SUBJECT: Conference Call TODAY at 5:00

Please join me in a conference call on the pending food safety radio address at 5:00 Today, Wednesday. I will bring you up to date and we will tie up loose ends! Current plan is that President will tape address Friday and it will run Saturday. You should not discuss this with anyone until it's final.

Please use the following codes, and share phones where you can, thanks. Each number can only handle 7 lines.

OMB OIRA/BUDGET 456-6755, code 0800

EPA/USDA/WH Leg Affairs 456-6777, code 0800

HHS/FDA/CDC 456-6766, code 0800

Other White House staff should join me in my office, room 222.

PLEASE RSVP to Irene at 456-2334. Thanks.

SUBJECT: MANDATORY Ethics Training

Congratulations! You have been selected to be a part of the live studio audience of LAW TALK!, the hot, hot new talk show which focusses on lively and timely legal issues. The episodes taped on the dates listed below will focus on government ethics, with specific emphasis on rules pertaining to EOP employees.

While attendance will be fun, it is MANDATORY that you attend one of the sessions listed below in order to fulfill your yearly ethics training requirements. You may choose from among any of the following dates:

Monday, February 10	11:00am
Tuesday, February 11	3:00pm
Thursday, February 13	2:00pm
Tuesday, February 18	4:00pm
Wednesday, February 19	10:00am
Thursday, February 20	3:00pm

Please arrive on time and be sure to sign-in so you get credit for attendance. All sessions will be held in Room 450 and will last approximately one hour.

**PRESIDENT CLINTON'S
FISCAL YEAR 1998
BALANCED BUDGET**

Summary Documents

February 6, 1997

TABLE OF CONTENTS

- I. 2-Page Summary of President Clinton's FY 1998 Balanced Budget
- II. 1-Page Summary of Savings in the Budget
- III. 2-Page Chart on Selected Clinton Administration Discretionary Investments
- IV. 1-Page Summary on Tax Cuts in the President's Budget
- V. 1-page Summary of the President's Medicare Reform Package
- VI. 1-Page Summary of President Clinton's Record on Deficit Reduction
- VII. 1-Page Summary on Government Spending under President Clinton
- VIII. 1-Page Summary on Credibility of Clinton Administration Budget Assumptions.

PRESIDENT CLINTON'S FY 1998 BALANCED BUDGET

Summary Talking Points: February 6, 1997

A BALANCED BUDGET THAT REFLECTS AMERICA'S VALUES. President Clinton's budget demonstrates that we can move the country beyond the false choices of the past -- and that we can finish the job of balancing the budget, to lower interest rates and keep the economy growing, while still investing in key priorities such as education that help the American people thrive and our economy grow.

A DETAILED PLAN TO BALANCE THE BUDGET IN 5 YEARS.

- **Protect and Strengthen Medicare & Medicaid.** Extend the life of the Medicare Trust Fund well into the next century. Protect the fundamental guarantee of health benefits for the disabled, nursing home residents, & strengthen health coverage for children.
- **Invest in Education -- our nation's number 1 priority for preparing for the next century.**
- **Strengthen environmental protections.**
- **Build on the Vice-President's efforts to make our government work better and cost less.**
- **Provide middle-class tax relief to pay for education, health care, to help raise a child and buy and sell a home.**

BUILD ON PRESIDENT CLINTON'S RECORD ON DEFICIT REDUCTION.

- We have cut the deficit by 63% after it had quadrupled during the previous 12 years.
- We now have a smaller deficit as a share of GDP than any other major country in the world.
- FY98 budget builds on this progress and reaches balance by 2002 while investing in the future.

MEETING REPUBLICANS HALFWAY ON MEDICARE.

On difficult issues such as Medicare reforms, the President shows that he is serious about reaching a bipartisan agreement to balance the budget.

- **The President's Balanced Budget uses responsible Medicare policies to strengthen the life of the Trust Fund without placing unnecessary burdens on beneficiaries.** The President's plan achieves \$100 billion of savings over 5 years (\$138 billion over 6 years) through several reforms including reducing reimbursement to managed care. The plan also guarantees the solvency of the Part A trust fund until 2007 while maintaining choice and the high-quality of Medicare services.

TAX CUTS FOR FAMILIES WHEN THEY NEED IT MOST.

