MEMORANDUM FOR ANTHONY LAKE

THROUGH: ROBERT G. BELL *[Signature]*
FROM: STEVEN R. JONES *[Signature]*
SUBJECT: Invitation to Reception for Russian Ambassador
Rizhov

The President and Vice President have been invited to attend a March 17 reception at the Senate Hart Building on behalf of Russian Ambassador Yuri Rizhov and Senator Tom Harkin. Rizhov, a former member of the Supreme Soviet and Rector of the Moscow Aviation Institute, is currently Russian Ambassador to France.

The invitation comes from Dr. Carol Rosin, President of the Institute for Security and Cooperation in Outer Space (ISCOS). The purpose of the reception is to promote the Institute's goals of creating a new "SDI", a Space Development Initiative, promoting international cooperative space endeavors, along with a verifiable treaty to ban all weapons from space.

This is not a reception or meeting that warrants attendance by the President or senior White House officials. OSTP staff have also advised Dr. Gibbons to decline.

Concurrences by: *in draft* Nicholas Burns (NSC), *in draft* Steve Andreasen (NSC),
in draft Gerald Musarra (OSTP)

March 11, 1993

Dear President Bill Clinton and Vice-President Al Gore,

On behalf of Russian Advisor and Ambassador Yuri Ryzhov, former Supreme Soviet and Rector of the Moscow Aviation Institute, and Senator Tom Harkin, author of the Outer Space Protection Act, it is my pleasure to invite you to their March 17th Reception in the Senate Hart Building, Room, 216, between 5:30-7:30 p.m., to deliver a brief statement of your position to expand cooperative space endeavors and to sign a verifiable treaty to ban all weapons from space.

I returned recently from a personal meeting in Moscow with President Boris Yeltsin's chief advisor on conversion and space, Michail Maley, who gave me permission to deliver the message to you that President Yeltsin is ready to sign a verifiable treaty to ban all weapons from space and to build a global security system that is based on cooperation in the space frontier.

An educator, I was the first woman executive in an aerospace defense industry and a space and missile defense consultant to several industries, the military and other organizations. I founded the Institute for Security and Cooperation in Outer Space, ISCOS, in 1983, a 501-C-3 non-profit, non-partisan organization, to educate the public and decision makers about the benefits cooperative world space technology and information services to enhancing education, establishing a global security and protection system based on improving communication and verification techniques, creating a Space Age system for healing people and our environment, and for developing an unlimited marketplace of products and services, and jobs and profits.

It is not necessary to cut-back so many military bases and aerospace defense industries. While you commit in the conversion process to civilian infrastructure and other earthbound projects, you can simultaneously commit to our evolution into the space frontier to create more opportunities and benefits.

Humans will evolve into the space frontier. The question is "how" we will go. Space-based weapons have proven to be too costly, dangerous, destabilizing, unworkable, untestable, and strategically unnecessary. It is time to call on the military-industrial complex, including labs and universities, to unleash their creativity to build a cooperative world space R&D program that will be more grand than the Apollo or the Strategic Defense Initiative programs.

A Space Development Initiative, SDI, can include some of the good R&D of the SDI that is of a non-weapons nature. The U.S. can bring the world into cooperation by building an international satellite monitoring and communication system, world space stations, space crafts, space hospitals, space hotels, space habitats, space schools, space laboratories and industries, space farms, etc. Imagine the jobs! Imagine the investment and job opportunities as America leads the way into space, ending the war mentality and momentum. As we R&D exciting projects for space, we apply new knowledge and technologies directly to solving urgent human and environmental problems. There will be realistic hope for our children.

Space is not a subject known much about by many conversion and economic experts. ISCOS has many associates and experts on this issue ready to provide information and briefings.

Please accept this March 17th invitation. I look forward to hearing from you.

Sincerely yours,

Dr. Carol Rosin

THE WHITE HOUSE

WASHINGTON

March 17, 1993

Dear Chairwoman ^{Pat}Schroeder:

Thank you for your letter of March 9 emphasizing the need in this time of defense transition for aggressive environmental technology research and technology transfer, such as that being conducted at the National Renewable Energy Laboratory (NREL) in Golden, Colorado.

I am firmly committed to taking aggressive action to restore and maintain our environment. Programs such as the Department of Defense Strategic Environmental Research and Development Program (SERDP) are being conducted in concert with the Environmental Protection Agency and the Department of Energy to fund innovative environmental technologies. I understand that SERDP funds are being used to support the NREL research on using solar energy to clean contaminated soil.

To further expand these efforts, the Defense Reinvestment and Conversion initiative I announced last week includes \$235 million in fiscal year 1993 to encourage partnerships between industry and DoE's defense and civilian labs. I agree wholeheartedly with your point on the importance of more efficiently transferring technology into the civilian sector, and I believe that the dual-use technology, technology extension and R&D partnership programs contained within our defense reinvestment plans will prove a firm step forward in addressing these needs.

