SECRETARY OF THE ARMY
WASHINGTON

Honorable Ronald V. Dellums
Chairman
Committee on Armed Services
House of Representatives
Washington, D. C. 20515

Dear Mr. Chairman:

This responds to your request for the views of the Department of Defense on H.R. 3921, 103d Congress, a bill "To authorize and request the President to issue a posthumous commission appointing Johnson Chestnut Whittaker a second lieutenant in the Army." The Department of the Army has been assigned the responsibility for commenting on the bill.

The bill would urge the President to appoint Mr. Whittaker posthumously as a commissioned officer in the Regular Army as recompense for his unjust separation from the Corps of Cadets of the United States Military Academy and from the Army. The Department of the Army supports the bill, but offers the following comment.

An appointment as an officer in the Regular Army requires Senate confirmation. If the word "regular" is stricken from the bill, the President could then issue Mr. Whittaker a posthumous commission under existing authority without the need for separate confirmation by the Senate.

Thank you for the opportunity to comment on this bill.

Sincerely,

Togo D. West, Jr.

108D CONGRESS
2D SESSION

H. R. 3921

To authorize and request the President to issue a posthumous commission appointing Johnson Chestnut Whittaker a second lieutenant in the Army.

IN THE HOUSE OF REPRESENTATIVES

Defense Draft Bill Naval Vessel Transfer
Authorization Act (DoD 103-042)

The draft bill at Tab II would transfer a total of seventeen ships from the U.S. Navy to nine foreign governments. Of the seventeen ships to be transferred, ten are tank landing ships that are currently on active service. Seven ships -- two frigates and five tank landing ships -- are inactive ships currently located in Naval Inactive Ship Maintenance Facilities. Since each of these naval vessels displaces more than 3000 tons, Title 10, United States Code requires congressional authorization for their sale or transfer.

The Honorable Albert Gore, Jr.
President of the Senate
Washington, DC 20510

Dear Mr. President:

Enclosed is a draft of proposed legislation "To authorize the transfer of seventeen naval vessels to certain foreign countries."

This proposal is part of the Department of Defense legislative program for the 103rd Congress. The Office of Management and Budget advises that, from the standpoint of the Administration's program, there is no objection to the presentation of this proposal for the consideration of Congress.

Purpose of the Legislation

The purpose of the proposed legislation is to authorize, pursuant to the requirement of 10 U.S.C. § 7307(h)(1), the following transfers under appropriate transfer provisions of the Arms Export Control Act and the Foreign Assistance Act of 1961:

- Argentina:
One "NEWPORT" class tank landing ship; LA MOURE COUNTY (LST 1194)
- Australia:
Two "NEWPORT" class tank landing ships; SAGINAW (LST 1188), FAIRFAX COUNTY (LST 1193)
- Brazil:
One "NEWPORT" class tank landing ship; CAYUGA (LST 1186)
Two "KNOX" class frigates; MILLER (FF 1091), VALDEZ (FF 1096)
- Chile:
Two "NEWPORT" class tank landing ships; FREDERICK (LST 1184), SAN BERNARDINO (LST 1189)
- Malaysia:
One "NEWPORT" class tank landing ship; SPARTANBURG COUNTY (LST 1192)
- Morocco:
One "NEWPORT" class tank landing ship; BRISTOL COUNTY (LST 1198)

ENCLOSURE(2)

- Spain:
Two "NEWPORT" class tank landing ships; EARLAN COUNTY (LST 1196), BARNSTABLE COUNTY (LST 1197)
- Taiwan (the Coordination Council for North American Affairs which is the Taiwan instrumentality designated pursuant to section 10(a) of the Taiwan Relations Act):
Three "NEWPORT" class tank landing ships; SCHENECTADY (LST 1185), BOULDER (LST 1190), RACINE (LST 1191)
- Venezuela:
Two "NEWPORT" class tank landing ships; PEORIA (LST 1183), TUSCALOOSA (LST 1187)

Legislation authorizing the proposed transfer is required by section 7307(b)(1) of Title 10, United States Code, which provides in relevant part that "a naval vessel in excess of 3,000 tons or less than 20 years of age may not be sold, leased, granted . . . or otherwise disposed of to another nation unless the disposition of that vessel is approved by law" Each naval vessel proposed for transfer displaces in excess of 3,000 tons.

The United States plans to transfer seventeen naval vessels by lease, sale, or grant. Fourteen vessels (two "KNOX" class frigates and twelve "NEWPORT" class tank landing ships) will be leased pursuant to chapter 6 of the Arms Export Control Act. The Chief of Naval Operations certified that these naval vessels are not for the time needed for public use. These fourteen vessels are not excess defense articles and will be retained on the Naval Vessel Register. Under the terms of the lease, a foreign recipient will have operational control of the vessel, but, if the need arises, the United States may terminate the lease and have the vessel returned to U.S. custody.

The remaining three vessels are "NEWPORT" class tank landing ships which will be permanently transferred by sale or grant. Two vessels will be sold pursuant to section 21 of the Arms Export Control Act. One vessel will be transferred as a grant under the provisions of section 816 of the Foreign Assistance Act. The Chief of Naval Operations certified that these naval vessels are not essential to the defense of the United States. The Secretary of the Navy has authorized these vessels be stricken from the Naval Vessel Register. These three vessels are excess defense articles pursuant to section 644(g) of the Foreign Assistance Act.

Of the seventeen ships to be transferred, ten "NEWPORT" class tank landing ships are active service ships in the U.S. Navy fleet. Seven ships (two "KNOX" class frigates and five "NEWPORT" class tank landing ships) are inactive service ships which are located in various Naval Inactive Ship Maintenance Facilities.

