Subject: Attachments to student loan letter

I have reviewed them and have additional questions and suggestions:

1. All of the tables should include the TYPE of school (proprietary, 2-year public, etc.)
2. Of those on enclosures B and C (particularly of the non-proprieties), which ones have ever actually participated in DL? Is Univ. of Md. still considering entering the program? What do we know about the other large ones (UMass Boston, GWU, UCSD, Univ. of Maine, Puerto Rico, etc.)
3. Of the non-proprieties, many are community colleges that often don't participate in either loan program? Do we know which ones of them are participating in FFEL?
4. For our VOLUME estimates, what are we assuming about these schools that are on enclosures B-D?

Subject: ED Letter on participation in student loan programs

We have faxed to you and others a proposed ED letter responding to questions about participation rates in the two student loan programs. On the cover sheet, I indicated there were voluminous attachments containing listings of schools, and I would not circulate them unless requested. Pat Smith has a copy, and I am sending a copy to you to expedite your review.