As I mentioned in my remarks on defense conversion, Secretary Aspin has assured me that he will do everything he can to speed the environmental cleanup on bases that are

closed so that they can be turned over either to commercial purposes or to local government at the earliest possible time. In addition, a new position of Deputy Undersecretary of Defense for the Environment is being created at the Defense Department to place increased emphasis on these environmental issues.

I look forward to working with you and the Subcommittee on Research and Technology in implementing our defense reinvestment and environmental technology initiatives.

Sincerely,

The Honorable Patricia Schroeder
Chairwoman
Subcommittee on Research and Technology
House of Representatives
Washington, D.C. 20515

ACTION

MEMORANDUM FOR THE PRESIDENT

FROM: ANTHONY LAKE 
HOWARD PASTER 

SUBJECT: Letter from Representative Schroeder RE: Using
1993 and Future Conversion Funds to Address
Environmental Cleanup of Military Bases

Purpose

To respond to Representative Pat Schroeder regarding environmental technology, and use of defense reinvestment and conversion funds to support environmental research and technology transfer.

Background

Representative Schroeder specifically mentions support for research the National Renewable Energy Laboratory at Golden, Colorado is doing on solar technology that can clean contaminated soil. The DoD Strategic Environmental Research and Development Program (SERDP) currently provides funding for this effort. More importantly, the Defense Reinvestment and Conversion initiative you announced will stimulate dual-use technologies and cooperative R&D partnerships that will promote environmental technologies and their transfer to the private sector.

RECOMMENDATION

That you sign the letter at Tab A.

ACTION

MEMORANDUM FOR ANTHONY LAKE

THROUGH: ROBERT G. BELL *RG.B*FROM: STEVEN R. JONES *S.R.J.*SUBJECT: Letter from Representative Schroeder RE: Using
1993 and Future Conversion Funds to Address
Environmental Cleanup of Military Bases

Representative Pat Schroeder, Chairwoman of HASC Subcommittee on Research and Technology, has written the President regarding the importance of environmental technology research, the contributions of the National Renewable Energy Laboratory (NREL) in Golden, Colorado, and the need to emphasize this type of work in our defense reinvestment and conversion efforts.

DoD supports innovative environmental technology research through its Strategic Environmental R&D Program (SERDP), which is funded at approximately \$180 million this year. According to DoD, SRDP currently provides funding for the NREL research on solar energy to clean contaminated soil (Tab B) that Rep. Schroeder promotes in her letter.

In responding to Rep. Schroeder, it is important to note that the \$20 billion defense reinvestment and conversion package announced by the President on March 11 includes programs that promote the transfer of these types of technology to the civilian sector. The Department of Energy "Government/industry R&D partnerships (civil and defense)" provide \$235 million in FY93 to promote Cooperative Research and Development Agreements (CRADAs) between government labs and industry partners. These cooperative partnerships will focus on such areas as environmentally-conscious manufacturing. The projected funding for this program totals over \$1.3 billion from 1993 to 1997.

In remarks at Westinghouse this week, the President spoke of Secretary Aspin's assurances that he will do everything he can to speed environmental clean-up at bases that are closing. He is also creating a new position of Deputy Undersecretary of Defense for the environment to place increased emphasis on environmental issues in DoD.

I have coordinated the attached response with Mr. Pat Meehan, the Principal Deputy Assistant Secretary (Environment) at DoD.

MEMORANDUM FOR WILLIAM ITOH
NSC Executive Secretariat

FROM: HOWARD G. PASTER 

SUBJECT: Presidential Correspondence

Attached are copies of letters that were sent to the President from various members of Congress.

All of these letters address National Security issues and we would appreciate your assistance in having drafts written. Please return your response to LeeAnn Inadomi (WH-East Wing) within 5 days. She will then print the letters in final form and get it to the President for signature.

Thank you very much for your assistance. If you have any questions, please feel free to call LeeAnn at 456-7500.

The following is a brief description of the letters attached:

- 1) Pat Schroeder (D-CO), concerning defense conversion;
- 2) Arlen Specter (R-PA), concerning U.S.-Israeli relations;
- 3) George Brown (D-CA), concerning defense conversion funds;
- 4) David Bonior (D-MI), concerning Lebanon.

— **U.S. House of Representatives**

COMMITTEE ON ARMED SERVICES

Washington, DC 20515

March 9, 1993

The President
The White House
Washington, D.C. 20500

Dear Mr. President:

I met today with Secretary of Defense Aspin to discuss defense conversion and reinvestment issues. Secretary Aspin indicated that you plan to give a speech Thursday outlining the Administration's initiatives to use fiscal year 1993 conversion funds.

