. 1) I take the advantage of your kind offer to give me further advice concerning The Royal Colloquium 1994.

Enclosed you find the present draft of the program (encl. 2) and participant list (encl. 3) of the colloquium. As mentioned in my letter to the Vice President His Majesty is particularly interested in political representation from the United States at the meeting. Would you, please, kindly advice me in finding a person to represent your office who has experience in the political aspects of environmental development.

I have discussed the question with Dr. Maurice Strong who will serve as Moderator of the Colloquium and he may also contact you on that matter.

Looking forward to hearing from you at your earliest convenience

I remain
Sincerely yours,

Carl Gustaf Bernhard
Chairman of the Organizing Committee
of the Royal Colloquium 1994.

Dear Mr Vice President,

In response to the letter from your Director of Scheduling, Mr Anthony T. Wilson, of March 28, I was sorry to note that you are unable to participate in the 1994 Royal Colloquium in Stockholm in August.

His Majesty Carl XVI Gustaf is particularly interested in political representation from the United States at the Colloquium and has, therefore, requested me to seek your advice in finding another person to represent your office who has experience in the political aspects of environmental development.

Due to our very tight planning schedule I would be exceedingly grateful for your help and a reply at your earliest possible convenience. (Fax No +46-8 15 56 70.)

Sincerely,

Carl Gustaf Bernhard

Dean Mary Wolf
Office of the Freshman Dean
Lycoming College
Williamsport, PA 17701

Dear Dean Wolf:

Thank you for the invitation to Vice President Gore to take part in the 1994 New Student Convocation at Lycoming College on August 26.

I know he sincerely appreciates your interest in his attendance, but unfortunately, other scheduling commitments prevent the Vice President from accepting your invitation. As I'm sure you can imagine, the responsibilities and obligations of the White House do not allow the Vice President to honor as many requests as he would like. I hope the event is a success.

For your information, I have forwarded a copy of your letter to the President's Office on Environmental Policy. If you are interested in speaking with a member of the OEP staff regarding other possibilities for Convocation speakers, please call 202-456-6224.

Thank you again for your letter. Please feel free to contact my office again with future requests or questions. Best wishes.

Sincerely,

A handwritten signature in cursive script that reads "Anthony T. Wilson".

LYCOMING COLLEGE
WILLIAMSPORT, PA. 17701

May 27, 1994

Vice President Al Gore
White House
1600 Pennsylvania Ave.
Washington, D.C. 20500

Dear Mr. Vice President,

Lycoming College, a liberal arts college founded in 1812, is located in central Pennsylvania along the West Branch of the Susquehanna River. Each fall a new freshman class of 360 students is officially admitted to the college in the New Student Convocation. Parents and relatives join the event similar to a graduation with a formal academic procession and major address. The theme of the convocation is coordinated with the Fall Symposium topic which this year is "The Environment."

The purpose of this letter is to invite you to present the Convocation address on the Environment:

Date:	Friday, August 26, 1994
Time:	4:00 - 5:00 p.m.
Length of speech:	15-30 minutes
Location:	Lycoming College Lamade Gymnasium Williamsport, PA 17701
Audience:	100 faculty and administration 360 freshmen 600 parents and guests

During the last week of August, Williamsport is host to the participants of the Little League World Series. The final series game is held on Saturday, August 27. Driving distance from Washington D.C. is approximately 4 hours or flight time depending on aircraft is less than one hour.

Page 2

I realize the demands and requests for your time exceed your available hours, but I hope you will consider the impact you might have on a group of 18 year old men and women as they begin their college career. A strong message on our collective responsibility to our environment should motivate them to the personal and academic challenges they will encounter.

Thank you for considering this request.

Sincerely,

A handwritten signature in cursive script that reads "Mary B. Wolf".

Dear Mr. Vice President:

I have been asked by Dr. Christine Merritt of the Water Chemistry Program at the University of Wisconsin-Madison for my help in facilitating a meeting with you and your advisors.

As you can see by the attached letter, the Water Chemistry Program is one of the leading engineering programs in the country and is on the verge of some major breakthroughs in the treatment of wastewater, air pollution and wastes.

The researchers would be more than willing to travel to Washington and meet with you at your convenience. I know your schedule is exceedingly busy, but I hope your best effort is put forth in accommodating these people and their request.

Please direct your questions to Dr. Christine Merritt, Water Chemistry Program, UW-Madison, 680 North Park St, Madison, WI 53706-1484. The phone number is 608-262-0454.

Thank you in advance for your attention to this request.