The President's budget provides about **\$100 billion of tax cuts over the next five years** to help families:

- Raise their **children** (\$500 per child),
- Send them to **college** (\$1,500 HOPE Scholarship and \$10,000 tuition tax deduction),
- Save for the **future** (penalty-free withdrawals from IRAs for education and first homes; tax-free savings for education through combined use of the tuition tax deduction and education IRA);
- Buy and sell their **homes by the exclusion of \$500,000 of capital gains** on the sale of the home,
- **Move from welfare** to work with tax incentives to businesses, by allowing employers a 50% credit on the first \$10,000 of annual wages that they pay to long-term welfare recipients.
- And tax incentives to boost **investment** in distressed areas and promote hiring of the economically disadvantaged.

INVESTING IN THE FUTURE. The President's budget maintains our critical priorities by increasing our investments in health care, education and training, the environment and science and technology. It also establishes new initiatives important new initiatives to help prepare America for the 21st century.

Health Care:

- Helps an estimated **3.2 million families, including 700,000 children**, keep their health care coverage for up to six months until their breadwinners find new jobs.
- Provides **health insurance coverage** for millions of children who are uninsured.
- Invests more in the **Ryan White AIDS program and in biomedical research** at NIH to find ways to prevent and treat diseases.
- Establishes a new **Alzheimer's respite benefit** within Medicare and provides for an **annual mammogram** without copayments.

Education and Training:

- Increases funding for **Head Start** by 55%, from \$2.8 billion in FY93 to \$4.3 billion in FY98.
- Increases **GOALS 2000** funding by 26% to help states raise educational achievement.
- Doubles funding to \$500 million next year for the **Technology Literacy Challenge** and a related program to help ensure that all children are technology literate by the turn of the century.
- Includes the largest increase in the maximum **Pell Grant scholarship** in two decades, a \$1.7 billion increase in aid over FY97, and expanded eligibility for at least 348,000 more students.
- Creates the **America Reads Challenge** to help insure that all children can read well and independently by the end of third grade (\$2.5 billion over five years.)
- Creates a \$5 billion new **school construction** fund over four years to spur \$20 billion in school construction and renovation.

Environment:

- Funds the **Kalamazoo Initiative** to protect communities from **toxic pollution** by the 2000.
- Increases funds for the **National Park System** to help improve park facilities and further protect our national and cultural treasures.

Crime:

- Funds **17,000 more police**, helping to move towards the President's goal of 100,000 new police by the year 2000.
- Increases funds for the Drug Courts initiative, for drug testing, for the **Safe and Drug-Free Schools** initiative and other programs to fight drugs.
- Funds **7,359 Border Patrol agents** -- 85% more than in FY93 -- to control illegal immigration.

A BALANCED BUDGET PLAN THAT CLOSES LOOPHOLES AND SPECIAL INTEREST PROVISIONS.

To protect priorities like Medicare, Medicaid, education and the environment, the President believes we should also be closing loopholes and special interest provisions.

- The President's budget proposes approximately **\$34 billion** of business tax base broadeners, tax loophole closers and tax compliance measures for FY 1998-2002.

LET'S BUILD ON OUR PROGRESS.

We have cut the deficit by 63%. Deficit reduction has reduced interest rates, and spurred strong investment and the creation of over 11 million new jobs. Now, we must work together to achieve a real and solid balanced budget that keeps America strong and growing.

PRESIDENT'S BUDGET CUTS \$252 BILLION OVER 5 YEARS

PRESIDENT CLINTON'S BUDGET:

- ⇒ **PRODUCES \$350 BILLION IN SAVINGS OVER 5 YEARS**
- ⇒ **CUTS NET SPENDING BY \$275 BILLION**
- ⇒ **CUTS NET SPENDING, INCLUDING CORPORATE SUBSIDIES, BY \$309 BILLION**
- ⇒ **CUTS THE DEFICIT BY \$252 BILLION**

THE BUDGET SAVES \$350 BILLION OVER 5 YEARS, INCLUDING:

- It saves \$137 billion in discretionary spending, by cutting unnecessary and lower-priority spending areas;
- It saves \$100 billion in Medicare (\$138 billion over six years), extending the life of the Part A Trust Fund to 2007 while maintaining the high-quality of Medicare services. It also saves \$9 billion in Medicaid -- \$22 billion in gross savings offset by a \$13 billion related to the welfare reform law and new children's health initiatives.
- It saves \$34 billion by reducing corporate subsidies.

THE BUDGET CUTS THE DEFICIT BY \$252 BILLION:

- It cuts taxes by \$98 billion, providing tax relief to tens of millions of middle-income Americans and small businesses, while extending several expired tax provisions.