Given that another round of base closures will be announced within the week and that many closing bases from earlier years have been unable to close due to environmental cleanup requirements, I want to bring to your attention one idea to use 1993 and future year conversion funds to address environmental cleanup, and to get existing technology out of the laboratory and applied to pressing needs.

The National Renewable Energy Laboratory (NREL) in Golden, Colorado, has developed solar technology that can be used to clean contaminated soil. The staff at NREL have indicated they may have other technologies that may be useful to address environmental needs. I am sure that other national laboratories have technologies that could be used as well.

To expedite the beneficial use of this technology, I propose that you have the Departments of Defense and Energy spend funds to create prototypes for environmental technology, based on technology that exists in the laboratories. If these prototypes prove successful, then an Environmental Impact Statement could be developed for the technology. Assuming no significant adverse impact to the environment, this technology could be used at military bases throughout the country, as well as at private sites requiring environmental remediation.

This proposal would allow technology already in the possession of the Federal Government to be utilized for beneficial public use, addressing an unmet market need. More

The President
March 9, 1993
Page 2

importantly, it could serve as a model for transferring technology out of the national laboratories and into the civilian sector.

I hope you will give this proposal favorable consideration as a part of your current conversion plans as well as in future years. As chairwoman of the Research and Technology, with responsibility for conversion, I look forward to working with the Administration on creating and implementing an effective conversion plan.

Sincerely,

A large, stylized handwritten signature in dark ink, appearing to read 'Pat Schroeder', is written over the typed name and title.

PATRICIA SCHROEDER
Chairwoman
Subcommittee on Research
and Technology

PS/si

DETAILED RESEARCH PROPOSAL

RESEARCH TITLE: Solar Detoxification of DoD Explosives in Soil

OBJECTIVE:

Implementation of this proposal will establish the feasibility of using solar energy to destroy explosive liquids and powders dispersed in soil. Explosive-contaminated soil at military facilities is one of the Department of Defense's (DoD) most serious environmental problems. The U.S. Army estimates there are 5 million tons of explosive-contaminated soil at 26 Army munitions facilities in the United States. Current remediation cost is about \$100/ton. The Army's goal is to find a method of cleaning the soil for \$100/ton, for a potential savings of \$1 billion.

APPROACH:

A bench scale experiment would be conducted using solar energy to destroy mixtures of explosives common to DoD facilities. The solar process would then be compared to other conventional and innovative processes, including incineration. Solar energy has been shown capable of destroying many hazardous chemicals using two complementary effects unique to solar energy. High energy photons in the ultra-violet and visible portions of the solar spectrum are capable of breaking chemical bonds in a quantum process while moderate energy photons in the infrared portion of the spectrum provide thermal energy that result in chemical destruction through thermal processes. The combination of quantum and thermal effects has been shown to destroy chemicals at a higher rate, and with fewer hazardous byproducts than usually seen with incineration.

BENEFITS:

This effort could result in a method of removing explosives from soil at a cost much less expensive and with fewer products of incomplete reaction than conventional methods. This could help the Army meet its goal of reducing clean-up costs at its bases by \$1.0 billion.

PARTNERS AND RELATED ACTIVITIES:

The U.S. Army Toxic and Hazardous Materials Agency, EPA, and DOE/CE are currently cooperating in an effort to demonstrate the use of solar energy for the detoxification of hazardous organic wastes in soils. Since many aspects of the technology would be the same, this proposed effort would gain the leverage of the existing project. Recent experiments at the National Renewable Energy Laboratory and the University of Dayton have shown that dinitrotoluene and nitrobenzene are excellent absorbers of solar energy. These results provide a strong indication that explosives can be destroyed by solar energy.

NATIONAL SECURITY COUNCIL
WASHINGTON D.C. 20506

March 16, 1993

MEMORANDUM FOR JAMES J. JUKES

FROM: WILLIAM H. ITOH

SUBJECT: Defense Draft Bill RE DoD Military Activities
Authorizations (DoD 103-001)

The National Security Council staff concurs in the attached sections of the draft Defense bill.

NATIONAL SECURITY COUNCIL

WASHINGTON, D.C. 20506

March 15, 1993

ACTION**SIGNED**

MEMORANDUM FOR WILLIAM H. ITOH

THROUGH: ROBERT BELL *RB*FROM: KEITH HAHN *KH*SUBJECT: Defense Draft Bill RE DoD Military Activities
Authorizations (DoD 103-001)

The sections of the draft Defense bill forwarded for review at Tab II are mainly tax issues. A couple of these were proposed last year, but not adopted because of Pay-Go considerations. Specifically, the excise tax on heavy vehicles was not exempted for DoD vehicles because sufficient offsets were not identified. OMB feels that DoD has provided the needed offsets in this year's package.

