Dear Mrs. Clinton:

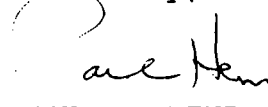

I enclose copies of correspondence which you recently received from my constituent, Ms. Birthale Lambert.

As Ms. Lambert states in her letter, she would be well qualified to give you input on the important part in-home nursing care plays in overall delivery of health services to Americans.

I have known Birthale well for some number of years, and I can tell you that she is well respected in our West Michigan community not only as a professional nurse and small business owner, but as a committed community activist.

I hope that you will have the opportunity to contact Birthale at some future time.

Sincerely,

PAUL B. HENRY