AREA	SAVINGS OVER 5 YEARS, 1998-2002
<i>Discretionary spending</i>	\$137.4 billion
<i>Medicare</i>	\$100.2 billion*
<i>Medicaid</i>	\$9.3 billion**
<i>Spectrum sales/mandatory spending</i>	\$11.8 billion
<i>Net interest</i>	\$15.9 billion
NET SPENDING CUTS	\$275 billion
<i>Corporate subsidies</i>	\$34.3 billion
TOTAL CUTS INCLUDING CORPORATE LOOPHOLES	\$309 billion
<i>Extending tax provisions</i>	\$41.7 billion
TOTAL SAVINGS	\$350 billion
<i>Tax cuts</i>	-\$98.4 billion
TOTAL DEFICIT REDUCTION	\$252 billion

* \$138 billion over six years

** \$22 billion in gross savings offset by \$13 billion additional spending for children's health and other initiatives

SELECTED CLINTON ADMINISTRATION DISCRETIONARY INVESTMENTS

INITIATIVE	FY93-FY97 INVESTMENT	IMPACT	FY98 BUDGET
EDUCATION AND TRAINING: <i>The President's FY98 Budget increases funding 33% for major education and training discretionary programs compared to FY93, providing \$51 billion for all FY98 education & training.</i>			
Goals 2000	<i>Created Goals 2000 to support state-developed academic standards and school reform, supporting reform in 1,000 schools in 1994.</i>	<i>Goals 2000 is now supporting school reforms in all 50 states.</i>	<i>Increases funding 26% in FY98 to \$620 million, supporting standards-based reform in 16,000 public schools across the 50 states.</i>
Technology Literacy Challenge (TLC)	<i>Created and funded in FY97 at \$200 million to help ensure that all children are technologically literate by the dawn of the 21st century.</i>	<i>Funds state-wide plans to wire schools, train teachers, and purchase educational software and on-line resources.</i>	<i>More than doubles funding in FY98 to \$425 million and provides \$2 billion over 5 years. Provides \$500 million for the TLC and a related grant program in FY98.</i>
Pell Grants	<i>Increased the maximum Pell Grant 17%, from \$2,300 in FY93 to \$2,700 in FY97, increasing college opportunities for low-income students.</i>	<i>3.7 million low-income students currently receive Pell Grants of up to \$2,700.</i>	<i>Increases the grant from \$2,700 to \$3,000 in FY98 -- the largest increase in two decades. Provides \$1.7 billion more aid in FY98 than FY97, making 348000 more families eligible.</i>
Dislocated Worker Assistance	<i>Doubled funding for dislocated workers, from \$651 million in FY93 to \$1,286 million in FY97. Will assist 580,000 workers this year.</i>	<i>Provides 274,000 more workers in FY97 with job training and search services to help them find jobs more quickly.</i>	<i>Increases funding to \$1,350 million to serve 605,200 dislocated workers in FY98, double then number in FY93.</i>
EARLY CHILDHOOD DEVELOPMENT AND HEALTH:			
Head Start	<i>Increased funding 43% from \$2.8 billion in FY93 to \$4.0 billion in FY97. Created the Early Head Start program in 1994 to support zero-3 year olds and their families.</i>	<i>Serves 800,000 low-income 3- and 4-year olds this year, including thousands of 0-3 year-olds and their families.</i>	<i>Provides a \$324 million increase in FY98, serving 122,100 more children than in FY93 while continuing to increase program quality and the 0-3 program, and on track to serve 1 million children in 2002.</i>
WIC Supplemental Nutrition Program	<i>Increased funding nearly \$1 billion or 34% to \$3.83 billion in FY97. Provides nutrition packages, nutrition education and health referrals to low-income pregnant women, infants, and children.</i>	<i>Expanded participation by 1.7 million since 1993, or 30% with the requested supplemental, from 5.7 to 7.4 million women, infants, and children.</i>	<i>Increases funding to \$4.1 billion to achieve the President's goal of full participation by the end of FY98. Research shows that WIC prenatal services save Medicaid much more by reducing health care costs in the first 60 days after birth.</i>
Ryan White AIDS Treatment	<i>Increased funding 158%, to \$996 million in FY97. Provides grants to states and to 49 hard-hit cities, double the number in FY93.</i>	<i>This program may be partly responsible for the 30% decline in AIDS deaths in NYC in 1996.</i>	<i>Provides a 221% increase for State AIDS Drug Assistance since 1996 to expand access to effective new medications to those who could not otherwise afford them.</i>
National Institutes of Health	<i>Increased funding 23%, to \$12.7 billion in FY97. NIH now supports 32,000 grants in more than 1,700 universities, medical schools, and other research institutions.</i>	<i>Research has contributed to major advances in treating people with HIV and in medications for Alzheimer's disease.</i>	<i>Increases funding by \$337 million to maintain NIH's leadership in medical research.</i>

