Dear Rep. Walker:

Thank you for meeting with me to discuss the vitally important topic of health care reform.

I noted your, as well as many of your colleagues', great desire that we not leave medical liability reform out of the overall reform effort. I hope we can work together to develop an initiative that addresses the very real problems of the current system, while assuring that patients have a fair and reasonable recourse when they are victims of medical malpractice.

I look forward to working with you. With your collaboration, I feel confident that our common endeavor will be successful.

Sincerely yours,

Hon. Robert Walker