An area of more immediate concern is the change to the Internal Revenue Code of 1986 to allow tax breaks for service in "contingency operation services" in general, rather than specifically "Operation Desert Shield." With the tax filing deadline approaching, DoD would like an early determination on this issue.

Concurrences by: Jeremy Rosner *JR*RECOMMENDATION

That you sign the memorandum at Tab I concurring in the sections of the draft bill provided for review at Tab II.

at components, subsystems, and subassemblies or realistic replicas or
surrogates, and through the design analyses, modeling and simulation, and
analysis of combat data" after "at the system configured for combat"; and

(4) in subsection (e)(4), by inserting "or, in the case of high value systems,
at components, subsystems, and subassemblies or realistic replicas or
surrogates, and through the design analyses, modeling and simulation, and
analysis of combat data" after "at appropriate targets configured for combat".

SEC. 103. PACIFIC BATTLE MONUMENTS MAINTENANCE.

(a) **AUTHORITY.**—The Commandant of the United States Marine Corps may
provide necessary minor maintenance and repairs to Pacific battle monuments
until such time as the Secretary of the American Battle Monuments
Commission and the Commandant of the Marine Corps agree that the repair
and maintenance will be performed by the American Battle Monuments
Commission.

(b) **FUNDING TO REPAIR AND RELOCATE PACIFIC BATTLE MONUMENTS.**—Of the
amounts made available to the Marine Corps for operation and maintenance in
each fiscal year, not more than \$15,000 each fiscal year shall be available to
repair and maintain Pacific battle monuments. Of the amounts available to
the Marine Corps for operation and maintenance in fiscal year 1993, \$150,000
shall be available to repair and relocate a monument located on Iwo Jima
commemorating the sacrifice of American military personnel during World War

II.

SEC. 104. EXEMPTION FOR DEPARTMENT OF DEFENSE FROM FEDERAL EXCISE TAX ON HEAVY VEHICLES.

Section 4053 of the Internal Revenue Code of 1986 is amended by adding at the end the following new paragraph:

"(8) Purchases by the Department of Defense.—Any vehicle purchased by the Department of Defense to include vehicles purchased by components of the Department of Defense."

TITLE II—MILITARY PERSONNEL POLICY

Subtitle A—Officer Personnel Policy

SEC. 201. CIVILIAN CLOTHING ALLOWANCE.

Section 419 of title 37, United States Code, is amended to read as follows:

"§ 419. Civilian Clothing Allowance

"Under regulations prescribed by the Secretary of Defense, an officer of an armed force may be paid a civilian clothing allowance in such amount as the Secretary shall determine if such officer is required to wear civilian clothing all or a substantial portion of the time in the performance of the officer's official duties. A clothing allowance under this section is in addition to any uniform allowance to which such officer is otherwise entitled under this title."

SEC. 202. AUTHORITY TO DELETE FROM SELECTION BOARD REPORTS AND PROMOTION LISTS NAMES OF OFFICERS ERRONEOUSLY CONSIDERED BY PROMOTION SELECTION BOARDS.

(a) IN GENERAL.—Subchapter I of chapter 36 of title 10, United States Code, is amended by inserting after section 618 the following new section:

"§ 618a. Secretarial deletion from promotion selection board report

"(a) The Secretary concerned may delete administratively the name of a

26

of his office, rank or rating because of physical disability incurred while entitled to basic pay, or while not entitled to basic pay because he is authorized by the Secretary concerned under section 502(b) or title 37 to participate in a program leading to appointment, designation, or assignment in an officer category, the member may be separated from his armed force with severance pay computed under section 1212 of this title, if the Secretary also determines that—".

(d) **EFFECTIVE DATE.**—The amendments made by this section shall be effective on the date of enactment and shall apply to any physical disability that may be incurred by a member who is not entitled to basic pay because he is authorized by the Secretary concerned under section 502(b) of title 37, United States Code, to participate in a program leading to the appointment, designation, or assignment in an officer category on and after such date.

Subtitle C—Federal Income Tax Matters

SEC. 321. EXTENSION OF DESERT SHIELD POSTPONEMENT OF CERTAIN TAX-RELATED ACTS TO OTHER CONTINGENCY OPERATIONS.

Section 7508 of the Internal Revenue Code of 1986 is amended—

(1) in subsection (f), by striking out "DESERT SHIELD services" each place such phrase appears and inserting in lieu thereof "contingency operation services" in each instance;

(2) by amending subsection (f)(2)(A) to read as follows:

"(A) such services are performed in the area designated by the Secretary of Defense pursuant to this subparagraph as a contingency operation area, and";

and

(3) by amending subsection (f)(2)(B) to read as follows:

"(B) such services are performed during the period designated by the Secretary of Defense as the period of contingency operations in the area designated referred to in subparagraph (A).".

