Plan aims for cost-effective energy savings with carefully targeted programs.

Good for the environment

Good for the economy

Good for jobs

Env - , GCC and other pollutants
Forests -- habitat, erosion

Economy -- 60, 60, 200+ billion
Green Lights - 20-40% returns
Motor Challenge : \$4 bil returns \$20+
Reduces deficit -- \$2.7 bil in 2000

Jobs -- substituting labor and capital for energy

Plan will lead to thousands of jobs in manufacturing
and installing e-e equipment

Tech improvements will put US as leader

Stimulate new and improved technologies
Refrigerators, computers, more to come
Clean Car

Congressional involvement

Climate Change Action Plan Implementation

I. Program/Action implementation

- Agency activities and process
- Milestones for each program to measure progress
 - requested by Waxman - Tierney said his committee would be told after this meeting when the list of milestones will be submitted
- Waxman request for data and analysis on numbers in the Plan
- November 9 Kick-Off Meeting - all staff, including contractors and personnel, as appropriate

II. Monitoring and evaluation interagency task force chaired by OEP

- Preparation of U.S. National Action Plan
- Biennial review process
 - structure
 - timelines (interim reports, etc.)
 - milestones to measure progress
 - mechanisms
 - DOE, EIA, EPA, FERC data collection
 - Clean Air Act utility CO2 monitoring
 - EPAct 1605(b) voluntary reporting
 - USJI information
- Identify additional measures to reduce emissions
 - process
 - timing
- White House conference April 1994
 - goals - "demonstrate progress, announce milestones, identify new opportunities to cut GHG emissions"
 - planning structure

III. Post-2000 strategy working group co-chaired by NEC, OEP, OSTP

- Initial recommendations due end of 1994
 - general timeline for process
- Organizational structure
 - who are the players
 - goals of process
 - Plan says this group will "examine all budget, technology, R&D, regulatory and economic policies that could impact greenhouse gas emission levels beyond the year 2000"

IV. Transportation strategy process co-chaired by NEC, OEP, OSTP

- Measures to reduce GHG emissions from personal motor vehicles due "not later than one year from issuance of this plan"
 - general timeline for process
- Organizational structure
 - who are the players
 - DOT, DOE, EPA
 - other agencies and departments
 - auto industry
 - state and local government
 - enviro community
 - goals of process
 - "identify and implement strategies" to reduce GHG emissions from personal motor vehicles, including cars and light trucks
 - coordination with Clean Car initiative

MEMORANDUM FOR DISTRIBUTION
FROM CATHY ZOI 
SUBJECT ALL-HANDS NOVEMBER 9 MEETING

As some of us discussed Monday, the Office on Environmental Policy will host an all-hands Climate Change Action Plan implementation kick-off meeting **Tuesday, November 9, 4:00-5:30PM in Room 450, Old Executive Office Building**. All staff, junior and senior, including contracts and personnel staff as appropriate, who will be working on the Action Plan initiatives, task forces, and working groups should attend. This is our chance to convey to all staff the importance of this effort in the White House, and to impart the enthusiasm and motivation necessary to get the job done. Attached is an outline of the meeting with general talking points (not for distribution). We will provide a meeting agenda and other materials at the door on Tuesday. Please call me at 456-6224 if you have questions.

Room 450 holds 200 people, and we need to make arrangements for access to the building. Please call Jessica Hirst at 456-6456 **this afternoon** with the number of people attending from your agency, and fax her lists of full names and dates of birth by **12:00 noon tomorrow, Friday**. Please coordinate with others in your agency to make sure all relevant staff are included. Everyone must enter through the **Pennsylvania Avenue gate**, right off of 17th Street, with valid picture identification. Please plan to arrive a few minutes early as it will take some time to get everyone through security.

I look forward to seeing you and your staff on Tuesday.