INITIATIVE	FY93-97 INVESTMENT	IMPACT	FY98 BUDGET
ENVIRONMENT:			
Superfund	Reformed the program, reduced funding 12%, and cleaned up 260 toxic waste sites in the last 4 years.	Cleaned up more sites in the last 4 years than in the previous 12.	Increases funding 50% from FY97 to clean up an additional 500 sites by the year 2000 -- 2/3 of all listed sites.
Environmental Enforcement	Increased funding 12% to \$3.1 billion for EPA operations including enforcement.	Will cut chemical plant toxic air emissions 90% and enforced.	Increases funding 9% -- \$293 million -- fully funding EPA's portion of the Climate Change Action Plan.
National Parks	Increased operations funding 17% to \$1.2 billion. 4% increase in the number of parks since 1993.	Maintaining parks for 275 million annual visitors.	Increases funding 6% to increase maintenance and keep up with increasing visitorship.
COMMUNITY:			
AmeriCorps National Service	Created the AmeriCorps in 1993 to enable young people to earn money for college while serving their communities.	Enabled 70,000 young people to earn money for college through services in 3 years.	Funds 35,000 participants and increases funding 31% to provide tutor coordinators for the President's America Reads Challenge.
Community Development Institutions	Created Community Development Financial Institutions Fund to expand access to credit and capital to distressed communities.	Awarded \$37 million in financial and technical assistance to 32 CDFIs in 1996.	Increases funding 150% to \$125 million in FY98, and invests \$1 billion over the next 5 years.
Ezs/ECs	Created the first federal Empowerment Zones and Enterprise Communities in 1994, providing assistance to distressed urban and rural communities.	Designated 105 EZs/ECs, providing \$2.5 billion in tax incentives & \$1 billion in funding over 5 years.	Proposes to double the number of EZ/ECs with a second round of designations, and tax incentives to spur the clean up and development of "brownfield" industrial sites.
CRIME:			
Community Policing: COPS	Created COPS program in 1994 Crime Bill to put 100,000 more community police on the streets.	Will have funded 64,000 police by the end of FY97.	Proposes funding for an additional 17,000 officers, on track to fund 100,000 by the year 2000.
Federal Prisons	Increased funding 62% to \$1.4 billion in FY97 to open new federal prisons.	Reduced overcrowding while prison population expanded 38%.	Continues to increase funding for new federal prisons and to continue to reduce overcrowding.
INS Border Patrols	More than doubled funding to \$729 million in FY97.	6,859 border patrol agents -- 2,894 more.	Funds 7,359 agents -- 85% more than in FY93.
TECHNOLOGY:			
Advanced Technology Program	Increased funding 231% to \$225 million in FY97 to develop new technologies with private sector.	Funds high risk technologies w/ large potential public benefit.	\$50 million increase to support about 90 new projects with 200 new participants.
Manufacturing Extension	Increased funding 428%, expanding from 7 to 78 extension centers.	Providing technical expertise to smaller manufacturers.	Increases funding an additional 29% in FY98 to help more small manufacturers increase sales & jobs.
NII and Next Generation Internet	Created the National Information Infrastructure program in 1994, funded at \$21 million in FY97.	NII supports innovative telecom demonstration projects.	Increases NII and proposes \$100 million for the next generation Internet: 100-1,000 faster than today's Internet.

SUMMARY OF TAX CUTS IN THE PRESIDENT'S BUDGET

\$100 BILLION IN TAX CUTS. President Clinton's 1998 budget provides nearly \$100 billion of tax cuts through FY 2002, including a child credit for middle-income families; tax cuts for education and training; expanded IRAs; targeted home-ownership tax cut; and tax incentives to boost investment in distressed areas and to promote hiring of the economically disadvantaged.

MIDDLE-CLASS TAX CUTS (\$90.8 BILLION). These proposals will help middle-class families pay the bills, raise their children, send them to college, upgrade their skills, and save for retirement.

