NATO SUPPORT FOR UNPROFOR WITHDRAWAL FROM BOSNIA

- Calling to update you on the progress of contingency planning at NATO to support UNPROFOR withdrawal from Bosnia should it become necessary.
- As you will recall, the President in early December informed our Allies that the U.S. is prepared, in principle, to commit U.S. ground forces to a NATO-led operation to support UNPROFOR withdrawal.
- Since that time, contingency planning at NATO has been underway to prepare for a possible UN request to support UNPROFOR's withdrawal.
- NATO is beginning to take action to preposition commercial communication equipment needed to support UNPROFOR withdrawal if it becomes necessary.
- Specifically, NATO will establish an enhanced commercial network of voice and data services to connect seven communications centers in Belgium, Germany, Croatia, and Italy. This system will be cable of expansion to support major military operations.
- No U.S. forces or NATO personnel will be directly involved in installing or maintaining this equipment.
- The estimated cost for purchasing the commercial equipment, constructing the system, and maintaining it for six months is \$5 million. These funds will come from funds already provided by NATO members. No additional U.S. funding is required at this time.
- Pre-positioning the communications equipment is a prudent military action that will support UNPROFOR withdrawal from Bosnia or Croatia, and will be invaluable to the implementation of a peace plan, should a peace agreement be reached. (If asked: no decisions have been made on UNPROFOR withdrawal from Bosnia or Croatia.)
- Must emphasize that, while we support these contingency steps to assist our Allies in the event their forces are in danger, **we do not favor UNPROFOR's withdrawal, and no decision has been made by the UN to withdraw.**
- We will continue to keep you informed on the status of NATO contingency planning and will consult with you at the appropriate time on the involvement of U.S. forces.

Summary of Conclusions

1. Principals reviewed the progress of efforts to renew negotiations on a political settlement, options for responding to the French proposal for an international conference, and prospects for achieving mutual recognition of all former Yugoslav Republics as a means of further isolating the Bosnian and Krajina Serbs. They agreed that recognition by Belgrade of Bosnia and Croatia, if genuine, would be a positive step toward resolving the Balkans conflict, although not a panacea. Principals approved a renewed effort with Milosevic aimed at achieving meaningful mutual recognition of all former Yugoslav Republics.
(Action: State)

2. Principals discussed options for handling the French proposal for an international conference to promote cross-recognition and launch new negotiations. They agreed that a

PER E.O. 13526

VZ 10/1/2013

conference would only be useful if it is well prepared and produces positive results. Principals agreed that State should engage Contact Group partners to shape the conference agenda, making clear the conditions for U.S. support and participation. (Action: State)

3. Principals reviewed options for suspending sanctions against Belgrade in return for cross-recognition of all former Yugoslav Republics, continued endorsement of the Contact Group plan, continued closure of the FRY border to all but humanitarian supplies for Pale and Knin, and support for the Zagreb-4 plan. They authorized discussions with Contact Group partners aimed at developing a common position on the degree of sanctions relief we would be willing to trade for recognition. Principals approved the Plan B alternative in the OVP paper as the starting position for achieving a common position, with flexibility to accept further compromises short of the full EU position. (Action: OVP/State)

4. Principals reviewed the status of NATO military planning to support UNPROFOR withdrawal from Bosnia and Croatia. They agreed that, while we should continue to press Croatia to retain at least a reduced UNPROFOR presence, our planning should assume that the Croatian decision will not be reversed. Therefore, Principals agreed to support NATO's Phase I prepositioning of communications equipment to establish a theater communications architecture that will support UNPROFOR withdrawal from Bosnia or Croatia, as well as implementation of a peace plan should a peace agreement be reached. Principals directed that talking points be prepared for calls to appropriate Congressional staff informing them of the Administration's support for Phase I prepositioning. (Action: State and NSC)

5. Principals also agreed that the U.S. could inform NATO Military Authorities of the forces the U.S. would provide to an UNPROFOR withdrawal operation from Bosnia, while reaffirming that their actual deployment would be contingent on a final review of the plans and consultations with Congress. (Action: JCS)

6. Principals discussed extending to Croatia the President's decision, in principle, to commit U.S. ground forces to a NATO operation supporting UNPROFOR withdrawal from Bosnia. They agreed to recommend to the President that he authorize U.S. participation in a NATO operation to support UNPROFOR withdrawal from Croatia should it become necessary. They directed that a decision memorandum for the President be prepared that includes the concept, rough size, and duration of the mission. (Action: NSC with JCS input) They also directed that a legislative

strategy be prepared for consulting with the Congress if the President approves the recommendation. (Action: State and NSC)

7. Principals discussed the status of efforts at the United Nations to strengthen UNPROFOR in Bosnia. Reiterating their support for the strengthening measures adopted at the December Chiefs of Defense meeting in The Hague, they requested that the Deputies review the issue and make a formal recommendation on next steps. (Action: JCS)

8. Principals discussed a longer-term strategy in the event diplomacy fails to achieve a negotiated settlement and UNPROFOR withdraws from Bosnia and Croatia. They requested more comprehensive planning on options to contain the conflict should fighting rekindle, with special emphasis on strengthening forces in Macedonia to deter expansion of the war. (Action: OSD)
Principals also requested an analysis of the impact on the region should current UN forces in Macedonia be reinforced or replaced. (Action: CIA)

1. Deputies reviewed the results of recent Contact Group efforts in Bosnia, diplomatic options for renewing negotiations for a political settlement, and prospects for achieving mutual recognition of all former Yugoslav Republics as a means of further isolating Karadzic. They agreed to discuss with Allies a renewed effort with Milosevic aimed at achieving mutual recognition. Deputies agreed that cross-recognition must be broadened beyond a possible bilateral deal between Serbia and Croatia to include Bosnia as well, plus Slovenia and FYROM. They

requested a strategy paper be prepared for next week's Principals meeting. The strategy should address steps to achieve cross-recognition, including how to approach Milosevic and Tudjman, timing, the relationship between recognition and UNPROFOR retention in Croatia, and the U.S. response should Milosevic move only on recognition of Croatia. (S) (Action: State)

2. Recognizing that sanctions relief will be our main leverage for securing cross-recognition, Deputies requested that the OVP lead an Interagency effort to configure a Milosevic sanctions relief package that looks at the pros and cons of accepting the European Union's position. (S) (Action: OVP)

3. Deputies discussed the results of recent diplomatic efforts in Croatia. Noting the dynamic situation in Croatia, they requested an integrated, political and military strategy for Croatia. The strategy should address how to maximize opportunities for UNPROFOR retention, how to approach Tudjman in the run-up to the March 31 UNPROFOR mandate expiration, a description of the redefined UNPROFOR mandate we hope to achieve, measures to minimize risk to UNPROFOR, and military planning decision points for UNPROFOR's complete or partial withdrawal. (S) (Action: State/JCS)

4. Deputies reviewed the state of military planning to support UNPROFOR withdrawal from Bosnia and Croatia. They agreed to support NATO discussions with Croatia concerning prepositioning of C3I systems and host nation support for UNPROFOR withdrawal from Bosnia. They further agreed to present to Principals a recommendation that the U.S. agree in principle to participate in a NATO operation to support UNPROFOR withdrawal from Croatia and to approve completion of required contingency planning. (S) (Action: JCS)

5. Deputies reviewed the status of efforts at the United Nations to strengthen UNPROFOR. Reiterating their support for strengthening measures, the Deputies requested more information to clarify UN intentions, objectives, rationale, and operational impact. (S) (Action: JCS)
