SUBJECT: DEFENSE OMB Request for Views on Congressional request to DOD for
statistics on HIV-positive personnel

12 Noon, Monday, February 12
DEADLINE: ~~5:00pm Friday, February 09, 1996~~

In accordance with OMB Circular A-19, OMB requests the views of your agency on the above subject before
advising on its relationship to the program of the President.

Please advise us if this item will affect direct spending or receipts for purposes of the
"Pay-As-You-Go" provisions of Title XIII of the Omnibus Budget Reconciliation Act of 1990.

COMMENTS: If we do not hear from your office by the deadline, we will assume that you have no
comment.

PLEASE NOTE : TWO separate responses to congressional requests for HIV data
are included for circulation under this LRM. The first set is in response to Rep. Doman
(R-CA) and the second is to Senators Kennedy (D-MA) and Nunn (D-GA).

DEPARTMENT OF DEFENSE
OFFICE OF GENERAL COUNSEL
1600 DEFENSE PENTAGON
WASHINGTON, DC 20301-1600

February 6, 1996

Mr. James C. Murr
Assistant Director for Legislative Reference
Office of Management and Budget
Washington, D.C. 20503

Dear Mr. Murr:

The staff of Congressman Robert K. Dornan has requested from the Department of Defense an updated report of statistics on HIV positive service members. The updated statistics are at TAB A and the request is at TAB B. The report of statistics was originally provided on March 22, 1995, by the Assistant Secretary of Defense for Health Affairs (TAB C).

Advice is requested as to whether there is any objection to the submission of the attached report to Congressman Dornan. The National Security Council has asked to see the report.

Sincerely,

Timothy A. Raszler
Lieutenant Colonel, U.S. Army
Deputy Director, Legislative Reference Service

Active Duty HIV-1 Positive Status

Prevalence rates for active duty personnel are reported by age group, race, sex, marital status, and rank for the total DoD active duty population. These rates reflect the total number of positive tests for the entire tested force on active duty on December 15, 1995. Of the 1041 members with positive HIV-1 status, 339 were in the Army, 307 were in the Navy, 76 in the Marine Corps, and 99 in the Air Force. The rate per thousand column is important because it is a measurement that can be used to compare year to year findings without being skewed by the changing denominators. Since testing began in 1985, 9549 DoD members have tested HIV +.

Age	Number tested	Total positives	Rate/1000 tested
<<20	246543	18	0.1
20-24	480058	280	0.6
25-29	355626	339	1.0

HEALTH AFFAIRS

THE ASSISTANT SECRETARY OF DEFENSE

WASHINGTON, D. C. 20301-1240

MAR 27 1996

Honorable Robert K. Dornan
Chairman, Military Personnel Subcommittee
Committee on National Security
United States House of Representatives
Washington, DC 20515-6035

Dear Mr. Chairman:

In response to your request of February 28, 1995, enclosed is a report of statistics on HIV positive military members. The cumulative numbers, as well as the most recent prevalence rate, as of December 1994, are included in the report.

It is not possible to provide definitive information on the mode of transmission for each case. Our databases do not capture this information and our epidemiological investigations, interviews, and contact tracing related to sexually transmitted diseases are patient-confidential communications.

Surveys of self-reported behavior, whether in HIV-infected or non-infected individuals are not likely to accurately reflect the mode of infection of individuals, because of small sample size, possible shifts in the population affected over time, and of course, individual incentives to mis-state disapproved or illegal behavior.

I trust this information is helpful to you.

Sincerely,

Stephen C. Joseph, M.D., M.P.H.

03/24/95 10:22 2022337120

ACTIVE DUTY HIV-1 POSITIVE STATUS

Prevalence rates for active duty personnel are reported by age group, race, sex, marital status, and rank for the total DoD active duty population. These rates reflect the total number of positive tests for the entire force on active duty on December 15, 1994. Of the 1,214 members with positive HIV-1 status, 398 were in the Army, 619 were in the Navy, 86 were in the Marine Corps, and 111 were in the Air Force. The rate per thousand column is important because it is a measurement that can be used to compare year to year findings without being skewed by the changing denominators. Since testing began in 1985, 9,155 DoD members have tested HIV+.

Age	Number Tested	Total Positives	Rate per 1000 tested

632-1096

Part 2:

Kennedy & Nunn

**DEPARTMENT OF DEFENSE
OFFICE OF GENERAL COUNSEL
1600 DEFENSE PENTAGON
WASHINGTON, DC 20301-1600**

February 8, 1996

Mr. James C. Murr
Assistant Director for Legislative Reference
Office of Management and Budget
Washington, D.C. 20503

Dear Mr. Murr:

Senators Nunn and Kennedy have requested information from the Department of Defense on HIV-positive service members. The HIV information report is attached next under at TABs A, B, and C, and the request for it is at TAB D. The HIV information report also contains statistics on the number of HIV-positive service members who have dependent children. This information can be used to satisfy Congressman Dornan's request for the same data.

Advice is requested as to whether there is any objection to the submission of the attached report to Senators Nunn and Kennedy. The National Security Council has asked to see the report.

Sincerely,

Timothy A. Razer
Lieutenant Colonel, U.S. Army
Deputy Director, Legislative Reference Service

Enclosures:
As stated

HIV INFORMATION REQUEST

Request from Mr. Gordon Bendick, NSC, for Senator Kennedy.