Cost and Budget Data

The United States will incur no costs for the transfer of the naval vessels under this legislation. The foreign recipients will be responsible for all costs associated with the transfer of the vessels, including lease charges, maintenance, repairs, training, and fleet turnover costs. Any expenses incurred in connection with the transfers will be charged to the foreign recipients. For leased vessels, monthly lease charges are determined by dividing the number of months of service life of the vessel into a single dollar figure which includes the original acquisition cost, pro-rata R&D costs, and capital improvement costs of the vessel. Lease payments are charged until the vessels reach seventy-five percent of their service life.

Argentina will pay the United States \$1.8 million to lease one U.S. tank landing ship. Australia will pay the United States \$22.1 million to purchase two U.S. tank landing ships. Brazil will pay the United States \$9.1 million to lease one U.S. tank landing ship and two U.S. frigates. Chile will pay the United States \$1.9 million to lease two U.S. tank landing ships. Malaysia will pay the United States \$2.0 million to lease one U.S. tank landing ship. Morocco will receive a grant transfer of one U.S. tank landing ship. Spain will pay the United States \$4.6 million to lease two U.S. tank landing ships. Taiwan, as represented by the Coordination Council for North American Affairs, will pay the United States \$4.8 million to lease three U.S. tank landing ships. Venezuela will pay the United States \$2.4 million to lease two U.S. tank landing ships.

In addition, the Omnibus Budget Reconciliation Act (OBRA) requires that all revenue and direct spending legislation meet a pay-as-you-go requirement. That is, no such bill should result in an increase in the deficit; and if it does, it must trigger a sequester if it is not fully offset. This proposal would increase receipts by \$48.7 million for FYs 1994-1999. Considered alone, it meets the pay-as-you-go requirement of OBRA.

However, the President's FY 1994 Budget includes proposals which are subject to the pay-as-you-go requirement. Although the total of these proposals would reduce the deficit, some

individual proposals may increase the deficit. Therefore, this bill should be considered in conjunction with the other proposals in the FY 1994 Budget.

sincerely,

2 **SECTION 3. COSTS OF TRANSFERS.**

6 **SECTION 4. EXPIRATION OF AUTHORITY.**

7 The authority granted by Section 1 of this Act shall
8 expire at the end of the 2-year period beginning on the date
9 of the enactment of this Act, except that leases entered into
10 during that period under Section 1 may be renewed.

SECTIONAL ANALYSIS

SECTION 1 provides authority to the Secretary of the Navy to transfer seventeen naval vessels to Argentina, Australia, Brazil, Chile, Malaysia, Morocco, Spain, Taiwan, and Venezuela. Because these naval vessels displace in excess of 3,000 tons, statutory approval for the transfers is required under 10 U.S.C. § 7307(b)(1).

Additionally, **SECTION 1** provides the applicable law for these transfers. Each naval vessel must be transferred to a foreign government or international organization under the Arms Export Control Act as a sale or lease or under the Foreign Assistance Act as a grant. The specific statutory authorities to transfer naval vessels to foreign governments and international organizations include:

a. Section 21 of the Arms Export Control Act (22 U.S.C. 2761) relating to the foreign military sales program) which provides authority for the sale of defense articles from stock.

b. Section 61 of the Arms Export Control Act (22 U.S.C. 2796 and following) which provides authority to lease defense articles in the stocks of DoD to eligible foreign countries for compelling foreign policy reasons.

c. Section 516 of the Foreign Assistance Act (22 U.S.C. 2321j) relating to transfers of excess defense articles) which provides authority to transfer excess defense articles to modernize defense capabilities of countries on NATO's southern flank.

d. Section 519 of the Foreign Assistance Act (22 U.S.C. 2321m) relating to transfers of excess defense articles) which provides authority to transfer excess defense articles to modernize defense capabilities of countries which have a foreign military financing program.

SECTION 2 relieves the Department of Defense of the requirement to provide a separate Congressional notification of each of these transfers.

SECTION 3 provides that all costs are to be borne by the foreign recipients, including lease charges, fleet turnover costs, maintenance, repairs, and training.

SECTION 4 provides that the transfers authorized by this Act must be executed within two years of the date of enactment. This allows a reasonable opportunity for agreement on terms and for execution of the transfer.

SECTIONAL ANALYSIS

Sectional analysis of a bill to authorize Servicemen's Group Life Insurance (SGLI) for members of the Retired Reserve of a uniformed service who have not received the first increment of retired pay or have not yet reached sixty-one years of age and have completed at least 15, and less than 20, years of service computed under Chapter 67, section 1332 of title 10, United States Code.

Section 1 of the bill would add a new section 1965 (D) to title 38, United States Code to provide that a person assigned to the Retired Reserve of a uniformed service who has not received the first increment of retired pay or has not yet reached sixty-one years of age, and has received the notice required by section 1331 (d) of title 10, United States Code under the temporary special retirement qualifications authority provided by section 1331a of that title would be eligible for SGLI..

Section 2 would modify section 1967 (a) (3) of title 38, United States Code to add to the definition of persons insured those defined in section 1 of the bill.

Section 3 would modify section 1968 (a) of title 38, United States Code to provide that the SGLI for persons defined in section 1 will continue in force subject to the timely payment of premiums.

Section 4 would modify section 766 of title 38, United States Code which allows the Services to terminate the SGLI policy of members who fail to make timely payment of premiums when they are not in a pay status and are therefore required by the Secretary of the Military Department to make a direct remittance of SGLI premiums to their respective Service to include persons defined in section 1. The requirements for timely payment of premiums allows termination of any policy which is not being paid for by the member, protecting the solvency of the program and the integrity of its rates.