**SEC. 322. MODIFICATION OF TREATMENT OF GAIN ON SALE OF
RESIDENCE BY MEMBER OF ARMED FORCES
REQUIRED TO RESIDE IN GOVERNMENT QUARTERS.**

(a) **IN GENERAL.**—Section 1034(h)(2)(B) of the Internal Revenue Code of 1986 is amended by striking out "after returning from a tour of duty outside the United States and pursuant to a determination by the Secretary of Defense that adequate off-base housing is not available at a remote base site,".

(b) **EFFECTIVE DATE.**—The amendment made by this section shall apply to sales of old residences (within the meaning of section 1034 of the Internal Revenue Code of 1986) after the date of enactment of this Act.

**SEC. 323. MILITARY PERSONNEL STATIONED OUTSIDE THE
UNITED STATES NO LONGER EXCLUDED FROM
EARNED INCOME TAX CREDIT.**

(a) **IN GENERAL.**—Subparagraph (E) of section 32(c)(3) (defining qualified child) of the Internal Revenue Code of 1986 is amended by adding at the end the following new sentence: "The preceding sentence shall not apply during any period during which the taxpayer is stationed outside the United States while serving on extended active duty (as defined in section 1034(h)(3)) with the Armed Forces of the United States.".

(b) **REPORTING OF MILITARY EARNED INCOME.**—Subsection (a) of section 6051 (relating to receipts for employees) of the Internal Revenue Code of 1986 is amended by striking "and" at the end of paragraph (8), by striking the period at the end of paragraph (9) and inserting in lieu thereof ", and", and by inserting after paragraph (9) the following new paragraph:

"(10) in the case of an employee who is a member of the Armed Forces of the United States, such employee's earned income as determined for purposes of section 32 (relating to earned income credit).".

(c) **ADVANCE PAYMENT OF EARNED INCOME CREDIT BASED ON MILITARY EARNED INCOME.**—Paragraph (1) of section 3507(c) (defining earned income advance amount) of the Internal Revenue Code of 1986 is amended by adding at the end the following new sentence: "In the case of an employee who is a member of the Armed Forces of the United States, the earned income advance amount shall be determined by taking into account such employee's earned income as determined for purposes of section 32.".

(d) **EFFECTIVE DATES.**—(1) **SUBSECTION (A).**—The amendment made by subsection (a) shall apply to taxable years beginning after December 31, 1992.

(2) **SUBSECTIONS (B) AND (C).**—The amendments made by subsections (b) and (c) shall apply to remuneration paid after December 31, 1992.

SEC. 324. DEDUCTION FOR MOVING EXPENSES.

(a) **DEDUCTION OF MOVING EXPENSES FOR MEMBERS OF THE ARMED FORCES.**—Section 62(a)(2) (relating to certain trade and business expenses of employees) of the Internal Revenue Code of 1986 is amended by adding at the end the following new subparagraph:

"(C) Unreimbursed moving expenses of members of the Armed Forces.—The deductions allowed by section 217 for members of the Armed Forces as determined in accordance with subsection (g) of that section."

(b) EFFECTIVE DATE.—The amendment made by this section of this Act shall apply to taxable years beginning after December 31, 1992.

SEC. 325. TAX TREATMENT OF CERTAIN COMBAT PAY.

(a) MONTHLY EXCLUSION OF COMMISSIONED OFFICERS.—(1) IN GENERAL.—Section 112(b) is amended by striking out "\$500" and inserting in lieu thereof "the applicable amount".

(2) APPLICABLE AMOUNT.—Section 112(c) is amended by adding at the end the following new paragraph:

"(5) Applicable Amount.—

"(A) In General.—The term 'applicable amount' means \$2,000.

"(B) Cost-of-Living Adjustment.—In the case of taxable years beginning after December 31, 1994, the \$2,000 amount under subparagraph (A) shall be increased by an amount equal to—

"(i) \$2,000, multiplied by

"(ii) the cost-of-living adjustment determined under section 1(f)(3) for the calendar year in which the taxable year begins, except that section 1(f)(3)(B) shall be applied for purposes of this clause by substituting 'calendar year 1993' for 'calendar year 1989'."

(3) EFFECTIVE DATE.—The amendments made by this subsection shall apply to service in a combat zone after December 31, 1993.

(b) EXTENSION OF SPECIAL TAX TREATMENT FOR PRISONERS OF WAR AND MISSING IN

ACTION OF PERSIAN GULF CONFLICT.—(1) IN GENERAL.—Paragraph (1) of section 112(d), as amended by subsection (c)(2)(B) herein, is amended by inserting "or the Persian Gulf conflict" after "Vietnam conflict".