MEMORANDUM FOR: DISTRIBUTION

FROM: KATIE MCGINTY
DEPUTY ASSISTANT TO THE PRESIDENT
DIRECTOR, WHITE HOUSE OFFICE ON
ENVIRONMENTAL POLICY

SUBJECT: CLIMATE CHANGE ACTION TEAM MEETING

I am pleased to invite you to an all-hands Climate Change Action Plan implementation kick-off meeting **Tuesday, November 9, 4:00-5:30PM in Room 450, Old Executive Office Building**. I congratulate everyone who worked so hard to develop the Climate Change Action Plan. Now we have the challenging responsibility to carry out the Plan and fulfill the President's commitment to reduce U.S. greenhouse gas emissions to 1990 levels by the year 2000. Climate change is perhaps the greatest environmental threat we face, and this Administration takes seriously the need for action, cooperation, creativity, and world leadership in addressing this issue.

To gain access to the Old Executive Office Building you will need to give your full name and date of birth to the coordinator for your agency by **close of business today, Thursday**. Everyone must enter through the **Pennsylvania Avenue gate**, right off of 17th Street, with valid picture identification. Please plan to arrive a few minutes early as it will take some time to get everyone through security.

Each of us has an important role to play in this team effort, and I look forward to seeing you on Tuesday.

**Climate Change Action Plan
Kick-Off Meeting Outline
November 9, 4-5:30PM, Room 450**

I. Welcome remarks - McGinty - 5 minutes

- Congratulations and thank you
- President loves this
- Vice President sorry he couldn't be here
- Plan is historic
- (departs)

II. White House environmental agenda - Zoi - 5-10 minutes

- How Action Plan fits into the larger picture of the Administration's environmental agenda and overall philosophy.

Environment and Economy – Reinventing the way environmental business gets done. *Creating jobs, enhancing security, investing in our children's future, facing tomorrow with hope...*

III. Science - Pomerance - 3 minutes

- All of us are participating in addressing perhaps the most pressing environmental threat.
- Climate change is a top priority because...
 - global risk
 - changes hard to reverse
 - scientists know greenhouse gas concentrations are rising, and know they trap heat

IV. Response to the Climate Plan from the Hill and others - Tierney - 3-5 minutes

- Generally positive and supportive, but with reservations about the certainty of success
 - others will be watching, holding us accountable - our chance/responsibility to prove this approach can work, and work well
- Monitoring and evaluation crucial
 - coordinate efforts
 - each program will develop implementation plans that include milestones and mechanisms for monitoring and evaluation
- Post-2000 a concern for others, and for us
 - working group co-chaired by NEC, OEP, OSTP will look at policies that will affect emissions beyond 2000

V. Interagency cooperation - Fox-Penner - 3 minutes

- It's great, new, unprecedented, and is the key to our success
 - see list of initiatives in the Plan, and how agencies have committed to working together
 - Plan was created in an interagency process, and we will enact it in an interagency process
 - Senators and Congresspeople praised cooperation, are amazed and supportive
- Interagency task forces on key issues
 - Transportation, post-2000, monitoring and evaluation

(Show DOE-EPA Climate Change Action Team button!)

VI. Partnerships with the real world - Nichols - 3-5 minutes

- Plan builds on successful partnerships with business and industry
 - It's a great feeling to make a deal (examples)

- Need to expand partnerships to include the American people as consumers (e.g. for residential actions, parking cash-out, etc)
- Also need to reach out to the environmental community and other stakeholders as we develop and carry out implementation plans
- This is not just an inside-the-Beltway Plan

VII. Jobs, energy-efficiency and economy - Hausker - 3 minutes

- Business partners sign on to Green Lights and Motor Challenge because it's good for their bottom line
 - We have to deliver that message
- This Plan creates jobs, encourages new technologies, and reduces the deficit

VIII. Budget - T.J. - 3 minutes

- Significant resources being committed
- Cross-cut
- FY95 budget process

IX. Conference in April 1994 - Zoi - 2 minutes

- Next time for us all to be together, show the world our progress report
 - EPA point organizer for event

X. Questions and answers
