Dear Mr. Amsden:

Thank you for your letter providing recommendations for the President's health care reform proposal.

When the President sends his proposal to Congress in the near future, you will see that it responds to the concerns we have heard from citizens in every part of the country -- by controlling spiraling health care costs, maintaining quality medical care, and preserving the choice so important to us all. However, the submission of the President's plan is just the first step toward the implementation of a new health care system. I hope that we will have your support as we move ahead.

Again, thank you for contacting me.

Sincerely,

Hillary Rodham Clinton