(2) CONFORMING AMENDMENT.—Paragraph (3) of section 112(d) is amended by adding at the end the following new sentence: "For purposes of this subsection, an individual is in missing status as a result of the Persian Gulf conflict if, immediately before such status began, the individual was performing service in the combat zone designated by Executive Order 12744 during the period of combat activities, or the individual was performing service in Southwest Asia and was entitled to special pay for hostile fire or imminent danger under section 310 of title 37, United States Code, by reason of being in direct support of military operations in such combat zone during such period."

(3) EFFECTIVE DATE.—The amendments made by this subsection shall take effect on January 1, 1991.

(c) CLASSIFICATION OF VIETNAM SERVICE.—(1) IN GENERAL.—Section 112(c)(3) is amended by inserting ", and May 7, 1975 shall be considered the date of termination of combatant activities in the combat zone designated in Executive Order 11216" after "Executive Order 10195".

(2) CONFORMING AMENDMENTS.—(A) The first sentence of section 112(d)(3) is amended by striking ", and ends on the date designated by the President by Executive order as the date of the termination of combatant activities in Vietnam".

(B) Paragraphs (1) and (2) of section 112(d) are each amended by striking "during the Vietnam conflict as a result of such conflict" and inserting "as a

result of the Vietnam conflict".

(3) **EFFECTIVE DATE.**—The amendments made by this subsection shall take effect on the date of the enactment of this Act, except that in the case of the Persian Gulf conflict, the amendment made by paragraph (2)(B) shall apply on and after January 1, 1991.

(d) **EXCLUSION OF COMBAT PAY FROM WITHHOLDING LIMITED TO AMOUNT EXCLUDABLE FROM GROSS INCOME.**—(1) **IN GENERAL.**—Paragraphs (1) of section 3401(a) (defining wages) is amended by inserting before the semicolon the following: "to the extent remuneration for such service is excludable from gross income under such section".

(2) **EFFECTIVE DATE.**—The amendment made by subsection (a) shall apply to remuneration paid after December 31, 1992.

SEC. 326. TREATMENT OF AMOUNTS PAID ON ACCOUNT OF MILITARY BASE CLOSINGS.

(a) **ROLLOVER OF GAIN.**—Section 1034 (relating to rollover of gain on sale of principal residence) of the Internal Revenue Code of 1986 is amended by redesignating subsection (l) as subsection (m) and by inserting after subsection (k) the following new subsection:

"(1) **Treatment of Amounts Paid on Account of Military Base Closings.**—Amounts received under section 1013(c) of the Demonstration Cities and Metropolitan Act of 1966 (42 U.S.C. 3374(c)) shall be treated for purposes of this chapter as part of the amount realized on the sale of the residence and shall not be treated as compensation for services for purposes of this title."

(b) **MORTGAGE INDEBTEDNESS.**—Section 108 (relating to income from discharge

23

of indebtedness) of the Internal Revenue Code of 1986 is amended by adding at the end thereof the following new subsection:

"(h) Special rules for discharge of mortgage indebtedness in connection with base closings.—In the case of an individual, gross income does not include any amount which (but for this subsection) would be included in gross income by reason of the discharge (in whole or in part) of any mortgage if such discharge was pursuant to section 1013(c) of the Demonstration Cities and Metropolitan Development Act of 1966 (42 U.S.C. 3374(c)). For purposes of this title, such discharge shall not be considered compensation for services."

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to amounts received in taxable years beginning after December 31, 1989.

Subtitle D—Life Insurance

SEC. 331. AUTHORIZE INSURANCE FOR ACTIVE DUTY SERVICEMEN'S GROUP LIFE INSURANCE PARTICIPANTS ON BEHALF OF A FAMILY MEMBER

(a) DEFINITION OF FAMILY MEMBER.—Section 1965 of title 38, United States Code, is amended by adding at the end the following new paragraph:

"(10XA) The term 'family member', when used with respect to a member who provides family coverage under section 1967(e) means—

"(i) the lawful spouse of the insured member; or

"(ii) an unmarried legitimate dependent child of the member (other than a stillborn child), including an adopted child or a stepchild, as defined in section 1072(2XD) of title 10.

2

missile program, or covered product improvement program if the system or program would be unreasonably expensive and impractical. This amendment deletes the phrase, "before the system or program enters full-scale engineering development," to eliminate the need for the Department to seek legislative relief on a case-by-case basis for each weapons system that has gone beyond Milestone II. This is important for high value systems where an alternative approach to full-up live fire testing is required.