- **Tax Credit for Dependent Children (\$46.7 billion):** Phased-in \$500 tax credit for dependent children.
- **Education and Training Tax Incentive (\$38.6 billion):** HOPE Scholarship tax credits of up to \$1,500 per year, for first two years of post-secondary education; a \$10,000 tax deduction for post-secondary education and training; income exclusion for forgiveness of certain student loans; and extending the exclusion for employer-provided educational assistance, reinstating exclusion for graduate courses, and providing small businesses a 10% income tax credit for employee education expenses.
- **Expand Individual Retirement Accounts (IRAs) (\$5.5 billion):** Double, over time, the income limits on deductible IRAs; expand penalty-free withdrawals to cover post-secondary education, unemployment expenses, and first-time home purchases; and add new "special" back-loaded IRAs.

TARGETED HOME-OWNERSHIP TAX CUT (\$1.5 BILLION). Allow exclusion of \$500,000 (\$250,000 singles) of capital gains from selling a home. This would exempt over 99% of home sales from capital gains taxes and dramatically simplify taxes and record-keeping for over 60 million homeowners.

TAX INCENTIVES FOR DISTRESSED AREAS (\$2.4 BILLION)

- **"Brownfields" Initiative:** Allow immediate expensing of certain costs to encourage firms to clean up abandoned, contaminated industrial properties in distressed urban & rural areas.
- **Incentives to Empower Communities:** Stimulate revitalization of economically distressed urban & rural communities by designating 20 additional Empowerment Zones and 80 additional Enterprise Communities, providing new tax incentives, additional small business expensing, and new private activity boards.
- **Community Development Financial Institutions (CDFI) Tax Credit:** Provide \$100 million of credits to be allocated among equity investors in community development banks.

WELFARE-TO-WORK INITIATIVE (\$0.5 BILLION). To encourage hiring of long-term welfare recipients, provide a new welfare-to-work credit through September 30, 2000. It would allow employers a 50% credit on the first \$10,000 of annual wages that they pay to long-term welfare recipients for up to two years. Also expand the Work Opportunity Tax Credit to include certain able-bodied adults, ages 18-50.

SMALL BUSINESS AND FARM ESTATE TAX RELIEF (\$0.7 BILLION). To address cash-flow problems that may arise upon the death of a farmer or small business owner, increase the amount of property eligible for a favorable interest rate on deferred tax from \$1 million to \$2.5 million.

OTHER INITIATIVES. Extend for one year expiring tax provisions (R&E credit, Work Opportunity Tax Credit, others) (\$2.7 billion). Modify statutes of limitations on tax refunds to treat the disabled fairly (\$0.05 billion). Revitalize DC with tax incentives (\$0.26 billion) and provide a more efficient and effective tax incentive for Puerto Rico (\$0.417 billion). Allow FSC software benefits for computer software licenses (\$0.56 billion).

THE PRESIDENT'S MEDICARE REFORM PACKAGE

President Clinton's balanced budget balances our values and protects our priorities. It achieves \$100 billion in real scorable savings over 5 years, places no undue burdens on beneficiaries, modernizes and improves the program, and extends the life of the Medicare Trust Fund to 2007. This plan meets Republicans halfway -- and they have responded in a constructive and positive manner. The President looks forward to working with both Congressional Democrats and Republicans in a bipartisan process to protect Medicare.

The President's plan reforms and improves Medicare by:

- **Extending the life of the Medicare Trust Fund to 2007.**
- **Bringing the program into the 21st century by:**
 - ⇒ *Providing more choice by establishing new private health plan options.*
 - ⇒ *Establishing market-oriented purchasing for Medicare including new prospective payment systems and competitive bidding authority and centers of excellence to improve quality and cut back on costs.*
- **Adding Medigap protections to increase the security of Medicare beneficiaries.**

The President's plan explicitly:

- **Saves \$34 billion by reducing reimbursement to managed care** through a phased in reduction in HMO payment rates and an indirect reduction in HMO payments associated with the traditional fee-for-service cuts.
- **Saves \$33 billion in hospital expenditures** through reductions in hospital updates, capital payments etc.
- **Saves about \$14 billion over 5 years** through the transition to and establishment of a new prospective payment system and other programmatic changes in reimbursement to home health care.
- **Saves about \$7 billion over 5 years** through the transition to and establishment of a new prospective payment system and other programmatic changes in reimbursement to nursing home facilities.
- **Saves about \$7 billion over 5 years** through a modification of physician updates.
- **Saves about \$9 billion over 5 years** through new provisions to combat fraud and abuse.
- **Saves about \$10 billion over 5 years** by extending current law that sets the Part B premium at 25% of program costs.
- **Invests \$15 billion over 5 years in preventive health care** to improve seniors' health status, in establishing a new Alzheimer's respite benefit starting in 1998 and in buying down excessive outpatient copayments to the traditional 20% level.