1. Number of HIV positive personnel who will be discharged, what states do they live in, what bases are they assigned, and number of dependents (include same demographics for dependents)

TOTAL NUMBER OF HIV POSITIVE PERSONNEL: 1019

WHAT STATES DO THEY LIVE IN: TAB A indicates the number of HIV positive members (active duty) and the total number of active duty service members for each state. It also shows the percentage of the total active duty population for each state that is HIV positive. The product identified 13 HIV positive members with incomplete data in the system.

WHAT BASES ARE THEY ASSIGNED TO: TAB B shows the bases by state that our HIV positive service members (active duty) are administratively assigned to. Because some members are assigned to units in one state with duty in another state, the numbers might be different from the total numbers by state at Tab A. The product identified 66 members with unit of assignment unknown due to incomplete data. Two of the unknowns are the members assigned with duty in Guam and Puerto Rico which is reflected in the product at Tab A.

NUMBER OF DEPENDENTS: 1222

452 of the HIV positive service members are married, they have 755 children and 15 other dependents.

WHAT CITIES / STATES DO THEY LIVE IN: TAB C shows where the dependents of HIV positive members (active duty) are living and the number at each location. Because of incomplete data, the system identified 77 unknowns.

2. Number of total non-deployables and reasons for non-deployability.

PERMANENT NON-DEPLOYABLES

Hiv Positive:	1019
Medical Permanent: *	5485
Hazardous Duty Restrictions:	188
Country Restrictions:	15
Total Permanents:	6707

* Medical permanent conditions include: cancer, heart conditions, diabetes, blood disorders, etc. Information on numbers of service members permanently non-deployable for medical reasons is not available by specific medical conditions.

TEMPORARY NON-DEPLOYABLES

AWOL/Deserter/Detained/Missing:	332
Legal Processing:	2965
Pregnancy:	9045
Medical Temporary:	13434
Administrative:	28045
Total Temporary:	53821

<u>TOTAL NON-DEPLOYABLES:</u>	60528
--------------------------------------	--------------

3. Time between determination of non-deployable status and ultimate discharge (if the person is ever discharged). If the person is not discharged, so state.

Data not available.

4. What diseases do other non-deployables suffer from? Number of each, e.g. diabetes, heart problems, pregnancies, etc.

We do not track by disease. However, refer to response to question number 2 for totals of permanent medical conditions.

Bendick, Gordon L.

From: Bendick, Gordon L.
To: @LEGISLAT-Legislative Affairs
Cc: /R, Record at A1
Subject: HIV INFO REQUEST (UNCLASSIFIED)
Date: Thursday, February 01, 1996 6:53PM

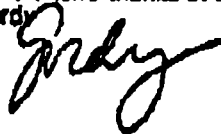

Larry:

Request you provide as soon as possible the following information per a request from Nunn and Kennedy:

- (1) Number of HIV + personnel who will be discharged, what states do they live in, what bases are they assigned to, and number of dependents (include same demographics for dependents)
- (2) Number of total non-deployables and reasons for non-deployability
- (3) Time between determination of non-deployable status and ultimate discharge (if the person is ever discharged) If the personnel is not discharged, so state.
- (4) What diseases do other non-deployables suffer from? Numbers of each, e.g., diabetes, heart problems, pregnancies, etc

Kennedy may be planning a forum that includes DOD. For example, he may ask ADM Watkins, ADM Boorda, Barry Goldwater, an HIV sufferer, Members of Congress, etc. We'll get to you on this if it looks like it may occur.

Cheers (and thanks in advance)
Gordy

RESPONSE TO
LEGISLATIVE REFERRAL
MEMORANDUM

LRM NO: 3490
FILE NO: 1863

If your response to this request for views is simple (e.g., concur/no comment), we prefer that you respond by e-mail or by faxing us this response sheet.

If the response is simple and you prefer to call, please call the branch-wide line shown below (NOT the analyst's line) to leave a message with a legislative assistant.

You may also respond by:

- (1) calling the analyst/attorney's direct line (you will be connected to voice mail if the analyst does not answer); or
- (2) sending us a memo or letter

Please include the LRM number shown above, and the subject shown below.

TO: Robert NASSIF 395-7898
Office of Management and Budget
Fax Number: 395-6891
Branch-Wide Line (to reach legislative assistant): 395-6194

FROM: 2/8/96 (Date)
Patricia S. Fleming (Name)
Office of National AIDS (Agency)
Policy 632-1090 (Telephone)

SUBJECT: DEFENSE OMB Request for Views on Congressional request to DOD for statistics on HIV-positive personnel

The following is the response of our agency to your request for views on the above-captioned subject:

- ☒ Concur
☐ No Objection
☐ No Comment
☐ See proposed edits on pages _____
☐ Other: _____
☐ FAX RETURN of _____ pages, attached to this response sheet

LEGISLATIVE REFERENCE DIV.

TO: Gordon Adams

Nancy Ann Min

COMMENT:

NSD (Dave Munson/Jim Fish) are reviewing this DoD response to Rep. Dornan's request for information on the #s of service members and their dependents impacted by the HIV provision in S. 1124.

ACTION:

FYI

RESPOND BY:

Called at 2:10pm (M)

I defer to Gordon on this. It should probably rather be the DoD/HIV unit - 7846 group. Cite fact in the inquiry. That DoD is responding. Nkim
