Dear Mrs. Clinton:

I am writing to tell you that Jose Pardo Kronemann would be a strong advocate for the Clinton administration's goals and policies. I strongly recommend Jose Pardo for any of the areas of government service which are listed in order his preference.

Jack Otero, DNC Vice Chair, used Jose Pardo's written opinions supporting candidate Clinton in the national campaign effort to get Hispanics to vote Democratic and most especially for Bill Clinton. Pardo reached out to Miami's Cuban American community to vote Democratic. The publisher and chairman of the Miami Herald wrote complimenting the timely promotion of the Clinton candidacy. Pardo got articles published and radio commentaries aired in support on the President on the eve of the election.

Pardo is a Cuban immigrant who has accomplished a lot in our country. He has a broad background in government, housing and economic development, and environmental law. He has worked in both the private and public sector and has contributed much of his time to service in the communities where he has lived. Pardo's experience, as conveyed in his resume, suggests that he would be an excellent choice to serve in the Clinton administration.

Thank you for considering Jose Pardo. My best wishes in putting together a good, qualified and diverse winning team for the administration.

Sincerely,

Leslie Byrne

This letter is a request for a speaker from the Administration Health Care Reform Team to speak at a Public Issues Forum to be held in my district. These are the details.

Public Issues Forum
George Mason University
Mason Hall Board Room
Thursday, April 29, 1993
2:00 p.m. - 4:00 p.m.

The format of the forum will be 3 guest speakers from various community sectors. Your speaker representing the health care reform team. Each speaker will present for approximately 10 minutes then there is open discussion with the audience for approximately 1 1/2 hours. The audience will consist of community leaders.

The topic to be discussed by your speaker is to be in the following areas. What is the "look" of the health care reform as of this date? What are the procedures or mechanisms for initiating a regional health cooperative? What is a definition of managed competition?

My staffer, Elene Lee, will be able to answer any questions or concerns regarding this forum.

With kind regards,