Subsection (3) amends subsection (e) (3) of section 2366, which currently defines the term "realistic survivability testing." Section (3) inserts the phrase "or, in the case of high value systems, at components, subsystems, and subassemblies or realistic replicas or surrogates, and through the design analysis, modeling and simulation, and analysis of combat data," after "at the system configured for combat." Section 102 allows the Secretary to evaluate the vulnerability or lethality of a system or program by using possible alternatives to the Live Fire Testing of a full-up, high value system or program for determining the inherent strengths and weaknesses of U.S. weapon systems. It also provides for better long-term management.

Section 103. Pacific Battle Monuments Maintenance.

Section 103 authorizes the United States Marine Corps to expend funds from its operations and maintenance budget for the repair and maintenance of certain existing Pacific battle monuments. Legislation authorizing the proposed expenditures is required due to the restrictions contained in Sections 123 and 125 of Title 36, United States Code, which grant to the American Battle Monuments Commission the sole authority to expend appropriated funds for the erection and maintenance of battle monuments. Section 103 further authorizes appropriations of \$150,000 to repair and relocate a monument on Iwo Jima and \$15,000 each fiscal year to maintain and repair monuments.

Section 104. Exemption for Department of Defense from Federal Excise Tax on Heavy Vehicles.

Section 104 amends section 4053 of the Internal Revenue Code of 1986 (26 U.S.C. 4053) by adding heavy vehicles purchased by a component of the Department of Defense to the list of vehicles presently exempted from the Federal excise tax on heavy vehicles.

funds for facilities repair and maintenance and environmental restoration.

Subtitle B-Retired Pay and Survivor Benefits

Section 311. Forfeiture of Annuity or Retired Pay of Members Convicted of Espionage.

Section 311 corrects an apparent oversight in the original legislation creating Article 106(a), UCMJ. Article 106(a), UCMJ, added on November 8, 1985, is based on section 794 of title 18, United States Code, which already is included in the list of offenses contained in section 8312 of title 5, United States Code. When article 106(a), UCMJ was created, it should have been added to the list of offenses contained in section 8312, title 5, United States Code.

Specifically, section 311 would prohibit an individual, or his or her survivor or beneficiary, from being paid an annuity or retired pay on the basis of the service of the individual creditable toward the annuity or retired pay if the individual was convicted of violating article 106(a) (Espionage) of the Uniform Code of Military Justice.

Section 312. Disability Coverage for Officer Candidates Granted Excess Leave.

Section 312 amends section 1201 of title 10 by including certain members not entitled to basic pay among those who receive physical disability coverage. Section 312 entitles Service Members on active duty for 30 days or more to disability benefits under those sections of law only if disabled while entitled to basic pay. Except as provided in section 502(a) of title 37, an individual who is granted excess leave by the Secretary of the military department concerned under section 502(b) of that title is not entitled to basic pay as long as the member is in that status. If such an individual were to incur any disability while on excess leave, he or she would not be entitled to any of the benefits provided under the provisions of sections 1201, 1202, and 1203 of title 10.

Subtitle C-Federal Income Tax Matters

Section 321. Extension of Desert Shield Postponement of Certain Tax-Related Acts to Other Contingency Operations.

Section 321 amends section 7508 of title 86, United States Code, by extending Desert Shield postponement of tax obligations and other certain acts to personnel overseas supporting a contingency operation. Contingency Operations are designated by the Secretary as an operation in which members of the Armed Forces are or may become involved in military actions, operations, or hostilities against an enemy of the United States or against an opposing military force; or a military operation that results in the call-up of Reserves (including retirees) or in the involuntary retention of members on active duty in connection with a war or national emergency.

Section 322. Modification of Treatment of Gain on Sale of Residence by Member of Armed Forces Required to Reside in Government Quarters.

Section 322 provides servicemembers, who are required to live in Government housing, with an eight-year rollover period following the sale of their residence in order to purchase a new principle residence, without recognizing the gain on the sale of an old principal residence. Section 1034(h)(2)(B) of the Internal Revenue Code of 1986 does not recognize that servicemembers are often prevented from using the benefit of the current extension period for recognizing gain on the sale of an old principal residence since they are often required by their duties to live in Government housing.

Section 323. Military Personnel Stationed Outside the United States No Longer Excluded from Earned Income Tax Credit.

Section 323 permits members of the Armed Forces stationed overseas to be eligible for the Earned Income Tax Credit (EITC). The EITC of members of the Armed Forces shall be calculated according to section 32, of the Internal Revenue Code (26 U.S.C. 32). In addition the advance payment of earned income credit based on military earned income shall be calculated according to section 32. Section 32 would become effective December 31, 1992.

Section 324. Deduction for Moving Expenses.

Section 324 amends section 62(a)(2) of the Internal Revenue Code by adding the new paragraph (a)(2)(C). Paragraph (a)(2)(C) allows members of the Armed Forces to deduct unreimbursed moving expenses as an adjustment to income in arriving at Adjusted Gross Income. The effect of the amendment would be to taxable years beginning after December 31, 1992.