PRESIDENT CLINTON'S RECORD ON DEFICIT REDUCTION

- **CUT THE DEFICIT BY 63 PERCENT.** President Clinton has reduced the budget deficit by 63 percent -- from \$290 billion in FY 1992 to \$107 billion in FY 1996. [Based on data from OMB, *FY 1998 Budget*, February 1997.]
- **LOWEST DEFICIT SINCE THE EARLY 1970'S.** The deficit has fallen from 4.7 percent of GDP in FY 1992 to 1.4 percent in FY 1996 -- the lowest for any year since 1974. [Based on data from OMB, *FY 1998 Budget*, February 1997.]
- **LOWEST DEFICIT OF ANY MAJOR ECONOMY.** The total U.S. deficit in 1996 as a percentage of the economy was lower than for any other major country. [OECD, *Economic Outlook*, December 1996.]
- **MAKING GOVERNMENT MORE EFFICIENT.** Federal employment has fallen by 275,000 from its 1993 base. Federal employment as a share of total employment is the smallest it has been since the early 1930's. [Based on data from OMB, *FY 1998 Budget*, February 1997.]

AS A RESULT OF PRESIDENT CLINTON'S EFFORTS TO REDUCE THE DEFICIT, ECONOMIC PERFORMANCE HAS IMPROVED DRAMATICALLY:

- **INVESTMENT BOOM.** Deficit reduction has lowered interest rates and spurred investment. Equipment investment has grown by 10 percent per year under President Clinton -- faster than any Administration since John F. Kennedy was President. [Based on data from the Bureau of Economic Analysis, Department of Commerce.]
- **EMPLOYMENT BOOM.** Since January 1993, the economy has added more than 11 million new jobs - a faster rate of job growth than under any Republican Administration since the Roaring 1920's. [Based on data from the Bureau of Labor Statistics, Department of Labor.]
- **THE LOWEST COMBINED RATE OF UNEMPLOYMENT AND INFLATION SINCE JOHNSON.** The combined rate of unemployment and inflation has been lower under President Clinton than for any Administration since Lyndon Johnson was President. [Based on data from the Bureau of Labor Statistics, Department of Labor.]

THE EXPERTS AGREE THAT ECONOMIC PERFORMANCE HAS BEEN REMARKABLE;

- ✓ **Money Magazine:** President Clinton has "presided over the kind of economic progress any Republican President would be proud to post." [*Money Magazine*, August 1996]
- ✓ **Paul Volcker, former Chairman of the Federal Reserve:** "It's been a remarkable period of steady growth, low inflation and low unemployment." [8/3/96]
- ✓ **Allen Sinai, a leading economic forecaster:** "When the history book on this business cycle upturn is written, it will go down as the best ever, compared with other post-World War II upturns." [10/23/96]

THE FACTS ON GOVERNMENT SPENDING UNDER PRESIDENT CLINTON

SPENDING IS LOWER TODAY UNDER REAGAN OR BUSH:

- **FEDERAL SPENDING WAS LOWER IN 1996 -- AND IS EXPECTED TO REMAIN LOWER IN 1997 -- THAN IN ANY YEAR SINCE 1979.** Federal outlays as a share of GDP were lower in 1996 than in any year since 1979. And current projections suggest no increase in outlays as a percent of GDP during 1997. Outlays under President Clinton have been a smaller share of GDP than under Reagan or Bush. [Based on data from OMB, *FY 1998 Budget*, February 1997.]
- **SINCE PASSAGE OF PRESIDENT CLINTON'S 1993 DEFICIT REDUCTION PACKAGE, EXPECTED GOVERNMENT SPENDING BETWEEN 1993 AND 2002 HAS FALLEN BY MORE THAN \$1.4 TRILLION.** The President's budget will cut net spending by an additional \$275 billion by 2002 -- for a total spending cut between 1993 and 2002 of more than \$1.7 trillion. That's about \$25,000 for a family of four. [Based on data from OMB, *FY 1998 Budget*, February 1997.]
- **GROWTH IN TOTAL FEDERAL SPENDING HAS BEEN LOWER UNDER CLINTON THAN UNDER REAGAN OR BUSH.** Real Federal outlays have grown by 0.7 percent per year under President Clinton -- lower than under President Bush (2.6 percent per year) or President Reagan (2.6 percent per year). [Based on data from OMB, *FY 1998 Budget*, February 1997.]
- **WHILE MAINTAINING CRUCIAL INVESTMENTS IN PEOPLE, REAL DISCRETIONARY SPENDING HAS FALLEN UNDER PRESIDENT CLINTON -- A BETTER RECORD THAN UNDER REAGAN OR BUSH.** Real discretionary outlays have *fallen* by 2.5 percent per year under President Clinton -- lower than under President Bush or Reagan. [Based on data from OMB, *FY 1998 Budget*, February 1997.]
- **NON-DEFENSE DISCRETIONARY SPENDING IS NOW A SMALLER SHARE OF THE ECONOMY THAN IN 8 OF THE 12 YEARS UNDER REAGAN OR BUSH.** Non-defense discretionary outlays are now lower than in 8 of the 12 Reagan-Bush years. With the President's balanced budget plan, non-defense discretionary outlays will fall by 9 percent in real terms between 1997 and 2002. [Based on data from OMB, *FY 1998 Budget*, February 1997.]

