The Honorable Bill Clinton  
President  
United States of America  
The White House  
Washington, DC

Dear President Clinton:

The leadership you have brought to America in our hour of maximum turmoil has served to restore confidence and stability to those of us who have lived for many years in fear, dread and confusion due to a domestic policy that has denied us the opportunity to participate fully in the American Dream.

Your deficit reduction plan has been astutely designed to generate shared sacrifice, provide opportunity to and require responsibility from all Americans. Your plan is fair, courageous, right and workable.

You have indeed called America to greatness. Not only are you bringing change to America, you have boldly set the course for America to recapture its strength through prosperity and compassion.

I have been in personal contact with some of your key staff and cabinet members. They have been most helpful to me, and I am grateful to them and you.

I now totally and unreservedly commit myself to you, the Leader of the free world, to assist you and your administration in implementing your agenda at the grassroots level.

Last night, I got on my knees and prayed to Divine Providence and requested that He give you continued strength, comfort, repose, wisdom and veracity so that you might lead America to become America again.

Sincerely yours,

Lawrence F. Haygood, Sr.
