Dear George,

Your letter of June 23rd has been received. Pursuant to your request, I am enclosing a copy of the material put together by the White House Office of National Service. The legislative information in the packet was current up to May 16th when it was introduced in Congress. The key points should remain the same although there may be some minor changes that are not reflected in this material.

Please let me know if there is anything else we can do for you.

Personally,

Dear Mr. Middleton: *Mark*

Please send us a copy of the National Service Initiative Proposal mentioned in the latest copy of "Consumer News." We understand this proposal, if approved by Congress, would allow students to build funds for higher education by performing public service or to pay back student loans by taking public service jobs after receiving their education.

We appreciate your help.

Sincerely,

Thanks,

George
