Dear Representative Orton:

Thank you for your letter regarding Geneva Steel's partnership with a local school. As I learned when I chaired an education reform effort in Arkansas, business involvement in the schools can make an important difference. I commend Geneva Steel's initiative.

Although I would very much like to participate in the video promoting replication of the program, I'm afraid my schedule will not permit me to do so at this time. I do wish the producers best of luck for successful completion of the project.

Sincerely,

Dear Mrs. Clinton:

I would like to extend my congratulations and thanks for your arduous work during the campaign. I believe that your campaigning was very critical to President Clinton's victory and I believe that you will make important contributions to American's lives over the next several years.

I would like to invite you to be the keynote speaker at the Utah Perinatal Association Conference to be held September 23 and 24, 1993. With your position as Chairperson of Health Care Reform, your comments would be both appropriate and informative for the audience. In addition, Utah is in the unique position as the state with the highest birth rate in the country.

Membership of the Perinatal Association can consist of anyone involved with pregnancy or newborn care. Labor and Delivery nurses, maternity nurses, respiratory therapists, pediatricians, obstetricians, neonatologists, perinatologist, dieticians and pharmacists are some of the people involved.

Please contact me personally or my staff at 225-7751 and let us know if your schedule will permit you to speak. We will be happy to help in any way with any necessary arrangements. I want to thank you for your consideration in this matter and please contact me or my staff if you have any questions.

Sincerely,