⇒ SPENDING GROWTH LOWER UNDER CLINTON THAN UNDER REAGAN OR BUSH

	Federal outlays (% of GDP)	Real growth in Federal outlays (percent per year)
CLINTON	21.3	0.7
BUSH	22.1	2.6
REAGAN	22.5	2.6

[Based on data from OMB, *FY 1998 Budget*, February 1997.]

**THE CLINTON ADMINISTRATION'S BUDGET ASSUMPTIONS:
ESTABLISHING A CREDIBLE RECORD OVER THE PAST 4 YEARS**

- **A RECORD OF CREDIBLE FORECASTS.** For the past four years, the Clinton Administration has used middle-of-the-road economic forecasts for budgetary purposes. *For four years in a row, growth has been higher and the deficit has been smaller than we had projected.*
- **ACTUAL DEFICITS HAVE BEEN SMALLER THAN WE PREDICTED.** Between FY 1994 and FY 1996, the actual deficit has on average been about \$50 billion lower than we had projected the year before. CBO has been less accurate: their estimates have been off by \$59 billion on average.
- **THE 1996 DATA CONFIRM THE CREDIBILITY OF OUR FORECASTS.** The most recently available economic data confirm the credibility of our forecasts. **Our estimates of growth and the deficit for 1996 were too cautious --** and turned out to be more accurate than the Congressional Budget Office's forecasts.
 - In last year's budget, we projected that real growth during 1996 would be 2.2 percent. But the GDP data released last Friday indicate that growth in 1996 was 2.5 percent (on a year-over-year basis). While both the Administration's forecast and the CBO's forecast were conservative, ours was more accurate (CBO had predicted 2.0 percent). Over the past four years, our real GDP forecasts have been more accurate than CBO's.
 - The FY 1996 deficit was smaller than we had projected. Our projection for the FY 1996 deficit was \$170 billion in February 1994 and \$197 billion in February 1995. CBO's projections were \$177 billion in February 1994 and \$211 billion in February 1995. The actual deficit was only \$107 billion. Again, while both the Administration and CBO forecasts were conservative, ours were more accurate.
- **NO MORE ROSY SCENARIOS.** As in each of the four years that we have been in office, our estimates of growth in 1996 were thus too low and our estimates of the deficit too high -- confirming that the Clinton Administration does not use rosy scenarios for its budget projections.
- **MAINSTREAM PROJECTIONS FOR THE FUTURE.** Our forecasts for the next 5 years are also mainstream and conservative. For key budgetary variables such as GDP growth (2.2 percent per year) and GDP inflation (2.6 percent per year), **our assumptions match those of the Blue Chip private sector consensus.** While we think that the economy can grow faster than these forecasts would suggest, we continue to use prudent projections for budgetary purposes.

WordPerfect 6.1 Merge

Luanne
Stoval
X56558
not 2-4 PM.

