THE WHITE HOUSE

WASHINGTON

July 17, 1995

MEMORANDUM TO JEREMY BEN AMI

FROM: DORIS MATSUI

RE: BUDGET OUTREACH -- EDUCATION

The OPL strategy for the dissemination of information on the budget will be similar to the strategy we have implemented in the past. The Office of Public Liaison has found that the most effective way to nurture and develop constituent support is a combination of personal communication and information distribution.

We will call key organizations in order to explain what information has been released. These are the groups we work with on a constant basis. They are highly supportive and help the Administration by disseminating our information to their vast networks. For example, one copy of the common ground speech sent to one of our close constituents was immediately sent to 291 state affiliates with the organizations support.

In addition to the phone calls we will fax out the state by state breakdowns to our national and state organizations. These will include not only our education groups, but also children's and nonprofit organizations, both of which demonstrate an interest in education initiatives. Combined, our fax network will reach over 300 organizations both national and state-based. In addition we are also working with others in our office to get the information to other constituencies that would be interested in education issues such as business (300), Hispanic (50), African American and Women's (30) groups.

***Note: because our information is faxed out via computer, it is crucial that the information be given to us on disk. All 50 states can be put on the same computer file; we can pull what pages we need.*

If there are any charts, executive summary or larger documents (anything in excess of 5 pages), we will mail those out. We cannot fax out documents that have an excessive number of pages. Organizations, especially smaller or state based organizations, dislike long documents transmitted over the fax. They tie up needed fax lines and cut heavily into office budgets.

Any materials, either mailed or faxed, include a memo or letter explaining what material is enclosed and asking them to validate the President's message by distributing the material to their members or colleagues, writing editorials and writing letters of support to the President care of OPL.

Attached to this memo are lists of education, nonprofit, and, children and family community organizations to which budget information will be sent.

MEMORANDUM FOR MIKE SCHMIDT

FROM: LORRAINE MILLER
DEPUTY ASSISTANT TO THE PRESIDENT
FOR LEGISLATIVE AFFAIRS

SUBJECT: DISTRIBUTION OF STATE BY STATE NUMBERS
ON THE EFFECTS OF REPUBLICAN BUDGET
CUTS IN EDUCATION

The distribution of the state by state numbers on the effect of Republican budget cuts in education should occur as follows:

- (1) Distribution to the Democratic Leadership and to Democratic Members at Large; and
- (2) Distribution to the House Message Organization for Friday morning's message of the day; and
- (3) Distribution to Representative David Obey (D-WI), for inclusion in the Minority View Report.

The Democratic Leadership, as well as the Democratic Members, should receive the entire state by state numbers packet for each of the states including their own. This will allow each Member to develop a larger, more comprehensive picture of Republican education cuts.

Additionally, the state by state numbers packet should be the "message of the day" for Friday morning. This will allow Members to take the floor for "one minutes" on Friday morning, at the beginning of the legislative day, and express their unified outrage at the Republican cuts. **There should be general talking points included with the packet in order to facilitate a unified message.** Representative Rosa DeLauro (D-CT), is the contact person for the House Message Organization. I have already contacted her office.

It is imperative that a draft of the state by state numbers packet be forwarded to Representative David Obey (D-WI), the ranking Member of the Appropriations Committee, as soon as possible. The actual state by state numbers will be included in the Minority View Report of the Appropriations Bill for inclusion in the record. This will allow for maximum exposure of the cuts as well as the memorialization of the Democratic view in the record.

Attached is a list of Democratic Members of Congress.