Section 325. Tax Treatment of Certain Combat Pay.

Section (a) of 325 amends section 112(b) and (c) of title 26, United States Code, by including in gross income of commissioned officers \$2000 of certain combat pay. Section (a) also provides for a cost of living adjustment in the amount includible in gross income.

Section (b) of 325 extends special tax treatment for prisoners of war and missing in action of Persian Gulf Conflict.

Section (c) clarifies tax treatment for Service in Vietnam by declaring that the Vietnam combatant activities terminated as of May 7, 1975.

Section (d) limits the exclusion of combat pay from withholding, to amounts excludible in gross income.

Section 325 increases the monthly exemption for commissioned officers to \$2,000 for the Persian Gulf conflict and automatically increases the amount of the exemption in the future to preserve this relationship to senior enlisted pay.

Section 326. Treatment of Amounts Paid on Account of Military Base Closing.

Section 327 amends current tax law by permitting an amount received in connection with the sale of a principal residence under the Homeowners Assistance Program (HAP), section 3374 of title 42, to be treated as an amount realized on the sale of a principal residence. Section 327 also exempts income recognized when mortgage indebtedness associated with foreclosure under the HAP is discharged from taxation.

Subtitle D-Life Insurance

Section 331. Authorize Insurance for Active Duty Servicemen's Group Life Insurance Participants on Behalf of a Family Member.

Section 331 amends title 38, United States Code, by providing optional life insurance coverage for active duty Servicemen's Group Life Insurance participants on behalf of a spouse or dependent child.

MEMORANDUM FOR WILLIAM H. ITOH

THROUGH: ROBERT BELL *RGB*

FROM: KEITH HAHN *KH*

SUBJECT: Significant Military Exercise ASIFAT AL BAHR

Attached at Tab I is a proposed memorandum to the Executive Secretary, Department of Defense, approving military exercise ASIFAT AL BAHR. At Tab II Defense recommends approval and State concurs.

ASIFAT AL BAHR (Sea Storm) is the first trilateral naval exercise between the U.S., Oman, and the United Arab Emirates. Exercise events will include search and rescue, surface gunnery, and maritime boarding. It is scheduled to take place March 27-31 in the coastal waters of Oman and in the Gulf of Oman.

The critical cancellation date is March 22, 1993.

Concurrences by: Martin Indyk and Bruce Riedel *[Signature]*

DOC 2 OF 2

UNCLASSIFIED

THE WHITE HOUSE

WASHINGTON

March 17, 1993

Dear Congressman McCloskey:

I wanted to give you an update of where we stand and thank you for your letter of recommendation for Mr. Bob Service. Unfortunately, we have completed all our staffing for the NSC. Due to the extraordinary budgetary limitations we faced this year, we were very limited in the positions we could offer. But I have passed Mr. Service's qualifications to the national security cluster of the White House personnel office.

Again, thank you for your letter. I hope I can be of assistance to you in the future.

Sincerely,

Anthony Lake
Assistant to the President
for National Security Affairs

The Honorable Frank McCloskey
House of Representatives
Washington, D.C. 20515

NATIONAL SECURITY COUNCIL

ACTION

MEMORANDUM FOR ANTHONY LAKE

THROUGH: ROBERT BELL 
FROM: JONATHAN SPALTER 
SUBJECT: Thank You Letter for Recommendation of Bob Service

At Tab I is a letter for your signature thanking Congressman McCloskey for his recommendation of Bob Service for a position with this Administration.

RECOMMENDATION

That you sign the letter at Tab I.

FRANK MCCLOSKEY
U. S. HOUSE OF REPRESENTATIVES
8TH DISTRICT, INDIANA
WASHINGTON, DC 20515

February 23, 1993

Mr. Anthony Lake
Assistant to the President for
National Security Affairs
National Security Council
Old Executive Office Building
17th and Pennsylvania Avenue, N.W.
Washington, D.C. 20506

Dear Mr. Lake:

Enclosed is a resume of an exceedingly talented former staffer in my district office.

As you can see from his resume, **Bob Service** has a tremendously deep and varied background in international policy, with a particular focus on the Inner Asian area. He also has a strong background in East Asia, Russia and Eastern Europe in general.

It would seem, particularly with the developments in Central Asia, that people with the specific skills Mr. Service has, will be increasingly valuable.

Bob is a delightful person and an outstanding gentleman. As a matter of both historic and family interest, he is the nephew of the renowned John Service of State Department fame in the 1940s.

Public service will be significantly richer with Bob's continued participation.

With all best wishes.

Sincerely,

Frank McCloskey,
Member of Congress