To merge a new list of names and addresses with a new letter,

Enter the list of names

1. Click **Tools...Merge**.
2. Click the **Data** button. You see the *Create Data File* dialog box.
If asked, click **New Document Window** then click **OK**.
3. In the *Name of Field* text window, type a **descriptive name** for your field then click **Add**. Continue until you have added all the fields you need.
Consider using a field for each line of your name and address and one for your salutation name. If some of your addresses contain more lines than others, you can let one of your name or address fields contain two lines.
4. Click **OK** when you have added all your fields. You see the *Quick Data Entry* dialog box.
5. Type your **data**. Press **Enter** to move to the next field or the next record.
If one of your addresses contains an extra line, for example if you have two lines for a street address and you have only one field called street address, press **Ctrl+Enter** to move the first line up so you can type a second line.
6. Click **Close**. You are asked if you want to save the changes to a disk.
7. Click **Yes**. When you see the *Save Data File As* dialog box, type a file name. Do not enter an extension; WP will add a *.dat* extension. Do not close this file.

Create the letter

1. Click the **Go To Form** button on the Merge Feature bar.
2. Click the **Create** button.
3. Position the cursor where you want the date and click the **Date** button on the Merge Feature bar.
4. Position the cursor where you want your name and address, click the **Insert Field** button on the Merge Feature bar. You see the *Insert Field Name or Numbers* dialog box.
5. Highlight the field you want to insert and click the **Insert** button. Continue until you have all lines of your address entered.
If you are merging a salutation also, position your cursor, type Dear, highlight the salutation field, and then click the **Insert** button.
6. Click the **Close** button when you have added all your fields.
7. Type the body of your letter.
8. Save the letter by selecting **File...Save** from the Menu bar. Do not add an extension; WP will add a *.frm* extension. Do not close this file.

Merge the list and letter

1. Click the **Merge** button on the Merge Feature bar. You see the *Merge Data Form* dialog box.
2. Click the **Merge** button. You see the *Perform Merge* dialog box.
3. The *Form File:* text box should say <Current Document>, the *Data Form:* text box should say the name of your file containing the list of names. You may need to click the button with the arrow to the left of the box to select the file. The *Output File:* text box should say <New Document>.
4. Click **OK**.

The files merge and you see a letter for each name in your list of names file. You may save the file using **File...Save** from the Menu bar.

SUBJECT: FoodSafety Announcement

We are not doing a food safety announcement Tuesday, but are likely to do it later in the week, perhaps as the topic of the radio address. I still would like to wrap up the following pieces today since next week is a short week:

Fact sheet and Directive (I will fax to your office for review; please fax comments to me at 456-5581 by COB today);

Draft Press Release (Victor Zonana)
HAACP backgrounder (HHS/USDA)
Q's and A's (I have USDA's and need HHS's)

HHS should also do a 1-pager on the early warning system that identifies existing Sentinel Sites and describes the components in more depth than the fact sheet can.

I will let you know as soon as I know anything more about an event date. Please call me if you have any questions.

Have a great inauguration weekend!

Two things --

First, there is still a possibility that POTUS will do this Saturday's radio address on the early warning system. You all have seen a draft description of this initiative (Sally, I have comments from Lisa). POTUS would announce the new system and direct USDA, HHS, and EPA to suggest additional measures in 60 days.

Second, regarding the broader '98 budget initiative/add'l measures, HHS/USDA/EPA expect to send a description for our review on Nov. 6 or 7. After my discussions with TJ and Nancy Ann's staff, I plan to arrange the following:

Nov 6/7 HHS/USDA/EPA sends write-up to OMB/DPC for review.
Nov 8 HHS/USDA/EPA brief OMB/DPC staff.
Nov 12 WH staff internal meeting.
Nov 14 or 15 -- WH staff meet with agencies to ask questions/give feedback.

TJ, this is different from what we discussed in that it gives your and Nancy's staff a chance to meet with agencies before giving their advice to us. Nancy's staff felt that was important. FYI looks like USDA will ask for very little new money.

Does this work for you all?

SUBJECT: Food Safety Briefing

HHS/FDA/USDA/EPA will brief WH staff on the early warning system and the broader food safety budget initiative Friday at 4:00 in room 211. HHS expects to have a 20 page paper on the budget initiative here Thursday for our review prior to the meeting. It will not have budget numbers yet. I will make sure you all get it.

I will set up an internal White House follow up meeting early next week.

Call me if you have questions, want to add someone, etc. 6-5573

SUBJECT: RE: Food safety initiative??

Message Creation Date was at 25-OCT-1996 09:59:00

Thanks for the info. I would be interested in the description the agencies are working on when you get it. If agencies can fund this from within existing funds, more power to them!

I'll leave it to TJ to determine who in his area would have the lead for this, but Adrienne is our food safety person for all USDA issues, including implementaiton of HACCP; Bob Tuccillo is the EPA examiner for pesticide/food safety issues.
